PRESENTATION OF THE
OAHU COUNTY COMMITTEE ON LEGISLATIVE PRIORITIES
DEMOCRATIC PARTY OF HAWAII
TO THE COMMITTEE ON ENERGY & ENVIRONMENTAL PROTECTION
THE HOUSE OF REPRESENTATIVES
TWENTY-NINTH LEGISLATURE
REGULAR SESSION OF 2018

Tuesday, March 13, 2018

8:30 p.m.

Hawaii State Capitol, Conference Room 325

RE: Testimony in **Support** of **SB2110 SD2**, RELATING TO HAZARDOUS WASTE
To the Honorable Chris Lee, Chair; the Honorable Nicole E. Lowen, Vice-Chair and
Members of the Committee on Energy & Environmental Protection:

Good morning. My name is Melodie Aduja. I serve as Chair of the Oahu County
Committee ("OCC") Legislative Priorities Committee of the Democratic Party of Hawaii.
Thank you for the opportunity to provide written testimony on **SB2110 SD2** relating to
Hazardous Waste; Household Used Oil from Motor Vehicles; and Retail Automotive
Parts Stores.

The OCC Legislative Priorities Committee is in favor of **SB2110 SD2** and
strongly supports its passage as it requires retail automotive parts stores with an
existing oil collection and storage unit to accept household generated used oil from
motor vehicles for recycling or disposal; defines retail automotive parts store; and allows
a retail automotive parts store to collect a fee for the actual cost of disposal or recycling.

SB2110 SD2 is in accord with the Platform of the Democratic Party of Hawai'i
("DPH") which provides that "[t]he Democratic Party of Hawaii believes that the
preservation and restoration of our natural environment are essential. We support a
sustainable society that utilizes the earth in such a way that future generations will
benefit from the practices of our generation. We support the restoration, preservation,
and protection of our native ecosystems on each island. We believe in integrated
approaches, practices, and support public policies that create and maintain a
sustainable way of life in Hawai'i" (Platform of the DPH, P. 8, Lines 406-411 (2016)).

Given that **SB2110 SD2** requires retail automotive parts stores with an existing oil collection and storage unit to accept household generated used oil from motor vehicles for recycling or disposal; defines retail automotive parts store; and allows a retail automotive parts store to collect a fee for the actual cost of disposal or recycling, it is the position of the OCC Legislative Priorities Committee to strongly support this measure.

Thank you very much for your kind consideration.

Sincerely yours,

/s/ Melodie Aduja

SIERRA CLUB OF HAWAI'I
MĀLAMA I KA HONUA. *Cherish the Earth.*

HOUSE COMMITTEE ON ENERGY AND ENVIRONMENTAL PROTECTION

Tuesday, March 13, 2018 8:30AM Conference Room 325

In SUPPORT of SB 2110 SD2 Relating to hazardous waste

Aloha Chair Lee, Vice Chair Lowen and members of the Committee,

On behalf of our 20,000 members and supporters, the Sierra Club of Hawai'i, a member of the Common Good Coalition, **supports SB 2110 SD2**, which requires retail automotive parts stores with an existing oil collection and storage unit to accept household generated used oil from motor vehicles for recycling or disposal.

The Sierra Club of Hawai'i, dedicated to exploring, enjoying, and protecting these unique and beautiful islands we call home, have engaged in decades-long efforts to keep valuable public areas free of pollution from waste of all sorts. This measure will effectively reduce the potential for hazardous used motor oil waste from contaminating the environment, a problem in many areas around Hawai'i, which can have negative effects on human health and safety, as well as the environment.

We are committed to supporting efforts seeking to reduce waste, litter, and pollution across the islands. SB 2110 SD2 contributes to these efforts.

Thank you very much for this opportunity to provide testimony on this important issue.

Comments:

The current lack of readily accessible motor oil recycling locations is resulting in motor oil getting dumped. This bill will end most of that and more oil will be available to make recycling more viable.
