and Expenditures**

Thank you for the opportunity to testify on this bill.¹ The Campaign Spending Commission ("Commission") supports this bill.

This bill amends Hawaii Revised Statutes ("HRS") §11-363, by distinguishing the dissemination, distribution, or republication of a candidate's campaign material by a third party from other coordinated activities by setting it out in a separate subsection. As currently set out in subsection (a), the financing of the dissemination, distribution, and republication of a candidate's campaign material is a contribution to that candidate, while any other coordinated activity in cooperation, consultation, in concert with, or at the request or suggestion of a candidate is both a contribution to that candidate and an expenditure by that candidate. Placing the two different types of activities in separate subsections will clarify the statute.

The bill also specifies four instances where the financing of the dissemination, distribution, or republication of a candidate's campaign material will not result in a contribution to that candidate. The bill retains the exception already in the law for the use of campaign

material by co-candidates for Governor and Lieutenant Governor supporting each other in the general election, and includes exceptions for the use of campaign material by the candidate that prepared the material, campaign material that is used to advocate the defeat of the candidate who prepared the campaign material, and the use of campaign material in a news story or editorial by an independent broadcast station, newspaper, or periodical. The latter three exceptions are modeled after those found in the regulations of the Federal Election Commission (11 C.F.R. §109.23).

The Commission requests that this Committee pass this measure.
