Comments:

Please support this bill. Hawaii is the only airport system in the US that charges individuals criminally with full misdemeanors for accidentally parking an aircraft in the wrong space or other similar and minor events. A full misdemeanor means the individual charged now faces thousands of dollars in legal fees, a possible jury trial, a potential 1 year in jail and a lifetime criminal record coupled with a potential loss of a security clearance, loss of their job, or loss of a professional license for the rest of their life. The current law is not reasonable, fair, or just.

Thank you.
