Current Referral: CPH

(1) Why do you want to be a member of the Board?

I want to provide a voice of experience from over 20 years of working with homeless individuals with severe mental illnesses and substance use disorders. I hope to contribute to the health and well-being of persons with mental illness and substance use disorders, as well as our community at large.

(2) What do you perceive are the roles and responsibilities of a member of the Board?

- To attend meetings as scheduled;
- Identify needs, challenges, and gaps in services as well as available resources in the community;
- Participate in strategic planning activities for the development of services and programs to meet the needs of the community;
- Provide information and recommendations to the Service Area Administrator.

(3) In what ways do you feel that you can help protect the consumer?

(4) Given your understanding of the roles and responsibilities of a Board member, why do you believe that you are qualified for the position? Please include a brief statement of your skills, expertise and knowledge that would aid you as a member of the Board.

I have worked with the homeless, mentally ill, and persons with substance use disorders for over 20 years, providing direct services as a mental health outreach worker, a case manager, and a representative payee. I also wrote a proposal and developed a program called “Nine Months: Window of Hope”, working with pregnant women using substances and helping them to stop using drugs and/or alcohol and remain abstinent for the duration of their pregnancies. The program provided outreach, intensive case management and mentoring services to ensure the health and well-being of moms and babies.

I have provided both substance abuse and mental health counseling, intensive case management, mediation and crisis intervention services for the target population for over 20 years and believe that I can bring valuable first-hand experience, knowledge, and information to the Board.

(5) What do you hope to accomplish during your term of service?

I hope to bring awareness of mental illness and substance use disorders in our community and especially with regard to chronically homeless persons with co-occurring mental health and substance use disorders. - Dedicated to helping others and especially the less fortunate;
- Committed to finding solutions;
- Knowledgeable about the issues of mental health and substance abuse in our community.

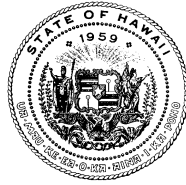

(7) Name a previous experience you've had that will be beneficial as a Board member.

I have served as a board and/or committee member for the following:

- Treasurer of the Board of Directors for Faith Against Drugs (now known as the Hawaii Island Home for Recovery) from 2005-2007
- Member of the Chronic Homeless Intervention and Rehabilitation Project (CHIRP) from 2012-2015
- Member of the East Hawaii Homeless Taskforce from 2013-2015
- Member of the Hawaii Island Going Home Consortium from 2014-present
- Member of the Community Alliance Partners from 2014 to present
- Secretary of the Executive Committee for Community Alliance Partners for 2015
- Member of the Health and Wellness Committee for the Hawaii Island Going Home Consortium from 2015-present

(8) Can you foresee any possible conflicts of interest that could arise during your service on the Board? How would you overcome conflicts of interest?

I cannot foresee any possible conflicts of interest that could arise during my service on the Board. However, if a conflict should arise, I will immediately inform the Service Area Administrator and recuse myself from any discussion and/or decision-making activities involving such conflict.

Dear Senator Baker:

I am writing this letter of support for Carol Matayoshi to be a member of the State Mental Health and Substance Abuse Hawaii Service Area Board.

I first met Carol eleven years ago at the Office for Social Ministry where Carol directed and managed multiple programs/grants. Due to her extensive training and knowledge of psychology, substance abuse counseling, and coupled with her warmth, down to earth nature, and great compassion, Carol is adept at understanding and effectively helping people to access necessary care and resources. She is well loved and respected in the community and I regularly observe people come up to her with an embrace and gratitude for all she has done for them or just to "talk story." I am honored to call her my friend and confidant.

For so many reasons, Carol Matayoshi would be an asset as a member of the State Mental Health and Substance Abuse Hawaii Service Area Board.

Sincerely,

Re: Letter of Confirmation for Ms. Carol Matayoshi

I am very pleased to submit a letter of recommendation for Ms. Carol Matayoshi who has been nominated to the State Mental Health & Substance Abuse, Hawaii Service Area Board. Her education and more than 20 years of work experience with the homeless population, as well as with the mentally ill and substance abuse population will be very beneficial to your board.

Ms. Matayoshi is highly skilled in writing grants for funding of programs affecting this population as she knows their needs because of her knowledge and expertise in this area. She has interacted with this population through a program called "Going Home" a program to assist Hawai'i Island men, women and youth released from correctional institutions with re-integration into community life through employment, training, and appropriate supportive services.

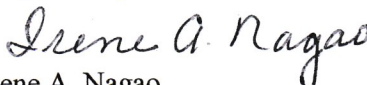

Much of her work involves helping this population with life changes that will help them overcome the many problems caused by mental health issues and substance abuse. It takes a skilled person like Ms. Matayoshi to be able to meet the challenges of working with different people and to care for their needs. In addition to the Going Home program she has worked with pregnant mothers who are drug users. Her overall experience with different programs makes her an excellent candidate as a board member.

My experience working with Ms. Matayoshi for the past five years through this Going Home Program has shown me that she is highly dependable, is consistent in her work and goes over and above in all her duties. Most importantly she is someone with high ethics who has the "heart" to help those so affected by mental health and substance abuse issues.

I have much respect for Ms. Matayoshi and I know she will be an asset to your board. She can contribute much to advance the goals and accomplishments of your board as you undertake the huge task of addressing the many needs of the mentally ill and substance abuse population.

I highly recommend that you consider Ms. Carol Matayoshi to be confirmed at your nomination hearing for the State Mental Health & Substance Service Area Board.

Respectfully submitted
