### H.C.R. NO. **29**

1 of 2017, the Senate concurring, that the Board is requested to review all C-68 classified specialist licenses per Hawaii 2 Revised Statutes and provide the opportunity for public review 3 of classification definitions; and 4 5 6 BE IT FURTHER RESOLVED that the Board is requested to complete the review, modification, or incorporation of any or 7 all of the C-68 classified specialist licenses or propose and 8 adopt a new specialty license; and 9 10 BE IT FURTHER RESOLVED that the Board is requested to 11 complete this review prior to the next Regular Session of 2018; 12 13 and 14 BE IT FURTHER RESOLVED that the Board is requested to 15 transmit a report of its actions to the Legislature no later 16 than twenty days prior to the convening of the Regular Session 17 18 of 2018; and 19 BE IT FURTHER RESOLVED that certified copies of this 20 Concurrent Resolution be transmitted to the Governor, Director 21 of Commerce and Consumer Affairs, Chairperson of the Board of 22 Electricians and Plumbers, and the Chairperson of the 23 Contractors License Board. 24 25 26 27

OFFERED BY:

#### PRESENTATION OF THE CONTRACTORS LICENSE BOARD

#### TO THE HOUSE COMMITTEE ON LABOR & PUBLIC EMPLOYMENT

#### TWENTY-NINTH LEGISLATURE Regular Session of 2017

Tuesday, March 21, 2017 10:40 a.m.

#### TO THE HONORABLE AARON LING JOHANSON, CHAIR, AND MEMBERS OF THE COMMITTEE:

My name is Candace Ito, Executive Officer of the Contractors License Board ("Board"). Thank you for the opportunity to testify on House Concurrent Resolution No. 29, which requests the Board to conduct a review of the C-68 classified specialist license classification, modify or incorporate in the existing specialty classifications, or propose and adopt a new specialty license classifications to replace the existing C-68 classification.

The Board opposes this Resolution for the following reasons.

The proposed Resolution is unnecessary because the Board is already in the process of amending its administrative rules to establish new "C" specialty contractor classifications to encompass and reflect the various C-68 classifications. The Board has reviewed the existing C-68 Classified specialist classifications and is currently drafting descriptions for these classifications. The Board is incorporating the C-68 classifications into existing "C" specialty classifications or establishing new "C" specialty contractor classifications to close out the existing C-68 classifications.

Accordingly, the Board respectfully requests that this resolution be <u>held</u> as the concerns specified in the Resolution are already being addressed by the Board.

Testimony on H.C.R. No. 29 Tuesday, March 21, 2017 Page 2

Thank you for the opportunity to testify in opposition to House Concurrent

Resolution No. 29.

March 20, 2017

Aaron Ling Johanson, Chair Committee on Labor & Public Employment House of Representatives State Capitol Honolulu, Hawai'i 96813

#### <u>Re: HCR29 - REQUESTING THE CONTRACTORS LICENSE BOARD TO EITHER</u> <u>ELIMINATE OR RECLASSIFY INTERIM SPECIALTY LICENSE</u>

Aloha Chair Johanson and Members:

We SUPPORT this concurrent resolution.

HCR 29 requests that the contractors license board either eliminate or reclassify interim specialty licenses.

According to HAR §16-77-68(d), "Classifications under C-68 classified specialist may be established by the board *until the work performed is defined* and *a hearing is held to establish the proper classification*. A C-68 classified specialist shall be subject to the same requirements as other contractor classifications" (emphasis added). The Contractors License Board is empowered to create C-68 classifications *until* the work is both (1) defined and (2) a public hearing is held to establish a proper classification. As far as we know, there has never been a C-68 specialty classification that has gone through a public hearing to establish a proper classification. The establishment of proper classifications for all existing C-68 licenses are long overdue and needed to ensure public safety and a level playing field for contractors. In 2013, the Contractors License Board provided a report to the legislature where it recommends the consolidation and codification of five (5) C-68 classifications. Currently, there are fourteen (14) C-68 classifications that we know of. The Board has started this important work in 2013, and we believe a legislative request would help the Board continue this work and bring it to completion.

Mahalo.

#### March 21, 2017

TO: HONORABLE AARON LING JOHANSON, CHAIR, HONORABLE DANIEL HOLT, VICE CHAIR AND MEMBERS OF THE HOUSE COMMITTEE ON LABOR AND PUBLIC EMPLOYMENT

SUBJECT: <u>COMMENTS</u> REGARDING H.C.R 29 Requests the Contractors License Board to review all C-68 classified specialist classification definitions per the Hawaii Revised Statutes to provide the opportunity for public review and input.

|        | Committee Meeting |
|--------|-------------------|
| DATE:  | March 21, 2017    |
| TIME:  | 10:40 AM          |
| PLACE: | Capitol Room 309  |

Dear Chair Johanson, Vice Chair Holt and Members of the Committee,

The General Contractors Association of Hawaii (GCA) is an organization comprised of over five hundred general contractors, subcontractors, and construction related firms. The GCA was established in 1932 and is the largest construction association in the State of Hawaii. The GCA's mission is to represent its members in all matters related to the construction industry, while improving the quality of construction and protecting the public interest.

GCA has <u>comments</u> regarding House Concurrent Resolution 29 (HCR 29) which requests that the Contractors License Board (Board) conduct a review of the C-68 classified specialist license classification, modify the existing classification, and adopt a new specialty license classification to replace the existing C-68 classification. While we appreciate this Resolution regarding the C-68 license, the Contractors License Board has made an effort to roll C-68 specialty classifications into other existing specialty license classifications

In 2013 when the Contractors License Board did a comprehensive review of the licensing statute and regulations they issued a report in 2014 which suggested some adjustments to the C-68 classifications. In 2013 GCA proposed an amendment that would protect an existing contractor performing specialized work which could be closely related to a newly adopted C-68 specialty license and would not be cited for unlicensed activity, however the amendment was not adopted. GCA's amendment proposed that because the C-68 category of license does not go through the conventional approval and testing process, it should not exclude other existing licensees from performing the work until it is incorporated into a permanent license category. In California such specialty classifications are developed by staff and approved by the Board as policy. Currently, applicants for a C-68 license (18 current C-68 licenses) are required to meet all applications requirements, including four years supervisory experience in particular trade and pass the business law exam. There are no examinations for any of the 18 C-68 licenses.

Thank you for the opportunity to express our comments on this measure.

#### TESTIMONY OF HAWAII LECET CLYDE T. HAYASHI - DIRECTOR

HOUSE COMMITTEE ON LABOR & PUBLIC EMPLOYMENT Rep. Aaron Ling Johanson, Chair Rep. Daniel Holt, Vice Chair

#### NOTICE OF HEARING

DATE: Tuesday, March 21, 2017 TIME: 10:40 AM PLACE: Conference Room 309

#### TESTIMONY ON HOUSE CONCURRENT RESOLUTION NO. 29, REQUESTING THE CONTRACTORS LICENSE BOARD TO EITHER ELIMINATE OR RECLASSIFY INTERIM SPECIALTY LICENSE.

ALOHA COMMITTEE CHAIR JOHANSON, COMMITTEE VICE CHAIR HOLT, AND HOUSE COMMITTEE MEMBERS ON LABOR AND PUBLIC EMPLOYMENT:

My name is Clyde T. Hayashi, and I am the Director of Hawaii LECET. Hawaii LECET is a labormanagement partnership between the Hawaii Laborers Union, Local 368, and its unionized contractors.

Mahalo for the opportunity to testify in **OPPOSITION to House Concurrent Resolution No. 29**. This resolution urges the Contractor License Board (CLB) to conduct a review of the C-68 classified specialist license classification and modify the existing classification or propose and adopt a new specialty license classification to replace the existing C-68 license classification.

The CLB has already begun the process to update its Administrative Rules for Specialty Licenses which includes reviewing, categorizing, and defining the C-68 Classified Specialist licenses. The CLB will also be updating licenses held by the General Engineering "A" Contractor, General Building "B" Contractors, and providing clarity to "incidental and supplemental" based on the CLB's Final Order in the District Council 50 v. Lopez case.

For this reason, we believe <u>House Concurrent Resolution No. 29 is not necessary</u> and thus, requests that it be deferred.
