**TESTIMONY ON SENATE CONCURRENT RESOLUTION NO. 6, URGING THE
CONTRACTORS LICENSE BOARD TO RECLASSIFY OR ELIMINATE THE INTERIM
SPECIALTY LICENSE.**

TO THE HONORABLE ROSALYN H. BAKER, CHAIR,
AND MEMBERS OF THE COMMITTEE:

My name is Peter H. M. Lee, Chairperson of the Legislative Committee of the Contractors License Board ("Board"). Thank you for the opportunity to testify on Senate Concurrent Resolution No. 6, which urges the Board to conduct a review of the C-68 classified specialist license classification, modify the existing classification, and adopt a new specialty license classification to replace the existing C-68 classification.

The Board opposes this Resolution for the following reasons.

The proposed Resolution is unnecessary because the Board is already in the process of amending its administrative rules to establish new "C" specialty contractor classifications to encompass and reflect the various C-68 classifications. The Board has reviewed the existing C-68 Classified specialist classifications and is currently drafting descriptions for these classifications. The Board is incorporating the C-68 classifications into existing "C" specialty classifications or establishing new "C" specialty contractor classifications to close out the existing C-68 classifications.

Accordingly, the Board respectfully requests that this resolution be held as the concerns specified in the Resolution are already being addressed by the Board.

Thank you for the opportunity to testify in opposition to Senate Concurrent Resolution No. 6.

RE: SR 6 - URGING THE CONTRACTORS LICENSE BOARD TO RECLASSIFY OR ELIMINATE THE INTERIM SPECIALTY LICENSE.

Chair Baker, Vice-Chair Nishihara, and members of the committee:

My name is Gladys Quinto Marrone, CEO of the Building Industry Association of Hawaii (BIA-Hawaii). Chartered in 1955, the Building Industry Association of Hawaii is a professional trade organization affiliated with the National Association of Home Builders, representing the building industry and its associates. BIA-Hawaii takes a leadership role in unifying and promoting the interests of the industry to enhance the quality of life for people in Hawaii.

BIA-Hawaii is in opposition of CR 6, which urged the Contractor's License Board (CLB) to reclassify or eliminated the interim specialty license.

The proposed Resolution is unnecessary because is is our understanding that the Contractor's License Board is already in the process of amending its administrative rules to establish new "C" specialty contractor classifications to encompass and reflect the various C-68 classifications. The CLB has reviewed the existing C-68 Classified specialist classifications and is currently drafting descriptions for these classifications. The CLB is incorporating the C-68 classifications into existing "C" specialty classifications or establishing new "C" specialty contractor classifications to close out the existing C-68 classifications.

Thank you for the opportunity to share our views on this matter.
