Comments: Aloha kakou, I support the forward thinking of SB160 RELATING TO AGRICULTURE. Establishes and appropriates funds for the Korean natural farming pilot program to combat various agricultural pests in Hawaii. Repeals on June 30 Mahalo.

Comments: I support sustainable and natural farming techniques, which are vital alternatives to the standard chemical based farming that is commonplace here in Hawaii.

Comments: Korean Natural Farming holds great potential to increase our local farm outputs without increasing imported agricultural inputs. Please pass it. Thank you.

Comments: Our experience with the Korean Natural Farming Method on Kauai, both in my own food production and in a number of farms has been remarkable. We are excited to be developing this pathway robustly. It is low-cost and is pleasingly successful. Here is a film we made reflecting our stories of success that we have had on Kauai on YouTube called Healing the Soil.
