Comments: Please support this common sense measure. Accidents, injury, and death can occur at child care facilities, and without liability insurance parents of harmed children have no recourse for compensation of medical costs or legal fees stemming from incidents. Child care providers would also benefit by having insurance that protects their personal assets when being sued. This is a win-win and the state's current prohibition on requiring liability insurance makes no sense. I understand DHS has testified that they worry this requirement would price operators out of business. This is not the case, as in any industry the cost of insurance can be offset by the cost of service. If costs for parents go up, at least they will know their child is in a safe, insured facility.

Comments: The proposed requirement will make strong and much-needed demand side pressure on providers to ensure high-quality child care services, and will therefore serve as a quality filter on market supply. I strongly support the proposed requirement that all state licensed child care facilities must obtain and maintain liability insurance as a condition of licensure, temporary permission, or registration to operate a child care facility.

Comments: Aloha, I support SB185 because liability insurance will ensure more reputable, professional childcare providers and also provide compensation for the parents if these providers do fail at their job. Childcare is a profession with major risks associated with it and should need insurance.

Comments: As a mother and a grandmother I strongly support the proposed requirement for the Dept. of Human Services to post on a public website records relating to child care facility deficiencies, complaints of violations, corrective actions taken relating to permit issuance/suspension/revocation, results of investigations and resolution of complaints. And I support that these same data be included in an annual report to the legislature, to ensure that both legislators and the public have the opportunity to review and evaluate DHS oversight of child care facilities on an annual basis.

Comments: Liability insurance should be a minimum requirement for licensure for any profession one can possibly imagine, but especially one dealing with the lives of babies and small children. Please polish the State of Hawaii's image and help professionalize the childcare system. No free-riding anymore. Respectfully, Kenneth King
