

Honolulu, Hawaii
MAR 28, 2018

RE: H.R. No. 196

Honorable Scott K. Saiki
Speaker, House of Representatives
Twenty-Ninth State Legislature
Regular Session of 2018
State of Hawaii

Sir:

Your Committee on Health & Human Services, to which was referred H.R. No. 196 entitled:

"HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF HEALTH TO PROVIDE A REPORT OF ALL CONFIRMED AND SUSPECTED CASES OF RAT LUNGWORM DISEASE THAT ORIGINATED IN THE STATE AND SHARE RAT LUNGWORM DISEASE DIAGNOSIS AND TREATMENT WITH OTHER STATES,"

begs leave to report as follows:

The purpose of this measure is to request that the Department of Health provide a report to the Legislature of all confirmed and suspected cases of rat lungworm disease that originated in the State, provide long-term follow up of patients pursuant to recommendations of the Rat Lungworm Working Group, and establish a registry of de-identified data of rat lungworm cases.

The Department of Land and Natural Resources, The University of Hawaii at Hilo, John A. Burns School of Medicine of the University of Hawaii at Manoa, and one concerned individual provided testimony in support of this measure.

Your Committee notes that the Department of Health expressed concerns that:

- (1) Complying with this measure may require the Department of Health to offer testing to other states and thus require additional personnel and resources;

- (2) Conducting long-term follow up of patients would require additional personnel and resources; and
- (3) Much of what is requested in this measure is duplicative of ongoing efforts.

As affirmed by the record of votes of the members of your Committee on Health & Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 196 and recommends that it be referred to your Committee on Finance.

Respectfully submitted on
behalf of the members of the
Committee on Health & Human
Services,

JOHN M. MIZUNO, Chair
