

Rose K. L. Hata, MS, RN, APRN, CCRN, CCNS  
formerly Rose K. Lee

**EDUCATION**

**UNIVERSITY OF HAWAII, MANOA**

Honolulu, HI

Currently Enrolled: MBA (Healthcare) / DNP Program

Anticipated completion: MBA in May [redacted] & DNP in August [redacted]

**UNIVERSITY OF CALIFORNIA, SAN FRANCISCO**

San Francisco, CA

M.S. Nursing, June [redacted]

Specialty Track: Critical Care and Trauma Clinical Nurse Specialist

Minor: Education

**UNIVERSITY OF CALIFORNIA, SAN FRANCISCO**

San Francisco, CA

Registered Nurse Certification / Masters Entry Program in Nursing, June [redacted]

**UNIVERSITY OF CALIFORNIA, BERKELEY**

Berkeley, CA

B.A. Molecular and Cell Biology, May [redacted]

Emphasis in Cellular and Developmental Biology

**LICENSURE / CERTIFICATIONS**

- Hawaii APRN – (License 1116)
- Hawaii Registered Nurse – (License 64019)
- Current Certifications: CCNS, CCRN, BLS

**PROFESSIONAL EXPERIENCES**

**THE QUEEN'S MEDICAL CENTER**

Honolulu, HI

**Queen Emma Nursing Institute**

07/17 - present

*Director.* Promote and support nursing evidence based practice and nursing research throughout the medical center at Punchbowl and West Oahu campuses. Oversee clinical nurse ladder program. Coordinate Magnet application process. Strategically plan for advancing nursing practice.

**THE QUEEN'S MEDICAL CENTER**

Honolulu, HI

**Patient Care Consulting Services**

07/09 – 06/17

*Advanced Practice Registered Nurse / Clinical Nurse Specialist.* Supported nursing and medical staff in an 11 bed Surgical / Trauma ICU. In conjunction with leadership of the organization, implemented house-wide evidence based practice projects.

- Partnered with SICU Nurse Manager and staff teams to improve nursing sensitive outcome indicators (i.e. CLABSI, VAP/VAE, CAUTI, etc.) and promote culture of safety
- Led implementation of Comprehensive Unit-based Safety Program (CUSP) utilizing multiple tools such as culture assessment surveys, and daily goals tools, and learning from defects tool
- Promoted nursing professional development by coaching nurses in clinical ladder projects (i.e. patient satisfaction assessment, CRRT, pulmonary artery catheter competency standardization, nursing teamwork,

(Continued)

- etc.) and evidence based practice projects (i.e. sedation management, delirium assessments, nurse buddy system, ICU sleep program, ICU to floor communication / transfer checklist, moral distress, etc.)
- Promoted specialty certifications (i.e. CCRN, PCCN, TNCC, etc.)
  - Engaged and guided nurses on professional dissemination of evidence based practices / projects (i.e. abstract submissions, poster presentation development skills, publications)
  - Mentored / coached new graduate nurses as a nurse resident facilitator for the Nurse Residency Programs
  - Coached & participated in Beacon Award for Excellence writing group; Silver Beacon award received 2015 - 2018 (as the first Beacon unit in the State of Hawaii); re-application in progress, 2017
  - Provided consultation on nursing care management on clinical issues
  - Coached nurses in project implementation (i.e. unit council facilitation, competency fair coordination, competency / educational needs assessment, etc.)
  - Led and coordinated central line prevalence throughout the hospital; also mentored staff with prevalence coordination, data entry, and data analysis
  - Consulted / provided evidence based literature synthesis (i.e. SpO2 in poor perfusion, central line dressing changes, daily goals tool utilization, tissue oxygen saturation monitoring, etc.)
  - Precepted new Clinical Nurse Specialist at Queen's Medical Center and Clinical Nurse Specialist students
  - Led educational programs and provided education to staff at unit and/or at organizational levels (e.g. CAM-ICU assessment classes, QTc monitoring, CLABSI prevention, etc.)
  - Formed and coached team of nurses and rehab services to promote non-pharmacological interventions of the PAD (pain, agitation, delirium) guideline in four ICUs, including ICU sleep program, quiet environment (incorporating alarm reduction strategies and responsiveness to patient call bell response times), and progressive mobility
  - Performed nursing research and/or coached staff RNs through the research process (e.g. mobility program)
  - Conducted writing classes for nursing publication for SICU nurses
  - Led system-wide process implementation to identify total laryngectomy patients and initiate emergency airway equipment
  - Actively participated in EBP fellowship and research fellowship; coached staff and team members in EBP process and research process, including publication of project / research
  - Actively participated in disseminating EBP and research activities, including poster and/or podium presentations at local and national levels
  - Active involvement in multiple organizational committees. Examples include the following:
    - Nursing Peer Review – chaired committee by processing peer review cases, facilitating meetings, trending peer review cases, and making recommendations for system changes and/or educational re-enforcement
    - Central Line Associated Blood Stream Infection (CLABSI) Prevention Team – facilitated and led team with assessing and implementing measure to prevent CLABSI according to CDC guidelines; assessed for trends in CLABSI and set up hospital surveillance programs related to preventing CLABSI; planned and implemented processes throughout the organization to meet The Joint Commission NPSG performance elements
    - Nursing Professional Development Council – liaison to multiple units; prepared four nursing units on how to assess and plan unit based competency utilizing a standardized tool; led planning committee for the annual nationally certified nursing celebration luncheons
    - Failure to Rescue Committee – closely worked with Nursing Professional Development Council to implement the NPDC liaison role; designed and executed assessment / perception survey of chain of command / rapid response policy knowledge and barriers
    - Restraint Committee – active member of committee with goal to reduce restraint utilization and promote patient safety; helped review evidence, policy, procedures; suggested documentation changes to streamline nursing process; developed communication bulletins and educational materials

**THE QUEEN'S MEDICAL CENTER**  
**Surgical – Trauma Intensive Care Unit**

*Honolulu, HI*  
10/08 – 06/09

**Staff Nurse (call-in).** Provided direct patient care for an 11 bed surgical / trauma ICU. Competent in care of critically ill patients status post trauma and surgeries, with close monitoring of hemodynamics and perfusion status. Frequent use of pulmonary artery catheters, especially for patients in septic shock with poor perfusion status.

**ST. JUDE MEDICAL CENTER**  
**Critical Care Services**

*Fullerton, CA*  
01/07 – 06/08

**Clinical Nurse Specialist.** Supported nursing and medical staff in a 32 bed mixed medical / surgical ICU & CCU.

- Evaluated and executed projects to improve the cardiothoracic program in the critical care unit.
- Increased staff nurses' expertise in the care of cardiothoracic patients at the bedside through mentoring, inservicing, and other educational forums.
- Developed and oversaw training processes for new graduate nurses, new hires, and specialized skills such as continuous renal replacement therapy (CRRT) and intra-aortic balloon pump (IABP) therapy.
- Developed competency based orientation tools for training, resource binders, and daily evaluation forms.
- Created and updated protocols following evidence based research (e.g. CRRT, IABP, therapeutic hypothermia, etc).
- Developed online nursing resource website for all staff.
- Participated in multiple hospital committees to improve process flows and led unit improvement projects.
- Provided patient care at the bedside as needed.
- Encouraged professional development including AACN membership, local AACN chapter participation, CCRN certifications, and staff recognitions.
  - Formed CCRN study groups and provided CCRN study materials.
  - Nominated the unit improvement team to AACN where the team won the Circle of Excellence Award at the NTI in 2008.

**M.E.I. RESEARCH INSTITUTE**  
**Motivate – Encourage - Inspire**

*Fullerton, CA*  
01/06 – 12/06

**Co-Founder & Director.** Motivated, encouraged, and inspired professionals of all career fields via seminar series and research publications. Presented multiple leadership workshops for "Future Business Leaders of America."

**CALIFORNIA SCHOOL OF HEALTH SCIENCES**  
**Continuing Education & Professional Development**

*Garden Grove, CA*  
03/06 – 08/06

**Nurse Educator.** Educated licensed health care professionals in critical care and medical / surgical courses, including basic ECG interpretation. Provided continuing education training and certification courses at a national and international level.

**UNIVERSITY OF CALIFORNIA, SAN FRANCISCO MEDICAL CENTER**  
**Cardiovascular Intensive Care Unit**

*San Francisco, CA*  
08/01 - 06/05

**Clinical Staff Nurse.** Provided direct patient care in a 16 bed adult intensive cardiac care (ICC) unit. Patient demographic includes cardiac, vascular, and thoracic pre- and post-operative / medical patients; lung / heart transplantations. Also served the medical center in the following roles:

- 1. Unit Charge Nurse.** Assessed and supervised clinical function of the ICC unit. Managed crises and special circumstances. Responded and helped manage all hospital based code blues. Assisted staff in completing their work, acted as a clinical resource, and delegated workload appropriately and fairly. (10/04 to 06/05)
- 2. Magnet Recognition Unit Champion.** Updated unit on information on the hospital's magnet application status. Voiced unit's concerns / ideas to magnet recognition program committee. (03/05 to 06/05)

**3. Nurse Coordinator for the Vascular Service Division.** Triage patients in clinic and coordinated post operational follow up care for discharging hospital patients. Assisted in hospital discharge patient teaching. (05/05)

**4. Critical Care Educator / Unit Resource.** Developed a “Quick Reference Guide” on restraint use and documentation (to achieve unit’s improvement goals). Formal teaching experiences / presentations (via CE classes, annual reviews, and Critical Care Training Programs) include the following topics: (07/03 – 06/05)

- intra-aortic balloon pumps (theory and application)
- hemodynamic monitoring
- use of epidural pumps
- pulmonary artery catheters
- acute coronary syndromes
- other procedural teaching: restraint use, IV insertion, blood cultures, etc

**KAISER PERMANENTE, OAKLAND CAMPUS**  
**Intensive Care Unit & Transitional Care Unit**

*Oakland, CA*  
04/04 – 06/04

**Clinical Nurse Specialist Graduate Student Intern.** Closely worked with clinical nurse specialist and nurse educator in providing assessment, interventions, consultation, and educational services to nursing staff and critically ill patients. Highlights of the residency include the following:

- Developed hospital approved protocol on use of cooling blanket based upon evidence based research
- Educated nurses on acute coronary syndromes in a continuing education course
- Developed competency test for intensive insulin drip protocol for nursing staff (the need for the unit at that time)
- Compiled bedside nursing reference binder which included frequently used IV drip charts, new protocol highlights / unit news, and hemodynamic references / tools
- Assisted in code blues and in management of complicated cases

**SAN FRANCISCO GENERAL HOSPITAL**  
**Trauma and Emergency Department**

*San Francisco, CA*  
01/04 – 03/04

**Clinical Nurse Specialist Graduate Student Intern.** Provided direct care of trauma and emergency patients.

**Other Work / Research Experiences**

- **Information Systems Technical Secretary – Knight Ridder’s IT Division (5/99 – 5/00)** Adecco (5/99 – 10/99)  
Managed IT help desk. Maintained vendor relationships. Assisted CIO with budgets and office procedures.
- **Staff Research Associate – UC San Francisco Department of Surgery and Research (11/97 – 1/99)**  
Cultured primary rat and human keratinocytes and dermal fibroblasts to investigate the induction of heat shock proteins. Studied cell metabolism and cell viability from heat and/or drug stress for future clinical use. Conducted Western Blots using cell lysates from various experimental conditions.
- **Research Assistant – UC Berkeley Department of Environmental Science (3/97 – 6/97)**  
Field study of California earthworms on species and habitation identification.
- **Research Assistant – UC Berkeley Department of Psychology (5/96 – 6/97)**  
Experimental study to compare usage of spatial memory versus olfactory cues in free-ranging fox squirrels.
- **Data Analyst – UC Berkeley Department of Anthropology (8/95 – 5/96)**  
Observational study on behaviors of Hanuman langurs using focal animal sampling.

**Research**

Co-Principal Investigator. Impact of a progressive mobility program on the duration of ICU delirium and ICU length of stay for adult SICU patients at an academic medical center. IRB approved. Data analysis in progress.

**Publications**

Slade, J. & Hata, R. (2016). Building a safe unit culture with CUSP. *Nursing Management*, 47(12), 8 –12.

Hata, R., Han, L., Slade, J., Miyahira, A., Passion, C., Izumi, K., Ghows, M., and Yu, M. (2014). Promoting sleep in adult patients in the surgical intensive care unit: an important intervention to prevent delirium. *Nursing Clinics of North America*, 49(3), 383-397.

**Reviewer**

Scholar reviewer: American Association of Critical Care Nurses (AACN) NTI Scholarships, 2017.

Abstract reviewer: Society of Critical Care Medicine (SCCM) 2017 congress.

Abstract reviewer: podium and poster abstract reviewer for the American Organization of Nurse Executives, Hawaii – 2015& 2016 Conference, Honolulu, HI

Scholarship reviewer: American Association of Critical Care Nurses (AACN) Scholarships, 2014 – 2015.

Clinical ladder projector reviewer: The Queen’s Medical Center performance improvement project abstracts, 2014.

Abstract reviewer: podium and poster abstract reviewer for the 2014 National Association of Clinical Nurse Specialist (NACNS) Conference.

Abstract reviewer: podium and poster abstract reviewer for the 2013 Pacific Institute of Nursing Conference, Honolulu, HI.

**Videos**

Creator of “2011 C.A.R.E. to Make a Difference: QMC RN Certification Celebration” video montage. Queen’s Medical Center Certification Celebration Luncheon. 03/2011

Co-author (scripting) and participant in “Dirty Dozen: Comprehensive Unit-based Safety Program – Central Line Associated Blood Stream infection (CUSP – CLABSI).” Project with Hawaii State CUSP: Stop Blood Stream Infection Team. 11/2010.

Creator of “2010 – VALIDATION - QMC RN Certification Celebration” video montage. Queen’s Medical Center Certification Celebration Luncheon. 05/2010.

### **Honors / Awards**

- Beta Gamma Sigma Induction – International Honor Society of Business, 2018
- The Queen’s Medical Center’s Nurses Week Poster Presentation, 2<sup>nd</sup> place recipient, May 2017
- Freeman Foundation Asian Fellowship, Recipient, Shidler College of Business, April 2017
- AONE Hawaii Scholarship, Recipient, November 2016
- Employee of the Year 2015, Recipient, The Queen’s Medical Center, March 2016
- AACN Circle of Excellence Nominee, 2015
- Employee of the Month, Recipient, The Queen’s Medical Center, April 2015
- Leadership and Guidance Appreciation Award, Hawaiian Islands Chapter – American Association of Critical Care Nurses, 2014
- The Queen Emma Nursing Leadership Award, Nominee, The Queen’s Medical Center, 2013
- The Queen’s Nursing Excellence Award in Education, Nominee, The Queen’s Medical Center, 2013
- The Queen’s Nursing Excellence Award in Leadership, Nominee, The Queen’s Medical Center, 2012
- Research Grant Recipient, Sigma Theta Tau – Gamma Psi Chapter, 2012
- The Queen’s Nursing Excellence Award in Education, Nominee, The Queen’s Medical Center, 2011
- Hawaii State 50 Exceptional Nurses Award, Recipient, Hawaii Nursing Gala, 2010
- Value in Action Nomination for Excellence, Recipient, St. Jude Medical Center, June 2008
- Employee of the Month, Recipient, St. Jude Medical Center, March 2008
- Barbara Reid Scholarship, Recipient, 2004
- Sigma Theta Tau Induction, Alpha Eta Chapter – International Honor Society of Nursing, 2004
- UCSF Medical Center Acute Care Scholarship, Recipient, 2000
