**TESTIMONY OF SCOTT E. ENRIGHT
CHAIRPERSON, BOARD OF AGRICULTURE**

BEFORE THE HOUSE COMMITTEE ON FINANCE

**FEBRUARY 27, 2018
12:00 P.M.
CONFERENCE ROOM 308**

**HOUSE BILL NO. 2462 HD1
RELATING TO TAX EXEMPTION**

Chairperson Luke and Members of the Committee:

Thank you for the opportunity to testify on House Bill No. 2462 HD1 that seeks to exempt from the general excise tax, the purchase of farm equipment and machinery used in the conduct of agricultural operations for producers with gross incomes not exceeding \$200,000. The Department of Agriculture supports the intent of this measure and otherwise defers to the Department of Taxation.

Of the 7,000 farming operations in Hawaii, about 900 farms had value of sales in excess of \$200,000 (2012 Census of Agriculture – Hawaii State Data, Table 2, page 9). Therefore, about 87 percent of Hawaii's farmers may benefit from the tax exemption proposed in this measure.

Thank you for the opportunity to comment on this measure.

From: Linda Chu Takayama, Director
Department of Taxation

Re: H.B. 2462, H.D. 1, Relating to Tax Exemption

The Department of Taxation (Department) offers the following comments regarding H.B. 2462, H.D. 1, for your consideration.

H.B. 2462, H.D. 1, amends the general excise tax (GET) by adding an exemption for the gross proceeds arising from the sale of farm equipment to a low-income producer. A summary of key provisions are as follows:

- Adds a section to Hawaii Revised Statutes (HRS) chapter 237, exempting from the GET the gross proceeds arising from the sale of farm equipment to a low-income producer, as long as the producer's gross income does not exceed \$200,000;
- Defines "farm equipment and machinery" as any implement, tool, machine, equipment, appliance, device, or apparatus used in the conduct of agricultural operations, except for:
 - Property used for administration, management, and marketing;
 - Certain supply items and articles of clothing; and
 - Items intended for sale in the ordinary course of business.
- Authorizes the Director of Taxation (Director) to determine the time limitation for the new exemption; and
- Defective effective date of July 1, 2150.

Section 237-5, Hawaii Revised Statutes (HRS), defines "producer" as "any person engaged in the business of raising and producing agricultural products in their natural state, or in producing natural resource products, or engaged in the business of fishing or aquaculture, for sale, or for shipment or transportation out of the State, of the agricultural or aquaculture products in their natural or processed state, or butchered and dressed, or the natural resource products, or fish."

First, the Department notes that the Committee on Agriculture amended this measure to have a defective effective date of July 1, 2150. The previous effective date was July 1, 2019.

Second, the Department notes that a sunset of a tax benefit, such as a GET exemption, should probably be put into the statute itself or in the session law.

Third, the Department suggests clarifying how the \$200,000 gross income threshold should be enforced. If the intent of the measure is to base qualification on the previous year's income tax return that should be specified.

Finally, the Department suggests clarification of subsection (b)(4), which states, "Items intended for sale in ordinary course of business." If the intent of this provision is to exclude items that the producer will resell, the Department suggests specifying this.

Thank you for the opportunity to provide comments.

TAX FOUNDATION OF HAWAII

126 Queen Street, Suite 304

Honolulu, Hawaii 96813 Tel. 536-4587

SUBJECT: GENERAL EXCISE, Exemption for Farm Equipment Purchased by a Producer

BILL NUMBER: HB 2462, HD-1

INTRODUCED BY: House Committee on Agriculture

SYNOPSIS: Adds a new section to HRS chapter 237 which would exempt from the GET all gross proceeds arising from the sale of farm equipment and machinery to a producer, provided that the producer's gross income does not exceed \$200,000.

Defines "farm equipment and machinery" as any implement, tool, machine, equipment, appliance, device, or apparatus used in the conduct of agricultural operations, except:

(1) property used for administration, management, or marketing of an agricultural operation; (2) supply items such as shop towels, cleaning agents such as hand cleaners and solvents, and agricultural chemicals; (3) articles of clothing, except for clothing designed to protect an agricultural product or that is required by law when applying chemicals; and (4) items intended for sale in the ordinary course of business.

Directs the department of taxation to adopt rules under HRS chapter 91 to implement this section, including any time limitation for the exemptions.

EFFECTIVE DATE: July 1, 2150.

STAFF COMMENTS: Farm equipment as defined in the bill appears to be depreciable tangible personal property. If so, the taxpayer may already avail itself of the capital goods excise tax credit under HRS section 235-110.7, which effectively refunds the GET on purchases of such property through a refundable credit delivered through the income tax system. The proposed incentive, if enacted, would stop the GET imposed upon purchase, making the property ineligible for the capital goods excise tax credit, which results in the taxpayer in the same economic position as under current law. The exemption thus does not appear to be necessary.

February 27, 2018

HEARING BEFORE THE
HOUSE COMMITTEE ON FINANCE

TESTIMONY ON HB 2462, HD1
RELATING TO TAX EXEMPTION

Room 308
12:00 PM

Aloha Chair Luke, Vice Chair Cullen, and Members of the Committee:

I am Randy Cabral, President of the Hawaii Farm Bureau (HFB). Organized since 1948, the HFB is comprised of 1,900 farm family members statewide, and serves as Hawaii's voice of agriculture to protect, advocate and advance the social, economic and educational interest of our diverse agricultural community.

The Hawaii Farm Bureau strongly supports HB 2462, HD1, which exempts the gross proceeds from the sale of farm equipment and machinery to any qualified small farmer from the general excise tax.

Hawaii's farmers and ranchers find it difficult to purchase farm equipment due to high retail prices. This measure will assist farmers and ranchers with certain equipment and machinery expenses, which will help increase production and can help build capacity.

HFB supports any initiative that reduces the cost of production so that locally produced goods can compete with imported products, strengthening our local economy.

Hawaii Farm Bureau Policy states:

"State tax and monetary policies should be designed to encourage private initiative to help stabilize farm economics in the State of Hawaii, to promote employment and economic growth and to distribute the tax burden equitably. Further such policy should be used by the state, when appropriate, to encourage agricultural growth and expansion."

This measure falls in the "encourage agricultural growth and expansion." category.

Thank you for this opportunity to provide our opinion on this important matter.

February 23, 2018

Representative Sylvia J. Luke, Chair
Representative Ty J.K. Cullen, Vice Chair
House Committee on Finance

Testimony in Support of HB 2462 H.D. 1, Relating to General Excise Tax; Exemption; Agriculture (Exempts sales of farm equipment and machinery to certain producers of agricultural products from the general excise tax).

Tuesday, February 27, 2018, 12:00 p.m., in Conference Room 308

The Land Use Research Foundation of Hawaii (LURF) is a private, non-profit research and trade association whose members include major Hawaii landowners, developers and a utility company. LURF's mission is to advocate for reasonable, rational and equitable land use planning, legislation and regulations that encourage well-planned economic growth and development, while safeguarding Hawaii's significant natural and cultural resources, and public health and safety.

LURF appreciates the opportunity to express its **support of HB 2462 H.D. 1** and of the various agricultural stakeholder groups who defend the goals of viable agricultural operations and the conservation and protection of agriculture, including important agricultural lands (IAL) in Hawaii.

HB 2462 H.D. 1. This bill proposes to exempt from the general excise tax, sales of farm equipment and machinery to certain producers of agricultural products.

LURF's Position. LURF members include farmers and ranchers who own, maintain, and engage in agricultural enterprises, and who consider such incentives and assistance very helpful, if not critical to the conduct of their operations and to help sustain their businesses.

As this Committee is aware, the unsustainable costs cast upon land owners and agricultural stakeholders by various safety and security standards, programs and regulations are another serious concern, as the enactment of onerous regulations relating to maintenance and operation of water systems, infrastructure, as well as growing and processing machinery and facilities are proving to be potentially counterproductive to the long-term objective of sustainable agriculture.

The purpose of this bill is consistent with the underlying intent and objectives of the IAL laws (Hawaii Revised Statutes [HRS], Sections 205-41 to 52), which were enacted to fulfill the mandate in Article XI, Section 3, of the Hawaii State Constitution, “to conserve and protect agricultural lands, promote diversified agriculture, increase agricultural self-sufficiency and assure the availability of agriculturally suitable lands.” The IAL laws established a new paradigm which avoids requirements and mandates, and instead focuses on promoting agricultural viability by providing incentives for farmers and landowners to designate lands as IAL, and to build necessary infrastructure. This bill is thus an effort to expand the existing IAL program by establishing additional incentives for landowners to preserve and maintain IAL.

As noted in HRS Section 205-41, the intent of Act 183 (2005) was to develop agricultural incentive programs to promote agricultural viability, sustained growth of the agricultural industry, and the long-term use and protection of important agricultural lands for agricultural use in Hawaii concurrently with the process of identifying important agricultural lands as required under the Act. Such incentives and programs are identified in HRS 205-41 and include tax credits and/or exemptions that promote investment in agricultural businesses or value-added agricultural development.

LURF appreciates the underlying intent of HB 2462 H.D. 1, which is to support agriculture and aid agriculture-related businesses and strongly believes that passage of the long-awaited IAL legislation would be meaningless without implementation of these incentives which require the cooperation and support of the business and economic community. The establishment of tax incentives for those engaged, or desirous of engaging, in agricultural activities are critically needed to support viable agricultural activity in this State.

By recognizing the significance of, and need to assist the local agriculture industry, and implement incentives which help to support the growth and maintenance of agriculture in the State, this bill significantly helps to promote economically viable agriculture and food self-sufficiency in Hawaii.

Thank you for the opportunity to present testimony in support of this measure.

RE: Testimony in Support of **HB2462 HD1**, RELATING TO TAX EXEMPTION

To the Honorable Sylvia Luke, Chair; the Honorable Ty J.K. Cullen, Vice-Chair, and Members of the Committee on Finance:

Good afternoon, my name is Melodie Aduja. I serve as Chair of the Oahu County Committee ("OCC") Legislative Priorities Committee of the Democratic Party of Hawaii. Thank you for the opportunity to provide written testimony on House Bill No. **2462 HD1**, relating to General Excise Tax; Exemption; Agriculture; and Farm Equipment and Machinery.

The OCC Legislative Priorities Committee is in favor of House Bill No. **2462 HD1** and supports its passage.

House Bill No. **2462 HD1** is in alignment with the Platform of the Democratic Party of Hawai'i ("DPH"), 2016, as it exempts sales of farm equipment and machinery to certain producers of agricultural products from the general excise tax.

The DPH Platform states that "[a]griculture in our state must be preserved and its future strengthened. Sufficient prime agricultural lands must be maintained for the health, economic well-being and sustenance of the people. We believe in an integrated approach to agricultural innovation and sustainability. (Platform of the DPH, P.2, Lines 76-78 (2016)).

This approach includes, but is not limited to, the adoption of the native Hawaiian concept of ahupua'a, an integrated approach to land management. This could also include development of economic, land and ocean use policies that foster sustainable crops both for local consumption and for export, policies to foster agriculture-related infrastructure at shipping points, and increased inspection to protect against invasive species and to encourage reduced holding times.(Platform of the DPH, P.2, Lines 82-86 (2016)).

"As an island state, securing affordable food for all is a priority. We support healthy, sustainable, and diversified local food production, and "Buy Local" strategies to assure greater food security and food safety." (Platform of the DPH, P. 2, Lines 97-99 (2016)).

We support land use planning and infrastructure development to support sustainable diversified agriculture, including low cost inter-island transportation of agricultural products. We likewise support publicly funded research and development for agricultural diversification and value-added products.(Platform of the DPH, P. 2, Lines 104-107 (2016)).

Given that House Bill No. **2462 HD1** exempts sales of farm equipment and machinery to certain producers of agricultural products from the general excise tax, it is the position of the OCC Legislative Priorities Committee to support this measure.

Thank you very much for your kind consideration.

Sincerely yours,

/s/ Melodie Aduja

HB 2462, H.D.1
RELATING TO TAX EXEMPTION on FARM EQUIPMENT and MACHINERY

House Committee on Finance
Tuesday, February 27, 2018, 12:00 p.m. Conference Room 308

Chair Sylvia Luke, Vice Chair Ty Cullen, and Members of the House Committee on Finance,

Position: **Support HB2462, H.D.1**

As a board member of the statewide Hawaii Farm Bureau, I support HB2462 H.D.1. This bill offers a benefit to farmers across the state that often face challenges to their farming operations. This tax exemption on farm equipment and machinery supports farmers in their ability to continue farming and enables these businesses to start producing new crops that may require additional new types of equipment and machinery unique to growing a crop. The cap on gross income targets this tax benefit to small family farming operations and often beginning farms that would benefit significantly.

Thank you for the opportunity to provide testimony in support of HB2462, HD1.

Subject: I SUPPORT HB 2462, HD 1

LATE

Aloha Chair Luke, Vice Chair Cullen and Members of the Committee,

I strongly support HB 2462, HD 1, which exempts sales of farm equipment and machinery to certain producers of agricultural products from the general excise tax.

Hawaii's farmers and ranchers find it difficult to purchase farm equipment due to high retail prices. This measure will alleviate equipment and machinery expenses, while increasing productivity and introducing new business opportunities.

I request your SUPPORT of HB 2562, HD1, which will alleviate cost used to purchase farm equipment and machinery.

Thank you for the opportunity to testify on this measure.

Mahalo!
