

CRAIG I. NAKANISHI

CAREER OBJECTIVE

To enhance organizational effectiveness through the development and implementation of strategies that integrate people, processes, and proceeds into a positive, cohesive, and sustainable culture.

COMPETENCIES

Organizational Effectiveness: Formulating innovative solutions to complex problems with a record of consensus building amid the intricacies of regulatory, political, and business environments.

Strategic Integration: Providing strategic advice to local, national, and multi-national entities on a wide variety of topics including financing, governance, operations, organization, external environments, corporate culture, customer service, compliance, and opportunity evaluation.

Project Experience includes:

- Developing governmental and regulatory strategies for over \$1 billion in projects
- Managing over \$10 billion in complex commercial negotiations and transactions
- Transforming a volunteer organization to a \$4.5 million on-going operation
- Management committees for law firms
- Building numerous relationships with government officials, decision makers, and stakeholders for the benefit of clients

Craig I. Nakanishi
Attorney Profile

Craig Nakanishi concentrates his practice in the areas of energy, public utilities, and business and real property transactions.

- **Energy:** Represents and advises clients in the alternative/renewable energy, petroleum, and electric industries on a wide variety of matters including purchase power negotiations, capital projects, fuel contracts, financing matters, infrastructure, legislation, and administrative proceedings and investigations. Advised clients on internal resource and management issues, corporate governance and reorganization matters and general corporate matters.
- **Public Utilities:** Represent and advise public utility companies and common carriers providing electric, water, petroleum, telecommunication and transportation services in rate, regulatory and other administrative proceedings, appeals from administrative decisions, on state and federal laws regulating utilities, in contract negotiations, and on general corporate issues. Provides guidance and advice in the formulation of strategic planning frameworks, regulatory frameworks, case management, regulatory interaction and government affairs.
- **Business and Real Property:** Represents and advise clients:
 - in the acquisition or divestiture of capital stock or assets of various businesses including, for example, retail, restaurant, manufacturing, distribution, and professional operations; public utilities; technology operation; airlines, and dealerships and franchises.
 - in transactions involving the purchase, sale or leasing of real property including hotels, shopping centers and other commercial buildings.
 - in a diverse array of contracts, involving technology development, manufacturing, wholesale, retail, operating, distribution, franchising, leasing, and consulting arrangements covering a variety of goods and services.
 - before government agencies of the State of Hawaii including commissions, departments and administrative boards in the registration, licensing and permitting of business operations in the State.
