SCOTT T. NAGO
CHIEF ELECTION OFFICER

TESTIMONY OF THE
CHIEF ELECTION OFFICER, OFFICE OF ELECTIONS
TO THE SENATE COMMITTEE ON JUDICIARY AND LABOR
AND
THE SENATE COMMITTEE ON TRANSPORTATION AND ENERGY
ON SENATE BILL NO. 246
RELATING TO VOTING

February 6, 2017

Chair Keith-Agaran and Chair Inouye and members of the Senate Committee on Judiciary and Labor and the Senate Committee on Transportation and Energy, thank you for the opportunity to testify in support of Senate Bill No. 246. The purpose of this bill is to require an applicant for a driver's license or civil identification card to choose to register to vote or not before their application is processed.

The Office of Elections believes that this bill will increase the opportunities for members of our community to register to vote, as it requires the applicant to directly address the question of whether they wish to be automatically registered to vote or to opt out as part of the driver's license and state identification card application process.

Additionally, this bill ensures the accuracy of the voter registration rolls by electronically transmitting voter registration data between the driver licensing/ state identification card database and the statewide voter registration system. This includes the ability to update the voter file based on updates to the driver's license/ state identification card file, such as name or address change. The electronic sharing of data between driver licensing officials and election officials will help to ensure timely compliance with the National Voter Registration Act and the Help America Vote Act. 52 USC § 21083(a)(5)(B) & 52 USC § 20504.

Thank you for the opportunity to testify in support of Senate Bill No. 246.

DANNY A. MATEO
County Clerk

JOSIAH K. NISHITA
Deputy County Clerk

TESTIMONY OF DANNY A. MATEO

COUNTY CLERK, COUNTY OF MAUI

TO THE SENATE COMMITTEE ON JUDICIARY AND LABOR

AND

THE SENATE COMMITTEE ON TRANSPORTATION AND ENERGY

ON SENATE BILL NO. 246

RELATING TO VOTING

February 6, 2017

Chair Keith-Agaran and Chair Inouye and members of the Senate Committee on Judiciary and Labor and the Senate Committee on Transportation and Energy, thank you for the opportunity to testify in support of Senate Bill No. 246. The purpose of this bill establishes that applications for a civil identification card or driver's license have an opt-out automatic voter registration section and provides for the electronic transmission of voter registration information to the county clerks.

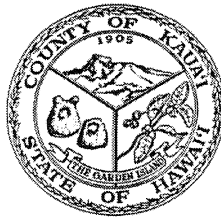

We feel that this bill will make it easier to register to vote because it requires the applicant to automatically register to vote or to decline to register (opt-out) as part of the civil identification or driver's license application.

The electronic accessibility to the county clerk's offices will definitely facilitate the processing of the voter registration affidavits.

Thank you for the opportunity to testify in support of Senate Bill No. 246.

JADE K. FOUNTAIN-TANIGAWA
County Clerk

Telephone: (808) 241-4800

ELECTIONS DIVISION
OFFICE OF THE COUNTY CLERK
4386 RICE STREET, SUITE 101
LIHU'E, KAUA'I, HAWAI'I 96766-1819

TESTIMONY OF JADE K. FOUNTAIN-TANIGAWA
COUNTY CLERK, COUNTY OF KAUA'I
TO THE SENATE COMMITTEE ON JUDICIARY AND LABOR
AND THE SENATE COMMITTEE ON TRANSPORTATION AND ENERGY
ON SENATE BILL NO. 246
RELATING TO VOTING

February 6, 2017

Dear Chair Keith-Agaran and Chair Inouye, and Committee Members:

Thank you for the opportunity to provide written testimony in support of Senate Bill No. 246. This Bill would establish an affirmative opt-out automatic voter registration process and provide for the electronic transmission of voter registration information to the respective county clerk.

Establishing an affirmative opt-out automatic voter registration process will create a process that is seamless and much more convenient, and will eliminate another impediment that hinders participation in Hawai'i's elections.

Providing for the electronic transfer of voter registration information ensures that the respective county clerk receives voter data in a timely manner and reduces data entry errors, thereby increasing the overall integrity of the voter file.

We wish to thank the Legislature for hearing this Bill and respectfully request support of this measure. Additionally, please feel free to contact the County of Kaua'i's Elections Division if we can assist in clarifying issues pertaining to automatic voter registration, the electronic transmission of voter data, or related matters.

Thank you for this opportunity to provide testimony in support of Senate Bill No. 246.

JADE K. FOUNTAIN-TANIGAWA
County Clerk, County of Kaua'i

**SB206 & SB246
RELATING TO VOTING**

Senate Committee on Judiciary and Labor
Senate Committee on Transportation and Energy

February 6, 2017

9:00 a.m.

Room 016

The Office of Hawaiian Affairs (OHA) **SUPPORTS** SB206 and SB246, both of which would reduce barriers to voting, potentially increase voter participation, and promote efficiency in electronic transmission of necessary voter registration information between state and county agencies. The bills enable automatic voter registration of an applicant for a driver's license or a state-issued identification card unless the applicant declines.

It is well known that Hawai'i has historically suffered from low voter turnout. Hawai'i consistently ranks lower than the national average for voter participation among those eligible to vote in the presidential election.¹ In response to historical data reflecting the underrepresentation of Native Hawaiians in particular in the polls, during the past three election seasons, OHA has implemented the "Hawaiian Voice, Hawaiian Vote: I Mana Ka Leo" campaign to increase Native Hawaiian voter registration, education, and turnout. **In line with our efforts, OHA generally supports the reduction of barriers to the complex system of voter registration, voter education, and election-day polls.**

Hawai'i's electorate will likely grow if citizens are automatically registered to vote when submitting a driver's license or state-issued identification card application. Accordingly, OHA supports this measure as it is consistent with past and ongoing agency efforts to increase voter turnout. OHA does recognize that consistency with federal law is of paramount importance and the logistics of implementation can be complex and costly; on these matters, we defer to the Attorney General's Office, Office of Elections, and County Clerks' offices.

Therefore, OHA urges the Committees to **PASS** either SB206 or SB246 to effectuate these ends. Mahalo for the opportunity to testify on this measure.

SB246 – Relating to Voting

TESTIMONY / COMMENTS
Corie Tanida, Executive Director, Common Cause Hawaii

Dear Chair Keith-Agaran, Chair Inouye, and committee members:

Common Cause Hawaii supports SB246 and offers comments. Under SB246 applications for civil identification cards or driver's licenses would not be processed until the applicant declined to register to vote or completed the registration affidavit. SB246 would also allow for the electronic transfer of voter registration information to county clerks and the statewide voter registration system.

This proposal, commonly known as Automatic Voter Registration (AVR) provides many benefits such as:

- Enhancing the security of our elections. The electronic transfer of data will lead to fewer typos, duplicates, and lost forms, thus our voter rolls will be more accurate and the chances of voter fraud will be reduced.
- The state will save money. States that have upgraded their systems, estimate it costs approximately 30 times less to process an electronic application than a paper application.¹

In order to ensure that our voter rolls are as accurate as possible, we suggest including language that specifies that voter registration information be transferred from county examiners to county clerks in real time, or at a minimum be transferred every 24 hours.

We also suggest specifying that the information of applicants who decline to register to vote will not be transmitted by examiners to clerks, to alleviate any privacy concerns.

Automatic Voter Registration works. Oregon was the first state to implement this system in 2016. Over 270,000 voters were registered via Automatic Voter Registration, of those 42.73% (or 97,184) voted in the 2016 General Election, which helped Oregon set a new state record for number of votes cast.²

As a state that consistently ranks last in the nation for voter participation, we commend your consideration of this important step to use existing technology and pathways to improve the process for registering eligible voters.

Thank you for the opportunity to offer comments on SB246.

Kekaulike Prosper Tomich

Cade Watanabe

Aloha Senate Committee on Judiciary & Labor:

My name is Anne Frederick and I am the Executive Director for the Hawai'i Alliance for Progressive Action (HAPA). HAPA is a statewide environmental, social and economic justice organization. HAPA engages over 10,000 local residents annually through our work.

From October through December of 2016 HAPA and several of our partners held a series of input gathering forums across the islands called the People's Congress. Over 800 people attended forums on Kaua'i, O'ahu, Maui and Hawai'i Island to discuss the most pressing issues facing their communities. The need to increase voter participation was a key issues raised.

I am writing in strong support of SB206 and SB246 for automatic voter registration. Automatic Voter registration will help:

- Modernize our elections. Thanks to advances in technology, we no longer have to stick to traditional paper forms which require staff to literally have to take the forms from one agency to the next and then manually enter data. Updating and modernizing our system will lead to increased processing efficiency and productivity.
- Save money. States that have switched to electronic systems have reported that it costs about 30 times less to process an electronic application than a paper application.
- Elections will be more secure. Due to the increased accuracy of voter rolls—thanks to real time data transfers, fewer typos, fewer duplicate records, no more lost forms, etc. the chances of voter fraud will be reduced. The use of an encrypted system rather than paper forms to transfer data, will also make our elections more secure.
- Privacy and the right to choose to participate is assured, as those who do not want to register to vote can opt-out and their information will not be shared with the Office of Elections.

Respectfully,

Anne Frederick, Executive Director
Hawai'i Alliance for Progressive Action (H.A.P.A.)

COMMITTEE ON JUDICIARY AND LABOR
COMMITTEE ON TRANSPORTATION AND ENERGY
MONDAY, February 7, 2017, 9:00 A.M., CONFERENCE ROOM 016
SB 246 RELATING TO VOTING

TESTIMONY

Janet Mason, Legislative Co-Chair, League of Women Voters of Hawaii

Chairs Keith-Agaran and Inouye, Vice-Chairs Rhoads and Dela Cruz, and Committee Members:

The League of Women Voters of Hawaii strongly supports SB 246 which provides that all applicants who are eligible to vote and apply for a new or renewed driver's license or instructional permit, or a new, renewed, or duplicate civil identification card will be automatically registered to vote (if not already registered to vote) unless the applicant affirmatively declines to register to vote.

This is excellent, much-needed legislation, if Hawaii is to make significant progress in improving its voter turnout. We will not be able to make inroads here until we boost the number of persons registered to vote as a percent of those eligible to vote. One recent estimate is that about 36% of those eligible haven't registered.¹ Of course the League acknowledges motivating registered voters to actually vote remains a challenge, and we are committed to working on this effort as well.

We are pleased that the actual affidavit for voter registration would be included as a part of applications, and we like the language of the bill requiring that an applicant either declines to register to vote or completes the application related to voter registration. This should satisfy provisions of the National Voter Registration Act that require an "opt out" clause.

Under current law, the driver's license examiner (and not the County clerk) is responsible for providing an individual's driver's license and state identification data for address, age, and citizenship; the county clerk is responsible for screening this data to determine eligibility for voter registration. We hope you will amend the bill to add express language to remove any doubts about this division of responsibilities.

¹ Office of Elections, Hawaii registered voters as of 3/9/2016 = 711,518; U.S. Census Bureau Hawaii Voting Eligible Population is 1,111,117, March 2016., https://www.census.gov/library/visualizations/2016/comm/cb16-tps35_voting_hawaii-social.html

49 South Hotel Street, Room 314 | Honolulu, HI 96813
www.lwv-hawaii.com | 808.531.7448 | voters@lwv-hawaii.com

The bill makes clear that information from County departments of motor vehicles should be transmitted electronically to the clerk of the county and the statewide voter registration system, so applications to vote can be processed in a timely way. The bill requires “necessary information” for voter registration would be transmitted to the county clerk; it would be a good idea to mention this information would include the applicant’s signature. Though not the purpose of this measure we fully expect this approach would support quality voter registration data.

To us making data processing changes to correspond with this his bill are straightforward, so the Act would take effect upon its approval. Thank you for the opportunity to submit testimony.

**TESTIMONY IN SUPPORT:
SB 206 AND SB 246: RELATING TO VOTING**

**HEARING BEFORE THE COMMITTEES ON JUDICIARY & LABOR,
TRANSPORTATION & ENERGY
2/6/17 9:00 AM, ROOM 016**

Dear Chair Inouye and Chair Keith-Agaran

The Hawaii Chapter of the National Women's Political Caucus supports these measures. Hawaii ranks 51st in the percentage of eligible residents registered to vote. Yes, 51st out of 50 states and the District of Columbia!

Automatic registration and combined voter registration-driver's licensing programs are being adopted by cities and states around the country to remove the first barrier to voter participation: the registration process. Modern technology now makes it affordable and easy to share information among agencies.

When citizen participation in voting drops as low as it is in Hawaii, there are few checks and balances on the power of government, putting civil rights at risk. By contrast, high levels of voter participation make clear that legislators like you really have the support of the people you represent! Increasing rates of participation in voting and decision-making is a key goal of the NWPC Hawaii.

Thank you for your support.

Sincerely,
OBNational Women's Political Caucus
Hawaii Chapter

I support automatic voter registration bills SB206 and SB246. Other states have had this for awhile, and it works very well. It has been shown to save money, is more secure, and can ensure more privacy.

My daughter lives in Colorado where they have good voting initiatives, and they make it easy to vote. Consequently, they have a very large number of people voting. This makes for a healthy democracy. When too few people vote, it makes it easier for fringe people with undemocratic ideas to get elected.

Thanks for making our Democracy Stronger.

Testimony for JDL/TRE on Feb 6, 2017 09:00AM in Conference Room 016

Submitted By	Organization	Testifier Position	Present at Hearing
Randy Ching	Individual	Support	No

Comments: Chairs Keith-Agaran and Inouye, members of the committees, Please support SB246 -- which enables automatic voter registration. This bill will do the following: 1) Save money. States that have switched to electronic systems have reported that it costs about 30 times less to process an electronic application than a paper application. 2) Privacy and the right to choose to participate is assured, as those who do not want to register to vote can opt-out and their information will not be shared with the Office of Elections. Please pass SB246. More people will be registered to vote. Mahalo.

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.

Comments: I am very active in politics at the county and state level. In the past voter turnout has been almost an embarrassment. Anything we might do to increase it should be pursued.
