RE: Testimony in support of HB2072, HD1: Relating to HRS 711-1109
Thursday, Feb. 22, 2018, 2 p.m., Capitol room 325

The Hawaiian Humane Society supports the passage of House Bill 2072, which would prohibit the use of specific tethering equipment and techniques that are injurious to dogs. However, we oppose the proposed amendments reducing the penalties for a tethering violation.

We understand the intent of the penalty change is to compel compliance with the new law without imposing a misdemeanor charge. But as the animal service provider for Oahu, we can attest that our humane investigators already use education when possible to modify behavior. Citations are issued and charges are brought only if attempts at education have failed to change illegal behavior and there is documented evidence of harm to one or more animals. In recent years the Legislature has strengthened animal cruelty penalties to recognize the serious nature of these crimes. These amendments would erode those efforts.

We do agree that psychological counseling (page 5, line 13 through page6, line 3) may be a useful tool for rehabilitating animal cruelty offenders. We would support the addition of that option to the existing sentencing guidelines for all animal cruelty cases. Our suggested amendments are attached.

The cruelty provisions of HB2072 will elevate the quality of life for dogs and enhance public safety. Aside from the penalty changes, HB2072 offers well-vetted language that was supported in the prior two sessions by both animal welfare groups and law enforcement.

We ask you to strike the language reducing penalties for violators and give the remaining bill your full support. Please let me know if I can be of assistance.

RELATING TO SECTION 711-1109, HAWAII REVISED STATUTES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

SECTION 1. Section 711-1109, Hawaii Revised Statutes, is amended to read as follows:

"§711-1109 Cruelty to animals in the second

degree. (1) A person commits the offense of cruelty to animals in the second degree if the person intentionally, knowingly, or recklessly:

- (a) Overdrives, overloads, tortures, torments, beats, causes substantial bodily injury to, or starves any animal, or causes the overdriving, overloading, torture, torment, beating, or starving of any animal;
- (b) Deprives a pet animal of necessary sustenance as defined in section 711-1100, including the requirements relating to adequate shelter, or causes ~~[such]~~ that deprivation;
- (c) Mutilates, poisons, or kills without need any animal other than insects, vermin, or other pests; provided that the handling or extermination of any insect, vermin, or other pest is conducted in accordance with standard and acceptable pest control practices and all applicable laws and regulations;
- (d) Keeps, uses, or in any way is connected with or interested in the management of, or receives money for the admission of any person to, any place kept or used

for the purpose of fighting or baiting any bull, bear, cock, or other animal, and includes every person who encourages, aids, or assists therein, or who permits or suffers any place to be so kept or used;

(e) Carries or causes to be carried, in or upon any vehicle or other conveyance, any animal in a cruel or inhumane manner;

(f) Confines or causes to be confined, in a kennel or cage, any pet animal in a cruel or inhumane manner;

(g) Tethers, fastens, ties, or restrains a dog to a doghouse, tree, fence, or any other stationary object ~~by~~, or uses a trolley, pulley, cable, or running line designed to attach a dog to two stationary objects:

(i) If the dog is under the age of six months unless the dog is engaged in a supervised activity;

(ii) In a configuration that:

(A) Entangles or endangers the dog; or

(B) Prevents the dog from obtaining necessary sustenance, as defined in this chapter;

(iii) If the tether is shorter than five times the length of the dog's body, as measured from the tip of its nose to the base of its tail, unless the dog is engaged in a supervised activity;

(iv) If the restraint is a tow or log chain or is disproportionate to the size or weight of the dog such that the restraint inhibits the free

movement of the dog within the area allowed by the tether; or

(v) By means of a choke collar, pinch collar, or prong collar; provided that a person is not prohibited from using [~~such restraints~~] a choke collar, pinch collar, or prong collar when walking a dog with a hand-held leash or while a dog is engaged in a supervised activity; or

(h) Commits or Assists another in the commission of any act specified in subsections (1) (a) through (1) (g) [-]; provided that a person who is convicted of committing or assisting another in the commission of an act specified in ~~subsection (1) (g)~~ this section shall , may, in addition to any other penalties, also be sentenced pursuant to subsection (4) (b). As used in this section, "assist" means to instigate, engage in, or further the commission of an act prohibited under this section.

(2) Subsection (1) (a), (b), (c), (e), (f), (g), and (h) shall not apply to:

- (a) Accepted veterinary practices;
- (b) Activities carried on for scientific research governed by standards of accepted educational or medicinal practices; or
- (c) Pest control operations conducted pursuant to chapter 149A by a pest control operator licensed pursuant to

chapter 460J, if the pest control is performed under a written contract.

(3) Whenever any animal is so severely injured that there is no reasonable probability that its life or usefulness can be saved, the animal may be immediately destroyed without creating any offense under this section.

(4) Cruelty to animals in the second degree is a misdemeanor for each abused animal, except ~~[where]~~ that if the offense ~~[involves]~~:

(a) Involves ten or more pet animals in any one instance [which], then cruelty to animals in the second degree is a class C felony[-]; or

(b) Involves nine or fewer pet animals in any one instance and involves an act prohibited under subsection (1)(g), this section then the defendant shall be guilty of a petty misdemeanor and in addition to any other penalties shall may also be sentenced as follows:

~~(i) For a first offense under subsection (1)(g):~~

~~(A) Payment of a fine of not more than \$500 for each abused animal;~~

(B A) If deemed appropriate by the court, completion of educational classes in animal abuse prevention; provided that the court shall not order classes under this paragraph if classes are not readily available from an animal welfare organization or a similar

appropriate organization designated by the
county in which the underlying offense
occurred; and

~~(CB)~~ If deemed appropriate by the court,
completion of a course of psychological
counseling; or.

~~(ii)~~ For a second or subsequent offense under
subsection (1) (g):

~~(A)~~ Payment of a fine of not more than \$500 for
each abused animal;

~~(B)~~ Completion of sixteen hours of community
service; and

~~(C)~~ Imprisonment of no less than two days and no
more than thirty days;

~~provided that, notwithstanding section 706-643(2), all
fines collected under this paragraph shall be paid to
the director of finance of the county in which the
underlying offense occurred, as a general fund
realization of that county."~~

SECTION 2. This Act does not affect rights and duties that
matured, penalties that were incurred, and proceedings that were
begun before its effective date.

SECTION 3. Statutory material to be repealed is bracketed
and stricken. New statutory material is underscored.

SECTION 4. This Act shall take effect on July 1, 2018.

RE: Testimony in support of HB2072: Relating to HRS 711-1109
Thursday, Feb. 22, 2018, 2 p.m., Capitol room 325

The Hawaii Association of Animal Welfare Agencies (HAAWA) supports the passage of House Bill 2072, which would prohibit the use of specific tethering equipment and techniques that are injurious to dogs.

HAAWA represents the four county animal service providers in the state of Hawaii. Our independent local nonprofits are united in support this change in policy.

The harmful tethering of dogs is an issue on all of our islands. The constant confinement and isolation of dogs is dangerous both for the animals and the people around them. Dogs are happiest when they are treated as close members of their human families.

Please support this measure with the exception of the proposed amendments reducing the initial penalty to a petty misdemeanor. While the intent of that change might have been to allow offenders to correct their behavior without incurring a misdemeanor charge, our humane investigators already use education first to modify behavior. Citations would follow only if the illegal activity is not corrected. Please do not retreat from the recent gains the Legislature has made in strengthening animal cruelty penalties.

We ask you to support the well-vetted language in HB2072, which was endorsed in the prior two sessions by animal welfare groups and law enforcement, and reject the penalty amendments.

Thank you for considering our testimony on this important issue.

HB2072 - Support

Keeping dogs on chains their whole life is extremely cruel and especially since there are inexpensive alarm systems now, it is totally unnecessary. Anyone with a heart or any sense can see how cruel it is. I would hope that also the poor dogs living their life in a small kennel will be addressed at some point too. I feel so heartbroken for these innocent souls and so helpless, just looking on and not being able to do anything to help them. Please have a heart and do what is right.

I volunteer my time to the humane society and rescue groups so I see the poor animals that come in with the dug-in chains in their necks and the permanent scars. Please help them, be their voice.

PLEASE PASS HB2072. All dogs deserve a good life, being chained up is a horrible act of cruelty. My heart breaks every time I see dogs chained, in today's world the Hawaiian culture of owning dogs as yard art/guard dogs desperately needs to end.

PLEASE, PLEASE, PLEASE PASS HB2072. THIS IS SO IMPORTANT TO THE HEALTH AND WELFARE FOR DOGS.

In advance, Thank you so much.

Sincerely,

Please pass HB2072, which would prohibit the use of specific tethering equipment and techniques that have been found to be injurious to dogs.

Dogs that are denied a proper pack relationship with their families are more prone to bite.

Chained dogs are more likely to attack without provocation.

Most of the language in this bill was supported in the prior two sessions by both animal welfare groups and law enforcement. It is a step in the right direction.

I request that the committee strike the proposed amendments reducing the penalties for a tethering violation. These amendments are contrary to actions taken by the Legislature to address animal cruelty crimes more seriously.

Please reject the reduced penalties for violators and support the rest of this bill.

Thank You!

Aloha, Members of the Committee on Judiciary. My name is Jennifer Chiwa.

Please support HB 2072 HD1 which would prohibit the use of tethering equipment and techniques that would be harmful to dogs. It's my understanding that most of the language in this bill was supported in previous sessions by law enforcement and animal welfare groups. However, please strike proposed amendments which would reduce penalties for a tethering violation. To reduce these penalties is, in my opinion, to reduce the seriousness of animal cruelty. Please reject these reduced penalties and support the rest of this bill. Mahalo.

Dear legislator,

I've waited years for this issue to return to the table at the state legislature. Did you know that in California it's illegal to tie your dog to something (a post, tree, structure) for more than just a few mins (while you run in and grab a coffee, mail a package, etc..). And in Hawaii, it's perfectly legal to tie your dog to a tree for his entire life, so long as you stick a water bowl and cover in reach? Such is the case of Taisho, who sits and ages in a grassless dirt front yard in my mother's neighborhood of Waialae Iki. We neighbors recall when the puppy first arrived about 10 years ago. We were concerned when the cute fluffy puppy was tied to their mango tree ... day and night, and NEVER seen on a walk. Taisho remains tied to that tree, day and night, year after year, since she arrived at their home 10 years ago. I have approached the owners, an elderly Japanese couple, asking if I may walk their dog ... no luck. I've filed complaints to the Hawaiian Humane Society, but their hands are tied bc it's not illegal in Hawaii. I've even considered stealing the damn dog. Wouldn't it be splendid if HB 2072 is passed and I could make one last call to HHS and that dog could be rescued from that f@*king tree for the last couple years of her now senior life? I pulled over and took this attached picture of her just today.

I strongly SUPPORT HB 2072 to limit dog chaining/tethering! Hawaii needs protection for neglected tethered dogs from Waianae to Waialae Iki! Thank you for taking the time to listen your constituents.

Aloha,

I humbly write to share my support for Bill HB2072 to prohibit certain restraints and tethers that endanger or deny sustenance to a dog.

In my opinion there are dangers to chaining or tethering a dog for an extended period of time and also for short periods by themselves. Below are a list of the horrible possibilities that can happen when neglectful pet owners chain or tether their dog(s).

- * Cannot escape from aggressive wild animals(ie: wild pigs) or free-roaming dogs
- * Do not receive adequate physical activity.
- * Death by strangulation after trying to jump over an object, such as a dog house
- * May be more likely to bite than well-socialized dogs.
- * Are susceptible to overheating and freezing in extreme weather.
- * Often lunge or pull against a chain, causing abrasions and injury to the neck.
- * Suffer high-exposure to disease-carrying insects including ticks, fleas, and mosquitos.
- * Are forced to urinate and defecate in the same area where they eat and sleep.
- * May bark continuously from boredom and frustration.
- * Chain can become embedded in a dogs neck

I wholeheartedly support any Bill that will provide a dog the happy life it deserves to have.

I was born and raised in Hawaii. I have witnessed firsthand the damage that a lifetime on a chain can do to a dog. I have seen neighbors never adjust collars or chains so they resulted in growing into their necks. I have seen dogs chained to porches that jumped off the porch and hung themselves. This would not have happened if they were not chained. I have seen bad neighbors go into other neighbors yards and beat dogs on chains because they bark nonstop. The dogs suffer in agony. They are bored, upset, and in pain. They lose the hope of being free. I have neighbors who NEVER let their dogs loose. I have lived on my current street for the past twelve years.

My neighbor has literally gone through about 40 dogs in that time. He goes away for days and the dogs scream for food and water. The dogs chains wrap around the buckets and knock them over. The water spills and they dehydrate to death. They wrap around trees and get stuck in the bushes and starve to death. I report my neighbor over and over to the humane society but they keep saying that there is nothing they can do because chains are legal. Sometimes my neighbor leaves for five or six days. When he comes back he throws the dead dogs in the bushes and gets more dogs. Please help to make it stop.

Chains are nasty. Chains are deadly. Chains kill. They kill both the mind and the spirit. They kill the flesh. Please make having dogs on chains illegal. THINK OF THE LIVES YOU WILL SAVE. THINK OF THE DOGS. NOTHING ELSE MATTERS BUT THEIR WELFARE. THEY CANNOT SPEAK FOR THEMSELVES. THEY CANNOT HELP THEMSELVES.

SHOW YOUR HEARTS  SHOW YOU CARE

SHOW THAT HAWAII IS A PROGRESSIVE AND LOVING STATE. SHOW THAT OUR ALOHA SPIRIT EXTENDS BEYOND THE HUMAN SPECIES.

THE ANIMALS NEED YOUR HELP. RIGHT NOW THERE ARE 17 DOGS NEXT DOOR THAT YOU COULD SAVE.

We need laws on chaining up animals. When chaining an animal, the owners should have condition about using collars and the chain should have a certain amount of length so the animal have a proper area to roam inAlso if they are an outside pet, they should have shelter requirements. I believe the abuse and negligence on animals is a huge crime. It's frankly sickening me that people do horrible things to helpless animals. Please help pass laws to defend these helpless souls!!!!!!!!!!!!!!

Please pass HB2072 to stop chained dogs. It is extremely inhuman and heartbreaking. They are living beings with love, and feelings just like we are. Just like YOU are. They deserve to be loved, and cared for. Not left chained to something, tired of fighting for freedom from the restriction. I personally own a dog that I rescued from the Honolulu Humane Society, and she has thick rings of scars around her back ankles where fur never grew back, from previously being chained to something by whoever her cruel previous owners were. To this day, no matter how much she loves and trusts us as her new family (which is a lot, she's come a long way), she still gets uneasy and scared about her back legs being touched because the fear of being chained back up, and injured from it, is instilled in her. Dogs do not deserve this. No animal does. It needs to stop! Please stop chained dogs. Thank you for your time in reading this. ❤️🙏

Aloha,

Please pass bill HB2072. No living, loving creature deserves to be chained outdoors. When isolated, dogs can start to display signs of aggression, or anti social behavior. These animals are intelligent, and have so much love to give. Please don't allow people who abuse and neglect dogs to continue chaining their dogs. What kind of life is it to be chained, left outside during blazing heat, or cold rainy weather? It's abuse, and cruel. A lot of these animals aren't even being fed, or given any water. We love pitbulls here in Hawai'i, so let's make a change and show everyone how loving these dogs, along with many other dog breeds, can be, and end the abuse of chaining dogs. I support the bill and ask for your help to pass it. I'm 22 years old and my fiancé (27) are part of the future of Hawai'i. We are born and raised on O'ahu and are pescatarians and believe that dogs are just another shape/form of family and if people take the time to adopt a dog, they should put in time to take care of them and keep them happy just like they would do to their own family members. I know by having cats and dogs of my own that all we need to do is take time to care for them and treat them well so they'll relax and behave so we can take the dogs inside the home instead of leaving them outside. I know together we can help animals live a better life at home.

Aloha,

I live in Honomu, a small town north of Hilo, on the Big Island.

I'm writing to encourage you to please vote for HB2072. I've seen far too many dogs neglected and abused, kept on short chains every single day of their lives. This is inhumane and calls to the Humane Society do not make a difference. Dogs deserve better treatment, to be walked and get proper exercise. Often times these dogs on chains aren't given water and food daily, so they are undernourished and sickly.

It's time that the state address this problem and follow through on enforcement. HB2072 is a good beginning.

To Whom It May Concern,

As a constituent and resident of Hawaii Island, I am writing to urge that this bill be passed. It is important to the health and safety of our island's dogs that we begin regulating and improving conditions for chained dogs. I would hope that with the passage of this bill, we as residents and representatives can begin to open up a broader, more honest conversation about the detriments of chaining animals. Dogs are often considered to be members of our families. We want the best and we want better for all members of our families, dogs included. Please consider the passage of this bill fully and outright. I am confident that it is a huge stepping stone toward changing the way we treat our dogs here in Hawaii, and it will send a message to the world that we are ready to move forward in the right direction.

Thank you for your time.

Dear Representatives,

I humbly ask your support of HB2072. I am asking on behalf of animals who are kept tied up every second of every day because they unfortunately do not have a voice to speak up for themselves. They probably did speak up at first when they were tied up, but unfortunately their voice was ignored and they were probably told to stop barking and quiet down. How could they be upset being chained up on a small tie while their family sat in the comfort of a warm and dry home? How could they bark for attention and love which is what the facility they adopted them from expected of their family to give them? Please stop this abuse of animals by passing this bill and hopefully discourage irresponsible pet parents from adopting animals just to chain them up for their entire lives. A convicted murderer in jail has more freedom than these dogs do, and yet all the dogs have done wrong is get adopted by careless and irresponsible parents? Please give us hope that there may be a day when we drive our local roads and do not see any dogs tied up.

Thank you,

I am a resident of Hawaii and I support HB2072, HD1. I would like to mention an additional tethering abuse situation which I have seen in Hawaii and is not specified in this bill. I have observed situations where dogs in Hawaii are tethered by a rope or chain and unsupervised near a public sidewalk or road on unenclosed property. This leaves the dogs in a vulnerable position as they can be harmed since there is no physical barrier to the property. I also noticed that the dogs who are put in that situation seem more aggressive than normal to anyone walking by the property since they are in a risky situation themselves.

The restraint of any animal for an extended time is inhumane and unnecessary. The damage that can be done both physically and mentally to these poor animals. Laki was found on January 4th, lying near death by our property. He had been tethered with a metal choke chain and a heavy metal wire and heavy clasp. The choker had been put on wrong and was in the constant chicken position. Because of this, the chain acted like a saw moving back and forth, with no way to release. It cut through his skin, muscle, nerves until it reaches his spine where it stayed for such a long length of time that it imbedded , and healed over more then an inch under his neck. As it started to heal, the metal began to corrode and made all the tissue under his skin necrotic. Only the ends of the chain and the heavy clasp were visible. The tissue had grown through each link of the chain making it very difficult to remove. That was finally accomplished with a 3 hour surgery. The damage was severe and the healing has been excruciating for him as there was no tissue to suture, so open wounds have been healing with medical treatment for almost two months.

There is no reason to leave any animal on a line for extended time, especially a metal choke chain, which should NEVER be used to tether a dog.

PLEASE pass this law to regulate how people can tether animals. Obviously some people need laws to show them the correct way to treat their animals. Cruelty to any animals is not necessary, and should not be tolerated by any of us.

LAKI DESERVED BETTER AND SO DOES EVERY ANIMAL LEFT TO SUFFER.

RE: I am testifying in Full Support of HB 2072 HD 1

I live in Orchidland Estates on Hawaii Island. I see dog abuse and mistreatment of animals all over Hawaii Island. I have witnessed dog's with embeded chains and collars in their neck, blood running down their body. I have seen dogs chained to a tree with a 5ft lead, only to be beaten by humans for barking or making noise. I have had my own dog held hostage by a friends neighbor, with the threat of skinning her and hanging her from a tree.

All of these cases I contacted the local HIHS or in the later situation the Police dept. I have been told by police and humans society personnel to take the matter in my own hands, as their is no law stating that it is illegal.

If laws do not change, in support of animal rights and protection, animal owners and lovers are going to do exactly what the HIHS and Police recommend. Leading to unstable and un-safe communities.

Please PASS HB 2072 HD1 for the love of innocent creators!!!! PLEASE

RE: SUPPORT for HB2072 with Suggested Amendments; Relating to Dog Tethering

The West Hawaii Humane Society respectfully urges your support of HB2072 with the below strengthening and clarifying amendments.

This important measure aims to limit the manner in which a dog is tethered to reduce the likelihood of entanglement or injury. Dogs are highly social animals who need interaction. Tethered dogs are 3 times more likely to bite than non-tethered dogs and of those bites, children are 5 times more likely to be the victims. Limiting dog tethering not only improves the quality of life and care for the dog but protects public safety, by reducing the likelihood of dog bites and aggression.

We suggest the following amendments:

- Expanding the educational counseling and psychological assessment provision for those who assist in the commission of unlawful dog tethering to ALL offenses under section 711-1109 and to apply to those who commit and those who assist in the commission of a violation. Counseling and psychological assessment is especially important in egregious cases of cruelty or those involving minors. Cruelty against animals is both a predictor and precursor to other violent behavior. For children who commit cruelty to animals it is important to identify if that child may be modeling such behavior or is a current victim of abuse.
- Animal care and control agencies should retain their current discretion to charge a misdemeanor for unlawful tethering, as with other offenses under this section, rather than lowering penalties to a petty misdemeanor. While most tethering offenses are related to a lack of education, resulting in a warning and education of the owner, other cases may be more serious, especially if the owner has repeatedly been warned or the offense results in serious injury or death of the animal.

- Removing reference to 1st and 2nd degree tethering offenses including community service. Counseling, community service and other penalties/provisions remain under judicial discretion appropriate to the individual case.
- Clarifying that each animal involved constitutes a separate offense

Thank you for your consideration of this testimony and the above proposed amendments.

Please pass HB2072, which would prohibit the use of specific tethering equipment and techniques that have been found to be injurious to dogs.

Dogs that are denied a proper pack relationship with their families are more prone to bite.

Chained dogs are more likely to attack without provocation.

Most of the language in this bill was supported in the prior two sessions by both animal welfare groups and law enforcement. It is a step in the right direction.

We do, however, request that the committee strike the proposed amendments reducing the penalties for a tethering violation. These amendments represent an erosion of steps taken by the Legislature to take animal cruelty crimes more seriously.

Please reject the reduced penalties for violators and support the rest of this bill.

The condition that Laki was found in and the pain the dog has endured is appalling! The only good outcome is that the fact that people do treat dogs (and other animals this way has been brought to public attention.

I see dogs tied out that I know are getting only the most basic care. I have called the humane society and police and had minimal success. The dogs get a little better care for a while at best...

My number one concern is for the dogs. I also see that having dogs that bark and whine continuously in neighborhoods can affect the right of homeowners peace and quiet and potentially property values.

I do believe that mistreatment of an animal should be a criminal offense.

Dogs deserve to be let off their tethers each day, have proper housing, continuous water, adequate food and health care.

Aloha - I have been a pet sitter/dog walker in Hawaii for 30 years. Tethering a dog is cruel and should be severely limited. One of the stickers on my business car says "Don't tether, build a fence". Tethering puts dogs at great risk as shown by vets records of dogs with embedded chains around their necks. It also allows people who would harass a dog the ability to do so. Living life at the end of a tether can create aggression in a canine and puts unknowing humans (especially children) at great risk which is preventable. Aloha Committee Members and Chair -

I am a pet owner and have made the Big Island my home now for over 17 years. It is so very hard to see animals tethered and boxed up in kennels. I know you know how common it is. We need to change the culture of this and that is a hard thing to do.

My neighbors have a pitbull that they used to tether. She has broken off of her 10' tether at least 3 times, and has attacked my husband as well as other folks in the area. Because it is kept this way, not getting any exercise or ability to move around more than it's 10' radius, it is extremely hostile. I know other dog owners of these types of breeds that provide humane care and their animals are amazing and sweet - not hostile. It is unacceptable that I cannot walk my neighborhood in fear of tethered dogs breaking free. Absolutely ridiculous. This type of treatment breeds hostile animals that put us all at risk.

I'm also not proposing caged animals either. Now, my neighbor's poor dog is kenneled in a small space day in and day out. She barks at everything. What a miserable life. It is so sad and unfortunately, we as neighbors have to hear her moaning in misery or barking for attention. I'm curious why the verbiage in this bill allows for a tether to be "5 times the length of the dog" but I do not see anything in how large a kennel must be.

Bottom line - if you have an animal, have the means to care for it in a humane way. Otherwise, what is the point. I know people have dogs for protection, but that does not mean it needs to be kept in poor conditions or not receive anything other than a cage with a feeding once a day.

Mahalo for your consideration.

Healthy Pets United is dedicated to pet health by promoting a happy life for pets through education and advocacy.

Healthy Pets United strongly supports HB2072 which would prohibit certain restraints and tethers that endanger or deny sustenance to a dog.

In promoting a healthy life for dogs, it would be ideal that every dog would share a home with their human family, however, that is not always possible. For those situations where tethering is necessary, it is important that dogs who live outdoors be protected.

Dogs are highly social animals and need interaction. Tethered dogs are three times more likely to bite than non-tethered dogs. Limiting dog tethering not only improves the quality of life and care for the dog but protects public safety, by reducing the likelihood of dog bites and aggression.

Please pass HB2072. Thank you for the opportunity to provide testimony on this important issue affecting animals in Hawaii.

On walks with my dog, we pass a house that often has a dog tethered in the carport. We have had to untangle this poor dogs leg from the line that was tightly wound around it. To leave an animal unattended and at risk is irresponsible and unacceptable.

If a person wants to keep their home safe - get locks/alarms/cameras. If they're hunting - use their own skill. Just wanting an accessory - go to Sears.

I lived on the Big Island for over 10 years and while there saw too many poor dogs who lived entire lives on short chains. When living in a house on the southwest corner of Olena & Makuu Dr. in Hawaiian Paradise Park (our house directly across the St from Malamalama Waldorf School) we had many terrifying incidence with such dogs. The neighbor to the South next to us had about five dogs on his property which he left there all alone and came to feed every day or two. Nobody lived at the property, only the dogs, chained up on short chains seperately. Many times his dogs would escape and come into our property and scare my son & I and challenge our dog. The poor things were probably looking for some contact with anyone, or some food, but being chained up all their days made them crazy. We were lucky we were never hurt. During our time there someone was; a pack of dogs who had escaped attacked a woman jogging and killed her. I believe if you went to the property on Olena that is the second from Makuu, on the West side of the road, you would find dogs still there and all alone still today, almost five years since my son and I lived there.

Chaining up dogs and never letting them off is cruel and inhumane but it is also dangerous to people, not to mention the endangered species of the island (like the Nene).

Please stop these people from treating these poor animals like this!

Not only is the confinement horrible it is also dangerous, especially for kids. Canines are pack animals and NEED social contact with others and humans. Continuous lack of contact is ALWAYS detrimental to a dogs mental health. They are unable to respond appropriately to other dogs and humans. In such situations children are at risk because they are unable to recognize the danger and often reach for a dogs neck which the triggers instincts for the dog to defend himself.

**THE HUMANE SOCIETY
OF THE UNITED STATES**

To: Honorable Chair Nishimoto, House Judiciary Committee members
In Support Of: HB2072, with amendments
Date: February 22, 2018 2:00 p.m.
Testimony By: Keith Dane, Hawaii Policy Advisor, The Humane Society of the United States

On behalf of Hawaii members and supporters of The Humane Society of the United States, I appreciate the opportunity to submit this written testimony in support of HB2072, to limit the tethering of dogs.

HB2072 creates reasonable standards for chaining dogs who live outdoors, addressing a critical issue with impacts on both animal welfare and human health and safety. The legislation offers common sense protections for Hawaii's dogs: a) requires that dogs who are kept outdoors be provided proper and humane restraints, with collars and tethers that won't cause pain and suffering, b) provides basic standards for the type of chain used to prevent tangling and c) requires that dogs who are tethered or chained have constant access to necessary sustenance.

This story of Laki, a Big Island dog found near death with a chain embedded in his neck, just aired on KHON on Tuesday, February 20, 2018, and is a prime example of why Hawaii needs stronger laws to prevent dangerous and inhumane tethering methods: <http://khon2.com/2018/02/20/couple-nurses-chained-dog-back-to-health-as-new-bill-aims-to-protect-animals/>. Graphic images of Laki's condition may be seen at <https://www.facebook.com/A-dog-named-Laki-308644822976139/>.

While our hope is that every dog would share a home with his or her human family, we recognize that is not always the case, so it is important that dogs who live outdoors be protected. Specifically, we support laws that provide minimum standards of care for dogs who live their entire lives at the end of a chain.

Constant, improper chaining puts a dog's health and safety at risk. In many cases, the necks of chained dogs become rubbed raw and covered with sores, the result of poorly fitted collars and the dogs' yanking and straining to escape confinement. Additionally, it is shockingly common for law enforcement officers to find dogs with embedded collars, a horrible situation where the collar grows into the skin, which typically requires surgery. Tethers can pose a serious risk to a dog's overall health. In a statement issued by the U.S. Department of Agriculture, experts explain, "a tether can become tangled around or hooked on the dog's shelter structure or other objects, further restricting the dog's movement and potentially causing injury."

The vagueness of our current law makes it difficult for law enforcement officers who want to take action before a dog has suffered an injury or death. HB 2072 will create clear guidelines for the owner and the officer. The intention of this bill is not simply to punish violators, but to create clear and reasonable expectations for the humane treatment of tethered dogs, and to allow responsible owners the ability to take proactive steps to comply.

HB 2072 is supported by The Humane Society of the United States and all four county-contracted humane societies in Hawaii. **The Humane Society of the United States requests a favorable report on HB2072.**

Comments:

Animal Rights Hawai'i has observed and documented the misery of chained/tethered dogs for many years. It appears that our legislature doesn't care about the plight of these dogs. Hawai'i may be paradise for tourists, but it is not for animals. It is disgraceful that with ALL the local support for strong legislation, HB2072, as amended, is so manini in its request. Please pass HB2072 HD1 -please show some aloha for man's best friend.

Aloha Chair Nishimoto and committee members. Mike Moran from Kihei. Sorry, I know this is late, bur please give consideration to the import of showing care and concern for creatures who have no voice nor vote This bill asks little, but it is a start. Dogs do so much good for humans, and we in turn give back little. Your vote can be a manini step to fixing this. Mahalo, Mike

This story of Laki, a Big Island dog found near death with a chain embedded in his neck, aired on KHON last night, and is a prime example of why Hawaii needs stronger laws to prevent dangerous and inhumane tethering methods: <http://khon2.com/2018/02/20/couple-nurses-chained-dog-back-to-health-as-new-bill-aims-to-protect-animals/>.

To whom it may concern:

I have always felt that animals should be respected the same way as humans. By chaining a dog up in a yard goes against every natural instinct for any animal. It is the equivalent to a human in jail. I feel this bill will allow dogs to finally have more freedom and actually be able to enjoy a proper life that is well deserved. Thank you for your time and consideration.

A chained dog is a suffering creature.

He who chains the dog suffers too, but unawares.

A chained dog, who is not simply outside for a couple of hours of fresh air & to go to the bathroom, but who exists in this hell is often destined to become a dangerous dog. The kind that will attack people who venture near-even if they intend to help it.

Thus often leading injury & death to both people & the dog.

Please stop this hateful practice.

Save the Souls.

Sincerely,

Siobhan Radway

Chair Nishimoto and the Judiciary Committee:

First of all, I wish to thank you all for supporting this important bill, and for giving us the opportunity to help make it law.

I hereby submit testimony in support of HB 2072 for the following reasons:

- No animal deserves to be tethered to a pole or a railing outdoors for any reason, especially for prolonged periods of time without any type of shelter, food and water or positive interaction by the people who possess said animal.
- Humans in prison are not tethered, and they have committed crimes. Animals are tethered yet they commit no crimes.
- Anyone who is reported to or seen to be violating the basic humane treatment of an animal should be fined and/or lose the right to have any animal.

Dogs are not meant to be a cheap alternative to an alarm system, and should not be treated as such.

Thank you for your time and consideration in support of HB 2072.

Dear Chair Nishimoto and Committee Members,

I urge you to please support HB 2072. Dogs are social creatures, who feel what we feel and suffer as we do. They depend on us to do the humane thing for them. Also, a dog that is unreasonably restricted will be more aggressive.

Thank you so much for your kind consideration.

Aloha I support HB2072 and please do "PONO" for our island dogs who are being subjected to abused. Because we don't see a striking hand on a tethered dog, we assume there is no abuse, but abuse comes in many ways. Long hours on a short chain, where this poor animal poops where it eats, or it becomes hyper barking in its own language asking to be free even to be taken for a walk.

Aggressive behavior is a learned behavior caused by such solitude at the end of a short chain as dogs are social animals and denied time to be off chains.

I have witness people in our community who are completely ignorant on how to care for a dog. Its horrible, and if we don't educate people and the only way is to pass HB2072, they will continue to mistreat a dog by such misuse puppy to adult life.

Since they feel its only a dog, and that's how they were taught to keep in short chains, or no housing to protect from the elements, etc., the cycle of abuse continues from one generation to another.

Many of those dogs (once sweet and calm) once getting loose from such short chain and constantly being chain-up, are and have attacked other animals including humans.

Frannie Pueo Pres. Hui Pono Holoholona

My neighbor has chained his dogs from puppies to adults for years!, and month back one broke loose from his short chained and killed the other dog.

Please pass this important bill to increase protections for Hawaii's dogs that are tethered outside.

This is a photo of my dog whom we adopted from the Kona shelter 5 years ago. He was deaf and two years old at the time weighing only 35 pounds. He had been tethered outside his entire life. A chain had started to embed itself around his neck

Now he is 6 yrs old and 120 pounds

Please pass this important Bill.

Dogs deserve a better life than on the chain.

I am proud to be a resident of Hawaii, in part for our long history of compassion for individuals and animals. I strongly support the proposed updates to Section 711-1109, HI Revised Statutes in HB 2072. Please pass HB2072, which would prohibit the use of specific tethering equipment and techniques that have been found to be harmful to our dogs. Pls note:

- Dogs that do not bond with their families and caregivers are more prone to social problems and biting.
- Chained dogs are more likely to attack without provocation.

This bill was supported in the prior two sessions by both animal welfare groups and law enforcement. Now is the time to TAKE ACTION - this IS a step in the right direction.

Request that the committee strike the proposed amendments reducing the penalties for a tethering violation. These amendments represent an erosion of steps taken by the Legislature to take animal cruelty crimes more seriously.

Please reject the reduced penalties for violators and support the rest of this bill. Mahalo.

My name is Antonella Scolpini-Heisel.

Been a Maui resident since 1989, and a MHS volunteer since many of these years. I saw first hand the utterly detrimental effect of chaining/tethering dogs for long periods of time on the victims of this inhumane practice. Their confidence gone, so they become very nervous, fearful and highly anxious. They potentially can become dangerous dogs for the community.

Please implement serious rules like in the State of California where a dog cannot be chained and tethered for longer than 3 (three) hours in a 24 hour period, and the leash has to be 3 times the length of the dog from tip of nose to tip of tail.

Thanks for listening, Antonella-Scolpini-Heisel

Get Dogs Off 3 foot Logging Chains in Hawaii

<https://www.thepetitionsite.com/602/590/005/get-dogs-off-3-foot-logging-chains-in-hawaii/>

Author: Amanie K9 USA

Recipient: Rep. Joy San Buenaventura, Rep Scott Nishimoto, Sen. Keith Agaran, Governor David Ige, Lt Governor Shan Tsutsui

Petition:

Currently Hawaii Law **still** allows for use of **3 foot long logging chains** to permanently tie out dogs to tires, trees, other stationary objects. This causes decline of our communities as well as puts people at risk. It is also Animal Abuse and it is widespread on the islands. **In 1997 the USDA ruled that people regulated by the Animal Welfare Act cannot keep dogs continuously chained.** The American Veterinary Medical Association has also spoken out against chaining on BITE PREVENTION Week. Fighting dogs are all kept chained.

At least 22 states and 45 counties and counting have adopted tethering provisions already for the safety of their communities. From a Public Health and community Safety standpoint, these officials are right on. We already **lost a child** in Kauai who was **mauled to death** by a chained dog. A chained, or once chained dog is 2.8 x more likely to bite, and that rises to 5.4 x for small children. Author's hand was mauled by a once chained dog that was also fed gunpowder to make him more aggressive. With the Highest "off the charts" kill rates in the shelters - on Islands with Quarantine- Hawaii absolutely needs to adopt the USDA ruling on the Animal Welfare Act NOW Especially on the Outer Islands, visitors often comment on the disgraceful way people keep their animals. An estimated **150,000** dogs on Hawaii island alone are currently kept on heavy chains, with some residents having 10 dogs chained up to trees-trucks- tires-makeshift 'dog houses' somewhere along their yard or just out in jungle, **In this Heat., rain etc.** Consider it "culture" to starve and chain dogs to hunt wild boars. Dog-Boar fights Are even held now, where dogs are pitted against a particularly nasty boar. There are bumper stickers demanding we "respect the culture". However Culture is about Improving and Civilizing and these "traditions and cultures" have been outlawed in the Civilized world to make it a safer more humane place for all including our **keiki** (Children) Where animal abuse proliferates, we have one of the lowest family prosperity index along with abundant **Domestic Violence.**

With a large Asian immigrant population DOG EATING is also proliferant with dogs tied waiting for Slaughter - public health risk.

This is a community safety and decline issue, decline of property values, and is a prime indicator of domestic violence, Dog-fighting rings which we find the horrific casualties of, along with other forms of abuse which are a precursor to violence towards humans and poses a HEALTH RISK TO Society. Thousands of dogs in Hawaii are now blinded by fire ants & Chained dogs cannot

This is NOT the way for any animal to live - it's WRONG. Hawaii needs to get on board about this issue. Do not allow these innocent animals to suffer any longer. Make sure Hawaii follows the laws already made regarding dogs on chains, PLEASE.

1,881. Roberta Morrison	NORTHGLENN, CO	<i>(continued from previous page)</i> would you feel if you were forced to live on a heavy chain, that basically kept you confined within three feet of your toilet? That is how these dogs are forced to live their lives, and they don't enjoy it anymore than you would. Less, simply because their noses are so much better than ours, and they don't have the luxury of flushing their waste down a drain, but have to LIVE IN IT.

We are the ones who can help the dogs and the babies killed by dogs on chains...which just happened in Kauai. How wrong to do this to the very best companion and loving friend you can have in life a WONDERFUL DOG....if you read this, will you please sign this petition to help dogs so they do not end up like the sad sorry furbaby in this photo...it is soul searing and so sad...PLEASE...please sign it is simple to help...Thank you.
2,291. Rio Dejavoo	Pahoa, HI	This is just irresponsible and torture to a beautiful sentient being
2,292. Lisa Bartoletti	Pahoa, HI	Hawaii must step up and ban this supposedly cultural way of keeping dogs. It's sickening, unhealthy and of course, cruel.
2,293. curtiss klimes	laporte, MN	Do not see why anyone would use a logging chain for anything other than logging..Certainly not chaining up a dog..If you are going to have a dog for a companion, treat it so..
2,294. Merle Yusi	Mililani, HI	ALL animals deserve to be treated humanely. That Hawaii still allows this kind of treatment to continue is an indication that this state doesn't care. Isn't it about time for Hawaii to show the world we are as caring about our animals as our children and elderly?

2,316. Muhammad Karboji	el paso, TX	People should have a proper education about animals and animal behaviors. No animal should be tied down. it only causes anxiety, frustration and negative stressful energy. That in due time causes the animal to be aggressive/insecure towards people and other animals. 3,411. Solveig Güldenpfennig	Berlin, Germany	Hunde an die Kette legen ist nicht artgerecht und muss daher verboten werden. Es sind sozialverträgliche Tiere und müssen ganz nah bei ihrem Menschen (Rudel) leben. Auch ist es inhuman, diese Tiere bei Wind und Wetter ohne eine geeignete Unterkunft, ohne frischem Wasser und Futter sich selbst zu überlassen. So eine unwürdige Haltung muss sofort untersagt werden und gehört verboten.

Can a human could withstand have a heavy chain around their neck all day all night, tied to a tree in extreme heat and just being miserably alive, if not then why the hell is ok for a dog to live that rotten way? Why, because they are a animal? If people cannot care for animals in a living and caring way, they should not be allowed to have any!

Renate Andersch	Cologne, Germany	These animal abusers must be punished for animal cruelty, it is a severe abuse to put a dog on a chain in the first place but to have the dog always on the chain is barbaric, to have a dog chained on a very heavy chain is gruesome and can lead to injuries. I demand that this chaining is be banned and that the dogs have social interaction with the owners or the must not have a dog. Dogs are peoples best friends and should be treated with respect and love as family members. What kind of people live there to treat dogs so cruel, why this horrendous suffering is afflicted to these helpless innocent dogs.

If you can't love and take care of these defenseless animals as if they were a member of your family, then you don't deserve to have any pets. It is a known fact that these animals actually love humans and want to be a part of the family. Please don't allow laws to exist where they are allowed to be chained up and mistreated. If you have no heart for family pets, don't have one.

Whoever did this needs punished and jailed. Make an example of them, and it may help to stop this. Obviously the people that do tgese sick things to animals are not going to stop out of the goodness of their hearts. They have no feelings. Sociopaths.

This causes decline of our communities as well as puts people at risk. It is also Animal Abuse and it is widespread on the islands. In 1997 the USDA ruled that people regulated by the Animal Welfare Act cannot keep dogs continuously chained. The American Veterinary medical Association has also spoken out against chaining on Bite Prevention Week. Fighting dogs are all kept chained.

If you have to allow these human defects have animals then these people are a huge big red flag and should be watched closely. All evil/twisted humans will always find loop holes to break the law, its the law makers to set in motion extra help to enforce the laws to protect the animals from these human defects!

This is an Animal abuse and it needs to be taken seriously because it is a serious matter, and it has unfortunately become more and more common. Why support cruelty when you have a choice NOT TO? Dogs in Hawaii should not be thought of so poorly and disdainfully. STOP IT.

Well a real adult don't accept this at all they see the lie and the torture these sick people are doing dont be fooled by these evil to think this is normal. Even a child will understand if I say this is wrong please treat it like you want to be treated. Well the towards the animals will in the end mean nothing to this person who have used all their time to make hate agaist animals. Whats there to brag about nothing. I send love and hope

7,800. Therese Powers	N. Fort Myers, FL	Chains are for trucks to haul cars. Chains are not to be put on animals necks to put pressure on their neck and spines. How would you feel with a 5-20lbs. chain around you neck day after day and years. a dog collar is just fine. It doesn't make them look like you own a mean dog. They are helpless and hurting for the pains they endure. STOP THIS ACTION.

ACTIVE CRUELTY, which is cruelty inflicted (with deliberate intent to harm an animal creating immediate pain and suffering), and PASSIVE CRUELTY (harm inflicted via willful neglect creating prolonged suffering).</p> <p>Regardless of the arguments that it may be the "custom" to ritually slaughter an animal for its fur or skin, or eat the animals we call our companions, cruelty is cruelty and cannot be disguised. All animals killed in these practices are "SENTIENT." They feel excruciating pain, fear and terror. This fact cannot be disregarded. While no regard is paid to this fact in many other countries, as a European and North American society we have a choice and must choose not to support and to condemn this absence of regard.</p> <p>Animal cruelty is no longer a simple issue and categorically cannot be ignored. Animal cruelty issues long considered a peripheral concern are no longer on the outskirts of our society. Clinicians, veterinarians and scientists are starting to see a shift in that mentality now. Animal cruelty is now recognized as signature pathology. Animal abusers are five times more likely to commit violent crimes against people. "To inflict cruelties on defenseless creatures, or condone such acts, is to abuse one of the cardinal tenets of a civilized society - reverence for life." There are a number of very important reasons that animal abuse should be considered a violent crime in our legal system.</p> <p>First, we know based on personal experience and countless scientific studies that animals are not things. They are nothing like other "property" such as tables and chairs. Animals are sentient beings with the ability to feel a range of emotions, and they are harmed both physically and psychologically by violent abuse, much as human beings are. They deserve to be treated under the law as the complex creatures that they are. classifying animal abuse as</p> <p><i>(continues on next page)</i></p>

While it is incredibly important to appropriately punish animal abusers this change would play an even larger role in the way we regard animals in our society.</p> <p>When we consider the harm done to animals as equal to the harm done to members of our own species, we can begin to change cultural perceptions of animals and one day upgrade their status from being property to being individuals in their own right. It is only when this conscious change is made that we can hope to see a real change in the way that people treat and view animals. It's not only an upgrade in the law, but an upgrade in our own values.</p>

This causes decline of our communities as well as puts people at risk. It is also Animal Abuse and it is widespread on the islands. In 1997 the USDA ruled that people regulated by the Animal Welfare Act cannot keep dogs continuously chained. The American Veterinary Medical Association has also spoken out against chaining on BITE PREVENTION Week. Fighting dogs are all kept chained. <i>(continues on next page)</i>

8,140. Kathleen Ryan	Castle Rock, CO	<p><i>(continued from previous page)</i></p> <p>At least 22 states and 45 counties and counting have adopted tethering provisions already for the safety of their communities. From a Public Health and community Safety standpoint, these officials are right on. We already lost a child in Kauai who was mauled to death by a chained dog. A chained, or once chained dog is 2.8 x more likely to bite, and that rises to 5.4 x for small children. Author's hand was mauled by a once chained dog that was also fed gunpowder to make him more aggressive. With the Highest "off the charts" kill rates in the shelters, Hawaii absolutely needs to adopt the USDA ruling on the Animal Welfare Act and we need to do it Now. Especially on the Outer Islands, visitors often comment on the disgraceful way people keep their animals. An estimated 100-150,000 dogs on Hawaii island alone are currently kept on heavy chains, with some residents having 7-8 dogs chained up to trees-trucks-tires-makeshift 'dog houses' somewhere along their yard or just out in jungle, In this Heat., rain etc. Consider it "culture" to starve and chain dogs to hunt wild boars. Dog-Boar fights Are even held now, where dogs are pitted against a particularly nasty boar. There are bumper stickers demanding we "respect the culture". However these "traditions and cultures" have been outlawed in the Civilized world to make it a safer more humane place for all including our keiki (Children) Where animal abuse proliferates, we have one of the lowest family prosperity index along with abundant Domestic Violence.</p>

Well you will be an angry terrified person. Well any animal that goes thru this daily will be the same and if ha child comes near him of course the animal will react out of fear A human will become mentally disturbed and fight if some comes to help. Tortured. Humans and animals react the same way The powers that be in Hawaii need to stop allowing this practice and truly make this a paradise island and until all animals run free from chains this is a devil island run by evil people

I assumed, because of this, dogs were treated like family here. They are not. I am unable to walk my dogs, on a leash, in my own neighborhood for fear of being attacked by roaming dogs. I am unable to let my dogs outside in my fenced yard because of the roaming dogs. These are not ferals, they have collars (and sometimes tags). Ive seen them dragging chains and ropes behind them that they've broken free from. 2 dogs killed my neighbors baby goat, who was penned up. There are so many small children in my neighborhood and I fear for their safety. It's not just about the welfare of the chained dogs, it's about the welfare of whole communities.

9,428. Karen Davis	Keaau, HI	There are too many neglectful owners of dogs. It's animal abuse to leave your dog tied up to a chain all day with little to no human interaction day after day! Particularly in Hawaii on the Big Island where there are fire ants that bite animals that have no way to get away from them. It's painful to the dog and causes blindness. It's cruel! If you think a chained dog is going to deter people from robbing you.. think again. Dogs need to be protected and cared for versus tied up, ignored, and exposed to weather and the elements. This IS animal abuse!!!!
9,429. Laura Stanford	Portland, OR	Inhumane, needs to stop. I lived in Hawaii for 32 years and have seen this inhumane treatment time and time again We must treat dogs better, they do not deserve this awful treatment.
