Aloha Chair Keith-Agaran, Vice-Chair Rhoads and Committee Members, I write in strong support of SB1240. Please end the decades of unsustainable aquarium take, and add the moratorium back in.

We have been diving and snorkeling the Kona and Kohala coast for 35 years. We have noticed a significant decline in the number of reef fish, especially for certain species. We own at the Mauna Lani resort and have been involved in the creation of 129 Marine Protected Areas in California. We both teach at the Monterey Bay Aquarium with a focus on ocean conservation. On behalf of our 6 grand-children and all future generations please end the unsustainable take of marine fish along the beautiful Kona coast.
