A BILL FOR AN ACT

RELATING TO LAND USE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1	SECTION 1. The legislature finds that there is value in
2	grassroots input in planning improvements at the neighborhood
3	level. Moreover, it is at the small scale level that residents
4	and businesses find the most relevance in participating in the
5	upgrade of their neighborhoods in the areas of economic
6	revitalization, infrastructure improvements, and housing. The
7	legislature also recognizes that a collaborative approach
8	amongst major stakeholders is more effective than individual
9	efforts. Therefore, the purpose of this Act is to establish
10	neighborhood revitalization boards as a new type of planning and
11	implementation approach to foster collaborative neighborhood
12	revitalization strategies adopted by the State, counties, and
13	local stakeholders.
14	SECTION 2. The Hawaii Revised Statutes is amended by
15	adding a new chapter to be appropriately designated and to read
