
HOUSE RESOLUTION

REQUESTING THE FEDERAL COMMUNICATIONS COMMISSION TO REQUIRE ALL TELEVISION STATIONS THAT BROADCAST IN HAWAII TO DEDICATE TIME SLOTS TO EDUCATE THE GENERAL PUBLIC THROUGH PUBLIC SERVICE ANNOUNCEMENTS ON HOW TO PREPARE FOR NATURAL AND MAN-MADE DISASTERS.

1 WHEREAS, Hawaii's geographic location puts the islands at
2 risk of various natural disasters, such as tsunamis, hurricanes,
3 and tropical storms; and
4

5 WHEREAS, man-made disasters are also a threat to the safety
6 of Hawaii's residents and visitors, especially in light of
7 recent domestic and international events; and
8

9 WHEREAS, while there are safety measures in place in the
10 event of natural and man-made disasters, much of the public
11 remains unaware of the proper procedures to take during any type
12 of disaster; and
13

14 WHEREAS, the recent scare of a false ballistic missile
15 threat proved that regardless of safety measures the State has
16 in place, the public is not sufficiently educated on the
17 necessary steps and procedures to take in the event of a real
18 disaster; and
19

20 WHEREAS, although disaster procedures and related
21 information are available online, not all of the public has
22 access to the Internet; therefore, it is important to give the
23 public a variety of means to access disaster procedures and
24 related information to cover all the platforms of information
25 dissemination, which includes television, radio, and the
26 Internet; and
27

28 WHEREAS, public safety, especially in the context of
29 emergency preparedness, can be effected through collaboration
30 with the federal government; and
31

32 WHEREAS, the Federal Communications Commission regulates
33 interstate and international communications by radio,

H.R. NO. 64

1 television, wire, satellite, and cable in the United States and
 2 is the federal agency responsible for implementing and enforcing
 3 the United States' communications law and regulations; now,
 4 therefore,

5
 6 BE IT RESOLVED by the House of Representatives of the
 7 Twenty-ninth Legislature of the State of Hawaii, Regular Session
 8 of 2018, that the Federal Communications Commission is requested
 9 to require all television stations that broadcast in Hawaii to
 10 allocate time slots in their programs to broadcast public
 11 service announcements to educate the public on how to prepare
 12 for all disasters, natural and man-made, in Hawaii; and

13
 14 BE IT FURTHER RESOLVED that certified copies of this
 15 Resolution be transmitted to the Chairperson of the Federal
 16 Communications Commission and Hawaii's congressional delegation.
