PROFESSIONAL EXPERIENCE

As President & General Manager, RME for Shimizu & Sons Construction, Inc. and President & General Manager for M & S Trucking, Inc., I had the opportunity to gain valuable knowledge on how to run a business not only from a technical standpoint but, on the financial end as well. Knowledge of business requirements came by way of working and conferring with the professionals retained by the company i.e. CPA, Bank Manager, Attorney, Insurance Agents, etc. I also got involved with doing payroll, accounts payable, and accounts receivable. Majority of the work for both companies was in General Engineering i.e. Roadways, sewer systems, storm drainage systems, water distribution systems, subdivision work, excavation and grading. I did the supervision for most of the projects, scheduled subcontractors, if any, expedited materials for the projects and conferred and worked with the Owners, State/County Inspectors, if there were concerns related to the project.

OTHER WORK EXPERIENCE

As a Project Manager for Central Construction, Inc. [2003 – 2012], I supervised the entire project from start to finish. It involved preparing job schedules, expediting material purchases, coordinating, scheduling, and supervising the many subcontractors, preparing shop drawings, preparing change orders, preparing monthly progress billings, preparing as builts and closing documents.

Airport Project Experience Category (A05 & A06)

None

Anti-Terrorism/Force Protection Experience Category (A09)

None

Barracks, Dormitories, Housing & Residential Experience Category (B01, H11)

1. Refer to Item No. 1 - Construction Management Experience Category (C15) Westside Resource Center
2. Refer to Item No. 2 – Construction Management Experience Category (C15) Hale Mahaolu Ehiku
3. Refer to Item No. 3 – Construction Management Experience Category (C15) Maui Job Corps

Bridge Experience Category (B02)

None

Commercial Experience Category (C10)

Refer to Item No. 4 – Construction Management Experience Category (C15) Longs Drug Store

Construction Management Experience Category (C15)

1. Westside Resource Center (Homeless Shelter) Lahaina, Maui Est. cost: \$5,000,000.00
Scope of work: Sitework i.e. excavation & grading, water, sewer, and drainage improvements, roadways, base course & AC Paving, pavement markings, landscaping, concrete work, CMU walls, wood framing, drywall & finish work, painting, plumbing, electrical, windows, HVAC, roofing, misc. metals.
2. Hale Mahaolu Ehiku (Elderly Housing) Kihei, Maui Est. Cost: \$15,800,000.00
Scope of work: Sitework i.e. excavation & grading, water, sewer, and drainage improvements, roadway & parking areas, base course & AC Paving, pavement markings, landscaping, concrete work, CMU walls, wood framing, roofing, drywall & finish work, painting, plumbing, electrical, elevator, fire sprinkler system, plastering, ceramic tile work, doors & windows, misc. metals.
