# A BILL FOR AN ACT

RELATING TO SUSTAINABLE DEVELOPMENT GOALS.

#### BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds, as declared in the World 2 Conservation Congress Hawai'i Commitments of 2016, that "[w]e 3 must undertake profound transformations in how human societies 4 live on Earth, with particular attention to making our patterns 5 of production and consumption more sustainable. We must 6 recognize that human health and wellbeing depend on healthy ecosystems. We must recognize that every form of life has value 7 8 - regardless of its worth to humans." Hawai'i has been a leader 9 in conservation efforts for decades, through its commitment to 10 environmental and sustainability policies. In the 1970s, the State enacted the State Environmental Policy, chapter 344, 11 12 Hawaii Revised Statutes, as a mechanism to set environmental 13 goals. While comprehensive, it lacked measurable indicators and 14 enforcement means. Our understanding of the challenges facing 15 our natural environment worldwide have changed remarkably since 16 the 1970s and the laws enacted in Hawai'i in recent decades have 17 served as a starlight for other jurisdictions and set a global

2

example on how to adopt policies on sustainability. More
 recently, several approaches to sustainability have emerged in
 Hawai'i, including the Aloha+ Challenge, the governor's
 Sustainable Hawai'i Initiative, and other initiatives inspired by
 the Mālama Honua Worldwide Voyage and Mālama Hawai'i.

6 In July of 2014, the State launched the Aloha+ Challenge, a 7 statewide commitment to sustainability, with the leadership of 8 the governor, four county mayors, Office of Hawaiian Affairs, 9 legislature, and Hawai'i Green Growth public-private partners 10 across the State. The Aloha+ Challenge: He Nohona 'Ae'oia, A 11 Culture of Sustainability, builds on Hawai'i's history of systems 12 thinking, Hawaiian culture and values, and successful track 13 record on sustainability to outline six ambitious goals to be 14 achieved by 2030:

15 (1) Clean energy: Achieve seventy per cent clean energy,
16 with forty per cent from renewables and thirty per
17 cent from efficiency;

- 18 (2) Local food: At least double local food production for19 local consumption;
- 20 (3) Natural resource management: Reverse the trend of
  21 natural resource loss mauka to makai by increasing

| 2  |           | based marine management, invasive species control, and |
| 3  |           | restoration of native species;                         |
| 4  | (4)       | Waste reduction: Reduce the solid waste stream prior   |
| 5  |           | to disposal by seventy per cent through source         |
| 6  |           | reduction, recycling, bioconversion, and landfill      |
| 7  |           | diversion methods;                                     |
| 8  | (5)       | Smart sustainable communities: Increase livability     |
| 9  |           | and resilience in the built environment through        |
| 10 |           | planning and implementation at the state and county    |
| 11 |           | levels; and  |
| 12 | (6)       | Green workforce and education: Increase local green    |
| 13 |           | jobs and education to implement these goals.           |
| 14 | To i      | ncrease the efforts of the Aloha+ Challenge, the       |
| 15 | governor  | launched the Sustainable Hawaiʻi Initiative in 2016,   |
| 16 | which inc | ludes five goals:                                      |
| 17 | (1)       | Double local food production by 2020;                  |
| 18 | (2)       | Implement Hawaiʻi's interagency biosecurity plan by    |
| 19 |           | 2027;  |
| 20 | (3)       | Protect thirty per cent of the highest priority        |
| 21 |           | watersheds by 2030;                                    |

# S.B. NO. <sup>2671</sup> S.D. 1

(4) Manage thirty per cent of nearshore ocean waters by
 2030; and

3 (5) Achieve one hundred per cent renewable energy in
4 electricity by 2045.

5 In May of 2014, Höküle'a began a three-year voyage across 6 the world's oceans carrying the message of Mälama Honua - to 7 care for the earth. Building on the legacy of the Polynesian 8 way finders, the Höküle'a Worldwide Voyage inspired actions of 9 conservation across the Hawaiian Islands and beyond, resulting 10 in the connection of a lei of aloha around the globe.

11 At the global level, the United Nations Sustainable 12 Development Goals, the World Conservation Congress Hawai'i 13 Commitments of 2016, and the Paris Climate Agreement have been 14 adopted to quide global efforts. The Sustainable Development Goals (SDGs), otherwise known as the 2030 Agenda for Sustainable 15 16 Development, were born at the United Nations Conference on 17 Sustainable Development in Rio de Janeiro in 2012, came into force in 2015, and are a universal call to action to end 18 poverty, protect the planet, and ensure that all people enjoy 19 peace and prosperity. The seventeen SDGs are interconnected and 20 work in the spirit of partnership and pragmatism to make the 21

#### S.B. NO. <sup>2671</sup> S.D. 1

1 right choices now to improve life, in a sustainable way, for
2 future generations. They provide a clear framework for action
3 to guide countries in accordance with their own priorities and
4 the environmental challenges of the world at large. They tackle
5 the root causes of poverty and unite us to make a positive
6 change for both people and planet.

7 Dealing with the threat of climate change impacts how we 8 manage our fragile natural resources, achieving gender equality 9 and better health helps eradicate poverty, and fostering peace 10 and inclusive societies will reduce inequalities and help 11 economies prosper. The SDGs are voluntary commitments to make 12 the world a better and more prosperous place.

13 During September 2016, over ten thousand leaders from 14 government, civil society, indigenous communities, faith and 15 spiritual traditions, the private sector, and academia gathered 16 in Hawai'i for a meeting of the International Union for 17 Conservation of Nature World Conservation Congress. Delegates 18 to the Congress adopted the World Conservation Congress Hawai'i 19 Commitments to achieve the transformation required to promote a 20 "Culture of Conservation". The Hawai'i Commitments consist of 21 seven identified challenges and proposed solutions, including:

б

| 1  | Ther   | efore, the purpose of this Act is to codify the State's |  |
|----|--|---|--|
| 2  | commitment to conservation and sustainability by including goal        |   |  |
| 3  | ten, reducing inequalities, of the seventeen United Nations SDGs       |   |  |
| 4  | and indicators, with references to existing state sustainability       |   |  |
| 5  | programs, if applicable, in the Hawaii Revised Statutes.               |   |  |
| 6  | SECTION 2. Chapter 226, Hawaii Revised Statutes, is                    |   |  |
| 7  | amended b  | y adding a new section to be appropriately designated   |  |
| 8  | and to read as follows:  |   |  |
| 9  | " <u>§22</u>   | 6- Sustainable development goals; reducing              |  |
| 10 | <b>inequalities.</b> In pursuance of the State's sustainability goals, |   |  |
| 11 | and notwithstanding any law to the contrary, all agencies shall,       |   |  |
| 12 | insofar as practicable, take action to assist the State in             |   |  |
| 13 | achieving the sustainable development goal of reducing                 |   |  |
| 14 | inequalit  | ies by 2030 by:   |  |
| 15 | (1)  | Progressively achieving and sustaining income growth    |  |
| 16 | . :  | of the bottom forty per cent of the population at a     |  |
| 17 |  | rate higher than the national average;                  |  |
| 18 | (2)  | Empowering and promoting the social, economic, and      |  |
| 19 |  | political inclusion of all, irrespective of age, sex,   |  |
| 20 |  | disability, race, ethnicity, origin, religion, or       |  |
| 21 |  | economic or other status;                               |  |

| 1  | (3)  | Ensuring equal opportunity and reducing inequalities   |
|----|------|--|
| 2  |      | of outcome, including by eliminating discriminatory    |
| 3  |      | laws, policies, and practices and promoting            |
| 4  |      | appropriate legislation, policies, and action in this  |
| 5  |      | regard;  |
| 6  | (4)  | Adopting policies, especially fiscal, wage, and social |
| 7  |      | protection policies, and progressively achieving       |
| 8  |      | greater equality; and                                  |
| 9  | (5)  | Facilitating orderly, safe, regular, and responsible   |
| 10 |      | migration and mobility of people, including through    |
| 11 |      | the implementation of planned and well-managed         |
| 12 |      | migration policies."                                   |
| 13 | SECT | ION 3. New statutory material is underscored.          |
| 14 | SECT | ION 4. This Act shall take effect on July 1, 2035.     |
| 15 |      |  |
