"§302D-28 **Funding and finance.** (a) Beginning with fiscal year 2012-2013, and each fiscal year thereafter, the non-facility general fund per-pupil funding request for charter school students shall be the same as the general fund per-pupil amount to the department in the most recently approved executive budget recommendation for the department and shall be based upon reasonable projected enrollment figures for all charter schools. The general fund per-pupil request for each regular education and special education student shall:

(1) Include all general fund regular education cost categories, including comprehensive school support services, but excluding special education services, adult education, and the after-school plus program; provided that these services are provided and funded by the department; and

5 directly to or deducted from the charter school per-pupil
6 allocations.

7 The legislature shall make an appropriation based upon the
8 budget request; provided that the legislature may make
9 additional appropriations for facility and other costs.

10 The governor, pursuant to chapter 37, may impose
11 restrictions or reductions on charter school appropriations
12 similar to those imposed on department schools.

13 (c) Notwithstanding any law to the contrary, to ensure
14 non-facility per-pupil general fund amounts allocated for the
15 department and charter school students are equal on an
16 annualized fiscal year basis, each year the director of finance
17 shall:

18 (1) Determine the sum of general fund appropriations made
19 for department and charter school student non-facility
20 costs described in subsections (a) and (b);

- 1 (2) Determine the sum of department and charter school
2 student enrollment based on reviewed and verified

5 general fund appropriations determined under paragraph
6 (1) by the sum of student enrollment determined under
7 paragraph (2);
- 8 (4) Transfer a general fund amount between the department
9 and charter schools that will provide each with a per-
10 pupil allocation equal to the amount determined on an
11 annualized fiscal year basis under paragraph (3); and
- 12 (5) Annually account for all calculations and transfers
13 made pursuant to this subsection in a report to the

14 school may submit a proposal, or any supplemental federal grants
15 limited to charter schools; provided that if department
16 administrative services, including funds management, budgetary,
17 fiscal accounting, or other related services, are provided with
18 respect to these supplemental grants, the charter school shall
19 reimburse the department for the actual costs of the
20 administrative services in an amount that shall not exceed six

1 per cent of the supplemental grant for which the services are
2 used.

3 All additional funds generated by the governing boards,
4 that are not from a supplemental grant, shall be held separate
5 from allotted funds and may be expended at the discretion of the
6 governing boards.

7 (e) Authorizers shall calculate a general fund per-pupil
8 amount based upon the amount of general funds appropriated by
9 the legislature and released by the governor and the projected
10 enrollment amount used to calculate the general funds
11 appropriated pursuant to subsection (a).

12 Authorizers shall submit a report to the legislature no
13 later than twenty days prior to the convening of each regular
14 session that contains each charter school's current school year

16 updated May 15 enrollment projection, the actual October 15
17 enrollment count, the authorizer's reviewed and verified
18 enrollment count, and the November 15 enrollment count.

19 (f) To enable charter schools to access state funding
20 prior to the start of each school year, foster their fiscal
21 planning, enhance their accountability, and avoid over-

1 allocating general funds to charter schools based on self-
2 reported enrollment projections, authorizers shall:

3 (1) Provide sixty per cent of a charter school's per-pupil
4 allocation based on the charter school's projected
5 student enrollment no later than July 20 of each
6 fiscal year; provided that the charter school shall

8 enrollment no later than May 15 of each year;

9 (2) Provide an additional thirty per cent of a charter

12 enrollment, as reviewed and verified by the
13 authorizer, only to schools in compliance with all
14 financial reporting requirements; and

15 (3) Retain no more than the balance of the remaining ten
16 per cent of a charter school's per-pupil allocation,
17 as a contingency balance to ensure fiscal
18 accountability and compliance, no later than June 30
19 of each year;

20 provided that authorizers may make adjustments in allocations
21 based on noncompliance with charter contracts and the board may

1 make adjustments in allocations based on noncompliance with
2 board policies made in the board's capacity as the state
3 education agency, department directives made in the department's
4 capacity as the state education agency, the board's
5 administrative procedures, and board-approved accountability
6 requirements.

7 (g) The department shall provide appropriate transitional
8 resources to a conversion charter school for its first year of
9 operation as a charter school based upon the department's
10 allocation to the school for the year prior to the conversion.

11 (h) No charter school may assess tuition; provided that a
12 charter school may assess and collect special fees and charges
13 from students for co-curricular activities. Any special fees
14 and charges collected pursuant to this subsection shall be
15 deposited into insured checking or savings accounts and expended
16 by each individual charter school.

17 (i) Funds necessary to pay for teacher incentive programs,
18 bonuses, and other compensation required by law or collective
19 bargaining beyond regular wages shall not be paid out of a
20 charter school's facilities funding or per-pupil funds.
21 Beginning with fiscal year 2018-2019, and each fiscal year

1 thereafter, the funding request for teacher incentive programs,
2 bonuses, and other compensation required by law or collective
3 bargaining beyond regular wages for each charter school shall be
4 a separate line item in the general appropriations act and
5 supplemental appropriations act."

6 SECTION 3. There is appropriated out of the general
7 revenues of the State of Hawaii the sum of \$ or so much

16 Statutes.

17 The sum appropriated as separate line items to the
18 department of education and the Hawaii state public charter
19 school commission shall be expended by each entity for the
20 purposes of this Act.

1 SECTION 4. Statutory material to be repealed is bracketed
