
A BILL FOR AN ACT

RELATING TO CONTRACEPTIVE SUPPLIES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that many reproductive
2 health experts have long sought to make prescription
3 contraceptives more readily accessible. Research indicates
4 women are more likely to use prescription contraceptives and
5 less likely to have unintended pregnancies when barriers are
6 lifted to contraceptive access. Furthermore, studies have also
7 indicated it is safe for women to obtain contraceptive supplies
8 without a physician and that women can accurately identify
9 conditions that make it appropriate to use certain
10 contraceptives by using a simple checklist.

11 The legislature further finds that under the federal
12 Patient Protection and Affordable Care Act of 2010,
13 contraceptives are required to be covered at a \$0 copayment,
14 thus removing financial barriers for patients and ensuring that
15 patients have better opportunities to receive contraceptive
16 care.

1 The legislature additionally finds that some states are
2 also taking steps to ensure greater access to contraceptive
3 supplies. For example, recent legislation in California and
4 Oregon has expanded access to prescription contraceptives for
5 millions of women. The California and Oregon laws, enacted in
6 2016, permit women to obtain contraceptive supplies from
7 pharmacists without first having to visit a primary care
8 provider for a prescription. The legislature concludes that
9 Hawaii should adopt similar legislation, which will increase
10 access to prescription contraceptive supplies and decrease
11 barriers regarding reproductive health care.

12 The purpose of this Act is to expand access to prescription
13 contraceptives by:

- 14 (1) Authorizing pharmacists to prescribe and dispense
15 self-administered hormonal contraceptive supplies; and
- 16 (2) Specifying requirements pharmacists must meet prior to
17 prescribing and dispensing contraceptive supplies.

18 SECTION 2. Chapter 461, Hawaii Revised Statutes, is
19 amended by adding a new section to be appropriately designated
20 and to read as follows:

1 "§461- Contraceptive supplies; authority to prescribe
2 and dispense; requirements. (a) A pharmacist may prescribe and
3 dispense contraceptive supplies to a patient regardless of
4 whether the patient has evidence of a previous prescription for
5 contraceptive supplies from a licensed physician, advanced
6 practice registered nurse, or other primary care provider
7 authorized to prescribe contraceptive supplies.

8 (b) A pharmacist who prescribes and dispenses
9 contraceptive supplies pursuant to subsection (a) shall:

10 (1) Complete an Accreditation Council for Pharmacy
11 Education program approved by the board related to
12 prescribing contraceptive supplies;

13 (2) Provide a self-screening risk assessment tool that a
14 patient shall complete before the pharmacist
15 prescribes any contraceptive supplies; provided that
16 the self-screening risk assessment tool shall be based
17 on the current version of the United States Medical
18 Eligibility Criteria for Contraceptive Use developed
19 by the federal Centers for Disease Control and
20 Prevention;

- 1 (3) Refer the patient to the patient's primary care
2 provider upon prescribing and dispensing the
3 contraceptive supplies; provided that if the patient
4 does not have a primary care provider, the pharmacist
5 shall advise the patient to consult a licensed
6 physician, advanced practice registered nurse, or
7 other primary care provider of the patient's choice;
8 (4) Provide the patient with a written record of the
9 contraceptive supplies prescribed and dispensed and
10 advise the patient to consult with a primary care
11 provider of the patient's choice; and
12 (5) Dispense the contraceptive supplies to the patient as
13 soon as practicable after the pharmacist issues the
14 prescription.
- 15 (c) A pharmacist who prescribes and dispenses
16 contraceptive supplies pursuant to subsection (a) shall not
17 require a patient to schedule an appointment with the pharmacist
18 for the prescribing or dispensing of contraceptive supplies."
