

LATE

Testimony from Jeff Case, Senior Director Government Affairs, CropLife America

In support of SB 804 – Relating to Hawaii Pesticides Law

Monday, Jan. 30, 1:15 pm – Senate Committee on Agriculture and Environment

Aloha Chair Gabbard and Committee Members,

CropLife America represents the manufactures and registrants of pesticide products that are used for agriculture production. We and our farmers are committed to using these valuable crop protection products in a manner that is safe for agricultural community as well as our neighbors. We are in support of SB 804.

A strong state pesticide regulatory program is essential to assuring the public that valuable pesticide products are used properly. We believe that SB 804 provides that support to the Hawaii State Department of Agriculture by ensuring that funding continues to remain available in the revolving fund, instead of being rolled over to the general fund due to an arbitrary cap. Hawaii's agricultural community is sincere about addressing public safety. We believe we can do this best by supporting the pesticide branch of the Dept. of Agriculture through SB 804 and other bills that will provide them with the necessary funds.

Mahalo for your consideration.

Comments: I support the increace of monies in the pesticide revolving fund. It is imperative that the state have the capacity for effectively regulating the agriculture industry using Restricted Use Pesticides to both protect the citizens and to regain confidence in the State's intention for safety. Comments: I strongly support the regulation of pesticide use for Hawaii agricultural operations. It is imperative that we put the interests of our keiki first over the wishes of large agri-businesses.

Comments: As a voter and 30-year resident of Maui, I strongly support increasing funding in the Pesticide Revolving Use Fund from \$250,000 a year to \$1 million. I know that the DOA is very underfunded and strongly support more money going into the department for the purpose of pesticide regulation.
