

TESTIMONY IN STRONG **OPPOSITION** TO SB 1129
Committee on Commerce, Consumer Protection, and Health
Hearing Wednesday, February 15, 2017 in Conf Room 229 at 8:30 a.m.

From Name and Address:

Rachelle D. Pavlova, PhD., CNA, LMT
67-317 Haona St.
Waialua, HI 96791

Dear Senators Rosalyn Baker, Chair
Clarence Nishihara, Vice Chair

I submit this testimony in strong **OPPOSITION** to physician assisted suicide under any description for the following reasons:

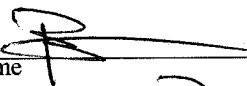

- Proper medical care includes only treating diseases NOT killing the patient
- Legalizing physician assisted suicide sends the wrong message to our troubled teens that suicide is an acceptable way to solve problems
- In Hawaii, we take care and love our Kupuna, we don't abandon them to suicide

(I.E., against Hippocratic oath)

* Other: *mis-diagnosis: In 2014 my mother was diagnosed w/ Cancer & given a "few months to live". Hospice was recommended. She said "no". It is now 2017 & she is living in her own home whilst leading a quality filled life & happy.

* *mis-use: The promotion of suicide for commercial purposes, namely the harvesting of organs for financial gain.

I urge you to vote no and kill SB1129 at the hearing on Wednesday, February 15, 2017. !!!

From Name and Address:

Haley Fillman
1239 7th Ave
Honolulu, HI 96816

Dear Senators Rosalyn Baker, Chair
Clarence Nishihara, Vice Chair

I submit this testimony in strong **OPPOSITION** to physician assisted suicide under any description for the following reasons:

- Proper medical care includes only treating diseases NOT killing the patient
- Legalizing physician assisted suicide sends the wrong message to our troubled teens that suicide is an acceptable way to solve problems

- Other: Humans should not have the ability to pick and choose
when someone lives or dies

I urge you to vote no and kill SB1129 at the hearing on Wednesday, February 15, 2017.

I submit this testimony in strong **OPPOSITION** to physician assisted suicide under any description for the following reasons:

SSS Proper medical care includes only treating diseases NOT killing the patient

SSS Legalizing physician assisted suicide sends the wrong message to our troubled teens that suicide is an acceptable way to solve problems

SSS In Hawaii, we take care and love our Kupuna, we don't abandon them to suicide

SSS Other: Human life is sacred; keeping a
terminal patient comfortable is great;
taking their life or enabling them to is wrong.

I urge you to vote no and kill SB1129 at the hearing on Wednesday, February 15, 2017.

TESTIMONY IN STRONG **OPPOSITION** TO SB 1129
Committee on Commerce, Consumer Protection, and Health
Hearing Wednesday, February 15, 2017 in Conf Room 229 at 8:30 a.m.

From Name and Address:

Emma Cooksey, age 14
2322 Fern Street #302
Honolulu, HI 96826

Dear Senators Rosalyn Baker, Chair
Clarence Nishihara, Vice Chair

I submit this testimony in strong **OPPOSITION** to physician assisted suicide under any description for the following reasons:

- Proper medical care includes only treating diseases NOT killing the patient
- Legalizing physician assisted suicide sends the wrong message to our troubled teens that suicide is an acceptable way to solve problems
- In Hawaii, we take care and love our Kupuna, we don't abandon them to suicide
- Other: Through physician-assisted suicide, families
are torn apart and devastated, and the very definitions
of ohana and aloha are forgotten and overlooked.

I urge you to vote no and kill SB1129 at the hearing on Wednesday, February 15, 2017.
