# A BILL FOR AN ACT

RELATING TO THE INTERISLAND TRANSMISSION SYSTEM.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that Act 165, Session  
2 Laws of Hawaii 2012, codified as part VIII of chapter 269,  
3 Hawaii Revised Statutes, established the regulatory structure  
4 under which interisland undersea transmission cables could be  
5 developed, financed, and constructed. However, the legislature  
6 notes that the current priorities of the legislature do not  
7 include an interisland transmission system. The legislature  
8 notes that it is more appropriate to remove references to the  
9 interisland transmission system from the Hawaii Revised  
10 Statutes, until the time as a consensus on such a system can be  
11 reached.

12           The purpose of this Act is to repeal chapter 269, part  
13 VIII, Hawaii Revised Statutes, relating to the interisland  
14 transmission system.

15           SECTION 2. Chapter 269, part VIII, Hawaii Revised  
16 Statutes, is repealed.
