Your Committee finds that Mr. Sibley's personal background, professional experience, and demonstrated commitment to public service qualify him for reappointment to the Council.

Your Committee received testimony in support of the nomination of William Bailey for reappointment from the State Health Planning and Development Agency and three individuals.

Mr. Bailey currently serves as the General Manager for American Medical Response and is responsible for personnel management, business development, public relations, government relations, pre-billing oversight, accounts payable, fleet maintenance, and risk management. Your Committee notes that Mr. Bailey has over forty years of experience in the emergency medical services industry, thirty of which have included management experience. Your Committee finds that Mr. Bailey has demonstrated significant dedication to public service, as evidenced by his service on the boards of the Keiki Injury Prevention Committee, Military Assistance to Safety & Traffic, Hawaii Kids at Work, Inc., and Governor's Injury Prevention Advisory Committee. In his personal statement, Mr. Bailey indicated that he hopes to continue working to improve healthcare access, quality, and cost in Hawaii. Your Committee notes that Mr. Bailey has been serving as a member of the Statewide Health Coordinating Council and has a thorough understanding of the role and responsibilities of council members. Your Committee finds that Mr. Bailey's knowledge, extensive

emergency medical services experience, and clear commitment to the community qualify him for reappointment to the Council.

As affirmed by the records of votes of the members of your Committee on Commerce, Consumer Protection, and Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Respectfully submitted on  
behalf of the members of the  
Committee on Commerce, Consumer  
Protection, and Health,

ROSALYN H. BAKER, Chair
