Office of Senator Rosalyn Baker
415 S. Beretania St. Ste. 230
Honolulu, HI 96813

Dear Senator Baker,

I highly recommend you choose Dr. Jamie Boyd to serve on the Governor's State Health Planning Council for Windward Oahu. She is a strong advocate for improving the health outcomes for the people of Hawaii and is uniquely qualified for this position that reviews applications for new facilities and services in order to share her opinions and make recommendations to Hawaii's health planning committee.

Dr. Boyd is a native of Hawaii, a consumer of Hawaii's health care system herself, a licensed healthcare provider and educator in the University of Hawaii system preparing the next generation of caregivers in Hawaii. In addition, she is a champion for affordable, accessible and acceptable elder care at a time when the tsunami of baby boomers as well as the state of Hawaii will most benefit from her expertise. She had demonstrated a keen and vast understanding of the health needs of her community, the plight of indigenous populations (including the need to close health outcome gaps among the various populations here) and availability of resources in the state.

I recommend Dr. Boyd without reservation.

Respectfully,

Lisa Zick-Mariteragi
