Comments: I support the state funding to begin the development of a new cash crop of Hemp for Hawaii to determine if it is viable for our islands. There is potential for this crop to give added resilience to our island needs. Kilauea, Kauai

Comments: SB 226 RELATING TO INDUSTRIAL HEMP. Appropriates funds for one full-time equivalent program coordinator and one full-time equivalent inspector position within department of agriculture for the industrial hemp program The hemp program may prove to be robust and thriving, therefore we should give it every opportunity to improve the lives of the residents and the state's financial situation. Mahalo.

Comments: I support this proposal. Industrial hemp is an appropriate crop for our state and could increase our agricultural jobs and the economy.
