## A BILL FOR AN ACT

RELATING TO HOMELESS INDIVIDUALS WITH SEVERE MENTAL ILLNESS.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1       SECTION 1. The legislature finds that the State has a gap  
2   in services for homeless individuals with severe mental illness,  
3   as these individuals often cycle between homelessness, emergency  
4   room treatment, incarceration, and hospitalization. Individuals  
5   with severe mental illness typically become chronically homeless  
6   and further burden the health care system through excessive use  
7   of expensive emergency department, inpatient treatment, and  
8   crisis services. Due to their mental illness, these individuals  
9   routinely reject offered services and remain on the street,  
10   putting themselves at risk of further injury and creating a  
11   significant burden on the communities where they reside.

12       The State of Hawaii has always authorized the involuntary  
13   commitment of individuals to mental health services. However,  
14   currently no mental health service providers in Hawaii provide  
15   housing and services for individuals subject to non-forensic  
16   court-ordered involuntary commitment. By establishing a pilot  
17   project to provide housing and mental health treatment for

1 homeless individuals with severe mental illness, the State can  
2 directly place these individuals into housing and provide mental  
3 health care services in a timely and impactful manner.

4 The purpose of this Act is to require the department of  
5 human services, in consultation with the department of health,  
6 to establish a pilot project to provide housing and mental  
7 health treatment for homeless individuals with severe mental  
8 illness who are subject to court-ordered involuntary  
9 hospitalization pursuant to part IV of chapter 334, Hawaii  
10 Revised Statutes.

11 SECTION 2. (a) The department of human services, in  
12 consultation with the department of health, shall establish a  
13 pilot project to operate a facility to provide shelter and  
14 mental health treatment for homeless individuals with severe  
15 mental illness who are subject to court-ordered involuntary  
16 hospitalization to a psychiatric facility, pursuant to part IV  
17 of chapter 334, Hawaii Revised Statutes, with the goal of  
18 enabling these individuals to find permanent housing through  
19 housing first programs.

1 (b) No more than ten severely mentally ill homeless  
2 individuals may receive shelter and mental health treatment at  
3 the facility at any given time.

4 (c) The department of human services shall use an unused  
5 residential facility within the Hawaii youth correctional  
6 facilities to provide shelter and mental health treatment  
7 services; provided that the department shall make any necessary  
8 changes to the facility to serve individuals with severe mental  
9 illness.

10 (d) The pilot project shall end on June 30, . The  
11 department of human services, in consultation with the  
12 governor's coordinator on homelessness, shall submit a report  
13 detailing findings and recommendations regarding the pilot  
14 project, including findings regarding the pilot project's  
15 contribution to successfully transitioning homeless individuals  
16 with severe mental illness to permanent housing, challenges or  
17 failures of the pilot project, and any proposed legislation, to  
18 the legislature no later than twenty days prior to the convening  
19 of the regular session of .

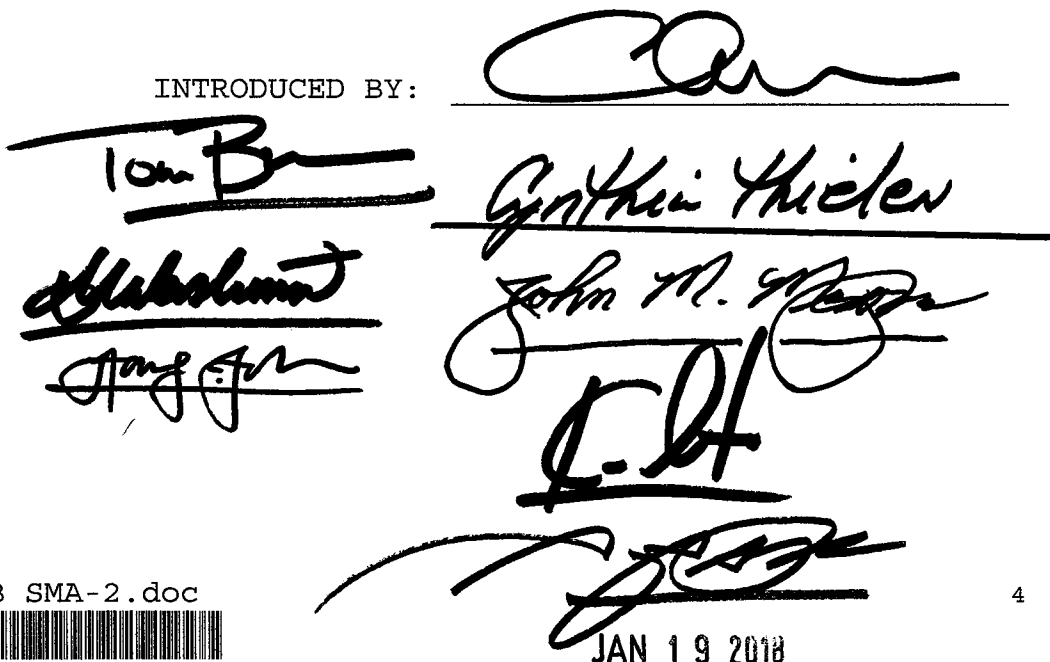

(e) The department of human services may adopt rules pursuant to chapter 91, Hawaii Revised Statutes, to effectuate this Act.

SECTION 3. There is appropriated out of the general revenues of the State of Hawaii the sum of \$500,000 or so much thereof as may be necessary for fiscal year 2018-2019 to establish a pilot project to operate a facility, including administrative expenses and any necessary renovations to the facility, to provide shelter and mental health treatment for homeless individuals with severe mental illness pursuant to this Act.

The sum appropriated shall be expended by the department of human services for the purposes of this Act.

SECTION 4. This Act shall take effect on July 1, 2018.

INTRODUCED BY:

The block contains several handwritten signatures. On the left side, there are three signatures: 'Tom B.', 'H. H. H.', and 'H. H. H.'. On the right side, there are four signatures: 'Guthrie Thiele', 'John M. H.', 'L. H.', and 'J. H.'. Each signature is written over a horizontal line.

# H.B. NO. 2021

**Report Title:**

Individuals with Severe Mental Illness; Homeless; Facility;  
Appropriation

**Description:**

Requires the department of human services, in consultation with the department of health, to establish a pilot project to operate a facility to provide shelter and mental health treatment for homeless individuals with severe mental illness who are subject to court-ordered involuntary hospitalization to a psychiatric facility. Appropriates funds.
