elections.hawaii.gov

SCOTT T. NAGO  
CHIEF ELECTION OFFICER

TESTIMONY OF THE  
CHIEF ELECTION OFFICER, OFFICE OF ELECTIONS  
TO THE SENATE COMMITTEE ON JUDICIARY AND LABOR  
ON SENATE BILL NO. 334  
RELATING TO ELECTIONS

February 3, 2017

Chair Keith-Agaran and members of the Senate Committee on Judiciary and Labor, thank you for the opportunity to testify in support of Senate Bill No. 334. The purpose of this bill is to implement elections by mail statewide beginning in 2020.

This bill envisions elections by mail to be implemented statewide in 2020. Given our strong support for all mail elections, we believe the bill should permit election officials the flexibility to be able to implement all mail elections earlier. Specifically, election officials should be given the ability as early as 2018 to implement all mail elections in particular precincts or counties, as they deem appropriate. As such, we would propose the following changes to proposed section 11-A.

**§11-A Elections eligible to be conducted by mail.** Beginning with the 2020 primary election, all elections shall be conducted by mail in accordance with this title. Any election prior to the 2020 primary election may be conducted by mail, in whole or in part, as determined by the chief election officer for state or federal elections or the county clerk for county elections. To the extent an election is only conducted in part by mail, any proclamation will clearly detail which precincts will continue to have polling places and which ones will be conducted by mail.

Additionally, we propose the following clarifying amendments.

We believe the bill should be amended for consistency to define the roles and responsibilities of the Office of Elections and the county clerks. The bill states that the chief election officer and clerks will determine and provide for voter service centers and places of deposit. However, this is inconsistent with proposed §11-I which provides that voter services centers will be established at the office of the county clerks and that the county clerks may designate places of deposit.

We suggest amending subsection (c) of proposed §11-B, to refer to the county clerk, as opposed to the chief election officer. In addition, an amendment to proposed §11-J to state that “[t]he counties shall be responsible for voter registration, absentee voting, voter service centers, places of deposit, and the mailing and receipt of ballots.” Similarly, as the mailing of ballots is a task of the county clerks, we believe the public notice of mailing should likewise be issued by the county clerks.

Additionally, we propose amending the deadlines to file an election contest for the primary election to thirteen days. This ensures that an election contest will be resolved to meet the 45-day requirement to mail UOCAVA ballots.

As it relates to Section 6 regarding late registration, we propose a housekeeping amendment to §11-15.2(c)(3) to increase the fine associated with providing false information from \$1,000 to \$10,000 for consistency with Class C felonies.

Finally, Section 39 repeals the compensation mechanism for all election day officials. However, we propose the following language to maintain election day officials at the counting center to process mail ballots:

Election day officials shall be compensated pursuant to a schedule established by the chief election officer. The schedule shall be contained in rules adopted pursuant to chapter 91.

Thank you for the opportunity to testify in support of Senate Bill No. 334.

**ON SENATE BILL NO. 334**  
**RELATING TO ELECTIONS**  
**February 3, 2017**

Chair Keith-Agaran and Committee Members:

Thank you for the opportunity to provide written testimony in support of Senate Bill No. 334. This Bill proposes establishing elections by mail statewide beginning with the 2020 primary election.

Our Office fully supports this Bill, but requests that it be amended to allow the county of Kaua'i to implement elections by mail beginning with the 2018 primary election. It is our belief that elections by mail will offer the most efficient and cost effective means for delivering voting services.

Additionally, if needed, please feel to contact the County of Kaua'i's Elections Division for any information on elections by mail or related matters.

Thank you for this opportunity to provide testimony in support of Senate Bill No. 334. Your favorable action and continued support of elections by mail is appreciated.

TESTIMONY OF DANNY A. MATEO

COUNTY CLERK, COUNTY OF MAUI

TO THE SENATE COMMITTEE ON JUDICIARY AND LABOR

ON SENATE BILL NO. 334

RELATING TO ELECTIONS

February 3, 2017

Chair Keith-Agaran and members of the Senate Committee on Judiciary and Labor, thank you for the opportunity to offer testimony in support of Senate Bill No. 334, with comments. The purpose of this bill is to have elections by mail statewide beginning with the 2020 elections.

Senate Bill No. 334 provides a comprehensive overhaul of current statutory provisions related to elections, to conform to elections by mail operations. Feedback from other jurisdictions that have transitioned to elections by mail have indicated a comprehensive overhaul is needed for creation of effective and efficient elections by mail law.

Proposed Section 11-D(a) states, in part, that “the voter shall comply with the instructions included in order to cast a valid vote.” The instructions included provide for “(2) Inserting the marked ballot in the secrecy envelope”. Our office does receive absentee ballots from constituents in which they place the absentee ballot directly into the return identification envelope, foregoing the secrecy envelope. We would respectfully request that clarification be given within this provision to ensure a ballot returned that is not contained within the secrecy envelope, but is contained within the return identification envelope, still be counted as a valid vote.

February 2, 2017

Page 2

Proposed Section 11-D(c) states, in part, “To cast a valid ballot, the voter shall return the marked ballot in the return identification envelope by mail...” We would respectfully request that clarification be given to allow a valid ballot to be cast, if the voter returns the ballot contained within the return identification envelope in person to a voter service center or place of deposit, to be consistent with Section 15-9, Hawaii Revised Statutes, and Section 27 of this proposed bill.

Section 11 of the proposed bill removes the requirement for watchers to have the same qualifications established for precinct officials, and Section 35 of the proposed bill repeals Section 11-72, Hawaii Revised Statutes, relating in part to criteria for individuals wishing to serve as precinct officials. We would recommend that criteria be established similarly for watchers, such as restricting candidates from serving as watchers.

Section 17 of the proposed bill provides for, in part, an electioneering perimeter and admission guidelines for places of deposit. Clarification should be given for the “area” described in the proposed Section 11-132(c), Hawaii Revised Statutes. For example, if a place of deposit were established in a commercial building or library, admission within those areas could be construed to be limited to those described in subsection (c), as subsection (a) outlines places of deposit to include the building in which it is located, parking lots adjacent or routinely used, and routes of access.

Section 23 of the proposed bill amends Section 11-157, Hawaii Revised Statutes. We would respectfully request clarification or guidance on the Legislature’s intent to decide a tie by lot.

Overall, we feel that elections by mail is a more efficient and effective way to reach our voters and administer elections.

Thank you for this opportunity to provide testimony in support of Senate Bill No. 334.

TO:            Honorable Chair Keith-Agaran and Members of Judiciary & Labor Committee

RE:            SB 334 Relating to Elections  
                  Support for hearing on Feb. 2

Americans for Democratic Action is an organization founded in the 1950s by leading supporters of the New Deal and led by Patsy Mink in the 1970s. We are devoted to the promotion of progressive public policies.

We support SB 334 as it would provide for easier voting by mail. Even in Hawaii we have seen people who were so frustrated by long lines at certain times and walked away rather than vote. (Personally I was a poll watcher in 2012 and saw it at the McCully/Kapiolani precinct.) We need to do everything we can to make it easier to vote. This bill would help.

Thank you for your consideration.

Sincerely,

John Bickel  
President

RE: SB 334 to be heard, Friday February 3, at 8:45 AM in Room 016

To the members of the Senate Committee on Judiciary and Labor

We **oppose** this bill that will eliminate the choice of voters to go the polls on election day and cast their votes. Why tell thousands of voters that they must do something different than what they are comfortable with. Many people do not like mail in ballots as family members and others can influence the vote.

Signed:

Tracy Ryan, Chair

Aloha Senate Committee on Judiciary and Labor,

My name is Anne Frederick and I am the Executive Director for the Hawai'i Alliance for Progressive Action (HAPA). HAPA is a statewide environmental, social and economic justice organization. HAPA engages over 10,000 local residents annually through our work.

From October through December of 2016 HAPA and several of our partners held a series of input gathering forums across the islands called the People's Congress. Over 800 people attended forums on Kaua'i, O'ahu, Maui and Hawai'i Island to discuss the most pressing issues facing their communities. Civics was one of seven issue areas we focused on. Every forum identified lack of voter engagement as a problem and the need to enact measures to help increase voter participation.

I am writing in strong support of the following Voting By Mail bills:

[SB334](#) Voting by Mail; Voter Service Centers (\$)

[SB428](#) Elections; Voting; Elections by Mail; Postposed Elections; Election Results; Election Expenses; Appropriation (\$)

[SB1066](#) Elections; Voting; Elections by Mail; Postponed Elections; Election Results; Election Expenses; Appropriation (\$)

Passing this bill would make voting more convenient by avoiding long lines and would save the state approximately \$800,000 every election cycle. As you know, Hawai'i has the lowest voter turnout across the nation. Reports from 2016 election indicate Hawai'i's voter turnout at only 58% down from 62% from four years earlier.

HAPA believes this bill will support more civic engagement throughout Hawai'i.

Respectfully,

Anne Frederick, Executive Director  
Hawai'i Alliance for Progressive Action (HAPA)

Senate Judiciary and Labor Committee  
Chair Gilbert Keith-Agaran, Vice Chair Karl Rhoads

Friday 02/03/2017 at 8:45 AM in Room 016  
SB334— Relating to Elections

TESTIMONY — SUPPORT  
Corie Tanida, Executive Director, Common Cause Hawaii

---

Dear Chair Keith-Agaran, Vice Chair Rhoads, and members of the Committee:

**Common Cause Hawaii supports SB334** which would establish a statewide “Voting-by-Mail” or, “Elections-by-Mail” system.

Common Cause believes that increased citizen participation in the electoral process is a crucial component of maintaining a successful democracy, and believes that Voting-by-Mail provides people more time to exercise their right to vote.

#### **VOTING TRENDS**

It’s important that the ways we engage the voting public be maximized to counter the perceived voter apathy, and other factors that have led to a decrease in voter participation in recent years. We believe the intent of SB 334 achieves that goal in numerous ways; the first of which being the basic voter preference for Voting-by-Mail. Although statewide Voting-by-Mail has yet to be fully implemented locally, it has been successfully utilized in Hawaii as recently as the 2010 1<sup>st</sup> Congressional District election. According to figures provided by the Office of Elections, trends show a leaning of basic voter preference for Voting-By-Mail with 54.4% of voters from the 2016 Hawaii Primary Election opting to participate by mail-in absentee ballot, compared with 38.1% who voted at their precinct.

#### **OVERCOMING LOGISTICAL OBSTICLES**

In addition to the individual and collective benefits that Voting-by-Mail provides to the public, tangible solutions to significant logistical obstacles accompany the intent of this bill: Hawaii’s 2014 Primary Election reminded us that the potential for storms, hurricanes, and other natural disasters, pose a substantial threat to an electoral system which relies heavily on holding elections on a single day. A Voting-by-Mail system is more “protected” from these natural disasters.

#### **POTENTIAL TO SAVE TAXPAYER MONEY**

Estimates from the Office of Elections show that after an initial technology investment, the state would save approximately \$800,000 per election cycle. Tax dollars can be saved by the reduced need for as many walk-in voter service centers that accompanies a Voting-by-Mail system; a system which will only be further complemented by the election reform measures that are in the process of being implemented: Online Voter Registration, as of 2015; Late Voter Registration at Early Walk-In Sites as of 2016, and Election Day Registration as of 2018. These programs, combined with implementing a Voting-by-Mail system, will showcase Hawaii as a “model” state for voting reforms.

**Thank you for the opportunity to offer testimony supporting SB334.**

## COMMITTEE ON JUDICIARY AND LABOR

FRIDAY, February 2, 2017, 8:45 a.m., Room 016  
SB 334 RELATING TO ELECTIONS

### TESTIMONY

Janet Mason, Legislative Committee, League of Women Voters of Hawaii

Chair Keith-Agaran, Vice-Chair Rhoads and Committee Members:

**The League of Women Voters of Hawaii supports SB 334 that introduces voting by mail across all counties in 2020.** The League is very happy to see introduction of seven “vote by mail” bills in this session, and we support the intent of each bill. It is worth noting that all bills make voting by mail voluntary and that in-person voting and voter assistance would still be available in “voter service centers.”

We strongly support modernizing the way we vote and saving money in the process. Conducting elections by mail **statewide** is an extension of decades of experience with successful distribution, collection and counting of mail-in ballots. Hawaii has permitted absentee voting since 1976, so procedures for voting by mail, including division of labor between the Counties and the State, are well established. Our County Clerks and the Office of Elections support this change.

Voter education promoting “voting by mail” is already well underway, and voters are responding. To succeed with this approach, certain reminders we already use should be emphasized, such as signing the outside ballot return envelope and meeting the deadline for ballot return.

One major difference among the seven bills concerns the implementation schedule. This bill (and its companion HB 1401) propose introducing voting by mail simultaneously in all counties in 2020. SB 1066 and SB428 both suggest voting by mail in Kauai County in 2018 and across all counties in 2020. Any of these schedules are acceptable to League, for voter benefits, cost savings and process improvements will be realized no matter when we begin.

This measure is silent about disclosure of election results following a natural disaster in a precinct, and we think it is important to address this. We suggest that results for the postponed district should not be disclosed until that election has concluded and results for precincts not postponed should be withheld for a reasonable period, e.g. seven calendar days. Some balance must be struck between providing reasonable

49 South Hotel Street, Room 314 | Honolulu, HI 96813  
[www.lwv-hawaii.com](http://www.lwv-hawaii.com) | 808.531.7448 | [voters@lwv-hawaii.com](mailto:voters@lwv-hawaii.com)

accommodation for distressed voters in a postponed disaster district while providing finality to our election results.

The League acknowledges the extensive operational expertise of the City and County of Honolulu (the bill's sponsor) and thanks them for their commitment to protecting the integrity of absentee voting since its introduction in 1976. For example, this is the only "vote by mail" bill which suggests adding the precaution of replacing defective ballots only after review by two observers, and we fully support this precaution.

Thank you for the opportunity to submit testimony.

Comments: I am in strong support of this measure. It may actually increase voter participation. In addition it is my understanding that the State Office of Elections cannot afford the new machines required for the future. Then there is the issue of election hacking which, although the machines may be offline, the software that governs those machines is easily hacked according to a well-known computer scientist. Yes to this bill. Don't understand the difference between this one and SB1066. They look identical from the description.

Dear Chair Keith-Agaran, Vice Chair Rhoads, and Committee Members,

I am testifying in support of these three Vote By Mail bills because they are an important step forward to increasing voting and civic engagement in Hawai'i.

The convenience of voting by mail would help residents avoid long voting lines, have time to study, and vote on our own schedule.

These measures would also save the State money: the Office of Elections estimates by having Vote By Mail and service centers, the state will save approximately \$800,000 every election cycle due to the streamlining of our elections.

I also feel this will help families not be stressed by time constraints to have to get to the polls, with there busy lives.

More people will also feel more motivated to vote the easier it is for them.

Please pass SB334, SB428, and SB1066.

Mahalo,  
Dr. Bonnie Marsh

Hello,

My name is Jun Shin, and this is my testimony in support of SB334, SB428, and SB1066 regarding elections. Thank you very much.

Mahalo,

Jun

I am writing this testimony in support of SB334, SB428, and SB1066. This is because I believe that in order to increase participation in our democracy, we need to make voting more accessible, and more comfortable for the 21<sup>st</sup> century American citizen. Hawaii has problems with voter turnout, and sure there are several examples of people being dissatisfied with the candidates, but it is also due to the fact that people are busy with their own lives and it is hard to take time off to vote so when you let us mail in, then surely we can vote at both our leisure and convenience without feeling unnecessary stress with the workload that we have in life. We have to make it easier, because voting is something that I strongly believe in as it let's all of us have a say in how our government works and who represents us. When so many don't vote, then we are leaving our government in the hands of a few and many times, decisions will be made that will truly not represent the needs and wants of all the people, and it leaves many both bitter and cynical toward the political process. I believe in this strongly and I do think that this will allow more of us to have a say and I believe that even in this divisive time, these bills will truly lead to a more perfect union. Thank you and I do hope to see all of you esteemed ladies and gentlemen supporting this, as it will not only benefit you politically in the eyes of the people, but you will have the satisfaction of knowing that you served the people and did some good for the Aloha state.

---

Aloha,

I'm writing to submit testimony in support of the following bills related to voting by mail:

- SB334
- SB428
- SB1066

I support these bills because I believe voting by mail will increase voter participation, save the state money, and ease the voting process for individuals who may face difficulties getting to polling places.

While voting in the presidential election, I met an elderly Bulgarian-American woman who was struggling to stand in line at our polling place due to a leg injury. I offered her a ride home after, and realized when we got to her home, how far she had walked (a good mile) up and down hills just to turn out and vote! Let's ease the process for folks like her.

Thank you,  
Katie Adamson

Aloha,

My name is Kau'i Pratt-Aquino and I am in strong support of SB334, SB428, SB1066. We must address the lack of voter engagement in our state and do what we can to make this process is easier. Hawaii has one of the lowest percentage of voter turnout. These bills will help to increase the number of voters through the mail!

Please support these bills!

Mahalo!

Comments: Voting by mail opens the door to massive amounts of voter fraud. For example, a politician could go door to door, or go to a nursing home, to "help" frail or elderly people fill out their ballots and to make sure those ballots get mailed in time. A union steward could demand his members bring their ballots to the union hall so they could all fill them out together "correctly" while eating beef stew and rice. In the recent election we worried about illegal voters or electronic "hacking." How easy is it for backroom bureaucrats to deliberately mis-count or discard mailed ballots they don't like? House and Senate in Washington D.C. and every state require that every vote on any bill must be done in person on the floor of the chamber -- legislators cannot stay in their offices, or back home, while voting electronically or by email. Legislator on deathbed in hospital got wheeled in on a gurney to cast his vote in person. Why? To protect against fraudulent voting. Please stop encouraging people to vote by mail or internet. Please do not pass any bill that forces people to vote by mail or on the internet or in any way other than in-person on election day.

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.

# PETER L. FRITZ

## THE SENATE THE TWENTY-NINTH LEGISLATURE REGULAR SESSION OF 2017

### COMMITTEE ON JUDICIARY AND LABOR

Hearing: February 3, 2017

### RELATING TO ELECTIONS

Chair Keith-Agaran, Vice Chair Rhoads and members of the Committee. My name is Peter Fritz. I am an individual with a disability. I am testifying **in support of this bill, but with reservations** because the bill may discriminate against individuals with disabilities.

This bill enacts voting by mail uniformly across all counties for all elections commencing in 2020. It repeals and amends provisions relating to polling places, including absentee polling places. Establishes voter service centers to accommodate personal delivery of ballots.

There is a gap at the intersection between of voting by mail and accessible voting and absent changes to this bill, many people with disabilities and kupuna may fall through that gap.

Under this bill, voting by mail will be accompanied with a reduction of polling places. This change will make it more difficult for people with mobility or vision disabilities to get to a voter service center on election day where accommodations can be made for a disability.

However, assistive technology is available that allows disabled voters to privately and independently mark their ballots on their computers. Specifically, the state of Maryland implemented an online ballot marking tool that allows voters who are blind to mark their ballots independently. There is also the Prime III voting system that has been used in Oregon, Wisconsin, and New Hampshire for both in-person and mail voting.

This bill is silent about using assistive technology to allow individuals with disabilities to vote privately and independently. The only mention of accommodating voters with disabilities is that voters with special needs will be accommodated at Voter Service Centers. **It is respectfully submitted that accommodating disabled voters only at voter service centers will violate the nondiscrimination requirements of Title II of the Americans with Disabilities Act and/or the Help America Vote Act because other accommodations are available.**

I would ask that the Committee take notice of lawsuits that have been filed in Maryland<sup>1</sup>, Ohio<sup>2</sup>, and San Mateo County, California<sup>3</sup> regarding vote-by-mail and ballots that are inaccessible for individuals with disabilities. A court ordered Maryland to adopt a system for remote marking of ballots for the 2014 election.

---

<sup>1</sup> Nat'l Fed'n of the Blind, Inc. v. Lamone (D. Md., 2014)

<sup>2</sup> Hindel v. Husted (S.D. Ohio, 2016)

<sup>3</sup> California Council of the Blind v. County of San Mateo Case 3:15-cv-05784 Filed 12/17/15

I respectfully suggest that this bill be amended to add language that the Office of Elections is to develop remote ballot marking systems and rules and procedures for individuals with disabilities to request an accommodation to use a system to mark their ballot privately and independently.

This bill includes an appropriation. I would respectfully request that consideration be given to the following be given when determining the amount of the appropriation:

- Development Costs for Accessible Ballots such as:
  - Tactile and large-print ballots for some voters with visual disabilities.
  - HTML ballots, which can be marked and printed with a home computer.
  - Software such as Prime III
  - Ballots that are compatible with JAWS<sup>®</sup>, WindowsEyes, ZoomText, Voice Over (Mac) and NVDA software.
- For voters without access to a computer or other assistive technology, an appropriation to acquire tablets with remote voting software and funding for Office of Election personnel to take such equipment to a voter. Oregon has a program where election officials take a tablet to nursing homes and to disabled voters so that these individuals can participate in elections.
- Funding for Training of Caregivers. Training for caregivers would include specific instructions on the legal requirements for voting and on the degree of assistance that is permissible. Even with the best imaginable accommodations, some voters with disabilities are likely to require third-party assistance in voting by mail. There is a concern that caregivers may assume an inappropriate “gatekeeping” role by failing to help someone complete a ballot even though that person still has the ability to understand the nature and effect of voting.

Thank you for the opportunity to testify.

Respectfully submitted,

Peter L. Fritz

Dear Chair Keith-Agaran, Vice Chair Rhoads, and Committee Members,

I am testifying in support of these three Vote By Mail bills because they are an important step forward to increasing voting and civic engagement in Hawai'i.

I have worked many years at the polls on Kauai island and Hawaii island where I now reside. I know it is becoming increasingly difficult to get volunteers trained and ready through the office of elections. I think the measures under consideration will alleviate some of the pressure (and cost) of our election process; a cherished pillar of our Democracy!

The convenience of voting by mail would help residents avoid long voting lines, have time to study, and vote on our own schedule.

These measures would also save the State money: the Office of Elections estimates by having Vote By Mail and service centers, the state will save approximately \$800,000 every election cycle due to the streamlining of our elections.

Please pass SB334, SB428, and SB1066.

Sincerely,  
Rob Culbertson

**Subject:** THREE VOTE-BY-MAIL BILLS  
**Date:** Wednesday, February 1, 2017 9:35:35 AM

---

As a 55 year resident of Hawai'i, first voted in 1962 (!), and a Polling Place Chair Person, I am unalterably opposed to "Vote by Mail." I had a part time, 9-year-long affiliation with Oregon, 2006-2015, and find their system does NOT work well, does NOT encourage voting, and minimalizes the idea of citizens going to the polling place to express opinions. Voting by mail to "save money" is a cop out. A responsibility of any government, State of USA Federal, is to facilitate citizens to vote....not try to cut costs by end-runs like "vote for mail."

I urge you to vote against these three bills; they are NOT what Hawai'i needs.

Willis  
Prof Willis H A Moore
