## **"DEFINITIONS; ADMINISTRATION**

**§237-1 Definitions.** When used in this chapter, unless otherwise required by the context, the definitions contained in this section and in sections 237-2 to 237-7 shall govern.

"Casual sale" means an occasional or isolated sale or transaction involving:

- (1) Tangible personal property by a person who is not required to be licensed under this chapter, or
- (2) Tangible personal property which is not ordinarily sold in the business of a person who is regularly engaged in business.

"Comptroller" means the comptroller of the State.

"Legal service plan" ("Plan") means a plan in which the cost of the services are paid by a member or by some other person or organization in the member's behalf. A legal service plan is a plan by which legal services are rendered to members identifiable in terms of some common interest. A plan shall provide:

- (A) That individual members shall be afforded freedom of choice in the selection of their own attorney or attorneys to provide legal services under such plan.
- (B) For the payment of equal amounts for the cost of services rendered without regard to the identity of the attorney or attorneys selected by the plan member or members. No plan shall otherwise discriminate on the basis of such selection.

"Overhead" means continuous or general costs occurring in the normal course of a business, including but not limited to costs for labor, rent, taxes, royalties, interest, discounts paid, insurance, lighting, heating, cooling, accounting, legal fees, equipment and facilities, telephone systems, depreciation, and amortization.

"Penalty" or "penalties", when used in connection with the additions to the tax imposed for delinquency in payment, includes interest as well.

"Person" or "company" includes every individual, partnership, society, unincorporated association, joint adventure, group, hui, joint stock company, corporation, trustee, personal representative, trust estate, decedent's estate, trust, trustee in bankruptcy, or other entity, whether such persons are doing business for themselves or in a fiduciary capacity, and whether the individuals are residents or nonresidents of the State, and whether the corporation or other association is created or organized under the laws of the State or of another jurisdiction. Any person who has in the person's possession, for sale in the State, the property of a nonresident owner, other than as an employee of such owner, shall be deemed the seller of the property, when sold.

"Purchasing agent" means any person who, as an agent and not a seller, for a consideration, is engaged in the State in the business of purchasing for the purchasing agent's principal or principals from an unlicensed seller or sellers property for use by such principals in the State, for example, by forwarding orders for such purchases, in behalf of such principals, it being immaterial whether the purchasing agent is compensated for the purchasing agent's services by the seller or by the purchaser; but the term "purchasing agent" does not include an employee of the purchaser.

"Representative" means any salesperson, commission agent, manufacturer's representative, broker or other person who is authorized or employed by an unlicensed seller to assist such seller in selling property for use in the State, by procuring orders for such sales or otherwise, and who carries on such activities in the State, it being immaterial whether such activities are regular or intermittent; but the term

"representative" does not include a manufacturer's representative whose functions are wholly promotional and to act as liaison between an unlicensed seller and a seller or sellers, and which do not include the procuring, soliciting or accepting of orders for property or the making of deliveries of property, or the collecting of payment for deliveries of property, or the keeping of books of account concerning property orders, deliveries or collections transpiring between an unlicensed seller and a seller or sellers. Any unlicensed seller who in person carries on any such activity in the State shall also be classed as a representative.

"Retailing" or "sales at retail" includes the sale of tangible personal property for consumption or use by the purchaser and not for resale, the renting of tangible personal property, and the rendering of services by one engaged in a service business or calling, as defined in section 237-7, to a person who is not purchasing the services for resale. Persons described in this definition are "retailers".

"Sale" or "sales" includes the exchange of properties as well as the sale thereof for money.

"Taxpayer" means any person liable for any tax hereunder.

#### **" §237-3 "Gross income", "gross proceeds of sale", defined.**

(a) "Gross income" means the gross receipts, cash or accrued, of the taxpayer received as compensation for personal services and the gross receipts of the taxpayer derived from trade, business, commerce, or sales and the value proceeding or accruing from the sale of tangible personal property, or service, or both, and all receipts, actual or accrued as hereinafter provided, by reason of the investment of the capital of the business engaged in, including interest, discount, rentals, royalties, fees, or other emoluments however designated and without any deductions on account of the cost of property sold, the cost of materials used, labor cost, taxes, royalties, interest, or discount paid or any other expenses whatsoever. Every taxpayer shall be presumed to be dealing on a cash basis unless the taxpayer proves to the satisfaction of the department of taxation that the taxpayer is dealing on an accrual basis and

the taxpayer's books are so kept, or unless the taxpayer employs or is required to employ the accrual basis for the purposes of the tax imposed by chapter 235 for any taxable year in which event the taxpayer shall report the taxpayer's gross income for the purposes of this chapter on the accrual basis for the same period.

Accounts found to be worthless and actually charged off for income tax purposes may be deducted, at corresponding periods, from gross proceeds of sale, or gross income, within this chapter, so far as they reflect taxable sales made, or gross income earned, after July 1, 1935, but shall be added to gross proceeds of sale or gross income when and if afterwards collected.

(c) For purposes of the tax imposed by this chapter, a taxpayer under section 237-13(3) may report on a cash basis; provided the taxpayer notifies the department of taxation of the basis upon which the tax imposed by this chapter is to be reported. " **§237-8.6 County surcharge on state tax; administration.**

*[Section repealed December 31, 2027. L 2015, c 240, §7.]* (a) The county surcharge on state tax, upon the adoption of county ordinances and in accordance with the requirements of section 46-16.8, shall be levied, assessed, and collected as provided in this section on all gross proceeds and gross income taxable under this chapter. No county shall set the surcharge on state tax at a rate greater than one-half per cent of all gross proceeds and gross income taxable under this chapter. All provisions of this chapter shall apply to the county surcharge on state tax. With respect to the surcharge, the director of taxation shall have all the rights and powers provided under this chapter. In addition, the director of taxation shall have the exclusive rights and power to determine the county or counties in which a person is engaged in business and, in the case of a person engaged in business in more than one county, the director shall determine, through apportionment or other means, that portion of the surcharge on state tax attributable to business conducted in each county.

(b) Each county surcharge on state tax that may be adopted or extended pursuant to section 46-16.8 shall be levied beginning in the taxable year after the adoption of the relevant county ordinance; provided that no surcharge on state tax may be levied:

(1) Prior to:

- (A) January 1, 2007, if the county surcharge on state tax was established by an ordinance adopted prior to December 31, 2005; or
- (B) January 1, 2018, if the county surcharge on state tax was established by the adoption of an ordinance after June 30, 2015, but prior to July 1, 2016; and

(2) After December 31, 2027.

(c) The county surcharge on state tax, if adopted, shall be imposed on the gross proceeds or gross income of all written contracts that require the passing on of the taxes imposed under this chapter; provided that if the gross proceeds or gross income are received as payments beginning in the taxable year in which the taxes become effective, on contracts entered into before June 30 of the year prior to the taxable year in which the taxes become effective, and the written contracts do not provide for the passing on of increased rates of taxes, the county surcharge on state tax shall not be imposed on the gross proceeds or gross income covered under the written contracts. The county surcharge on state tax shall be imposed on the gross proceeds or gross income from all contracts entered into on or

after June 30 of the year prior to the taxable year in which the taxes become effective, regardless of whether the contract allows for the passing on of any tax or any tax increases.

(d) No county surcharge on state tax shall be established on any:

- (1) Gross income or gross proceeds taxable under this chapter at the one-half per cent tax rate;
- (2) Gross income or gross proceeds taxable under this chapter at the 0.15 per cent tax rate; or
- (3) Transactions, amounts, persons, gross income, or gross proceeds exempt from tax under this chapter.

(e) The director of taxation shall revise the general excise tax forms to provide for the clear and separate designation of the imposition and payment of the county surcharge on state tax.

(f) The taxpayer shall designate the taxation district to which the county surcharge on state tax is assigned in accordance with rules adopted by the director of taxation under chapter 91. The taxpayer shall file a schedule with the taxpayer's periodic and annual general excise tax returns summarizing the amount of taxes assigned to each taxation district.

(g) The penalties provided by section 231-39 for failure to file a tax return shall be imposed on the amount of surcharge due on the return being filed for the failure to file the schedule required to accompany the return. In addition, there shall be added to the tax an amount equal to ten per cent of the amount of the surcharge and tax due on the return being filed for the failure to file the schedule or the failure to correctly report the assignment of the general excise tax by taxation district on the schedule required under this subsection.

(h) All taxpayers who file on a fiscal year basis whose fiscal year ends after December 31 of the year prior to the taxable year in which the taxes become effective, shall file a short period annual return for the period preceding January 1 of the taxable year in which the taxes become effective. Each fiscal year taxpayer shall also file a short period annual return for the period starting on January 1 of the taxable year in which the taxes become effective, and ending before January 1 of the following year. sales or value of products upon which a privilege tax is imposed by this chapter, as a condition precedent to engaging or continuing in such business, shall in writing apply for and obtain from the department of taxation, upon a one-time payment of the sum of \$20, a license to engage in and to conduct such business, upon condition that the person shall pay the taxes accruing to the State under this chapter, and the person shall thereby be duly licensed to engage in and conduct the business. The license shall not be transferable and shall be valid only for the person in whose name it is issued and for the transaction of business at the place designated therein. The license may be inspected and examined, and shall at all times be conspicuously displayed at the place for which it is issued.

(b) Licenses and applications therefor shall be in such form as the department shall prescribe, except that where the licensee is engaged in two or more forms of business of different classification, the license shall so state on its face. The license provided for by this section shall be effective until canceled in writing. Any application for the reissuance of a previously canceled license identification number after December 31, 1989, shall be regarded as a new license application and subject to the payment of the one-time license fee of \$20. The director may revoke or cancel any license issued under this chapter for cause as provided by rules adopted pursuant to chapter 91.

(c) Any person who receives gross income or gross proceeds of sales or value of products from engaging in business in the State and who fails to obtain a license or receives gross income or gross proceeds of sales or value of products from engaging in business in the State without a license required under this section may be fined not more than \$500; provided that a cash-based business may be fined not less than \$500 and not more than \$2,000, as determined by the director or the director's designee. The penalty under this subsection shall be in addition to any other penalty provided under law and may be waived or canceled upon a showing of good cause.

(d) If the license fee is paid, the department shall not refuse to issue a license or revoke or cancel a license for the exercise of a privilege protected by the First Amendment of the Constitution of the United States, or for the carrying on of interstate or foreign commerce, or for any privilege the exercise of which, under the Constitution and laws of the United States, cannot be restrained on account of nonpayment of taxes, nor shall section 237-46 be invoked to restrain the exercise of such a privilege, or the carrying on of such commerce.

(e) The director may permit a person engaged in network marketing, multi-level marketing, or other similar business to

obtain the license required under this section for purposes of becoming a tax collection agent on behalf of its direct sellers. The tax collection agent shall report, collect, and pay over the taxes due under this chapter and chapter 238 on behalf of its direct sellers who are covered by the tax collection agreement. The tax collection agent's direct sellers shall be deemed to be licensed under this chapter; provided that the licensure shall apply solely to the business activity conducted directly through the marketing arrangement. Under this section, a tax collection agent shall:

- (1) Notify all of its direct sellers making sales in the State that it has been designated to collect, report, and pay over the tax imposed by this chapter and chapter 238 on their behalf on the business activity conducted through the marketing arrangement;
  - (2) If required by the director as a condition of obtaining the license, furnish with the annual return, a list (including identification numbers) of all direct sellers for the taxable year who have been provided (by the tax collection agent) information returns required under section 6041A of the Internal Revenue Code of 1986, as amended, and any other information that is relevant to ensure proper payment of taxes due under this section; and
  - (3) Be personally liable for the taxes due and collected under the tax collection agreement if taxes are collected, but not reported or paid, together with penalties and interest as provided by law.
- (f) For the purposes of this section:

"Cash-based business" has the same meaning as in section 231-93.

"Consumer product" shall include tangible consumer products and intangible consumer services.

"Direct seller" means any person who is engaged in the trade or business of selling (or soliciting the sale of) consumer products:

- (2) Other than in a permanent retail establishment; provided that:
  - (A) Substantially all the remuneration (whether or not paid in cash) for the sale of consumer products is directly related to sales or other output rather than to the number of hours worked; and

- (B) The sales of consumer products by the person are performed pursuant to a written contract that provides that the person will not be treated as an employee with respect to those sales for federal or state tax purposes.

"Direct seller" includes individuals who realize remuneration dependent on the productivity of other individuals in the marketing arrangement.

"Network marketing" or "multi-level marketing" means a marketing arrangement in which consumer products are distributed and sold to or through direct sellers. " **§237-13 Imposition of tax.** There is hereby levied and shall be assessed and collected annually privilege taxes against persons on account of their business and other activities in the State measured by the application of rates against values of products, gross proceeds of sales, or gross income, whichever is specified, as follows:

(1) Tax on manufacturers.

(A) Upon every person engaging or continuing within the State in the business of manufacturing, including compounding, canning, preserving, packing, printing, publishing, milling, processing, refining, or preparing for sale, profit, or commercial use, either directly or

through the activity of others, in whole or in part, any article or articles, substance or substances, commodity or commodities, the amount of the tax to be equal to the value of the articles, substances, or commodities, manufactured, compounded, canned, preserved, packed, printed, milled, processed, refined, or prepared for sale, as shown by the gross proceeds derived from the sale thereof by the manufacturer or person compounding, preparing, or printing them, multiplied by one-half of one per cent.

- (B) The measure of the tax on manufacturers is the value of the entire product for sale, regardless of the place of sale or the fact that deliveries may be made to points outside the State.
- (C) If any person liable for the tax on manufacturers ships or transports the person's product, or any part thereof, out of the State, whether in a finished or unfinished condition, or sells the same for delivery to points outside the State (for example, consigned to a mainland purchaser via common carrier f.o.b. Honolulu), the value of the products in the condition or form in which they exist immediately before entering interstate or foreign commerce, determined as hereinafter provided, shall be the basis for the assessment of the tax imposed by this paragraph. This tax shall be due and payable as of the date of entry of the products into interstate or foreign commerce, whether the products are then sold or not. The department shall determine the basis for assessment, as provided by this paragraph, as follows:
  - (i) If the products at the time of their entry into interstate or foreign commerce already have been sold, the gross proceeds of sale, less the transportation expenses, if any, incurred in realizing the gross proceeds for transportation from the time of entry of the products into interstate or foreign commerce, including insurance and storage in transit, shall be the measure of the value of the products;
  - (ii) If the products have not been sold at the time of their entry into interstate or foreign commerce, and in cases governed by clause (i) in which the products are sold

under circumstances such that the gross proceeds of sale are not indicative of the true value of the products, the value of the products constituting the basis for assessment shall correspond as nearly as possible to the gross proceeds of sales for delivery outside the State, adjusted as provided in clause (i), or if sufficient data are not available, sales in the State, of similar products of like quality and character and in similar quantities, made by the taxpayer (unless not indicative of the true value) or by others. Sales outside the State, adjusted as provided in clause (i), may be considered when they constitute the best available data. The department shall prescribe uniform and equitable rules for ascertaining the values;

- (iii) At the election of the taxpayer and with the approval of the department, the taxpayer may make the taxpayer's returns under clause (i) even though the products have not been sold at the time of their entry into interstate or foreign commerce; and
- (iv) In all cases in which products leave the State in an unfinished condition, the basis for assessment shall be adjusted so as to deduct the portion of the value as is attributable to the finishing of the goods outside the State.

(2) Tax on business of selling tangible personal property; producing.

- (A) Upon every person engaging or continuing in the business of selling any tangible personal property whatsoever (not including, however, bonds or other evidence of indebtedness, or stocks), there is likewise hereby levied, and shall be assessed and collected, a tax equivalent to four per cent of the gross proceeds of sales of the business; provided that, in the case of a wholesaler, the tax shall be equal to one-half of one per cent of the gross proceeds of sales of the business; and provided further that insofar as the sale of tangible personal property is a wholesale sale under section 237-4(a)(8), the tax shall be one-half of one per cent of the gross proceeds. Upon every person engaging or

continuing within this State in the business of a producer, the tax shall be equal to one-half of one per cent of the gross proceeds of sales of the business, or the value of the products, for sale, if sold for delivery outside the State or shipped or transported out of the State, and the value of the products shall be determined in the same manner as the value of manufactured products covered in the cases under paragraph (1)(C).

- (B) Gross proceeds of sales of tangible property in interstate and foreign commerce shall constitute a part of the measure of the tax imposed on persons in the business of selling tangible personal property, to the extent, under the conditions, and in accordance with the provisions of the Constitution of the United States and the Acts of the Congress of the United States which may be now in force or may be hereafter adopted, and whenever there occurs in the State an activity to which, under the Constitution and Acts of Congress, there may be attributed gross proceeds of sales, the gross proceeds shall be so attributed.
- (C) No manufacturer or producer, engaged in such business in the State and selling the manufacturer's or producer's products for delivery outside of the State (for example, consigned to a mainland purchaser via common carrier f.o.b. Honolulu), shall be required to pay the tax imposed in this chapter for the privilege of so selling the products, and the value or gross proceeds of sales of the products shall be included only in determining the measure of the tax imposed upon the manufacturer or producer.
- (D) When a manufacturer or producer, engaged in such business in the State, also is engaged in selling the manufacturer's or producer's products in the State at wholesale, retail, or in any other manner, the tax for the privilege of engaging in the business of selling the products in the State shall apply to the manufacturer or producer as well as the tax for the privilege of manufacturing or producing in the State, and the manufacturer or producer shall make the returns of the gross proceeds of the wholesale, retail, or other sales required for the privilege of

selling in the State, as well as making the returns of the value or gross proceeds of sales of the products required for the privilege of manufacturing or producing in the State. The manufacturer or producer shall pay the tax imposed in this chapter for the privilege of selling its products in the State, and the value or gross proceeds of sales of the products, thus subjected to tax, may be deducted insofar as duplicated as to the same products by the measure of the tax upon the manufacturer or producer for the privilege of manufacturing or producing in the State; provided that no producer of agricultural products who sells the products to a purchaser who will process the products outside the State shall be required to pay the tax imposed in this chapter for the privilege of producing or selling those products.

- (E) A taxpayer selling to a federal cost-plus contractor may make the election provided for by paragraph (3)(C), and in that case the tax shall be computed pursuant to the election, notwithstanding this paragraph or paragraph (1) to the contrary.
  - (F) The department, by rule, may require that a seller take from the purchaser of tangible personal property a certificate, in a form prescribed by the department, certifying that the sale is a sale at wholesale; provided that:
    - (i) Any purchaser who furnishes a certificate shall be obligated to pay to the seller, upon demand, the amount of the additional tax that is imposed upon the seller whenever the sale in fact is not at wholesale; and
    - (ii) The absence of a certificate in itself shall give rise to the presumption that the sale is not at wholesale unless the sales of the business are exclusively at wholesale.
- (3) Tax upon contractors.
- (A) Upon every person engaging or continuing within the State in the business of contracting, the tax shall be equal to four per cent of the gross income of the business.
  - (B) In computing the tax levied under this paragraph, there shall be deducted from the gross income of the taxpayer so much thereof as has been included

in the measure of the tax levied under subparagraph (A), on:

- (i) Another taxpayer who is a contractor, as defined in section 237-6;
- (ii) A specialty contractor, duly licensed by the department of commerce and consumer affairs pursuant to section 444-9, in respect of the specialty contractor's business; or
- (iii) A specialty contractor who is not licensed by the department of commerce and consumer affairs pursuant to section 444-9, but who performs contracting activities on federal military installations and nowhere else in this State;

provided that any person claiming a deduction under this paragraph shall be required to show in the person's return the name and general excise number of the person paying the tax on the amount deducted by the person.

- (C) In computing the tax levied under this paragraph against any federal cost-plus contractor, there shall be excluded from the gross income of the contractor so much thereof as fulfills the following requirements:
  - (i) The gross income exempted shall constitute reimbursement of costs incurred for materials, plant, or equipment purchased from a taxpayer licensed under this chapter, not exceeding the gross proceeds of sale of the taxpayer on account of the transaction; and
  - (ii) The taxpayer making the sale shall have certified to the department that the taxpayer is taxable with respect to the gross proceeds of the sale, and that the taxpayer elects to have the tax on gross income computed the same as upon a sale to the state government.
- (D) A person who, as a business or as a part of a business in which the person is engaged, erects, constructs, or improves any building or structure, of any kind or description, or makes, constructs, or improves any road, street, sidewalk, sewer, or water system, or other improvements on land held by the person (whether held as a leasehold, fee simple, or otherwise), upon the sale or other disposition of the land or

improvements, even if the work was not done pursuant to a contract, shall be liable to the same tax as if engaged in the business of contracting, unless the person shows that at the time the person was engaged in making the improvements the person intended, and for the period of at least one year after completion of the building, structure, or other improvements the person continued to intend to hold and not sell or otherwise dispose of the land or improvements. The tax in respect of the improvements shall be measured by the amount of the proceeds of the sale or other disposition that is attributable to the erection, construction, or improvement of such building or structure, or the making, constructing, or improving of the road, street, sidewalk, sewer, or water system, or other improvements. The measure of tax in respect of the improvements shall not exceed the amount which would have been taxable had the work been performed by another, subject as in other cases to the deductions allowed by subparagraph (B). Upon the election of the taxpayer, this paragraph may be applied notwithstanding that the improvements were not made by the taxpayer, or were not made as a business or as a part of a business, or were made with the intention of holding the same. However, this paragraph shall not apply in respect of any proceeds that constitute or are in the nature of rent; all such gross income shall be taxable under paragraph (9); provided that insofar as the business of renting or leasing real property under a lease is taxed under section 237-16.5, the tax shall be levied by section 237-16.5.

- (4) Tax upon theaters, amusements, radio broadcasting stations, etc.
  - (A) Upon every person engaging or continuing within the State in the business of operating a theater, opera house, moving picture show, vaudeville, amusement park, dance hall, skating rink, radio broadcasting station, or any other place at which amusements are offered to the public, the tax shall be equal to four per cent of the gross income of the business, and in the case of a sale of an amusement at wholesale under section 237-

4(a)(13), the tax shall be one-half of one per cent of the gross income.

- (B) The department may require that the person rendering an amusement at wholesale take from the licensed seller a certificate, in a form prescribed by the department, certifying that the sale is a sale at wholesale; provided that:
  - (i) Any licensed seller who furnishes a certificate shall be obligated to pay to the person rendering the amusement, upon demand, the amount of additional tax that is imposed upon the seller whenever the sale is not at wholesale; and
  - (ii) The absence of a certificate in itself shall give rise to the presumption that the sale is not at wholesale unless the person rendering the sale is exclusively rendering the amusement at wholesale.
- (5) Tax upon sales representatives, etc. Upon every person classified as a representative or purchasing agent under section 237-1, engaging or continuing within the State in the business of performing services for another, other than as an employee, there is likewise hereby levied and shall be assessed and collected a tax equal to four per cent of the commissions and other compensation attributable to the services so rendered by the person.
- (6) Tax on service business.
  - (A) Upon every person engaging or continuing within the State in any service business or calling including professional services not otherwise specifically taxed under this chapter, there is likewise hereby levied and shall be assessed and collected a tax equal to four per cent of the gross income of the business, and in the case of a wholesaler under section 237-4(a)(10), the tax shall be equal to one-half of one per cent of the gross income of the business.
  - (B) The department may require that the person rendering a service at wholesale take from the licensed seller a certificate, in a form prescribed by the department, certifying that the sale is a sale at wholesale; provided that:
    - (i) Any licensed seller who furnishes a certificate shall be obligated to pay to the person rendering the service, upon demand, the amount of additional tax that is imposed

upon the seller whenever the sale is not at wholesale; and

(ii) The absence of a certificate in itself shall give rise to the presumption that the sale is not at wholesale unless the person rendering the sale is exclusively rendering services at wholesale.

(C) Where any person is engaged in the business of selling interstate or foreign common carrier telecommunication services within and without the State, other than as a home service provider, the tax shall be imposed on that portion of gross income received by a person from service which is originated or terminated in this State and is charged to a telephone number, customer, or account in this State notwithstanding any other state law (except for the exemption under section 237-23(a)(1)) to the contrary. If, under the Constitution and laws of the United States, the entire gross income as determined under this paragraph of a business selling interstate or foreign common carrier telecommunication services cannot be included in the measure of the tax, the gross income shall be apportioned as provided in section 237-21; provided that the apportionment factor and formula shall be the same for all persons providing those services in the State.

(D) Where any person is engaged in the business of a home service provider, the tax shall be imposed on the gross income received or derived from providing interstate or foreign mobile telecommunications services to a customer with a place of primary use in this State when such services originate in one state and terminate in another state, territory, or foreign country; provided that all charges for mobile telecommunications services which are billed by or for the home service provider are deemed to be provided by the home service provider at the customer's place of primary use, regardless of where the mobile telecommunications originate, terminate, or pass through; provided further that the income from charges specifically derived from interstate or foreign mobile telecommunications services, as determined by books and records that are kept in the regular course of business by the home service provider in accordance with section

239-24, shall be apportioned under any apportionment factor or formula adopted under subparagraph (C). Gross income shall not include:

- (i) Gross receipts from mobile telecommunications services provided to a customer with a place of primary use outside this State;
- (ii) Gross receipts from mobile telecommunications services that are subject to the tax imposed by chapter 239;
- (iii) Gross receipts from mobile telecommunications services taxed under section 237-13.8; and
- (iv) Gross receipts of a home service provider acting as a serving carrier providing mobile telecommunications services to another home service provider's customer.

For the purposes of this paragraph, "charges for mobile telecommunications services", "customer", "home service provider", "mobile telecommunications services", "place of primary use", and "serving carrier" have the same meaning as in section 239-22.

- (7) Tax on insurance producers. Upon every person engaged as a licensed producer pursuant to chapter 431, there is hereby levied and shall be assessed and collected a tax equal to 0.15 per cent of the commissions due to that activity.
- (8) Tax on receipts of sugar benefit payments. Upon the amounts received from the United States government by any producer of sugar (or the producer's legal representative or heirs), as defined under and by virtue of the Sugar Act of 1948, as amended, or other Acts of the Congress of the United States relating thereto, there is hereby levied a tax of one-half of one per cent of the gross amount received; provided that the tax levied hereunder on any amount so received and actually disbursed to another by a producer in the form of a benefit payment shall be paid by the person or persons to whom the amount is actually disbursed, and the producer actually making a benefit payment to another shall be entitled to claim on the producer's return a deduction from the gross amount taxable hereunder in the sum of the amount so disbursed. The amounts taxed under this paragraph

shall not be taxable under any other paragraph, subsection, or section of this chapter.

- (9) Tax on other business. Upon every person engaging or continuing within the State in any business, trade, activity, occupation, or calling not included in the preceding paragraphs or any other provisions of this chapter, there is likewise hereby levied and shall be assessed and collected, a tax equal to four per cent of the gross income thereof. In addition, the rate prescribed by this paragraph shall apply to a business taxable under one or more of the preceding paragraphs or other provisions of this chapter, as to any gross income thereof not taxed thereunder as gross income or gross proceeds of sales or by taxing an equivalent value of products, unless specifically exempted. " **[\$237-13.8] Sales of telecommunications services through prepaid telephone calling service.** (a) For the purposes of this section, "prepaid telephone calling service" means the right to exclusively purchase telecommunication services, paid for in advance, that enables the origination of calls using an access number or authorization code, whether manually or electronically dialed.

(b) If the sale or recharge of a prepaid telephone calling service does not take place at the vendor's place of business, it shall be conclusively determined to take place at the customer's shipping address; or if there is no item shipped, then it shall be the customer's billing address.

(c) When a person licensed under this chapter sells prepaid telephone calling services to a licensed retail merchant, jobber, or other licensed seller for purposes of resale, the person shall be taxed as a wholesaler selling tangible personal property. All other sales of prepaid telephone calling services shall be taxed as retail sales of tangible personal property.

(d) For purposes of prepaid telephone calling services only, all such services shall be taxed under this section and

shall be in lieu of taxation under chapter 239. [L 2000, c 27, §1]

" **§237-14 Segregation of gross income, etc., on records and in returns.** The imposition of taxes and the application of tax rates do not depend upon the business in which the taxpayer is primarily engaged. One business may be subject to two or more tax rates. If a business is within the purview of two or more of the paragraphs of section 237-13 or other provisions of this chapter all of them apply, each provision being applicable to the appropriate item of gross income, gross proceeds of sales, or value of products. However, any person engaging or continuing in a business having gross income, gross proceeds of sales, and value of products, or any of these as the case may be, taxable at different rates, shall be subject to taxation upon the aggregate amount of the gross income, gross proceeds of sales, and value of products of the business at the highest rate applicable to any part of the aggregate, unless the person shall segregate the parts taxable at different rates upon the person's records and in the person's returns, and shall sustain the burden of proving that the segregation was correctly made. - (1) The parts of its gross income, gross proceeds of sales, and value of products subject to taxation under this chapter from the parts subject to taxation under chapter 239; and
- (2) The parts of its gross income, gross proceeds of sales, and value of products subject to taxation under

" **§237-16.5 Tax on written real property leases; deduction allowed.** (a) This section relates to the leasing of real property by a lessor to a lessee. There is hereby levied, and shall be assessed and collected annually, a privilege tax

against persons engaging or continuing within the State in the business of leasing real property to another, equal to four per cent of the gross proceeds or gross income received or derived from the leasing; provided that where real property is subleased by a lessee to a sublessee, the lessee, as provided in this section, shall be allowed a deduction from the amount of gross proceeds or gross income received from its sublease of the real property. The deduction shall be in the amount allowed under this section.

All deductions under this section and the name and general excise tax number of the lessee's lessor shall be reported on the general excise tax return. Any deduction allowed under this section shall only be allowed with respect to leases and subleases in writing and relating to the same real property.

(b) The lessee shall obtain from its lessor a certificate, in the form as the department shall prescribe, certifying that the lessor is subject to tax under this chapter on the gross proceeds or gross income received from the lessee. The absence of the certificate in itself shall give rise to the presumption that the lessee is not allowed the deduction under this section.

(c) If various real property or space leased to the lessee have different rental values, then the total monetary gross proceeds or gross income paid to a lessor for all real property or space shall first be allocated to the fair rental value for each real property or space. If the lessee leases less than one hundred per cent of real property or space that was leased from the lessor to a sublessee, then the total monetary gross proceeds or gross income paid by the lessee for that real property or space to its lessor shall be allocated. The percentage of real property or space subleased shall be multiplied by the monetary gross proceeds or gross income paid for the real property or space by the lessee to its lessor. The product of the preceding multiplication shall be deducted from the monetary gross proceeds or gross income received for real property or space by the lessee.

Once the allocations are made, the appropriate deduction under subsection (g) shall be made.

(d) The lessor shall make allocations under this section at the time the sublease is entered into and the allocations shall not be changed during the term of the sublease. There shall be a reasonable basis for the allocations, taking into consideration the size, quality, and location of the real property or space subleased. In no event shall the total amount allocated to all subleases exceed the total monetary gross proceeds paid by the lessee to its lessor. The director may redetermine the amount of the deduction under this section if the director finds that the basis for allocation is not

reasonable or that redetermination is necessary to prevent the avoidance of taxes.

(e) As used in this section:

"Lease" means the rental of real property under an instrument in writing by which one conveys real property for a specified term and for a specified consideration, and includes the written extension or renegotiation of a lease, and any holdover tenancy.

"Lessee" means one who holds real property under lease, and includes a sublessee.

"Lessor" means one who conveys real property by lease, and includes a sublessor.

"Real property or space" means the area actually rented and used by the lessee, and includes common elements as defined in section 514A-3 or 514B-3.

"Sublease" includes the rental of real property which is held under a lease and is made in a written document by which one conveys real property for a specified term and for a specified consideration. A sublease includes the written extension or renegotiation of a sublease and any holdover tenancy under the written sublease.

"Sublessee" means one who holds real property under a sublease.

"Sublessor" means one who conveys real property by sublease.

(f) This section shall not cause the tax upon a lessor, with respect to any item of the lessor's gross proceeds or gross income, to exceed four per cent.

(g) After allocation under subsection (c), if necessary, the deduction under this section shall be allowed from the gross proceeds or gross income of the lessee received from its sublease in an amount calculated by multiplying the gross proceeds or gross income paid by the lessee to its lessor for the lease of the real property by .875.

The amount calculated shall be deducted by the lessee from the lessee's total reported gross proceeds or gross income. The deduction allowed by this subsection may be taken by the fiscal and calendar year lessees. " **§237-21 Apportionment.** If any person, other than persons liable to the tax on manufacturers as provided by section 237-13(1), is engaged in business both within and without the State or in selling goods for delivery outside the State, and if under the Constitution or laws of the United States or section 237-29.5 the entire gross income of such person cannot be included in the measure of this tax, there shall be apportioned to the State and included in the measure of the tax that portion of the gross income which is derived from activities within the State, to the extent that the apportionment is required by the Constitution or laws of the United States or section 237-29.5. In the case of a tax upon the production of property in the State the apportionment shall be determined as in the case of the tax on manufacturers. In other cases, if and to the extent that the apportionment cannot be accurately made by separate accounting methods, there shall be apportioned to the State and included in the measure of this tax that proportion of the total gross income, so requiring apportionment, which the cost of

" **§237-22 Conformity to Constitution, etc.** (a) In computing the amounts of any tax imposed under this chapter, there shall be excepted or deducted from the values, gross proceeds of sales, or gross income so much thereof as, under the Constitution and laws of the United States, the State is prohibited from taxing, but only so long as and only to the extent that the State is so prohibited.

(b) To the extent that any deduction, allocation, or other method to determine tax liability is necessary to comply with subsection (a), each taxpayer liable for the tax imposed by this chapter shall be entitled to full offset for the amount of legally imposed sales, gross receipts, or use taxes paid by the taxpayer with respect to the imported property, service, or contracting to another state and any subdivision thereof; provided that such offset shall not exceed the amount of general excise tax imposed under this chapter upon the gross proceeds of sales or gross income from the sale and subsequent sale of the imported property, service, or contracting. The amount of legally imposed sales, gross receipts, or use taxes paid by the taxpayer with respect to the import shall be first applied

against any use tax, as permitted under section 238-3(i), and any remaining amount may be applied under this section for the same imported property, service, or contracting.

The director of taxation shall have the authority to implement this offset by prescribing tax forms and instructions that require tax reporting and payment by deduction, allocation, or any other method to determine tax liability to the extent necessary to comply with the foregoing.

" **[\$237-29.8] Call centers; exemption; engaging in business; definitions.** (a) This chapter shall not apply to amounts received from a person operating a call center by a person engaged in business as a telecommunications common carrier for interstate or foreign telecommunications services, including toll-free telecommunications, telecommunications capabilities for electronic mail, voice, and data telecommunications, computerized telephone support, facsimile, wide area

telecommunications services, or computer-to-computer communication.

(b) The establishment of a call center in this State by any person shall not be used by itself by the State to find that any other part of the person's business is engaged in business in this State for the purposes of this chapter. Gross income or gross proceeds received by a call center for customer service and support shall be exempt from the measure of taxes imposed by this chapter.

(c) The department, by rule, may provide that the person providing the telecommunications service may take from the person operating a call center a certificate, in a form that the department shall prescribe, certifying that the amounts received for telecommunications services are for operating a call center. If the certificate is required by rule of the department, the absence of the certificate in itself shall give rise to the presumption that the amounts received from the sale of telecommunications services are not for operating a call center.

(d) As used in this section:

"Call center" means a physical or electronic operation that focuses on providing customer service and support for computer hardware and software companies, manufacturing companies, software service organizations, and telecommunications support services, within an organization in which a managed group of individuals spend most of their time engaging in business by telephone, usually working in a computer-automated environment; provided that the operation shall not include telemarketing or sales.

"Telecommunications service" or "telecommunications" means the offering of transmission between or among points specified by a user, of information of the user's choosing, including voice, data, image, graphics, and video without change in the form or content of the information, as sent and received, by means of electromagnetic transmission, or other similarly

capable means of transmission, with or without benefit of any closed transmission medium.

" **§237-29.53 Exemption for contracting or services exported out of State.** (a) There shall be exempted from, and excluded from the measure of, taxes imposed by this chapter, all of the value or gross income derived from contracting (as defined under section 237-6) or services performed by a person engaged in a service business or calling in the State for use outside the State where:

- (1) The contracting or services are for resale, consumption, or use outside the State; and
- (2) The value or gross income derived from the contracting or services performed would otherwise be subject to the tax imposed under this chapter on contracting or services at the highest rate.

For the purposes of this subsection, the seller or person rendering the contracting or services exported and resold, consumed, or used outside the State shall take from the customer, a certificate or an equivalent, in a form the department prescribes, certifying that the contracting or service purchased is to be otherwise resold, consumed, or used outside the State. Any customer who furnishes this certificate or an equivalent shall be obligated to pay the seller or person rendering the contracting or services, upon demand, if the contracting or service purchased is not resold or otherwise consumed or used outside the State, the amount of the additional tax which by reason thereof is imposed upon the seller or person rendering the contracting or service.

(b) There shall be exempted from, and excluded from the measure of, taxes imposed by this chapter, all of the value or gross income derived from contracting (as defined in section 237-6) or services performed by a person engaged in a service business or calling in the State for a purchaser who resells all of the contracting or services for resale, consumption, or use outside the State pursuant to subsection (a). For the purposes of this subsection, the seller or person rendering the contracting or services for a purchaser who resells the contracting or services for resale, consumption, or use outside the State shall take from the purchaser, a certificate or an equivalent, in a form that the department prescribes, certifying that the contracting or services purchased is to be for resale, consumption, or use outside the State pursuant to subsection (a). Any purchaser who furnishes this certificate or an equivalent shall be obligated to pay the seller or person

rendering the contracting or services, upon demand, if the contracting or services purchased is not resold in its entirety to a customer of the purchaser who has complied with subsection (a), the amount of the additional tax which by reason thereof is imposed upon the seller or the person rendering the contracting or service. " **[§237-29.55] Exemption for sale of tangible personal property for resale at wholesale.** (a) There shall be exempted from, and excluded from the measure of, the taxes imposed by this chapter all of the gross proceeds or gross income arising from the sale of tangible personal property imported to Hawaii from a foreign or domestic source to a licensed taxpayer for subsequent resale for the purpose of wholesale as defined under section 237-4.

(b) The department, by rule, may provide that a seller may take from the purchaser of imported tangible personal property, a certificate, in a form that the department shall prescribe, certifying that the purchaser of the imported tangible personal property shall resell the imported tangible personal property at wholesale as defined under section 237-4. Any purchaser who furnishes a certificate shall be obligated to pay to the seller, upon demand, if the sale in fact is not a sale for the purpose of resale at wholesale, the amount of the additional tax which by reason thereof is imposed upon the seller. The absence of a certificate, unless the sales of the business are exclusively a sale for the purpose of resale at wholesale, in itself, shall give rise to the presumption that the sale is not a sale for the purpose of resale at wholesale. #### "RETURNS AND PAYMENTS

**§237-30 Monthly, quarterly, or semiannual return, computation of tax, payment.** (a) The taxes levied hereunder shall be payable in monthly installments on or before the twentieth day of the calendar month following the month in which they accrue. The taxpayer, on or before the twentieth day of the calendar month following the month in which the taxes accrue, shall make out and sign a return of the installment of tax for which the taxpayer is liable for the preceding month and transmit the same, together with a remittance, in the form

required by section 237-31, for the amount of the tax, to the office of the department of taxation in the appropriate district hereinafter designated.

(b) Notwithstanding subsection (a), the director of taxation, for good cause, may permit a taxpayer to file the taxpayer's return required under this section and make payments thereon:

- (1) On a quarterly basis during the calendar or fiscal year, the return and payment to be made on or before the twentieth day of the calendar month after the close of each quarter, to wit: for calendar year taxpayers, on or before April 20, July 20, October 20, and January 20 or, for fiscal year taxpayers, on or before the twentieth day of the fourth month, seventh month, and tenth month following the beginning of the fiscal year and on or before the twentieth day of the month following the close of the fiscal year; provided that the director is satisfied that the grant of the permit will not unduly jeopardize the collection of the taxes due thereon and the taxpayer's total tax liability for the calendar or fiscal year under this chapter will not exceed \$4,000; or
- (2) On a semiannual basis during the calendar or fiscal year, the return and payment to be made on or before the twentieth day of the calendar month after the close of each six-month period, to wit: for calendar year taxpayers, on July 20 and January 20 or, for fiscal year taxpayers, on or before the twentieth day of the seventh month following the beginning of the fiscal year and on or before the last day of the month following the close of the fiscal year; provided that the director is satisfied that the grant of the permit will not unduly jeopardize the collection of the taxes due thereon and the taxpayer's total tax liability for the calendar or fiscal year under this chapter will not exceed \$2,000.

The director, for good cause, may permit a taxpayer to make monthly payments based on the taxpayer's estimated quarterly or semiannual liability, provided the taxpayer files a reconciliation return at the end of each quarter or at the end of each six-month period during the calendar or fiscal year, as provided in this section.

(c) If a taxpayer filing the taxpayer's return on a quarterly or semiannual basis, as provided in this section, becomes delinquent in either the filing of the taxpayer's return or the payment of the taxes due thereon, or if the liability of a taxpayer, who possesses a permit to file the taxpayer's return

and to make payments on a semiannual basis exceeds \$2,000 in general excise taxes during the calendar year or exceeds \$4,000 in general excise taxes during the calendar year if making payments on a quarterly basis, or if the director determines that any such quarterly or semiannual filing of return would unduly jeopardize the proper administration of this chapter, including the assessment or collection of the general excise tax, the director may, at any time, revoke a taxpayer's permit, in which case the taxpayer will then be required to file the taxpayer's return and make payments thereon as herein provided in subsection (a).

(d) The director may adopt and promulgate rules and regulations to carry out the purposes of this section.

(e) Section 232-2 does not apply to a monthly return. The department, for good cause shown, may extend the time for making the return on the application of any taxpayer and grant such reasonable additional time within which to make the same as may, by it, be deemed advisable.

" **[§237-33.5] Federal assessments; adjustments of gross income or gross proceeds of sale; report to the department.** (a)

Any person required to report to the department by section 235-101(b), also shall report to the department any change, correction, adjustment, or recomputation of gross income or gross proceeds of sale subject to the tax imposed by this chapter. This report shall be made in the form of a return amending the person's gross income or gross proceeds of sale as previously reported on a return filed with the department for the taxable year. If no return has been filed with the department for the taxable year, a return shall be filed and shall take into account any change, correction, adjustment, or recomputation of gross income or gross proceeds of sale.

(b) Any return or amended return required by this section shall be filed with the department within ninety days after the change, correction, adjustment, or recomputation is finally determined or an amended return is filed with the Internal Revenue Service. The return or amended return shall be accompanied by a copy of the document issued by the United States notifying the taxpayer of the change, correction, adjustment, or recomputation.

(c) The statutory period for the assessment of any deficiency or the determination of any refund attributable to the report required by this section shall not expire before the

expiration of one year from the date the department is notified by the taxpayer or the Internal Revenue Service, whichever is earlier, of such a report as provided in subsection (a). Before the expiration of this one-year period, the department and the taxpayer may agree, in writing, to the extension of this period. Where the privilege is exercised in more than one taxation district the returns shall be transmitted to the office of the first district.

(b) All tax returns and return information required to be filed under this chapter, and the report of any investigation of the return or of the subject matter of the return, shall be confidential. It shall be unlawful for any person or any officer or employee of the State, including the auditor or the auditor's agent with regard to tax return information obtained pursuant to section 23-5(a), to intentionally make known information imparted by any tax return or return information filed pursuant to this chapter, or any report of any investigation of the return or of the subject matter of the return, or to wilfully permit any return, return information, or report so made, or any copy thereof, to be seen or examined by any person; provided that for tax purposes only, the taxpayer, the taxpayer's authorized agent, or persons with a material interest in the return, return information, or report may examine them. Unless otherwise provided by law, persons with a material interest in the return, return information, or report shall include:

- (1) Trustees;

- (3) Persons named in a board resolution or a one per cent shareholder in the case of a corporate return;
- (4) The person authorized to act for a corporation in dissolution;

- (6) The personal representative, trustee, heir, or beneficiary of an estate or trust in the case of the estate's or decedent's return;
- (7) The committee, trustee, or guardian of any person in paragraphs (1) through (6) who is incompetent;

- (8) The trustee in bankruptcy or receiver, and the attorney-in-fact of any person in paragraphs (1) through (7);

- (13) A person contractually obligated to pay the taxes assessed against another when the latter person is under audit by the department.

Any violation of this subsection shall be a class C felony.

(c) The department may destroy the monthly returns filed pursuant to section 237-30, or any of them, upon the expiration of three years after the end of the calendar year in which the taxes so returned accrued. #### "ASSESSMENTS, REFUNDS, AND RECORDS

**§237-36 Erroneous returns, disallowance of exemption, payment.** If any return made is erroneous, or is so deficient as not to disclose the full tax liability, or if the taxpayer, in the taxpayer's return, shall disclaim liability for the tax on any gross income or gross proceeds of sales liable to the tax, or if the taxpayer shall make application under section 237-23 for an exemption to which the taxpayer is not entitled, the department of taxation shall correct the error or assess the proper amount of taxes. If such recomputation results in an additional tax liability, or if the department proposes to assess any gross income or gross proceeds of sales by reason of the disallowance of an exemption claimed in the return or for

which application has been filed, the department shall first give notice to the taxpayer of the proposed assessment, and the taxpayer shall thereupon have an opportunity within thirty days to confer with the department. After the expiration of thirty days from the notification the department shall assess the gross income or gross proceeds of sales of the taxpayer or any portion thereof which the department believes has not theretofore been assessed, and shall give notice to the taxpayer of the amount of the tax, and the amount thereof shall be paid within twenty days after the date the notice was mailed, properly addressed to the taxpayer at the taxpayer's last known address or place of business.

No preliminary notice shall be necessary where the amount of the tax is calculated by the department from gross income returned by the taxpayer as subject to the tax (unless the taxpayer shall have claimed that the applicable rate of tax is lower than the rate of tax applied by the department); in such case the tax shall be due and payable on the tenth day after the date the statement was mailed. In a case of disallowance of an exemption for which application was made under section 237-23 the department, before making an assessment, may require the applicant, by demand made upon the applicant by mail or delivery thereof to the address shown in the application, to file information returns as to the applicant's gross income or gross proceeds of sales within such reasonable time as the department may allow, and in the event of failure, neglect, or refusal to comply with the demand, the department shall make an assessment under section 237-38, in lieu of this section. " **§237-37 Refunds and credits.** If the amount already paid exceeds that which should have been paid on the basis of the tax recomputed as provided in section 237-36, the excess so paid shall be immediately refunded to the taxpayer in the manner provided in section 231-23(c). The taxpayer may, at the taxpayer's election, apply an overpayment credit to taxes subsequently accruing hereunder. All refunds and the details thereof, including the names of the persons receiving the refund and the amount refunded shall be accessible for the inspection of the public in the office of the department of taxation in the taxation district in which the person receiving the refund made the person's returns.

No recourse may be had except under section 40-35 or by appeal for refunds of taxes paid pursuant to an assessment by the director of taxation, provided that if the assessment by the

director shall contain clerical errors, transposition of figures, typographical errors, and errors in calculation or if there shall be an illegal or erroneous assessment, the usual refunds procedures shall apply. No refund or overpayment credit may be had under this section in any event unless the original payment of the tax was due to the law having been interpreted or applied in respect of the taxpayer concerned differently than in respect of taxpayers generally. As to all tax payment for which a refund or credit is not authorized by this section (including without prejudice to the generality of the foregoing cases of unconstitutionality) the remedies provided by appeal or under section 40-35 are exclusive. After procuring the information the department shall proceed to assess the tax as provided in section 237-36. The assessment shall be presumed to be correct until and unless, upon an appeal duly taken as provided in this chapter, the contrary shall be clearly proved by the person assessed, and the burden of proof upon such appeal shall be upon the person assessed to disprove the correctness of the assessment. " **§237-39 Audits; procedure, penalties.** For the purpose of verification or audit of a return made by the taxpayer, or where there is reasonable ground to believe that any return made is so deficient as not to form the basis of a satisfactory assessment of the tax, or for the purpose of making an assessment where no return has been made, the department of taxation or the Multistate Tax Commission pursuant to chapter 255 or the

authorized representative thereof may examine all account books, bank books, bank statements, records, vouchers, taxpayer's copies of federal tax returns, and any and all other documents and evidences having any relevancy to the determination of the gross income or gross proceeds of sales of any taxpayer as required to be returned under this chapter and may summon or require the attendance of the person by or for whom the return, if any, has been made or whose tax is being assessed, and any employee of the person, and may summon or require the attendance of any person having knowledge in the premises, naming the time and place in the summons, and may require the production of any books, statements, or other evidences open to his examination, and may take testimony in reference to any such matter relevant to the gross income or gross proceeds of sales of the taxpayer for the period under consideration, with power to require that the person so called and appearing shall be interrogated under oath and to administer the oath.

If the department determines that any gross income or gross proceeds of sales liable to the tax have not been assessed the department may assess the same as provided in sections 237-36 and 237-38.

Any individual knowingly giving false testimony under oath at any such hearing before the department shall be guilty of perjury and shall be punished as provided by law.

Any person refusing or neglecting to obey any summons issued by the department, and any individual appearing and refusing to testify under oath, shall be fined \$50 for the first offense and \$100 for each succeeding offense. " **§237-40 Limitation period.** (a) General rule. The amount of excise taxes imposed by this chapter shall be assessed or levied within three years after the annual return was filed, or within three years of the due date prescribed for the filing of the return, whichever is later, and no proceeding in court without assessment for the collection of any of the taxes shall be begun after the expiration of the period. Where the assessment of the tax imposed by this chapter has been made within the period of limitation applicable thereto, the tax may be collected by levy or by a proceeding in court under chapter 231; provided that the levy is made or the proceeding was begun within fifteen years after the assessment of the tax. For any tax that has been assessed prior to July 1, 2009, the levy or proceeding shall be barred after June 30, 2024.

Notwithstanding any other provision to the contrary in this section, the limitation on collection after assessment in this section shall be suspended for the period:

- (1) The taxpayer agrees to suspend the period;
- (2) The assets of the taxpayer are in control or custody of a court in any proceeding before any court of the United States or any state, and for six months thereafter;
- (3) An offer in compromise under section 231-3(10) is pending; and
- (4) During which the taxpayer is outside the State if the period of absence is for a continuous period of at least six months; provided that if at the time of the taxpayer's return to the State the period of limitations on collection after assessment would expire before the expiration of six months from the date of the taxpayer's return, the period shall not expire before the expiration of the six months.

(b) Exceptions. In the case of a false or fraudulent return with intent to evade tax, or of a failure to file the annual return, the tax may be assessed or levied at any time; provided that the burden of proof with respect to the issues of falsity or fraud and intent to evade tax shall be upon the State.

(c) Extension by agreement. Where, before the expiration of the period prescribed in subsection (a) or (d), both the department of taxation and the taxpayer have consented in writing to the assessment or levy of the tax after the date fixed by subsection (a) or the credit or refund of the tax after the date fixed by subsection (d), the tax may be assessed or levied or the overpayment, if any, may be credited or refunded at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

(d) Refunds. No credit or refund shall be allowed for any tax imposed by this chapter, unless a claim for such credit or refund shall be filed as follows:

- (1) If an annual return is timely filed, or is filed within three years after the date prescribed for filing the annual return, then the credit or refund shall be claimed within three years after the date the annual return was filed or the date prescribed for filing the annual return, whichever is later.
- (2) If an annual return is not filed, or is filed more than three years after the date prescribed for filing

the annual return, a claim for credit or refund shall be filed within:

- (A) Three years after the payment of the tax; or
- (B) Three years after the date prescribed for the filing of the annual return, whichever is later.

Paragraphs (1) and (2) are mutually exclusive. The limitation shall not apply to a credit or refund pursuant to an appeal provided for by section 237-42. " **§237-41.5 Certain amounts held in trust; liability of key individuals.** (a) There shall be personal liability for the taxes imposed under this chapter as provided in this section for the following amounts of gross income or gross proceeds:

- (1) Any amount collected as a recovery of the taxpayer's liability under this chapter, where the amount is passed on as the tax owed by the taxpayer under this chapter for the transaction and is separately stated or accounted for in a receipt, contract, invoice, billing, or other evidence of the business activity; or
- (2) An amount equal to the tax liability under this chapter on a transaction where a taxpayer does not separately state or account for the amount as a tax recovery as provided in paragraph (1). For purposes of this paragraph, the amount of the imputed tax liability is the result of multiplying the gross income or gross proceeds received in the transaction by the tax rate.

The amounts under paragraphs (1) and (2) shall be held in trust for the benefit of the State and for payment to the State in the manner and at the time required by this chapter.

(b) The personal liability under this section applies to any officer, member, manager, or other person having control or supervision over amounts of gross proceeds or gross income collected to pay the general excise tax and held in trust under subsection (a), or who is charged with the responsibility for the filing of returns or the payment of general excise tax on gross income or gross proceeds collected and held in trust under subsection (a). The person shall be personally liable for any unpaid taxes and interest and penalties on those taxes, if such officer or other person wilfully fails to pay or to cause to be paid any taxes due from the taxpayer pursuant to this chapter.

This subsection shall not apply to any officer, manager, or other person having control or supervision over amounts of gross proceeds or gross income collected to pay the general excise tax and held in trust under subsection (a), or who is charged with the responsibility for the filing of returns or the payment of general excise tax on gross income or gross proceeds collected and held in trust under subsection (a) for a nonprofit organization.

For purposes of this subsection:

"Nonprofit organization" means a corporate entity, association, or other duly chartered entity that is registered with the State and is exempt from the application of this chapter pursuant to section 237-23(a)(3), (4), (5), (6), or (7).

"Wilfully fails to pay or to cause to be paid" shall be construed in accordance with judicial interpretations given to similar provisions of the Internal Revenue Code; consistent therewith, the term "wilfully" shall mean a voluntary, intentional violation of a known legal duty.

(c) An officer, member, manager, or other responsible person shall be liable only for general excise taxes on gross income or gross proceeds collected, plus interest and penalties on those taxes, that became due during the period the person had control, supervision, responsibility, or a duty to act for the taxpayer as described in subsection (b) of this section.

(d) Persons liable under subsection (b) are exempt from liability when nonpayment of the general excise tax on gross income or gross proceeds held in trust is for good cause as determined by the director.

(e) The voluntary or involuntary dissolution of the taxpayer or the withdrawal or surrender of its right to engage in business in this State shall not discharge the liability hereby imposed. [L 2010, c 155, pt of §2; am L 2012, c 219, §2; am L 2013, c 52, §2]

" **§237-43 Bulk sales; transfers; penalties.** (a) In any case of the sale or transfer in bulk of the whole, or a large part of a stock of merchandise and fixtures, or merchandise, or fixtures, or other assets or property of a business, otherwise than in the ordinary course of trade, business, commerce, or

sales, the seller shall make a written and verified report of the bulk sale or transfer to the department not later than ten days after the possession, or the control, or the title of the property, or any part thereof, has passed to the purchaser. The report shall contain the name and address of the purchaser, a brief description of the property sold and the purchase price, the date when the sale or transfer is to be or was consummated, and such other facts as the department may require. The purchaser may make the report for the seller.

(b) The purchaser of the property shall withhold payment of the purchase price until the receipt of a certificate from the department to the effect that all taxes, penalties, and interest levied or accrued under title 14 for taxes administered by the department against the seller, or constituting a lien upon the property, have been paid. A certificate shall not be issued while the department investigates (including by audit) whether taxes have been levied or accrued against the seller. The certificate shall show on its face that the department has had notice of the bulk sale or transfer, and shall also show the names of the seller and purchaser, a brief description of the property sold or transferred, and the date of consummation of the sale or transfer, together with such other information as the department shall prescribe.

(c) If the required report of the bulk sale or transfer is not made, or if the taxes, penalties, and interest shall not be paid within twenty days after the sale or transfer, or within such further time as the department may allow, the purchaser shall be personally liable to pay to the State the amount of all taxes, penalties, and interest levied or accrued under title 14 for taxes administered by the department against the seller or constituting a lien upon the property, together with penalties and interest thereafter accruing, not exceeding, however, the amount of the purchase price. The issuance of a certificate in the prescribed form shall be a complete defense to the bulk sale or transfer liability imposed in the preceding sentence, but shall not be a defense to any liability of the purchaser under any other provision of law for liabilities and obligations. Any purchaser succeeding to the liabilities of the seller under this section shall make a written report thereof upon the next due date for the reporting of gross income taxes.

(d) For purposes of this section:

"Property" means anything that may be the subject of ownership, including every kind of asset, whether real or personal, tangible or intangible, and without limitation, such as land and buildings, goodwill, notes, accounts, and other intangible property. The term "property" shall not include any interest in residential real property.

"Purchase price" means the total fair market value, as of the date of sale or transfer, of all property transferred, whether or not money or property is exchanged therefor.

"Purchaser" means any person who receives property in a bulk sale or transfer, whether or not money or property is exchanged therefor.

"Sale" means the transfer of property for compensation.

"Seller" means any person who sells or transfers any property in a bulk sale or transfer, whether or not money or property is exchanged therefor.

"Transfer" means the sale, conveyance, or distribution by any mode, direct or indirect, absolute or conditional, voluntary or involuntary, of title to or beneficial ownership in property, or interest therein. The term "transfer" does not include a bona fide, arm's length:
