DAVID Y. IGE
GOVERNOR

LEO R. ASUNCION
DIRECTOR
OFFICE OF PLANNING

Statement of
LEO R. ASUNCION
Director, Office of Planning
before the
SENATE COMMITTEE ON WAYS AND MEANS
Friday, February 23, 2018
10:30 AM
State Capitol, Conference Room 211

in consideration of
SB 2666, SD1
RELATING TO SUSTAINABLE DEVELOPMENT GOALS.

Chair Dela Cruz, Vice Chair Keith-Agaran, and Members of the Senate Committee on Ways and Means.

The Office of Planning supports SB 2666, SD1 Relating to Sustainable Development Goals. SB 2666, SD1 seeks to amend Hawaii Revised Statutes (HRS) Chapter 226, the Hawaii State Planning Act, to codify one of the United Nations' (UN) Sustainable Development Goals, a group of 17 goals to transform our world; SB 2666, SD 1 specifically seeks to codify UN Sustainable Development Goal, global goal 5, to ensure gender equality by 2030.

The OP appreciates the adoption of global goal 5 to achieve gender equality and empowering all women and girls throughout the State of Hawaii by 2030.

The OP also appreciates the amendments made in the Senate Draft 1 version of this bill, codifying this proposal in Hawaii Revised Statutes Chapter 226, the Hawaii State Planning Act, to be consistent with HRS § 226-108, the State's sustainability priority guidelines and principles.

Thank you for the opportunity to testify on this measure.

STATE OF HAWAII
DEPARTMENT OF EDUCATION
P.O. BOX 2360
HONOLULU, HAWAII 96804

Date: 02/23/2018
Time: 10:30 AM
Location: 211
Committee: Senate Ways and Means

Department: Education

Person Testifying: Dr. Christina M. Kishimoto, Superintendent of Education

Title of Bill: SB 2666, SD1 RELATING TO SUSTAINABLE DEVELOPMENT GOALS.

Purpose of Bill: Codifies sustainable development goals based on the United Nations' Global Goal five, gender equality. Effective 7/1/2035. (SD1)

Department's Position:

The Department of Education (Department) supports the Legislature's interest in codifying Hawaii's commitment to Sustainability, including the achievement of gender equity, the empowerment of women and girls by 2030, or Goal 5 of the United Nations 17 Sustainable Development Goals.

In Hawaii, where the great Congresswoman Patsy Mink's forward-thinking led the nation towards impacting equality, by paving paths for greater college access and enrollment for women through Title IX, the Department re-affirms its commitment towards inspiring and supporting Hawaii's women and girls.

Thank you for the opportunity to provide testimony o this measure.

The Hawaii State Department of Education seeks to advance the goals of the Strategic Plan which is focused on student success, staff success, and successful systems of support. This is achieved through targeted work around three impact strategies: school design, student voice, and teacher collaboration. Detailed information is available at www.hawaiipublicschools.org.

Hawai'i Green Growth is a statewide public-private partnership that catalyzes action across government, private sector and civil society to achieve Hawai'i's sustainability and climate goals, and serve as a model for integrated green growth

Testimony of Hawai'i Green Growth
In Support of SB2666 SD1 Relating to Sustainable Development Goals
Senate Committee on Ways and Means
22 February 2018, 10:10am, Room 211

Honorable Chair Dela Cruz, Vice Chair Keith-Agaran, and Members of the Committee:

As a statewide partnership, Hawai'i Green Growth (HGG) **strongly supports SB2666 SD1** to adopt the United Nations 2030 Sustainable Development Goals (SDGs) into state law. We recognize gender equality is a fundamental human right and is a necessary foundation for a sustainable future, as highlighted through SDG5. Even further, HGG recommends adopting the entire global framework with all 17 SDGs, as reflected in **SB2666 SD1**. HGG acknowledges discussions underway to determine the appropriate placement in HRS, but supports the overarching vision to holistically address 21st century challenges that cut across environmental, social, and economic priorities.

We appreciate the Senate's leadership on the 2018 Majority Program on UN Sustainable Development Goals (SDGs), as well as the support for Hawai'i sustainability initiatives over the past several decades. Our partnership believes that the SDGs can help advance local efforts to address key challenges in Hawai'i across housing, climate change, energy, environmental protection, health, education and economic development by acknowledging that none of these can be addressed without consideration for the others. We cannot meet our climate goals without achieving sustainable development outcomes and vice versa. Senator Kenneth Brown's 1973 Mālama Hawai'i speech proposed that every action – economic, social and political - be guided by *mālama*. The 17 SDGs embody Hawai'i's *mālama* 'āina approach to resource management, and counsels the necessity of maintaining a balance between all aspects of our environment, society, and economy. In many ways Senator Brown foretold the eventual arrival of the SDG framework.

Hawai'i launched the *Aloha+ Challenge: He Nohona 'Ae'ōia* one year prior to the formal adoption of the SDGs by over 190 countries. The *Aloha+ Challenge* is led by the State Legislature (Senate Concurrent Resolution 69), Governor, four County Mayors, Office of Hawaiian Affairs, and private sector and civil society partners. Building on Hawai'i's history of systems thinking and many community initiatives, this commitment identifies statewide sustainability goals across energy, food, natural resources, waste, smart sustainable communities and climate, green education and workforce. Hawai'i's *Aloha+ Challenge* is recognized as a place-based model to support locally and culturally appropriate implementation of the SDGs. At the same time, the global SDG framework supports the implementation of local models like the *Aloha+ Challenge*, Sustainable Hawai'i Initiative, 100 Resilient Cities, Promise to Pae 'Āina, and other efforts, and can help attract new resources to drive implementation. It also builds on Hawai'i's recent adoption of the Paris Agreement (Act 32) and the inspiring Mālama Honua Worldwide Voyage of Hōkūle'a. Enacting SDGs into state law is significant for Hawai'i locally, nationally and internationally.

Above all, the partnership recognizes that Hawai'i's long-term security in the face of climate change and other challenges is now linked to the success of this global agenda. Because of the scale of the threat, this is no longer something Hawai'i can do alone. Indeed, for many in the international community, Hawai'i holds the answer to finding the balance based on the wisdom of our host culture and fundamental island values, as embodied in Senator Kenneth Brown's speech delivered 45 years ago. It is our kuleana, both a responsibility and privilege, to partner with communities across the globe to build a more sustainable future for Hawai'i and island earth.

Thank you for your visionary leadership and for the opportunity to submit testimony.

Planned Parenthood Votes Northwest and Hawaii

To: Hawaii State Senate Committee on Ways and Means
Hearing Date/Time: Friday, Feb. 23, 2018, 10:30 a.m.
Place: Hawaii State Capitol, Rm. 211
Re: Testimony of Planned Parenthood Votes Northwest and Hawaii in support of S.B. 2666, HD1

Dear Chair Dela Cruz and Members of the Committee,

Planned Parenthood Votes Northwest and Hawaii (“PPVNH”) writes in support of S.B. 2666, HD1, which seeks to codify the State’s commitment to conservation and sustainability by including goal five, gender equality, of the seventeen United Nations SDGs and indicators, with references to existing state sustainability programs, in the Hawaii Revised Statutes.

PPVNH promotes and protects reproductive health, rights and justice by advocating for public policies that guarantee the right to reproductive freedom and full and nondiscriminatory access to reproductive health care. PPVNH supports this measure because it will help to promote reproductive justice by combating gender based discrimination and ensuring equality for women and girls in state workforce, services, programming and policies.

Hawaii’s adoption of Goal 5 will serve as an example of Hawaii’s high standards for the health and well-being of women and girls at a time when serious assaults against reproductive health and justice are occurring across the nation. Most importantly, it may serve to provide positive, genuine, lasting change in the every day lives of Hawaii’s women and girls.

Thank you for this opportunity to testify in support of S.B. 2666, HD1.

Sincerely,

Laurie Field
Hawaii Legislative Director and Public Affairs Manager
