Comments: Aloha my name is Shannon Matson. I am from Hilo and I am in strong support of SB1300. The beauty of our islands is what drives our tourism industry. The department of land and natural resources is severely underfunded and collects less than 1% of the state budget. Please pass SB1300. Mahalo

Comments: I am writing as a concerned citizen in support of bill SB1300. With the current national administration's stance on climate change, I believe there will be less federal funding to help sustain conservation efforts in Hawai'i. We must be proactive and locally invest in the protection of our natural resources. The beauty of our islands and the rich culture that is based around this 'aina drives the visitor industry and our state economy. Our watersheds are the source of our drinking water and are home to a myriad of flora and fauna found only here in Hawai'i. We are all stewards of this land, and it is our kuleana to carefully manage these precious natural resources before they disappear. Thank you for considering my testimony and supporting bill SB1300.
