HHSC's Mission

The mission of Hawaii Health Systems Corporation is to provide accessible, high quality, cost-effective services that address the healthcare needs of Hawaii's unique island communities.

Background

Hawaii Health Systems Corporation (HHSC) plays a vital role in the healthcare delivery system for the State of Hawaii. In fiscal year 2017, HHSC provided the care for approximately **21%** of all acute care discharges and **27%** of all emergency room visits statewide and was the largest provider of healthcare on the Neighbor Islands. Additionally, HHSC's breakdown of service delivery included the following:

- HHSC facilities provided 75% of the emergency room care and account for 65% of total acute discharges for the counties of Hawaii, Maui, and Kauai;
- For Hawaii county residents, HHSC facilities provided the care for approximately 68% of all acute care discharges and approximately 84% of all emergency room visits;
- For Kauai county residents, HHSC facilities provided the care for approximately 19% of all acute care discharges and 36% of all emergency room visits; and
- For residents of the City and County of Honolulu, the two Oahu Region facilities accounted for 11.5% of the total inpatient skilled nursing/intermediate care capacity for the county.

Current Conditions

Healthcare today is a very complex, highly regulated, and rapidly changing business with constant pressure from payors to deliver higher quality care at a lower cost. Development of health information technology, physician networks, quality improvement, and expertise in healthcare compliance rules and regulations and the revenue cycle is essential for successful hospital operations. Private hospitals have invested substantially in these areas while HHSC, with limited resources, is challenged to keep pace.

Challenges

HHSC hospitals face challenges such as:

- Large percentage of Medicaid/QUEST and uninsured patients.
- Inadequate government and third-party reimbursements for healthcare services.
- Labor costs well above industry norms
- Escalating costs related to physician and clinical staff recruitment and retention.
- Small scale operations which are costly to maintain.
- The need for capital investment in new medical technology.
- Aging facilities, with life and safety code issues and deferred maintenance, well beyond the average for similar facilities across the country.
- The impact of federal health care reform and other federal mandates and budget reductions, including unknown changes to the Affordable Care Act.
- Inability to outsource non-clinical functions.

Accomplishments

In spite of its many challenges, HHSC continues to provide high quality healthcare to the island communities it serves and is making progress in key areas. The following are some of the major accomplishments over the past year:

- On July 1, 2017, HHSC successfully transitioned the operations of its Maui Region facilities to Maui Health Systems, a Kaiser Foundation Hospitals, LLC. HHSC is currently in the process of collecting the revenues generated by the Maui Region hospitals through June 30, 2017, and paying off the associated liabilities. Although the HHSC Maui Region has no operations after June 30, 2017, there are still ongoing costs primarily relating to insurance on the property plant and equipment that HHSC still holds title to, costs to collect the receivables outstanding prior to June 30, 2017, and the costs related to storage of records for the HHSC Maui Region until record retention guidelines can be met.

- HHSC managed to increase its operating revenues 6% from fiscal year 2016 to fiscal year 2017 despite the cuts in services. Much of the increase in operating revenues from last year is due to increases in inpatient acute care volumes, particularly in the East Hawaii and West Hawaii Regions. East Hawaii inpatient acute care discharges increased by 5.4% from fiscal year 2016, and West Hawaii inpatient acute care discharges increased by almost 20% from fiscal year 2016, which are record highs for both regions since HHSC was established. In fact, since 1998, HHSC revenues have increased by almost \$428 million, or over **200%**, despite increasing downward pressures on reimbursement from the Medicare program. These increases have come from intense focus on better negotiations with third party payors, better documentation, improved billing, coding and collection procedures, strategic pricing initiatives and other measures.
- Hale Ho'ola Hamakua, Hilo Medical Center, Maluhia, and the Yukio Okutsu Veterans Care Home achieved the highest possible five-star rating from Medicare's Nursing Home Compare website. Kohala Hospital received a four-star rating.
- Hilo Medical Center was awarded a four-star rating by the Center for Medicare and Medicaid Services, which puts it among the top 20% of hospitals in the nation. Hilo Medical Center is one of only seven hospitals in the State of Hawaii which received a ranking of four stars or higher.
- On July 1, 2017, Hilo Medical Center entered into a Memorandum of Understanding creating an affiliation agreement with Puna Community Medical Clinic (PCMC). The new affiliation with Hilo Medical Center will lend healthcare expertise and financial support through a services agreement allowing Puna residents to be treated in the conveniently located walk-in medical clinic that provides urgent care services to the Puna community. This agreement will encourage the flow of patients with minor health issues to PCMC and other nearby local providers and result in a decrease in lower level emergency room visits while increasing efficiency at Hilo Medical Center's Emergency Room.

Federal Funds

HHSC's primary source of federal funds is payment from the Medicare program which accounts for approximately 40% of HHSC's gross revenues. CMS is determined to decrease hospital reimbursements which will be challenging for HHSC to mitigate. This may be exacerbated by the Presidential Administration's efforts to dismantle the Affordable Care Act and replace it with something else. Our only recourse is to continue to seek efficiencies, maximize available reimbursement and grow services to bring in more revenue.

HHSC REQUEST

Emergency Appropriation

Assuming that the Governor will release the 10% general fund restriction that it imposed in July 2017, **HHSC does not anticipate requiring an emergency appropriation in fiscal year 2018.** HHSC is only able to do this because of the contingency plans that were implemented across the system in fiscal year 2016, the relief from the budgeted fringe benefit rate increase assumptions used in HHSC’s fiscal year 2017 and 2018 cash flow projections, and the availability of the \$3,000,000 general fund appropriation for working capital for the new Maui Health System which can be used by the regions for operating deficits as the working capital requirement for the Maui transition was funded entirely out of Maui Region cash balances prior to the transition date. However, use of HHSC’s existing working capital to fund its’ anticipated \$12 million cash flow deficit in fiscal year 2018 will leave HHSC at dangerously low cash balances going into fiscal year 2019.

Fiscal Years 2019 Supplemental Budget Request (HTH 210 & 212)

In Act 49 of the 2017 Legislative Session, the Legislature appropriated the following general fund and capital improvement project appropriations for HTH 210 (Corporate Office) and HTH 212 (HHSC Regions) for fiscal year 2019.

HTH 210, 212: HHSC REGIONS, CORPORATE OFFICE	
Funding Type	FY 2019 (As Appropriated in Act 49)
TOTAL GENERAL FUND APPROPRIATIONS	<u>105,701,003</u>
CIP APPROPRIATIONS - HHSC REGIONS	-

- During the 2017 Regular Legislative Session and the 2017 Special Legislative Session, the State negotiated pay raises as part of the collective bargaining agreements with the two public sector unions. HHSC did not approve nor negotiate these collective bargaining pay raises. The Legislature did not provide any general fund appropriations to HHSC to cover the cost of these pay increases. The cumulative impact of the collective bargaining pay raises for fiscal years 2018 and 2019 (including fringe benefits) that is included in HHSC’s expense base is approximately \$24,080,000. **As HHSC will not have sufficient cash reserves to absorb the cumulative impact of these collective bargaining raises, HHSC is requesting additional general fund appropriations of \$24,080,000 to pay for these raises.** This increase will bring the total general fund appropriations to HHSC for fiscal year 2019 to \$129,781,003. However, the Governor is recommending an

additional \$11,230,969 in general fund appropriations for HHSC in fiscal year 2019, which would bring the total general fund appropriations for HHSC to \$116,931,972. HHSC cannot afford to pay for these raises without cutting expenses, which can only be done by reducing health care services at each region.

Further, Act 49 of the 2017 Legislative Session did not provide for any capital improvement project appropriations for the HHSC regions for fiscal year 2019. **The HHSC regions are requesting \$29,335,000 in capital improvement project appropriations to address the deferred maintenance backlog at each of HHSC’s hospitals.** However, the Governor is recommending \$15,000,000 in lump-sum capital improvement project appropriations for HHSC.

A summary of the amounts appropriated for fiscal year 2019 in Act 49, requested by HHSC in FY 19, and recommended by the Governor for FY 19 are summarized below.

HTH 210, 212: HHSC REGIONS, CORPORATE OFFICE			
Funding Type	FY 2019 (As Appropriated in Act 49)	FY 2019 (HHSC Request)	FY 2019 (Governor Recommendation)
TOTAL GENERAL FUND APPROPRIATIONS	<u>105,701,003</u>	<u>129,781,003</u>	<u>116,931,972</u>
CIP APPROPRIATIONS - HHSC REGIONS	-	29,335,000	15,000,000

Kahuku Medical Center Biennium Budget Request (HTH 211)

In Act 49 of the 2017 Legislative Session, Kahuku Medical Center received \$1,800,000 in general fund appropriations and no capital improvement project appropriations for fiscal year 2019. Kahuku Medical Center is requesting no additional general fund appropriations for fiscal year 2019; however, they are requesting \$1,495,000 in capital improvement project appropriations. The Governor is recommending no additional general fund appropriations nor capital improvement project appropriations for Kahuku Medical Center in fiscal year 2019.

Maui Health System Biennium Budget Request (HTH 214)

A summary of the amounts appropriated for Maui Health System in fiscal year 2019 in Act 49, requested by Maui Health System in FY 19, and recommended by the Governor for FY 19 are summarized below.

HTH 214: MAUI HEALTH SYSTEM, KFH LLP			
Funding Type	FY 2019 (As Appropriated in Act 49)	FY 2019 (MHS Request)	FY 2019 (Governor Recommendation)
TOTAL GENERAL FUND APPROPRIATIONS	-	28,780,000	28,780,000
CIP APPROPRIATIONS	-	6,000,000	6,000,000

Conclusion

In summary, below are the budget adjustments that HHSC is requesting to what was provided in Act 49 of the 2017 Legislative Session.

Program ID	Method of Funding	Increase from Act 49 Appropriations	Justification
HTH212	A (General Funds)	\$24,080,000	To pay for unfunded collective bargaining raises for FY 18-19
HTH212	C (CIP Funds)	\$29,335,000	To address deferred maintenance needs at hospitals
HTH211	C (CIP Funds)	\$1,495,000	To address deferred maintenance needs at Kahuku Medical Center
HTH214	A (General Funds)	\$28,780,000	To fund operations of Maui Health System
HTH214	C (CIP Funds)	\$6,000,000	To fund CIP requirements for Maui Health System

Despite our progress in financial performance as indicated under “Accomplishments” above, HHSC is unable to keep up with collective bargaining pay increases and mandated increases in the fringe rate for pension and retiree health insurance costs (OPEB). The inability to generate sufficient revenue to cover these costs led to reductions in personnel and services in fiscal year 2016, and may lead to future reductions in personnel and services unless general fund appropriations are provided to cover these rising costs.

HHSC is continuously analyzing how to better meet the challenges of delivering vital health care to the communities it serves. In doing so, HHSC continues to evaluate its current operations to see where there may be opportunities for the system as a whole to operate more efficiently and effectively in providing accessible, high quality services that address the healthcare needs of Hawaii’s unique island communities.
