Comments: I have known William Hasse for 18 years; first as a fellow student in college, then as an employee under his supervision working with both landscaping and hardscaping. The professional approach William Hasse embodied highlighting safety and respect for project tasks set in in my highest regards for leadership. I support the interest of William Hasse in this position with the greatest strength.

Comments: Mr. Haase has been instrumental in returning large swaths of Molokai back to its natural habitat. He has been an advocate for habitat restoration for many years. His knowledge, passion, and integrity are peerless. He will be a huge asset to this commission.

Comments: Butch Haase is an outstanding candidate for consideration and confirmation to the Legacy Land Conservation Commission for the State of Hawaii. I have been profoundly impacted by the education and training I have learned about Land Preservation from Butch Haase. He has committed his life's work to native reforestation and preservation of native Hawaiian lands. Butch is extremely dedicated to his work and takes it very seriously leaving a huge impact on those he works and collaborates with. I have had the opportunity to work with Butch through the Molokai Land Trust and see his commitment first hand. I strongly support the appointment of Butch Haase to this position. Regards, Michelle McCracken-Hammons
