Your Committee reviewed the personal histories, resumes, and statements submitted by Creighton Arita and Martin Zorn for

2018-2349 GM SSCR SMA-1.doc

service on the Board of Directors of the Hawaii Technology Development Corporation.

CREIGHTON ARITA

Your Committee received testimony in support of the nomination for the appointment of Creighton Arita from the Hawaii Technology Development Corporation.

Mr. Arita is the Chief Executive Officer and founder of 'ike Hawaii, a family of companies in technology and health care, and TeamPraxis, a company that aims to leverage technology to empower independent physicians to improve the quality of patient care while reducing healthcare costs. Mr. Arita has first-hand experience in building a successful technology company in Hawaii and has previously served on the Hawaii Technology Development Corporation Board of Directors, where he utilized his extensive knowledge of technology and technology business administration. Your Committee finds that Mr. Arita's intimate knowledge of the technology sector in Hawaii would make him a valuable member and qualify him to once again serve on the Board of Directors of the Hawaii Technology Development Corporation.

MARTIN ZORN

Your Committee received testimony in support of the nominations for the appointment and reappointment of Martin Zorn from the Hawaii Technology Development Corporation.

Mr. Zorn is the President and Chief Operating Officer of Kamakura Corporation, a financial risk management software company headquartered in Hawaii. Kamakura Corporation relocated from Japan to Hawaii and is a graduate of the Hawaii Technology Development Corporation incubation program at the Manoa Innovation Center. Mr. Zorn has served on numerous boards throughout his career, giving him the knowledge and experience of acting as an advisor to various organizations. He is active in the community and serves on the Boards of the Arcadia Family of Companies, Hawaii chapter of Financial Executives International, and Food Innovation Center at the University of Hawaii Maui, among other organizations. Your Committee finds that Mr. Zorn's background as a lender, investor, mentor, and coach to technology firms qualify him to be a member of the Board of Directors of the Hawaii Technology Development Corporation.

As affirmed by the records of votes of the members of your Committee on Economic Development, Tourism, and Technology that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Respectfully submitted on
behalf of the members of the
Committee on Economic
Development, Tourism, and
Technology,

GLENN WAKAI, Chair
