HOUSE OF REPRESENTATIVES TWENTY-NINTH LEGISLATURE, 2018 STATE OF HAWAII

H.B. NO. ²⁷²⁹ H.D. 2 S.D. 2 C.D. 1

A BILL FOR AN ACT

RELATING TO CANNABIS FOR MEDICAL USE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1

PART I

2 SECTION 1. The legislature also finds that certain 3 amendments to the State's existing laws on cannabis for medical 4 use and medical cannabis dispensaries are necessary to ensure 5 the fair administration of the State's interjurisdictional reciprocity program, maintain appropriate safeguards and 6 7 protections for qualifying patients and primary caregivers, ease 8 unnecessary administrative burdens on qualifying patients with 9 chronic conditions, and provide medical cannabis dispensaries 10 with a mechanism to retest batches of cannabis or manufactured 11 cannabis products when appropriate.

12 The legislature finds that any reciprocity process for out-13 of-state medical cannabis patients must meet specific criteria 14 that uphold the integrity and rigor of the State's medical 15 cannabis program. A reciprocity program in Hawaii must not 16 significantly diminish the safety and security aspects of 17 Hawaii's approach to medical cannabis; must be implemented in a 18 way that is fair and equitable to Hawaii medical cannabis 18 HB2729 CD1 HMS 2018-3946

patients and does not confer greater access to out-of-state medical cannabis patients than to Hawaii patients; must provide a timely process for qualifying out-of-state patients who visit Hawaii to legally obtain medical cannabis from Hawaii-licensed medical cannabis dispensaries; and must provide protection from state law enforcement for registered qualifying out-of-state patients who possess medical cannabis in Hawaii.

8 The legislature further finds that under existing law, a 9 qualifying patient's written certification for the medical use 10 of cannabis is valid for only one year from the time of signing. 11 However, many of the debilitating medical conditions that 12 qualify a patient for a written certification are chronic in 13 nature, and there is some concern that annual renewal 14 requirements may result in a lapse in treatment for some 15 qualifying patients.

Accordingly, the purpose of this part is to:
(1) Establish a criteria and requirements for a
reciprocity process for medical cannabis patients,
which requires the department of health to register
qualifying out-of-state patients and caregivers of
qualifying out-of-state patients;

| 1 | (2) | Clarify law enforcement safeguards for qualifying out- |
|----|----------------|---|
| 2 | | of-state patients and caregivers of qualifying out-of- |
| 3 | | state patients who possess medical cannabis within the |
| 4 | | State; |
| 5 | (3) | Authorize the department of health to extend the |
| 6 | | maximum period of validity of a written certification |
| 7 | | to three years for qualifying patients with |
| 8 | | debilitating medical conditions that are chronic; and |
| 9 | (4) | Clarify a dispensary licensee's ability to retest, at |
| 10 | | its own expense, a batch of cannabis or manufactured |
| 11 | | cannabis products that do not meet the department of |
| 12 | | health's standards for patient safety according to |
| 13 | | initial test results. |
| 14 | SECT | ION 2. Chapter 329, Hawaii Revised Statutes, is |
| 15 | amended by | y adding a new section to part IX to be appropriately |
| 16 | designate | d and to read as follows: |

PART II

SECTION 23. The legislature finds that Act 241, Session
Laws of Hawaii 2015, codified as chapter 329D, Hawaii Revised
Statutes, established a license scheme for a statewide system of
medical cannabis dispensaries to ensure access to medical
cannabis for qualifying patients and was later amended by
Act 230, Session Laws of Hawaii 2016, and Acts 41 and 170,
Session Laws of Hawaii 2017.

The legislature further finds that additional amendments to the law are necessary to allow for adequate patient access based on discussions of the working group established by Act 230, Session Laws of Hawaii 2016.

15 The purpose of this part is to allow a bona fide physician-16 patient or advanced practice registered nurse-patient

 use of cannabis for a qualifying patient; provided that:

5 (1)The physician or advanced practice registered nurse has diagnosed the patient as having a debilitating 6 7 medical condition, as defined in section 329-121; 8 (2) The physician or advanced practice registered nurse 9 has explained the potential risks and benefits of the 10 medical use of cannabis, as required under section 11 329-122;

12 (3) The written certification is based upon the 13 physician's or advanced practice registered nurse's professional opinion after having completed a full 14 15 assessment of the patient's medical history and current medical condition made in the course of a bona 16 17 fide physician-patient relationship or bona fide 18 advanced practice registered nurse-patient 19 relationship, as applicable; and

| 6 | defined in section 453-1.3(j), and a bona fide advanced practice |

| 14 | SECTION 25. Section 453-1.3, Hawaii Revised Statutes, is |
| 15 | amended by amending subsection (c) to read as follows: |
| 16 | "(c) Treatment recommendations made via telehealth, |
| 17 | including issuing a prescription via electronic means, shall be |
| 18 | held to the same standards of appropriate practice as those in |
| 19 | traditional physician-patient settings that do not include a |
| 20 | face-to-face visit but in which prescribing is appropriate, |
| 21 | including on-call telephone encounters and encounters for which |

9

1 a follow-up visit is arranged. Issuing a prescription based 2 solely on an online questionnaire is not treatment for the 3 purposes of this section and does not constitute an acceptable 4 standard of care. For the purposes of prescribing opiates or certifying a patient for the medical use of cannabis, a 5 physician-patient relationship shall only be established after 6 7 an in-person consultation between the prescribing physician and 8 the patient."

PART III

10 SECTION 26. The legislature finds that medical cannabis products that provide safe pulmonary administration can allow 11 for more precise dosage administration and can be more effective 12 13 for certain patients. The legislature also finds that, as with 14 all packaged products, smaller sizes are always more expensive 15 for consumers than larger products. Under existing law, the 16 tetrahydrocannabinol limit per pack or container of certain 17 manufactured cannabis products may impact certain patients, many of whom may have conditions and symptoms that require larger 18 doses of tetrahydrocannabinol for relief. 19

20 Accordingly, the purpose of this part is to:

| 1 | (1) | Add certain devices that provide safe pulmonary |
|----|------------|--|
| 2 | | administration to the list of medical cannabis |
| 3 | | products that may be manufactured and distributed; and |
| 4 | (2) | Increase the tetrahydrocannabinol limit per pack or |
| 5 | | container of certain manufactured cannabis products. |
| 6 | SECT | ION 27. Section 329D-10, Hawaii Revised Statutes, is |
| 7 | amended by | y amending subsection (a) to read as follows: |
| 8 | "(a) | The types of medical cannabis products that may be |
| 9 | manufactu | red and distributed pursuant to this chapter shall be |
| 10 | limited to | 0: |
| 11 | .(1) | Capsules; |
| 12 | (2) | Lozenges; |
| 13 | (3) | Pills; |
| 14 | (4) | Oils and oil extracts; |
| 15 | (5) | Tinctures; |

| 7 | that no dispensary shall exceed the dispensing limits imposed by |
| 8 | section 329D-7. |
| 9 | (c) All manufactured cannabis products shall be |
| 10 | individually wrapped at the original point of manufacture." |
| 11 | PART IV |
| 12 | SECTION 29. The legislature finds that section 329D-6(d), |
| 13 | Hawaii Revised Statutes, restricts Hawaii medical cannabis |
| 14 | dispensaries from employing an individual if the person was |
| 15 | convicted of a felony. This appears unduly restrictive, as |
| 16 | other states that have legalized medical cannabis dispensaries |
| 17 | allow the employment of felons unless convicted for a limited |
| 18 | set of offenses. Section 329D-6(d), Hawaii Revised Statutes, |
| 19 | does not provide the opportunity for any exceptions based on the |
| 20 | |

,

| 1 | The purpose of this part is to specify certain felonies and |
|----|---|
| 2 | conditions that will preclude employment, and other felonies |
| 3 | that may preclude employment, at medical cannabis dispensaries, |
| 4 | rather than make ineligible for employment all individuals who |
| 5 | have been convicted of any felony at any time. |
| 6 | SECTION 30. Section 329D-6, Hawaii Revised Statutes, is |
| 7 | amended by amending subsection (d) to read as follows: |
| 8 | "(d) Notwithstanding any other law to the contrary, |
| 9 | including but not limited to sections $378-2$ and $378-2.5$, [no |

| 5 | 378-2(a)(1), as it relates to arrest and court record |
| 6 | discrimination, and section 378-2.5." |
| 7 | PART V |
| 8 | SECTION 31. (a) The office of medical cannabis control |
| 9 | and regulation, established pursuant to H.B. 2742, HD1, SD1, |

| 1 | (b) | The working group shall consider the following issues |
