Senate Committee

Subject: SB2787 Relating to Childcare providers

February 3, 2018

My name is Julie Pascua, and I am a concerned citizen, and a childcare provider. I support SB 2787.

I support the implementation and enforcement until further studies are done. Liability insurance should be mandatory. However, the department of human services SHOULD NOT be setting the amount for the childcare providers. This should be an individual decision. Home Childcare providers are individual business owners where they should determine how much insurance they will need. Not all childcare providers need the same amount.

Thank you for reading my testimony, in strong support of this bill which I hope you will take in consideration.

Chair Josh Green Human Service Committee

Senate Bill SB 2787

Hearing Date-February 5, 2018

My name is Katherine Oshiro and I am a Family Child Care Provider in Waipahu. I am testifying in support of Senate Bill SB 2787. I support the implementation and enforcement until further studies are done. I oppose the set amount to be disclosed in the providers contract due to the possibility of potential lawsuits. thank you for the opportunity to testify in support of this bill.

Comments:

It is important to delay Act 161 concerning the liability insurance for family childcare businesses.

More time is necessary to study how enforcing the purchase of liability insurance will affect the affordability of childcare for parents.

Comments:

As a parent of children in licensed child care, I support this bill because I feel that high quality providers may either close business or not license with DHS. This may greatly reduce the pool of licensed providers, risk the health and safety of children at non-licensed care, and increase child care cost for parents who seek licensed providers.
