

HB 2336

RELATING TO EMPLOYER
CONTRIBUTIONS TO THE
EMPLOYEES' RETIREMENT
SYSTEM

A BILL FOR AN ACT

RELATING TO EMPLOYER CONTRIBUTIONS TO THE EMPLOYEES' RETIREMENT SYSTEM.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The purpose of this Act is to facilitate the
2 payment by the State and counties of contributions to the
3 employees' retirement system in advance of the fiscal year in
4 which the contributions are required by allowing the payments to
5 be held by the system and credited against the future
6 obligations of the employers.

7 In allowing advance payments to the employees' retirement
8 system by the State and counties, it is not the intent of the
9 legislature to require separate accounts to be maintained for
10 each employer that can only be used to pay benefits of a
11 particular employer's employees. The legislature recognizes
12 that, for purposes of the standards of the Government Accounting
13 Standards Board, the employees' retirement system is a cost-
14 sharing multiple-employer pension plan in which the pension
15 obligations to the employees of the State and counties are
16 pooled and the assets of the employees' retirement system can be

1 used to pay the pensions of all State and county employees who
2 are members of the system.

3 SECTION 2. Chapter 88, Hawaii Revised Statutes, is amended
4 by adding a new section to be appropriately designated and to
5 read as follows:

6 "§88- Advance payments of State and county contributions
7 to the system. (a) The State and counties may pay to the
8 system amounts in excess of the annual amounts required to be
9 paid pursuant to this part. The payments shall be made, and the
10 system shall hold, account for, and apply the payments, as
11 provided in this section.

12 (b) The State or county shall notify the system in writing
13 whether any payment it makes to the system should be applied to
14 payment of its contributions for the current fiscal year or
15 credited to its contributions for future fiscal years. If the
16 State or a county fails to provide written notice whether a
17 payment applies to payment of contributions for the current
18 fiscal year or is to be credited to contributions for future
19 fiscal years, or if the State or a county provides written
20 notice that a payment should be applied to contributions for the
21 current fiscal year, section 88-124 or section 88-126 shall
22 apply to the payment. If the State or a county provides written
23 notice to the system that a payment should be credited to

1 contributions for future fiscal years, this section shall apply
2 to the payment.

3 (c) "Advance payment credit" shall mean the sum of all
4 payments credited to contributions for future fiscal years, less
5 sums deducted to pay contributions, together with interest
6 credited thereon.

7 (d) The State and counties may be credited with interest
8 on their advance payment credits on the last day of each fiscal
9 year, based on the average monthly balance as of the last day of
10 each month, of their advance payment credit during the fiscal
11 year. The interest rate shall be set by the board; provided
12 that the interest rate shall not be greater than the investment
13 return for the fiscal year.

14 (e) Within sixty days following the end of each fiscal
15 year, the system shall notify the State and the counties of
16 their respective advance payment credits as of the end of the
17 fiscal year.

18 (f) The State or a county may, by written notice to the
19 system, apply all or a portion of their respective advance
20 payment credit to the payment of contributions. The written
21 notice shall be given to the system no later than one hundred
22 twenty days following the start of fiscal year in which the
23 payment will be applied and shall specify the amount of the

H.B. NO. 2336

1 advance payment credit to be applied. The advance payment
2 credits shall be applied in the same manner as contributions
3 made pursuant to sections 88-124 and 88-126.

4 (g) Payments by the State and counties in excess of the
5 annual amounts required to be paid to the system pursuant to
6 this part shall be included in the pension accumulation fund,
7 even though the payments have not been applied to the
8 contribution obligations of the State or counties. Advance
9 payment credits shall not be taken into account in determining
10 the system's unfunded accrued liability for purposes of section
11 88-122, or in determining employer contribution rates, until the
12 system has received written notice that the advance payment
13 credits should be applied to payment of the contribution
14 obligations for the current year."

15 SECTION 3. New statutory material is underscored.

16 SECTION 4. This Act shall take effect, upon its approval,
17 on July 1, 2018.

RELATING TO EMPLOYER CONTRIBUTIONS TO THE EMPLOYEES' RETIREMENT SYSTEM

This measure allows payment of employer contributions to the Employees' Retirement System (ERS) in advance of the fiscal year in which the contributions are required and provides for interest on and application of the advance payments.

The Department of Budget and Finance supports this Administration measure. Currently, the ERS is not able to accept employer contributions in advance of the fiscal year in which the contributions are required. This bill would allow employers to remit cash in advance and to receive credit against future contribution obligations; therefore, giving employers more flexibility in making payments.

RELATING TO EMPLOYER CONTRIBUTIONS TO THE EMPLOYEES' RETIREMENT
SYSTEM

Chair Johanson, Vice Chair Holt and Members of the Committee,

H.B. 2336 proposes to add a new section to Chapter 88, Hawaii Revised Statutes (HRS) to facilitate advance transmittals of employer contributions by the State and counties to the Employees' Retirement System.

The contributions State and county agencies are required to make to the Employees' Retirement System (ERS) to meet obligations for retirement benefits are based on a percentage of payroll. Currently, the ERS is not able to accept employer contributions in advance of the fiscal year in which the contributions are required. This bill would allow employers who elect to do so to remit their contributions in advance to be designated in separate employer accounts and to receive credit against future contribution obligations.

The Board of Trustees of the Employees' Retirement System supports this legislation.

Thank you for this opportunity to provide testimony on H.B. 2336.
