Testimony for HRE/AEN on Mar 20, 2017 13:45PM in Conference Room 224

Submitted By	Organization	Testifier Position	Present at Hearing
David Z. Arakawa	Land Use Research Foundation of Hawaii	Comments Only	No

Comments: The Land Use Research Foundation of Hawaii (LURF) provides the following COMMENTS and PROPOSED AMENDMENTS in support of the intent of HB 427, HD2 which establishes a Dark Night Skies Protection Advisory Committee to assist the University of Hawaii in developing a statewide dark night skies protection strategy. The Committee still lacks the membership and input of MAJOR "STAKEHOLDERS" that could collaborate or otherwise provide valuable input regarding matters being reviewed by the Committee. These Stakeholders include, but are not limited to the tourism industry, retail shopping centers and businesses, agriculture, and the building and construction industry (major public works projects, such as the Rail Project may involve limited nighttime construction). LURF's PROPOSED AMENDMENT: Given the above, LURF would respectfully recommend that this measure be amended to include the following new committee members which represent the major stakeholders who will be affected by a statewide dark night skies protection strategy, including, but not limited to, members from the tourism industry, retail shopping centers and businesses, agriculture and the building and construction industry. Thank you very much for your consideration.

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.
