Re: HB 2162 – NOTICE OF HEARING
Friday, February 2, 2018
TIME: 2:00 PM; PLACE: Conference Room 309

I am writing to SUPPORT HB 2162 – RELATING TO TEACHER INCENTIVES.

As a Kindergarten Gen. Ed. Teacher at Kamaile Academy PCS, I am in strong support of HB 2162, which clarifies that funds for bonuses required by statute or collective bargaining shall not be paid out of a charter school's facilities funding or per-pupil funds. Beginning with fiscal year 2018-2019, bonuses will be required as separate line items in the budget. This appropriates funds for teacher bonuses for hard-to-fill placement incentives and National Board certified teacher incentives for charter school teachers.

As a Conversion Charter School, Kamaile Academy PCS continues to be the home school for the local attendance area, and is a hard-to-fill placement location. With at least 70 teachers at Kamaile, \$270,000 taken out of our per-pupil funding greatly impacts the opportunity to provide the needed classroom support especially for our youngest keiki.

Kamaile Academy PCS strongly supports HB 2162 as it will help our charter school meet the needs of our keiki and provide equity funding for access to an education and for our students who are in our poorest communities.

Respectfully,

As a Conversion Charter School, Kamaile Academy PCS continues to be the home school for the local attendance area, and is a hard-to-fill placement location. With at least 70 teachers at Kamaile, \$210,000 taken out of our per-pupil funding impacts our support in the classroom, and resources to engage our growing learners. These children deserve the absolute best education they can get, and this money makes a huge difference for our keiki and school community.

Kamaile Academy PCS, and I strongly support HB 2162 as it will help our charter school meet the needs of our keiki and provide equity funding for access to an education and for our students who are in our poorest communities. Our students support outside the school is limited, so let's give them all the support possible in school by keeping and supporting our teachers in their work. My wish is for my students to pursue all of their tremendous hopes and dreams, let's join together and do all we can to pursue that by keeping strong teachers at our school. Our work is not easy but it is important and we believe in what we do.

The children of Kamaile Academy
Public Charter School need your
support for Bill HB2162.

Many of the families on the
Westside, Waianae Coast, do not
have the finances that their
student might need for school
necessities.

The moneys from Bill HB2162
would help these children
get the quality education
that they so deserve.

Thank you for your
kind attention to this
very important matter.

Re: HB 2162 – NOTICE OF HEARING
Friday, February 2, 2018
TIME: 2:00 PM; PLACE: Conference Room 309

I am writing to SUPPORT HB 2162 – RELATING TO TEACHER INCENTIVES.

As a 2nd grade elementary teacher at Kamaile Academy PCS, I am in strong support of HB 2162, which clarifies that funds for bonuses required by statute or collective bargaining shall not be paid out of a charter school's facilities funding or per-pupil funds. Beginning with fiscal year 2018-2019, bonuses will be required as separate line items in the budget. This appropriates funds for teacher bonuses for hard-to-fill placement incentives and National Board certified teacher incentives for charter school teachers.

As a Conversion Charter School, Kamaile Academy PCS continues to be the home school for the local attendance area, and is a hard-to-fill placement location. With at least 70 teachers at Kamaile, \$270,000 taken out of our school budget, let alone our per-pupil funding, impacts student's education because we could allot that money to have more educational assistants within our 2nd grade level. Currently we do not have a specific educational assistant that is just working with our grade level but rather we have one educational assistant that works with three different grade levels. To have more financial help and budget we would be able to give our students a better opportunity for assistance.

Kamaile Academy PCS strongly supports HB 2162 as it will help our charter school meet the needs of our keiki and provide equity funding for access to an education and for our students who are in our poorest communities. Our students deserve good teachers and this bill will help keep and retain teachers in our area.

Re: HB 2162 – NOTICE OF HEARING
Friday, February 2, 2018
TIME: 2:00 PM; PLACE: Conference Room 309

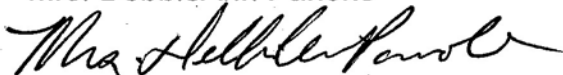

I am writing to SUPPORT HB 2162 – RELATING TO TEACHER INCENTIVES.

As a **Second Grade Teacher** at Kamaile Academy PCS, I am in strong support of HB 2162, which clarifies that funds for bonuses required by statute or collective bargaining shall not be paid out of a charter school's facilities funding or per-pupil funds. Beginning with fiscal year 2018-2019, bonuses will be required as separate line items in the budget. This appropriates funds for teacher bonuses for hard-to-fill placement incentives and National Board certified teacher incentives for charter school teachers.

As a Conversion Charter School, Kamaile Academy PCS continues to be the home school for the local attendance area, and is a hard-to-fill placement location. With at least 70 teachers at Kamaile, the amount of \$210,000 taken out of our per-pupil funding will directly impacts support to students and teachers that need at least two Educational Assistants and/or Paraprofessionals Aides for each grade level in Elementary. With such limited support in each classroom, students cannot get appropriate instructional time that they so desperately need in order for students to be successful now and in their future.

Kamaile Academy PCS strongly supports HB 2162 as it will help our charter school meet the needs of our keiki and provide equity funding for access to an education and for our students who are in our poorest communities.

As a Special Education Teacher who moved from the Honolulu District to teach here on the Leeward Coast at Kamaile Academy PCS, I am in strong support of HB 2162, which clarifies that funds for bonuses required by statute or collective bargaining shall not be paid out of a charter school's facilities funding or per-pupil funds. Beginning with fiscal year 2018-2019, bonuses will be required as separate line items in the budget. With at least 70 teachers at Kamaile, \$270,000 taken out of our per-pupil funding impacts the differentiation of instruction needed to service the students in our community-based-instruction fully self-contained (CBI-FSC) program and placement. Experienced and skilled teachers are absolutely necessary to give our students skills, to inspire hope in them and their families, and to motivate them to be contributing members of their community here.

Kamaile Academy PCS strongly supports HB 2162 as it will help our charter school meet the needs of our keiki and provide equity funding for access to an education and for our students who are in our poorest communities.

Please continue to support the Leeward communities by supporting our school with funding so that our teachers will continue to work here. It should be one of our priorities when considering passing HB 2162.

With at least 70 teachers at Kamaile, \$270,000 taken out of our per-pupil funding impact invaluable funds and resources that help keep Kamaile successful. I am worried that without this additional funding, our school and the community it serves are in grave danger of falling even further behind the rest of the state.

Kamaile Academy PCS strongly supports HB 2162 as it will help our charter school meet the needs of our keiki and provide equity funding for access to an education and for our students who are in our poorest communities. Our students and families are already severely disadvantaged and deemed at-risk. Is it fair to put them at a greater risk and decrease their chances of success, just to save a few dollars?
