S. B. 2476, S.D. 2
RELATING TO MOTOR VEHICLE INSPECTIONS

House Committee on Transportation

The Department of Transportation (DOT) **strongly supports** S.B. 2476, S.D. 2 relating to motor vehicle inspections. The purpose of this bill requires the DOT to adopt rules for motor vehicle inspection safety checks.

S.B. 2476, S.D. 2 will allow the program to be run more efficiently, thereby improving safety, service and value to the public. Additionally, the interests of the public are protected by public hearings that allow opportunity for public input on any administrative rule amendment.

DOT urges the passage of S.B. 2476, S.D. 1.

Thank you for the opportunity to provide testimony.

Comments:

RE: SB2476 to change the periodic motor vehicle safety inspection period to 2 years from 1 year.

We oppose this bill because of the safety of the public. Having been in the safety inspection business for over 30 years, it is not in the best interest to do this . Hundreds of vehicles on the roads do not have proper stop lights operating, signal lights defective, unsafe tires, etc. They are noted when they come in for their yearly inspections. What will happen if they come in every 2 years?

We hope that you reconsider passage of this bill.

Sincerely,

Marine Patao, owner Patao Gas & Go
