Please, in the name of Jesus Christ,
do whatever it takes to ensure
that moneys are invested in all
aspects of education / educators -
How can we compromise the quality of
education when it is the bridge to
all other careers, professions like
lawyers, doctors, who are revered in
many ways, including pay. Bottom Line:
"High Morale, High Productivity" -
Honor that which is vital for Hawaii's
people & ALL Teachers/Learners, Community!

RE:

Hawaii's public schools are underfunded, this has led to chronic teacher shortages, large class sizes, and the failure to deal with our special needs students. **I am asking you to support our keiki and our public schools, by supporting SB683, SB686, HB180, HB182.** These bills support a Constitutional Amendment that reads: "Shall the legislature fund a quality public education for all of Hawaii's children, including the recruitment and retention of teachers, lower class sizes, special education programming, career and technical education, art, music, Hawaiian studies, and Hawaiian language, by establishing, as provided by law, a surcharge on residential investment property and visitor accommodations?" Thank you.

RE:

Hawaii's public schools are underfunded, this has led to chronic teacher shortages, large class sizes, and the failure to deal with our special needs students. **I am asking you to support our keiki and our public schools, by supporting SB683, SB686, HB180, HB182.** These bills support a Constitutional Amendment that reads: "Shall the legislature fund a quality public education for all of Hawaii's children, including the recruitment and retention of teachers, lower class sizes, special education programming, career and technical education, art, music, Hawaiian studies, and Hawaiian language, by establishing, as provided by law, a surcharge on residential investment property and visitor accommodations?" Thank you.

Senator English,

I Strongly urge you to support these bills to increase funding to Hawaii's public schools. Rampant speculation has ~~be~~ driven the cost of housing on Maui through the roof. As a teacher with a Master's Degree, my rent accounts for over 50% of my net income. Please take a stand to support Hawaii's students & teachers.

Aloha,

I have recently returned to my childhood home after 15 years in education on the mainland. I have returned to the classroom after working as a teacher coach, school administrator, and education consultant.

Happy to be home + teaching again, but absolutely "appalled" that my current paycheck is smaller than it was in my first year of teaching in California in the year 2000. Auwē! Rana Boone

I am a high school teacher
in my third year. Hawaii students
are the most respectful group I
have had the pleasure to work with
in my career. Yet, when I look to the
future, I do not see myself EVER
being able to own a home in Hawaii.

I barely make ends meet & pay my bills
Students suffer the most, though, due to
underfunding. Please support our students &
teachers.

Coming from the Northeast, I know exactly how low our property taxes are. I also know how tight the market has become. The rental market as well as ownership market is slowly squeezing everyone. While I am aware of the benefits of part time owners who don't make demands on the county/state resources, there is very little left for people who want to live and work in Hawaii.

The brain drain will only worsen unless something is done.

We are being priced out of the housing market -- rental and ownership. In the 22 years I've taught on Maui, I've seen new teachers arrive in June and leave in July because they couldn't find affordable housing on a starting salary. I've seen leave, reluctantly, because they could pay rent or daycare or student loans.

It's unsustainable -- and not just for teachers.

I'm a full time teacher.
I work three part time
jobs to afford living a modest
lifestyle on Maui. I deserve
to make more money
as a teacher. My students
deserve a teacher whos only
job is to be a highly
effective teacher. Which I am.

#1 Can teachers with children have an additional 12 days of "family leave" that can be used to stay home to care for sick kids?

⊕ We can provide a doctors note to prove that the kid is sick.

Parents use All their sick days just to take care of their sick children. This would really show support of families in the community.

One day, I want to own a home too! I have been a teacher since 2008, and, at this rate, even being able to rent a home in Maui ~~is~~ in the future will be challenging. I love teaching so much, & I want to be able to stay in the profession & get better! Please help pass this amendment. There is a reason every other state finds

12% yearly property tax through property tax.

I cannot afford to live & teach here.

I am born & raised. I have Hawaiian blood.

Do I have to move away from my home

so that I can afford to live? Is that
fair to me?

Mahalo for your support of
these bills. I am not only a teacher
at Lahaina Luna HS, I'm also a graduate.
As a lifetime member of the community,
I have seen teachers come + go and
the common thread that ties all those
who leave is the low pay + lack of
support at the school + classroom level.
I have seen the impact + felt the impact
this revolving door of teachers has on
students.... reinforcing the negated feeling of
how unimportant stability is for learning. Please help with
your support of these bills.

It is such a struggle to maintain residency in Hawaii with low pay, minimal resources, and lack of support for teachers across the state. Retention is already an issue and is continuing to be a struggle - especially for special education.

Special Education is on the lowest rank on the totem pole in my school -- there are vacancies still and our school took a long term sub away from Special Ed. in grades K-2 to favor a part time P.E. position. We are forced to increase workload and are spread so thin! Please support us teachers in Hawaii!

I have been teaching in Hawaii for 23 years
& gone through many negotiations where
teachers are asking for a raise. I am
always disappointed in how the state
disrespects teachers & their value in
society by offering less than cost of living
increases let alone an "actual" raise.

I have seen dozens of excellent teachers
leave Hawaii because they could not
make ends meet on their salary w/ the
cost of living in HI. No matter how much
support we provide them at the school level,
we can not change their salary, rent or
cost of insurance, food & utilities - so they
leave the islands. Don't our Keiki deserve the best
possible teachers ~~that~~ who don't have to work a second job to ^{make} _{ends} ^{meet}?

Mahalo for your support of these bills.

I'm not only a teacher at Lahainaluna HS,
I'm a graduate + the daughter of a graduate.
Students, families, + community benefit from
teachers who build relationships + grow deep
roots. As a student + as teacher, I have
seen the negative impact that a revolving
door of teachers that come + go - sometimes mid-year -
has in the classroom + with student learning.

Why do I stay? I'm lucky: My spouse will take
over the lease of his father's Hawaiian Homestead land.
Without this support, we might have also left - as my
brother + his wife did, unable to afford the cost of
living on Hawaii. Again, mahalo for your support

- After 11 years teaching in Hawaii, I still make \$10,000 less per year than when I left So Cal in 2003!
- If I were in my 11th year now at my old district, I would be making \$80,000/yr compared to my current \$50,000 at HDOE
- I am not compensated for both of my master's degrees even though I am a school librarian & my 1st masters is in education & my 2nd is in library science. My old district compensates for all relevant degrees, as do most U.S. districts.

Why stay in Hawaii? Would you?

I strongly support a state property tax
to fund schools. I am concerned that
these funds will not make it to the
schools. I also worry that lower valued
homes will be taxed too much.

As a 4th generation Maui resident
I feel that the state is failing
~~the state~~ at supporting local families.
STOP GIVING NON-RESIDENTS the
right to tax priveleges, land use
priveleges, etc.

I want to help Maui kids, and I
cannot do it at this rate of pay much
longer. I just can't afford rent, bills,
etc. and already work 2+ jobs.

Mahele
DO WHAT IS RIGHT FOR THE LOCAL FAMILIES.

Every year I watch students sit in classes with long-term subs and learn little to nothing. Those vacancies are increasing every year. We must invest in our future and give all students an opportunity to receive quality education. Our good teachers are leaving because they can't afford to stay. Our students are suffering! Please support!

Let the CITIZENS decide!
We all have to live with the
consequences of poor education
funding; we cannot afford to
underfund schools. Those who
face a future that will either
be peopled by citizens well educated
or poorly educated have a vested
interest in school funding.

NAME:

ADDRESS:

SEN. Kaiana English

REP. Karen E. Coitz

(To locate your senator and representative go to openstates.org)

Hawaii's public schools are underfunded, this has led to chronic teacher shortages, large class sizes, and the failure to deal with our special needs students. **I am asking you to support our keiki and our public schools, by supporting SB683, SB686, HB180, HB182.** These bills support a Constitutional Amendment that reads: "Shall the legislature fund a quality public education for all of Hawaii's children, including the recruitment and retention of teachers, lower class sizes, special education programming, career and technical education, art, music, Hawaiian studies, and Hawaiian language, by establishing, as provided by law, a surcharge on residential investment property and visitor accommodations?" Thank you.

How much longer will
this state continue to
underfund our students
& schools?

How can anyone justify
the exceedingly low pay
for the only union whose
franks all have no less
than a Bachelor's degree
mandated to work in
this profession?

RE:

Hawaii's public schools are underfunded, this has led to chronic teacher shortages, large class sizes, and the failure to deal with our special needs students. **I am asking you to support our keiki and our public schools, by supporting SB683, SB686, HB180, HB182.** These bills support a Constitutional Amendment that reads: "Shall the legislature fund a quality public education for all of Hawaii's children, including the recruitment and retention of teachers, lower class sizes, special education programming, career and technical education, art, music, Hawaiian studies, and Hawaiian language, by establishing, as provided by law, a surcharge on residential investment property and visitor accommodations?" Thank you.

RE:

Hawaii's public schools are underfunded, this has led to chronic teacher shortages, large class sizes, and the failure to deal with our special needs students. **I am asking you to support our keiki and our public schools, by supporting SB683, SB686, HB180, HB182.** These bills support a Constitutional Amendment that reads: "Shall the legislature fund a quality public education for all of Hawaii's children, including the recruitment and retention of teachers, lower class sizes, special education programming, career and technical education, art, music, Hawaiian studies, and Hawaiian language, by establishing, as provided by law, a surcharge on residential investment property and visitor accommodations?" Thank you.

Senator English,

I Strongly urge you to support these bills to increase funding to Hawaii's public schools. Rampant speculation has ~~be~~ driven the cost of housing on Maui through the roof. As a teacher with a Master's Degree, my rent accounts for over 50% of my net income. Please take a stand to support Hawaii's students & teachers.

Aloha,

I have recently returned to my childhood home after 15 years in education on the mainland. I have returned to the classroom after working as a teacher coach, school administrator, and education consultant.

Happy to be home + teaching again, but absolutely "appalled" that my current paycheck is smaller than it was in my first year of teaching in California in the year 2000. Auwē! Rana Boone

- We need to help teachers with salary increase, help to retain teachers (new & soon to retire):
- ~~help~~ train teachers to be better teachers (mentorship) instead of continuous evaluations (EES) which takes away the fun from teaching.
- Tax foreign investors, hotels & non-residents to support our economy of Maui County
- Slow down the growth since the closing of HEDS see increase in outsiders, social problems, etc. transient community.

I am a high school teacher
in my third year. Hawaii students
are the most respectful group I
have had the pleasure to work with
in my career. Yet, when I look to the
future, I do not see myself EVER
being able to own a home in Hawaii.

I barely make ends meet & pay my bills
Students suffer the most, though, due to
underfunding. Please support our students &
teachers.

Coming from the Northeast, I know exactly how low our property taxes are. I also know how tight the market has become. The rental market as well as ownership market is slowly squeezing everyone. While I am aware of the benefits of part time owners who don't make demands on the county/state resources, there is very little left for people who want to live and work in Hawaii.

The brain drain will only worsen unless something is done.

We are being priced out of the housing market -- rental and ownership. In the 22 years I've taught on Maui, I've seen new teachers arrive in June and leave in July because they couldn't find affordable housing on a starting salary. I've seen leave, reluctantly, because they could pay rent or daycare or student loans.

It's unsustainable -- and not just for teachers.

#1 Can teachers with children have an additional 12 days of "family leave" that can be used to stay home to care for sick kids?

⊕ We can provide a doctors note to prove that the kid is sick.

Parents use All their sick days just to take care of their sick children. This would really show support of families in the community.

Mahalo for your support of these bills. I am not only a teacher at Lahaina Luna HS, I'm also a graduate. As a lifetime member of the community, I have seen teachers come + go and the common thread that ties all those who leave is the low pay + lack of support at the school + classroom level. I have seen the impact + felt the impact this revolving door of teachers has on students.... reinforcing the negated feeling of how unimportant stability is for learning. Please help with your support of these bills.

It is such a struggle to maintain residency in Hawaii with low pay, minimal resources, and lack of support for teachers across the state. Retention is already an issue and is continuing to be a struggle - especially for special education.

Special Education is on the lowest rank on the totem pole in my school -- there are vacancies still and our school took a long term sub away from Special Ed. in grades K-2 to favor a part time P.E. position. We are forced to increase workload and are spread so thin! Please support us teachers in Hawaii!

I am a f.t. teacher in
Lahaina and had to walk away
from having insurance (and pay
the penalty → still cheaper than the
premium payments) as well as
work a second job at night just
to pay rent and bills. This is
unacceptable and highly disrespect-
ful toward my profession of education.
The best way to cure ~~this~~ is to
raise salaries. (pretty basic ~~teacher~~
logic) retention problem

I have been teaching in Hawaii for 23 years
& gone through many negotiations where
teachers are asking for a raise. I am
always disappointed in how the state
disrespects teachers & their value in
society by offering less than cost of living
increases let alone an "actual" raise.

I have seen dozens of excellent teachers
leave Hawaii because they could not
make ends meet on their salary w/ the
cost of living in HI. No matter how much
support we provide them at the school level,
we can not change their salary, rent or
cost of insurance, food & utilities - so they
leave the islands. Don't our Keiki deserve the best
possible teachers ~~that~~ who don't have to work a second job to ^{make} ends ^{meet}?

Mahalo for your support of these bills.

I'm not only a teacher at Lahainaluna HS,
I'm a graduate + the daughter of a graduate.
Students, families, + community benefit from
teachers who build relationships + grow deep
roots. As a student + as teacher, I have
seen the negative impact that a revolving
door of teachers that come + go - sometimes mid-year -
has in the classroom + with student learning.

Why do I stay? I'm lucky: My spouse will take
over the lease of his father's Hawaiian Homestead land.
Without this support, we might have also left - as my
brother + his wife did, unable to afford the cost of
living on Hawaii. Again, mahalo for your support

- After 11 years teaching in Hawaii, I still make \$10,000 less per year than when I left So Cal in 2003!
- If I were in my 11th year now at my old district, I would be making \$80,000/yr compared to my current \$50,000 at HDOE
- I am not compensated for both of my master's degrees even though I am a school librarian & my 1st masters is in education & my 2nd is in library science. My old district compensates for all relevant degrees, as do most U.S. districts.

Why stay in Hawaii? Would you?

I strongly support a state property tax
to fund schools. I am concerned that
these funds will not make it to the
schools. I also worry that lower valued
homes will be taxed too much.

Mahalo,

As a 4th generation Maui resident
I feel that the state is failing
~~the state~~ at supporting local families.
STOP GIVING NON-RESIDENTS the
right to tax priveleges, land use
priveleges, etc.

I want to help Maui kids, and I
cannot do it at this rate of pay much
longer. I just can't afford rent, bills,
etc. and already work 2+ jobs.

Mahele
DO WHAT IS RIGHT FOR THE LOCAL FAMILIES.

Let the CITIZENS decide!
We all have to live with the
consequences of poor education
funding; we cannot afford to
underfund schools. Those who
face a future that will either
be peopled by citizens well educated
or poorly educated have a vested
interest in school funding.

RE:

Hawaii's public schools are underfunded, this has led to chronic teacher shortages, large class sizes, and the failure to deal with our special needs students. **I am asking you to support our keiki and our public schools, by supporting SB683, SB686, HB180, HB182.** These bills support a Constitutional Amendment that reads: "Shall the legislature fund a quality public education for all of Hawaii's children, including the recruitment and retention of teachers, lower class sizes, special education programming, career and technical education, art, music, Hawaiian studies, and Hawaiian language, by establishing, as provided by law, a surcharge on residential investment property and visitor accommodations?" Thank you.

Please support teachers
by offering a fair contract
that compensates teachers
for the work we do.

Fifty percent of new teachers
leave the profession and
students deserve highly
trained teachers instead of
substitutes.

Joe Kent, Vice-President of Research

RE: SB686 - Establishes an education surcharge on residential investment properties and visitor accommodations for the purpose of funding public education.

Comments Only

Dear Chair and Committee Members:

The Grassroot Institute of Hawaii would like to offer its comments on SB686 SD2, which would establish an education surcharge on residential investment property and visitor accommodations valued at \$2 million or more for the purpose of funding public education.

Whether Hawaii's teachers and schools need more funding is a discussion worthy of public debate. However, this bill—which works hand-in-hand with a constitutional amendment giving the legislature this taxing power—raises concerns about the effectiveness and implications of doing so through such a surcharge.

Hawaii is currently struggling with a housing crisis. Contrary to the beliefs of some, affordable housing and the cost of living do not exist independently of cost influences at the higher end of the income scale. In short, this surcharge may have a ripple effect through the housing market, which could make it either ineffective or harmful to middle class home owners.

Taxing property valued at \$2 million or more will make high-end homes in Hawaii more expensive to own and drive some buyers toward dwellings that cost less. This could exacerbate the existing housing situation in the state by squeezing home supply at the lower end.

The legislature should also consider how the market will react to the surcharge. Research indicates that it will do so in a way that undermines the intent of the tax. Carl Bonham,

executive director of the University of Hawaii Economic Research Organization, told legislators during an [informational briefing](#) that doubling the tax rate on a million dollar home incentives buying a home just below the threshold, then renovating it without revealing that the buyer has now doubled the value of the home in a way that kept the tax at the lower rate:

“Let’s say we double the tax rate on million-dollar homes. So then what’s my strategy? I’m going to buy a \$900,000 home and then renovate it without telling anybody . . . and now I have a \$2 million home, but it’s still taxed at the \$900,000 range.”

Bonham added that this is exactly what occurred in Hong Kong when they imposed a premium property tax rate on “millionaire” properties:

“Home prices in the \$800,000 to \$900,000 range suddenly became the hot item.”

Moreover, there is also the question of how this proposed tax will affect the state in general. The counties have already objected to the infringement on their taxing powers—taxes used to fund police and fire departments—for the purpose of creating a special fund for education. Others have pointed out that the tax will have an adverse effect on the price and availability of rental housing, could threaten investment, and may even decrease our competitiveness as a tourist destination. Thus, in one stroke, the legislature could create a budget crisis for the counties, worsen the housing situation, and harm one of the state’s most important sources of revenue.

Finally, the language of the amendment raises the worrying possibility that there will be no real limits on the surcharge. Though it is being sold to the public on the promise that it will only target high-end property (the current proposed threshold is property valued at \$2 million), there is no reason why the legislature couldn’t expand the tax to apply to everyone.

While it may be tempting to pass the question of a tax increase to the voters via a Constitutional amendment, this is not a sustainable way to govern a state. There are better ways to help teachers than through a tax hike.

Thank you for your consideration of our comments.

Sincerely,
Joe Kent

Dear Legislators:

Please do not pass SBs 686/683. Please seek another way forward—one that involves everyone, not solely people who have no say. I would be pleased to support alternatives to funding schools in the manner proposed by SB 686/683. Example: taxing a fair tax on the homeowners who have rental real estate, and who have children in these schools. Why are you excluding these people entirely? Additionally, changing the State Constitution to enact a tax is just plain wrong, and represents legislative overkill of the worst sort. Think carefully about the precedent you are setting.

I think these measures grant arbitrary political influence to special, highly represented groups. It could be any organized group. The local counties should ONLY have the power to assess property tax increases, which would include locally owned rental housing. The bill is unfair to off-island home owners, represents an arbitrary tax (without representation), and will increase costs to renters seeking quality housing in Hawaii. We are a middle-class family, who is fortunate enough to own a modest home in Diamond Head. We presently rent it out long-term, but plan to live there someday (when we can afford it). Our property tax will more than double if SB 686/683 passes. This will necessitate substantially raising rent – and targeting a diffuse group of off-island real estate owners.

Thank you for your kind consideration of this matter.

Subject: Testimony re. SB 683 and SB 686 RELATING TO EDUCATION.

Dear Chair Nishimoto and Members of the Committee:

RE: **SB 683** and **SB 686** RELATING TO EDUCATION.

My name is Adrienne Hale. I am a teacher from Kona on Hawai'i Island. I am submitting testimony **in support** of **SB 683** and **SB 686** to increase funding for public schools.

I am most concerned about drawing and retaining teachers to our state. Year after year I have seen us hire teachers who struggle to afford to stay on our current salary. Teachers who can build their careers here become experienced and teachers who can grow in their profession to better serve our keiki.

We need additional funding for our public schools, and we all thank you for supporting us in this endeavor.

Sincerely,

Adrienne Hale

TESTIMONY BEFORE THE HOUSE COMMITTEE ON JUDICIARY

RE: SB 683 and SB 686 RELATING TO EDUCATION.

WEDNESDAY, MARCH 22, 2017

2 p.m.

Chair Nishimoto and Members of the Committee:

My name is Brittney Basilio. I am a teacher from the central district on Oahu. I am submitting testimony **in support** of **SB 683** and **SB 686** to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because our keiki deserve high quality education. In order to achieve high quality education, appropriate funding is needed. As a first year teacher I am enthusiastic, passionate, yet uncertain of what the future holds for education. My love and passion for this career is what I hope will keep me persevering, even when it is difficult at times. I think it is crucial to maintain young, passionate, and enthusiastic teachers, however, without the appropriate funding, that will be very difficult.

As a science teacher, one of the many struggles I've faced within the first year was walking into my classroom that is not fully equipped to teach the subjects of physics and biology. The textbooks provided were the same exact textbooks that I used as a SOPHOMORE in high school (2006). That text is definitely out dated and simple things like an outdated textbook will take away from high quality education.

Aside from an unequipped classroom, the most difficult part for me was taking funds out of my own pocket to attain the appropriate material for my students to complete projects and labs. As a first year teacher coming straight out of college, I cannot afford to do that, but providing my students with greater opportunities to achieve high quality education is my first priority.

To deliver the schools our keiki deserve, please support these bills. We need your help.

Mahalo.

TESTIMONY BEFORE THE HOUSE COMMITTEE ON JUDICIARY

RE: SB 683 and SB 686 RELATING TO EDUCATION.

WEDNESDAY, MARCH 22, 2017

[2 p.m.](#)

Chair Nishimoto and Members of the Committee:

I am DIANA SEPPELFRICK at WAIANAE HIGH SCHOOL/LEEWARD DISTRICT. I have been a teacher/tennis coach/VP/teacher for 29 fulfilling years. I am submitting testimony **in support** of **SB 683** and **SB 686** to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes Career and Technical Education (CTE), the arts and Hawaiian studies, resources for special needs students, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because without the resources needed for our public school students, our future citizens livelihoods will be bleak. Many times I have been taking out funds from my personal account, to deliver the necessary resources that our KEIKI deserve, to become the 21st Century leaders for tomorrow.

Furthermore, as the daughter of Hawaii public school educators, I believe in our PUBLIC SCHOOL SYSTEM. I am the second generation of teachers in my family, and I am extremely proud to be an American Public School teacher. Because of my families strong belief in education, the future generations in my family have had a chance to become doctors, lawyers, pilots, and all the realm of other possible careers that Americans strive for. This is all because of TEACHERS.

Teachers deserve to be paid accordingly. As college educated professionals, we strive to instill what we learned for our future generations! Many qualified individuals are leaving the teaching profession because they cannot survive Hawaii's high cost of living. This hurts our students! We trust our elected officials to do the right thing for our future generations. Please help Hawaii's Public School System and support these bills. I believe in our judiciary system and I am a very dedicated and concerned constituent who believes in our Educational and Political System. Imua! I am a PUBLIC SCHOOL TEACHER!

TESTIMONY BEFORE THE **HOUSE COMMITTEE ON JUDICIARY**

RE: **SB 683** and **SB 686** RELATING TO EDUCATION.

WEDNESDAY, MARCH 22, 2017 2 p.m.

To: Chair Scott Y. Nishimoto, Vice-Chair Joy San Buenaventura and Members of the Committee

From: Dr. Carrie Sato, DOE State Office Teacher

I wish to express my STRONG support of SB 683 and SB 686 to increase funding for the public schools. As a teacher in the public school teacher since 1975 in the Central and Honolulu districts, I have witnessed the balancing act between facilities, programs, and resources that sacrifice opportunity for our students.

Our children are our future. What is not spent in educating our young people today will be spent on more costly rehabilitative programs in the future. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will enable the public schools to meet the challenges of the 21st century by providing lower class sizes that allow teachers to connect with their students, by providing whole child education that includes the arts and culture, by providing resources and services for students with special needs, and by providing professional pay to retain teachers and reinforce our hardworking teachers.

Our public education system needs a consistent, reliable source of funding for our public schools that is focused on the classrooms, *not the bureaucracy*. As a teacher, there was never enough money for supplies and equipment. It was not unusual or me to spend thousands of dollars of personal funds to provide students with supplies and equipment for project-based learning and simulations that foster "real-life" "authentic learning" (best practices in education). As a department chairperson, providing

textbooks and computers required at least a 3-year replacement plan for each grade level. "Small ratio" classes, such as advanced placement or lab classes, were often sacrificed to the budget and deprived those who could benefit from a different learning environment.

Although great teaching occurs in the public schools, so many in our community view public education as sub-par to private school education as they witness the statewide poor condition of dilapidated facilities, realize that the low teacher pay creates teacher shortage, and understand that outdated resources limits opportunities for our public school students.

There needs to be a change. We need to deliver the schools our keiki deserve, please support these bills. We need your help. Mahalo for allowing me to present testimony to the committee.

Subject: Public School Funding Increase

Chair Nishimoto and Members of the Committee:

My name is Elise Anderson. I am a teacher from Central District on O'ahu. I am submitting testimony **in support of SB 683 and SB 686** to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and **professional pay that reflects the value of our hardworking teachers.**

We need additional funding for our public schools because I am second year teacher that came to Hawai'i to become a school teacher! I received a Masters degree in elementary education from HPU in May of 2015. Shortly after that, I was hired by the DOE as a first grade general education teacher in the Central District.

Currently, I am strongly debating applying for jobs on the mainland because I cannot afford to live here. I am 26, went to 6 years of college to impact the lives of children, to change the lives for our keiki, AND I AM VERY CLOSE TO BEING UNABLE TO SUPPORT MYSELF as an unmarried, independent living here. Please tell me how that works?

I cannot express how much I enjoy working with the kids, parents, community members, teaches at the school I current am employed at. If I had my way I would stay at this school until I was of age to retire. Don't take that away from me or from the kids because I cannot afford to pay my rent, student loans, car payment, insurance. For some reason I thought 6 years of a college education and teaching our future would allow me to feel financially stable. But I was wrong.

To deliver the schools our keiki deserve, please support these bills. We need your help. Mahalo.

Elise Anderson, Central District, O'ahu

Subject: SB 683 and SB 686 Relating to Education

Chair Nishimoto and Members of the Committee:

My name is Julia Fernandez. I am a teacher from Central District on Oahu. I am submitting testimony **in support of SB 683 and SB 686** to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because it is very difficult and frustrating to see how I can help my students but the funding isn't there. So far I received \$300 for this school year. I need \$300 per month to implement the fun educational learning activities. I need the money to teach social and emotional learning so my students learn life long skills to keep them engaged in their lives. I'm tired of dealing with problem behaviors. It takes me away from creating engaging lessons that are rich with literacy. This should be the focus so it prevents students from acting out or disengaging in learning.

The low pay for teachers is driving me to think of a career change. My husband is planning to get a second job just so we can have fun money once we buy a house. I can't even buy a house without the help of my mother-in-law who I eventually will live with. Hawaii needs to step up their game and compete with other successful states. We need to copy them and make it work for us. Please help support this bill. We all know Trumps budget cuts aren't going to help us. We need to help ourselves and invest in our students.

To deliver the schools our keiki deserve, please support these bills. We, teachers and students, need your help. Mahalo.

Julia Fernandez, Central District, Oahu.

Subject: Testimony in favor of SB 683 and SB 686

Chair Nishimoto and Members of the Committee:

My name is Kathryn Au and I am a registered voter in District 20 on O‘ahu. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

I have worked as an educator in Hawai‘i for over 40 years, starting as a teacher and eventually becoming the first person to hold an endowed chair in education at the University of Hawai‘i at Manoa. My experience has given me a broad overview of our P-20 education system. I have had the privilege of working on school improvement with teams from over 125 K-12 public schools throughout our state.

The key lesson I have learned is that schools need consistent support to stay the course over a period of years. This is the only way schools get better. One-year, flash-in-the-pan quick fixes will never do the job.

Positive change is starting to take hold in our public schools. For example, we have the good news that more of our graduating seniors are proceeding to college, better prepared than ever.

Now the challenge is to keep the momentum going!

What is needed is a steady stream of funding to support our public schools in the implementation of multi-year improvement efforts. SB 683 and SB 686 offer viable options for giving our public schools the necessary funding – first to catch up with the rest of the nation and then to become models of excellence.

Please support these bills to give our public school students – and our state – a brighter future.

TESTIMONY BEFORE THE HOUSE COMMITTEE ON JUDICIARY

RE: SB 683 and SB 686 RELATING TO EDUCATION.

WEDNESDAY, MARCH 22, 2017 2 p.m.

Chair Nishimoto and Members of the Committee:

My name is Dr. Kū Kahakalau and I reside in Kukuiahaele on the island of Hawai'i. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

As an educator for over 30 years, I strongly believe that our children are our future. As a result, every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

Please support SB 683 and SB 686.

Mahalo nui,

Kū Kahakalau
P.O. Box 1764
Honoka'a, HI 96727

TESTIMONY BEFORE THE HOUSE COMMITTEE ON JUDICIARY RE: SB 683 and SB 686 RELATING TO EDUCATION.

WEDNESDAY, MARCH 22, 2017 2 p.m.

Chair Nishimoto and Members of the Committee:

My name is Laura Buller. I am a teacher from Maui Canoe Complex on Molokai . I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools. Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society. Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers. We need additional funding for our public schools, because the weighted student formula is inadequate in fully funding school. Students at Molokai High are using textbooks that are over ten years old. Our school has not been able to fund any curriculum or supplies for the majority of the past ten years. Teachers have been allotted on average \$300.00 per year that funding has been available for curriculum and supplies. Over the past 10 years there has been more years without a curriculum and supply budget than there has been funding available. This lack of funding puts the students graduating from Molokai High at a disadvantage to students from other districts. Over the past 10 years we have had to cut teaching positions which impacts the students in two ways. The first is larger class sizes and the other is fewer electives to choose from. In a community's where there are few professional jobs we need to be able to offer skilled training to our students in technical and trades.

To deliver the schools our keiki deserve, please support these bills. We need your help.

Mahalo,

Laura Buller, Maui Canoe Complex, Molokai

TESTIMONY BEFORE THE HOUSE COMMITTEE ON JUDICIARY

RE: SB 683 and SB 686 RELATING TO EDUCATION.

WEDNESDAY, MARCH 22, 2017

2:00 PM

Chair Nishimoto and Members of the Committee:

I'm Laverne Fernandes Moore, a special education teacher at McKinley High School, serving as the President of the Honolulu Chapter of HSTA, representing 3,325 teachers. I am a long time resident of Hawaii Kai and submitting testimony in support of SB 683 and SB 686 to increase a steady flow of funding for public schools.

As a teacher at McKinley High School, developers are turning our community into a multi-million dollar exclusive neighborhood for the rich and powerful without having them pay impact fees. They are receiving tax breaks when they should be paying their fair share for infrastructure which in my opinion impacts the education of our students. They are forcing our families into homelessness or leaving the district which is depriving our students of a first class education.

Passing SB 683 and SB 686 is a vote for lower class size which affords our teachers the ability to connect with their students, provide whole child education that includes the arts, physical education, music, community based education, multiple selection of languages, providing resources and services for students with special needs and equable pay to recruit and retain qualified teachers for our statewide public school system.

Mahalo for the opportunity to submit written testimony. Your support in investing in our children's education is appreciated.

TESTIMONY BEFORE THE HOUSE COMMITTEE ON JUDICIARY

RE: SB 683 and SB 686

RELATING TO EDUCATION.

WEDNESDAY, MARCH 22, 2017 2 p.m.

Chair Nishimoto and Members of the Committee:

My name is Lynn Otaguro, from Honolulu on Oahu. I am first grade teacher at Lincoln School. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

The importance of our public schools has never been so apparent. With recent events, we see that an informed and educated electorate is fundamental to the functioning of our democracy. Although I teach young ones, my hope is that I am able to help provide them with the foundations for what they need to think, speak, and act on behalf of themselves and others to make our community a better place. I want my students, and all children, to have access to the kind of education and opportunities that will enable them to succeed.

Fully funding our public schools is an important step to ensuring this. These bills can help us with teacher recruitment and retention, class size, special education resources, and programs to provide our children with experiences and instruction to help them grow their many talents.

I have read earlier testimony for and against these bills and understand that there is concern about additional taxes. However, these bills are borne out of the concern that there is a need to find an additional source of income to fund our schools. And if we truly want to provide more for our students in Hawaii, we need to make choices to support them. Please support SB 683 and SB 686 to provide our children with the schools they deserve.

Thank you,
Lynn Otaguro

TESTIMONY BEFORE THE HOUSE COMMITTEE ON JUDICIARY

RE: SB 683 and SB 686 RELATING TO EDUCATION.

WEDNESDAY, MARCH 22, 2017

2 p.m.

Chair Nishimoto and Members of the Committee:

My name is Mark Fontaine. I am a teacher from the Keaau-Kau-Pahoa Complex on Hawaii Island. I am submitting testimony **in support** of **SB 683** and **SB 686** to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because the lack of funding makes it impossible to hire enough staff and train them to meet the needs of students. This is particularly the case at my present placement, Na Wai Ola Public Charter School. Statistics show the population that Na Wai Ola serves is among the most challenged in socio-economic indicators when compared across the entire state. This translates directly to increased issues socially and with academics for many students. Some problems cannot be solved with just money, but if the money were available to hire enough trained staff, many of the problems would be solved. I have worked with similar populations on Oahu and on Hawaii Island, and this is consistent.

To deliver the schools our keiki deserve, please support these bills. We need your help. Mahalo.

TESTIMONY BEFORE THE HOUSE COMMITTEE ON JUDICIARY

RE: SB 683 and SB 686 RELATING TO EDUCATION.

WEDNESDAY, MARCH 22, 2017

2 p.m.

Chair Nishimoto and Members of the Committee:

My name is Marla Domingo . I am a teacher from the island of Kauai. I am submitting testimony **in support** of **SB 683** and **SB 686** to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because many of our classrooms are overcrowded and under staffed. I've been a teacher on Kauai for 14 years and am seriously looking at early retirement from the profession. It pains me every day to know that, as hard as I work, and no matter how many 10 hour days I put in, I can't do enough to overcome my overflowing work load. If I spent all of this time prepping for enriched teaching for the children in my room instead of pushing papers and documenting federally mandated assessments (that honestly don't make me a better teacher and don't move my student forward), I know their progress would be more rich, more fulfilling and more developmentally appropriate.

To deliver the schools our keiki deserve, please support these bills. We need your help.

Mahalo.

Chair Nishimoto and Members of the Committee:

My name is Mike Landes. I am a teacher from Lahainaluna High School on Maui. I am submitting testimony **in support of SB 683 and SB 686** to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because we shouldn't have to just "make do". This is our children's future we're talking about. Our schools are woefully underfunded, in a state of disrepair, with inadequate resources. How can we give them the education they deserve, how can we prepare them for their future aspirations, how can we truly say we value public education, if we aren't willing to properly fund our schools? These bills will provide a funding mechanism to create a quality public education system in Hawaii. And, by helping to limit property speculation, they will help to control the rising cost of living that negatively impacts so many working families in our state, including the families of most of our students.

To deliver the schools our keiki deserve, please support these bills. We need your help. Mahalo.

Chair Nishimoto and Members of the Committee:

My name is Romeo Eleno and I'm a teacher at Lana'i High & Elementary School. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generation of successful young adults in our society.

Every dollar invested in our community's public schools will help our keiki to thrive in the 21st Century; therefore, your support for education will be detrimental for the future of Hawaii's next generation.

By supporting SB 683 & 686, it will allow for lower class sizes as well as teaching the "whole child" with quality education in the arts and Hawaiian studies. In addition, it will provide resources and services for students with special needs and also provide professional pay that reflects the value of our hardworking teachers.

Teaching on an isolated Island such as Lana'i brings a lot of difficult conditions when it comes to providing our students an education similar to the other schools throughout Hawaii. The weighted student formula doesn't work for Lana'i High & Elementary School as we receive less funding than most schools per pupil; yet, we still have to pay for custodians to keep our campus clean, pay our cafeteria workers to feed our students, and pay our educational assistants to provide educational services. We need just as much funding as big schools. Unfortunately, the weighted student formula is used as a "One size fits all" philosophy.

Please do the right thing and support these bills.

Mahalo,
Romeo Eleno,
Maui District, Island of Lana'i

Subject: TESTIMONY BEFORE THE HOUSE COMMITTEE ON JUDICIARY RE: SB 683 and SB 686 RELATING TO EDUCATION. WEDNESDAY, MARCH 22, 2017 2 p.m.

Chair Nishimoto and esteemed members of the judiciary committee, my name is Alan Isbell. I teach fourth grade at Wailuku Elementary on Maui. I also serve as president of HSTA, Maui Chapter.

Poetic justice is a surcharge on real estate speculation to create new revenue for public education.

Consider that it is property speculation that has sent housing skyward in the first place, making Hawaii unaffordable for teachers.

Heard about shark trouble on Maui? It may not be what you think. Land sharks have been circling there, gobbling up housing by the mouthful. Realtors there will tell you that most single family housing units sold on Maui the past year have been to speculators and wealthy, off-island part-timers. Often, the sale price did not reflect the price asked by the owner. Rather, the price acted as chum, starting a feeding frenzy that ended with the highest bid, far in excess of the asking price. The result is the debacle billionaire Gensiro Kawamoto wrought on Maui and in Kahala a decade or two ago, when the last real estate boom imploded.

Ask yourselves who this property surcharge would really cost. Might your conclusion be that it would cost land sharks and those who could well afford it? If watching Hawaii bought and sold to the wealthy is unsettling, why not at least make them pay for what they are doing, and use that money to lift Hawaii's public schools out of poverty?

Mahalo for your consideration.

TESTIMONY BEFORE THE HOUSE COMMITTEE ON JUDICIARY

RE: SB 683 and SB 686 RELATING TO EDUCATION

WEDNESDAY, MARCH 22, 2017

2 p.m.

Chair Nishimoto and Members of the Committee:

My name is Candace Chun and I've been a teacher for 35 years with the Hawaii Department of Education. I am from the Central District on Oahu. Please pass SB 683 and SB 686 to increase funding for public schools.

Every dollar invested in our community's public schools supports the work we are doing to prepare our youth for meeting the needs of our community and being successful in the 21st century. For instance, I teach the health professions, and it is crucial for us to have knowledgeable instructors in order for students to receive the best education so that they can pursue those careers. Currently, we have a critical shortage of teachers. I've seen this problem grow worse over the years, and there just are not enough qualified teachers in our classrooms. Ask the students and they are not considering a career in teaching. Just within our school, the turnover rate is so high, many are being recruited from the mainland or lack any experience. Many are uncertified, so our students are being very shortchanged with their education.

A positive vote will help reduce class sizes, which have gotten larger, especially in the high schools, where they are packing 36 students or more in advanced classes. Some of this is due to offering seven periods, and not hiring enough teachers, so our load is greater. Unbelievably, I started off last year with 210 students and 204 this year at Mililani High School. This lessens the time I can give to every student; rather, I am struggling to get grading, lesson planning, and actually I looking carefully at student work. Many teachers are so frustrated with their current workload, expectations, and stress, including myself.

A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, see how we can assist them with their learning needs, and provide resources to be effective with learning activities. It's frustrating that when we need supplies there is so much red tape that teachers are forced to use personal funds to buy the things they need. That is very unfair.

Most importantly, funding our schools will provide professional pay, which recognizes the hard work our educators are providing. In all my years of teaching, I can't believe how undervalued our teachers are. I used to do a lot as a culinary teacher, but with instructional time added, decided it wasn't worth doing anymore, because it took hours to do shopping for 180+ students every week. I even decided to give up advising our nationally-affiliated HOSA organization, because after doing that for so many years and no additional recognition or compensation, decided it wasn't worth it anymore. It's unfortunate, because we were taking home numerous national medals and top ten winners, along with having so many state officers and Hawaii's first national officer for any Career Technical Student Organization, many of which I poured personal resources so I could chaperone

my students for a week during my summer break. The raises have never made up for the strike, furloughs, loss of medical contributions taken away, or no increase in salary years.

More funding would also help teachers with medical coverage, after all, this is a high-stress job, and we catch infections the students pass along. At the high school level, it is even more stressful, as there are the difficult ones who even their parents don't know how to control.

We need additional funding for our public schools, because we are losing too many talented, dedicated, and promising educators due to the fact that our state simply is too cheap to pay us REAL professional salary. I have stuck with teaching, even though I have seen everyone burning out and having to work multiple jobs to make ends meet. Why? Because I just don't know who will teach our students anymore. It has never made sense to me that teachers are forced to work multiple jobs when they could have concentrated on preparing or revising lessons or doing the multitude of things required of teachers. It has also become very frustrating to many teachers that they have left the profession for better paying jobs. For example, we have lost some very talented people such as our graphics arts teacher, who is now earning more as a stevedore. When he was teaching, his students were consistently winning national awards. Also, it is discouraging to see many teachers leave today past ten years...sometimes only within a couple of years. Many teachers I speak with say they are burnt out and want to retire, and they only have about 10 years on average.

It's time to take this seriously, because I already see the frightening trend that many teachers are retiring as soon as they can just so they don't have to take all the crap being shoved down their throats. Funding should go to classroom teachers, not the bureaucrats who tell us what to do. We are the ones who work in the trenches for our youth and funding is key to making education a top priority. To deliver the schools our keiki deserve, please support these bills.

Respectfully,

Candace Chun, Mililani High School, Oahu

TESTIMONY BEFORE THE **HOUSE COMMITTEE ON JUDICIARY**

RE: **SB 683** and **SB 686** RELATING TO EDUCATION.

WEDNESDAY, MARCH 22, 2017

2 p.m.

Chair Nishimoto and Members of the Committee:

My name is Christy Chadwick. I am a teacher from in Maui County on Maui. I am submitting testimony **in support** of **SB 683** and **SB 686** to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because, it is greatly hurting the way our students learn. As a Teacher of the Deaf, in a low incidence population, I have seen firsthand the impact low funding has on these children. Not only are the students unable to grasp the material in class due to low reading levels, but they are unable to access most of what happens in class due to a limited number of sign language interpreters and Teachers of the Deaf available to them. Deaf education is a specialized field, yet categorized under a huge umbrella of "special education." Due to this classification, students are not getting the proper education they deserve. (Of course, that matter is for another time and place).

This bill is a start in helping to increase funds available to the education system so that students are provided adequate support through teachers, interpreters, educational assistants, as well as materials needed to help access education in the mainstream.

This was my first year of teaching and due to low wages as well as a lack of support for my students in providing them with the help they need I have resigned from my position as a teacher and will not be returning for a second year. It is my hope that Hawaii will be able to bring and keep highly qualified teachers so that the students get every opportunity to learn.

To deliver the schools our keiki deserve, please support these bills. We need your help. Mahalo.

My name is Heather Ramiro. I am a teacher from Central District on O'ahu. I am submitting testimony **in support of SB 683 and SB 686** to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because many of our students come from single parent homes and need after school supports. With more funding we could offer our after school tutoring and enrichment clubs (like robotics, STEM, drama, cooking, coding) to more students. Right now we can only offer two clubs at a time (per quarter) and many of our teachers who help run these use their own money to keep them running for our students.

To continue to go above and beyond for our students and to deliver the schools our keiki deserve, please support these bills. We need your help. Mahalo.

We need additional funding for our public schools, because when my children were in school – they did not have enough books to have their own text to study at home. They did not have a GT program for my daughter to rise to her best level of performance and accomplishment. Our children deserve to have facilities and class sizes comparable to the rich kids who go to Punahou and Iolani. EVERY child deserves the best education. My children were astonished when they took their SAT test off site and found the desks were not broken and there was AC and carpeting in the classrooms at Iolani. They felt second rate; they are treated second rate.

To deliver the schools our keiki deserve, please support these bills. We need your help. Mahalo.

Subject: in support of SB 683 and SB 686 to increase funding for public schools

Chair Nishimoto and Members of the Committee:

My name is Katherine Roseguo. I am a teacher from Honokaa on Hawaii island. I am submitting testimony **in support of SB 683 and SB 686** to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because ***as teachers, we are tasked with educating our students for the 21st century. However, at our school, we cannot afford the technology which makes this possible. We do not have enough new computers, computer labs or carts, tech people to maintain the computers, and training for teachers. In addition to this, last year we needed to fill spaces for 15 teachers. In many cases the principal may have to hire unqualified long-term subs for these positions. Long-term subs tend not to stay after their term is over, so this is not stable for these kids, many of whom look to school for stability in their lives.***

To deliver the schools our keiki deserve, please support these bills. We need your help. Mahalo.

TESTIMONY BEFORE THE **HOUSE COMMITTEE ON JUDICIARY**

RE: **SB 683** and **SB 686** RELATING TO EDUCATION.

WEDNESDAY, MARCH 22, 2017

2 p.m.

Chair Nishimoto and Members of the Committee:

My name is Lorraine Bennett. I am a teacher from the Leeward district on Oahu. I am submitting testimony **in support** of **SB 683** and **SB 686** to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools because our students only have us to speak for them. Without funding our students cannot be technology ready. Without the proper funding class sizes remain large and students are left behind. Quality teachers are leaving because the pay does not equal what we put forth everyday. We need funding to make sure teachers stay and our students know that Hawaii cares for them.

To deliver the schools our keiki deserve, please support these bills. We need your help. Mahalo.

We need additional funding for our public schools, because... *If you don't take care of the teachers, we can't take care of our students. Not having qualified teachers teaching these Leuko and giving them the education they deserve is unacceptable. It's unfair for a teacher to have to give less efforts to teaching due to having to hold second and third jobs to survive. I'd hate for my daughter to have to be taught by a long term substitute because they are unable to find qualified teachers ! I don't blame the lack of teachers, look how we're treated? I'm not sure how much longer I can afford to commit myself to being a teacher.....I've been here for 13 years! It's the love of students and desire to teach that kept me around this long but I'm not sure how much longer I can financially make it!*

To deliver the schools our keiki deserve, please support these bills. We need your help. Mahalo.

To: JUDtestimony
Subject: Testimony in Support of SB 683/686

Testimony for: House Judiciary Committee
SB 683 and SB 686 - RELATING TO EDUCATION

Aloha, Members of the House Judiciary Committee:

I am Andy Jones, a teacher at Radford High School. I have been at Radford for a decade; previously I taught English as a Foreign Language in Taiwan 1993-2006. I am writing to ask that you please pass SB 683 and SB 686 to increase funding for public schools.

Valid arguments for increased funding are legion. The following are among the most exigent:

1. *Teacher retention and recruitment.* When cost of living is taken into account, the average public school teacher in Hawaii earns more than \$10,000 less per year than the next lowest-paying American states for teachers. That is to say, it is not just that we are ranked last, but that there is in addition a significant gap between Hawaii teachers and the other low-paying states. For many teachers, this gap spells non-affordability. This is the primary reason why the average Hi teacher spends less than five years in the classroom, and why we have the nation's most serious teacher shortage overall. Students suffer individually and collectively when too many of their teachers are inexperienced or under-qualified. I believe that improving teacher retention and recruitment is beyond question the single most effective way of improving public education in our state.
2. *Unfavorable teacher to student ratios.* Teachers throughout the state are overburdened with too many students. This year at my high school, one of my first-year Language Arts colleagues has over 210 students distributed among his six classes. That's almost 40 students per class. Not only are 40 students far too many for effective teaching and learning; the sheer number of students that this teacher is responsible for seriously limits how much time the teacher can spend devoting important individualized attention to particular students. In short, not only do teachers need to be paid more in order for them to stay beyond five years; more teachers need to be hired in order to effect more favorable teacher to student ratios.
3. *Teachers need more preparation time.* This third point is inextricably woven with the second point. The annual information gathered by the Organization for Economic Cooperation and Development (OECD) provides substantial evidence that, of approximately three dozen nations that participate in the extensive reports on education, teachers in the United States are the second-most overworked teachers in the world after Chile, spending an approximate 1100 hours in front of students per year in comparison to the international average of around 600. Most American teachers experience significant challenges in implementing educational "best practices" because they are given so little time to developing the highest quality curriculum, instruction and assessment. Public education in Hawai'i as in the rest of the United States is unlikely to improve significantly until efforts are made to decrease the number of students teachers are responsible for each year and to build more non-

teaching time into the teacher work day. Once again, this will require hiring far more teachers than we currently have.

To deliver the schools that our keiki deserve, I ask you to please support these bills.

Mahalo.

Subject: SB863 SB686

Aloha no Chair Nishimoto and Members of the Committee:

My name is Ann Keeler (Herkes). I am a teacher at Wilcox Elementary on the island of Kaua'i. I am submitting testimony **in support** of **SB 683** and **SB 686** to increase funding for public schools.

Na Keiki are our future. When teachers instruct their students, they build the foundation for equality, prosperity, and Aloha for [tomorrow](#)'s generations. Every dollar invested in our community's public schools yields exponential returns for our economy and even more important for the promise of a more open and democratic society filled with Lokahi and Aloha; With citizens who embrace their Kuleana and Kōkua and know how to Hō'oponopono.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because we see great teachers leave for states where not only is pay higher, living expenses are lower. We are losing a valued kindergarten teacher to Oregon because his family will do better economically giving his two children better choices for their future. As a parent with a child in college I need a house mate and am looking for a second job. I know teachers who have three jobs so their families can live decently. Teaching is beyond a full time job all by itself and it takes away from focusing on this job, educating our future, when teachers must find second and third jobs to live decently. We need adequate pay and compensation so that we can focus on one job only, creating the leaders who will create the best future possible, the one in which we will retire.

To deliver the schools our keiki deserve, please support these bills. We need your help. Māhalo e Mālama Pono!

Subject: testimony in support of SB 683 and SB 686 relating to education

Aloha Chair Nishimoto, Vice-Chair San Buenaventura, my own representative Della Au Bellati, and Other Members of the House Judiciary Committee,

RE: Senate Bills 683 and 686 Relating to Education

I write in support of Senate Bills 683 and 686. I submitted testimony earlier this legislative session to your committee on House Bills 180 and 182. I stand by my reasons for requesting a constitutional amendment be put before Hawai'i citizens to allow a vote on this proposed new revenue stream for public education in Hawai'i. I would also like to add more information in support of the senate measures.

Ten years into teaching in the Hawai'i public schools, I make 72% of what I would make in Seattle, Washington or Encinitas, California, and 81% of what I would make in Portland, Oregon. There is a simple reason for this; the Hawaii State Teachers Association (HSTA) must negotiate all step increases for teachers, and in ten years, there have been only two step increases. What is especially troubling is that fully two thirds of HSTA members are women. There are many other public employee unions in this state that receive automatic step increases rather than negotiated step increases. Correcting this inequity and single greatest cause of pay disparity compared to other school districts will be expensive. Hawai'i public schools are already underfunded, as clearly put forth in both SB 683 and 686. We need to ensure an adequate revenue stream for public schools to support our ambitious blueprint for the future and even to maintain mediocrity. We do not want to slip to the bottom of the ranks again after such steady progress.

As I mentioned in testimony to the House Education Committee this session, in 2009, I patiently attended community meetings about the state budget offered by Representative Marcus Oshiro to learn why the legislature felt it was necessary to cut from the education budget. I understood the difficult position our representatives in government found themselves in after the 2008 financial crisis. However, nearly ten years has passed since that crisis and we still have not fixed the structural problems in our revenue stream and state budget that forced the difficult decision of cuts in the form of Furlough Fridays. We need to be proactive and secure steady funding for such a vital public good as education.

A member of this committee (for whom I hold deep respect) told me once that teacher salaries may be lower in Hawai'i, but we live in "Paradise." Statistics from the 2016-2017 school year debunk the notion that Hawai'i may attract an endless supply of educators, who will be happy to take a pay cut to live in this wonderful place. Last year, word of the teacher shortage in Hawai'i went viral on the internet, reaching a worldwide audience. The department had to hire additional staff to field inquiries about positions from places as far-flung as Ireland and India. Even with such attention on HIDOE job postings, in August of 2016, there were still 1600 unfilled positions out of 13,500, and 531 remained vacant.

If a new property tax is not the right future for Hawai'i, citizens may vote against the amendment. Please ensure we all have the opportunity to decide this important question in 2018.

Thank you,

Claire Gearen

To: JUDtestimony
Subject: RE: SB 683 and SB 686 RELATING TO EDUCATION.

TESTIMONY BEFORE THE HOUSE COMMITTEE ON JUDICIARY
WEDNESDAY, MARCH 22, 2017 2 p.m.

Aloha, Chair Nishimoto and Members of the Committee:

My name is Justin Hughey. I am a second grade Special Education Teacher at King Kamehameha III Elementary on Maui.

I am testifying in support of SB683 and SB686.

I want to address the problem of approximately 1,600 teacher vacancies that was projected for the start of this current school year and is the same projection for next year.

In 2005 I was finishing up my Masters in Special Education while working as a server at an Italian Steakhouse Restaurant in Batavia, Illinois. A man sitting in my section said, "If you want to be a teacher, you can do that anywhere. You have to move to Maui. It is a progressive state, Hawaii, a place where kids still respect their elders, and it is paradise." Nice story.

I moved here with about 40,000 dollars in student loan debt for my two degrees. I never put a penny on a credit card because I didn't believe in having one. My rent was 1,200 dollars a month and I was being paid about 1,100 every two weeks after taxes. Immediately I had to put 5,000 dollars on a credit card in the first six months to just purchase groceries.

Six months later I obtained a second job at a fine dining restaurant in Kapalua, Maui. General Manager said we will give you three shifts and you let us know if it is too much or too little. We respect teachers. That General Manager left and the new one told me I had to be available every day of the week and we could care less that you are a teacher. It's about the corporation.

That GM had me working upwards of five days a week, 19 hour Fridays. I was dependent on the second job like 40% of all teachers in Hawaii. This meant that I could not take courses to move myself up the payroll.

First, the DOE does not pay teachers enough to fulfill the job requirements during contractual hours and teachers are exempt from obtaining overtime. No teacher can do a great job when they leave at three, work another job till eleven, get home [at midnight](#), only obtaining six hours or less of sleep, and wake up the next day and do it all over again.

I can't express what it feels like to wake up, sore, tired, and just try to make it through another day.

I don't think it is a coincidence that my body is currently giving out. Last August I picked up a case of paper and it gave me a severe bulging disc. I am only forty years old and I may never be able to go for a jog again. I am still receiving therapy for my injury. If I didn't share the bills with my fiancée I would have had to move.

Teachers don't want to teach here because when the cost of living is factored in, they are paid one of the worst salaries in the country. Whenever I have lobbied legislators they have always agreed more money needs to go to education so where would you take from, the kapuna? So last year HSTA proposed a raise in the GET. That was unsuccessful. This year we proposed raising taxes primarily on non residents. We are not asking you to raise taxes, just please let the people decide by voting on a constitutional amendment by passing this proposal.

Until this state finds a significant increase in a dedicated educational funding stream you will continue to start the school year with more than 1,600 vacancies, hoping enough high school graduates can fill the positions. The teaching profession is a career not a second job. If this state offered competitive salaries, teachers would be coming in droves

form the mainland and better yet more of our own members in our community would have the desire to become a teacher.

I never gave up hope. Teachers educate all other professions. The economy suffers when we do not offer a quality public education to every child. All I ask is if you vote against this proposed funding mechanism, that you will come up with a better way to add 500 million more dollars annually, for education, so that this state can one day offer a quality public education, an education the keiki deserve.

Mahalo for your consideration.

Justin Hughey

Chair Nishimoto and Members of the Committee:

My name is Laura Burton. I am a teacher from the East Complex on Kauai. I am submitting testimony **in support** of **SB 683** and **SB 686** to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because teachers can no longer afford to live in Hawaii with the lack of pay increase and the constant increases in Health Insurance costs. For the third year in a row, our health insurance is rising, in addition to other cost of living increases. Many of our teachers already work second jobs to make ends meet, this upcoming "pay reduction" is going to break many of them, including myself.

Our keiki deserve teachers who are solely focused on the students. They deserve teachers who are rested and who feel appreciated in their profession. Right now, teachers feel very much unappreciated and are feeling strapped financially. We must find funding, to at least maintain current pay rates...if not increase pay. I, myself, a "Highly Qualified" and "Distinguished" rated teacher, am now looking to possibly return to the mainland, as I may not be able to survive another pay loss. We already are having trouble recruiting new teachers to the profession in Hawaii...Do we now also want to lose the many "highly qualified", talented, and experienced teachers that we do have? Hawaii's keiki and families deserve more!

While making technology and modern tools/materials available to our keiki should be a priority, a higher priority should be having competent, experienced, caring teachers to guide the students toward a successful future. Emergency hires and long-term, inexperienced substitute teachers should not be the standard expected to serve our students.

I love teaching in Hawaii. The organized and professional expectations of our DOE are appreciated, but without a viable income, many of us cannot continue to serve our keiki.

To deliver the schools our keiki deserve, please support these bills. We need your help.

Mahalo.

Rebecca Kapolei Kiili
PO Box 322
Wailuku, HI 96793

Aloha Chairman Nishimoto and Members of the Committee:

My name is Rebecca Kapolei Kiili and I am a teacher at King Kekaulike High School on Maui. I have been a teacher for thirteen years in the Hawaiian Language Immersion Program. I am writing to express my support and urge your support to pass SB 683 and SB 686 to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will propel Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, resources for special needs students, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because Hawai'i deserves future leaders who are ready to engage in their communities in ways that will keep them home in Hawai'i. Too often we lose our best and brightest to the allure of the mainland life as the affordability to live and work at home is bleak because of the cost of living. Investing in our public schools is vital to Hawai'i's sustainability in all levels of our lives, both public and private, personal, and professional. We want students to feel that their public education experiences have prepared them to meet the challenges and opportunities of the 21st century with confidence, conviction, and compassion. Your support of these bills will be a testament to these ends.

Funding our schools and committing to excellence is not only what our children deserve, but what our communities, and our whole state deserves. Thank you for your service, time, and commitment to public education in Hawai'i.

Me ke aloha no,
Rebecca Kapolei Kiili

My name is Shannon Kaaa. I am a teacher from District 33 on Oahu. I am submitting testimony **in support** of **SB 683** and **SB 686** to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because we need to attract and retain teachers. The state should invest in education by paying teachers better. Teacher education programs are not able to attract high quality candidates, because the teaching is not a well paying profession. And many of the best teachers already in the field are leaving for more lucrative careers. There may be short term schemes to addressing the teachers shortage, but the best answer is paying teachers better.

To deliver the schools our keiki deserve, please support these bills. We need your help. Mahalo.

Shannon Kaaa, District 33, Oahu.

TESTIMONY BEFORE THE HOUSE COMMITTEE ON JUDICIARY

RE: SB 683 and SB 686 RELATING TO EDUCATION.

WEDNESDAY, MARCH 22, 2017

2 p.m.

Chair Nishimoto and Members of the Committee:

My name is Stephanie Gross. I am a teacher from the Windward District on Oahu. I am submitting testimony **in support** of **SB 683** and **SB 686** to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because our children need experiential learning. In order to do so, my classroom needs more supplies, resources, and manipulatives. My husband (a DOE counselor) and I (a DOE teacher), both Masters by degree, need to have additional part time jobs to pay for the cost of living in Hawaii and supplement our classroom and office. These additional jobs take away time from our growing family as well as opportunity to learn through PD.

To deliver the schools our keiki deserve, please support these bills. We need your help. Mahalo.

TESTIMONY BEFORE THE HOUSE COMMITTEE ON JUDICIARY

RE: SB 683 and SB 686 RELATING TO EDUCATION.

WEDNESDAY, MARCH 22, 2017

2 p.m.

Chair Nishimoto and Members of the Committee:

Hi, my name is Stephanie Takashima and I am a school counselor at Henry J. Kaiser High School on the island of Oahu. I have been a school counselor for nine years. I am asking you to show your support of Hawaii educators and students by passing SB 683 and SB 686 to increase funding for public schools.

Our children are our future. When teachers instruct and counselors counsel their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawaii's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, resources for special needs students, and professional pay that reflects the value of our hardworking counselors and teachers.

We need additional funding for our public schools, because all too often, school educators pay out of their own pockets for school supplies and resources that are used in teaching their students. Without adequate funding, schools often have a challenging time providing the level of instruction necessary to reach each student at their needs and learning levels. Class sizes are large with 32-35+ students per class. These students have varying levels of need, different learning styles, and different life circumstances that often serve as obstacles in their education. As educators we are also often tasked with many different roles within the school, that it takes us out of the job we were initially hired to do. Quite often we lack adequate funding to hire the necessary personnel in the areas of need, thus teachers and counselors serve various roles within the school, such as custodial workers, security, cafeteria workers, substitute teachers during our non-teaching/prep periods. When this happens, it becomes a disservice to our students because we have a limited amount of time to focus on what we have a passion for, which is teaching and counseling our students to navigate the global world we live in and be productive, responsible, and caring citizens who can make a difference. It quite often leaves the educator burnt out, especially our new teachers, and the end result is that we can't service our students or provide them with the quality education they deserve.

I am asking you to support these bills to show your support for education and the future of our students.

Thank you for your time and consideration.

Sincerely,

Stephanie Takashima

Chair Nishimoto and Members of the Committee:

My name is Valerie Harmon. I am a teacher from the Honolulu District on Oahu. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

Our children are our future. Teachers salaries must be raise, now. Many qualified teachers ar leaving the profession, as they can make more money as secretaries or other positions in the work force that do not aide Hawaii's children. By hoping to import a few teachers from the mainland for a couple of years is not only a waste of money, but continues to treat teachers and their students as if they are not essential.

Support proposals that will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers. This is very harmful to our state, our future, and our present.

To deliver the schools our keiki deserve, please support raise in teacher salary NOW and please, support these bills. We need your help. Mahalo.

Jennifer Dyer, Central District, Oahu

Testimony for: Senate Judiciary Committee
SB 683 and SB 686 - RELATING TO EDUCATION
Hearing on Wednesday, March 22, 2017

Aloha,

My name is Michał Nowicki and I am a teacher at the University Laboratory School. I have been teaching in Hawaii Public Schools for 9 years. I am writing in strong support of SB 683 and SB 686 to increase funding for public schools.

Hawai'i public schools have ranked at the bottom of our nation's schools for too long. Our children deserve better opportunities, facilities, and teachers. The state entrusts teachers with care for our youth, yet, year after year, has fallen short in supporting us in our profession.

I and many teachers have made a considerable effort to share our concerns with the Department of Education and the Board of Education over the course of the last two years, however, very little meaningful action has been taken to avert a dangerous course on which we have stayed for far too long. Somehow, we always hear that there simply is not enough money for our public schools. The proposed SB 683 and SB 686 provide a means to address this critical issue.

Over the course of the last two years, I saw 6 of my teacher friends leave public schools. They now work for private schools, in the private sector, or have left the state for good. Those were all highly educated, and effective teachers, who each gave almost 10 years to the public classrooms. They, like many of us in our 30's, are forced to seriously consider the extent of the sacrifice we have made to provide our services to the public.

And although our hearts are in public education, when our wallets are empty, when we know that we won't be able to afford a mortgage, when confronted with the fact that we just gave 10 years of our lives, sweating in hot and overcrowded classrooms, and have nothing to show for it as evidenced by our empty bank accounts, it is hard for us not to reconsider our commitments.

One of my friends received a \$15,000 raise when she moved to work at a private school. She is now responsible for a total of only 80 students, about a half of the 150 she would teach in a public setting. She also enjoys better benefits, more preparation time, air conditioning, and does not have to worry about buying her own supplies.

Her departure, like so many others, is a huge loss for the public school community that in the current climate will struggle to replace her with a qualified teacher. Ironically, this is a win for the community of the wealthy and privileged, whose children will now enormously benefit from this amazing teacher joining their private school.

How can public schools fight to retain their teachers, if we are taking massive pay cuts to work for the Hawai'i DOE? The disparity in pay is especially striking for more experienced teachers – teachers that our children desperately need.

Our public schools are facing a crisis. Unless we create a working source of funding for our schools, we will see a revolving door of under-qualified educators replacing our highly effective teachers. Teacher will keep leaving to pursue opportunities that will allow them and their families to afford to live in Hawaii.

And, ultimately, if the state cannot pick up the tab, all of our kids will pay in a currency that can never be matched in dollars.

TESTIMONY BEFORE THE HOUSE COMMITTEE ON JUDICIARY

RE: SB 683 and SB 686 RELATING TO EDUCATION.

Chair Nishimoto and Members of the Committee:

My name is Theresa Haberstroh. I am a teacher from Haiku Elementary School on Maui. I am submitting testimony **in support of SB 683 and SB 686** to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts, physical education, and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because teaching should not be a philanthropic, second income job. Teachers should be compensated fairly for the amazingly difficult work they do. Fortunately, I am able to teach because of my family's dual income status. However, if I were a single person trying to make it alone on my salary, not to mention being a mother of two children, there is no way I could make it with teaching as my only job.

The teacher turnover as well as the "I've had it" retirement of long time educators is very concerning to me and most others in our profession. Please, come spend a day in the lives of the school children, the school environment, and with teachers to see all the kinds of things we do to keep our day running as smoothly as possible despite all the hurdles and obstacles that come our way.

To deliver the schools our keiki deserve, please support these bills. We need your help.

Mahalo for your support and consideration.

Sincerely,

Theresa A. Haberstroh

We need additional funding for our public schools, because our keiki deserve MORE. They deserve more than burnt out teachers, struggling to make ends meet, who are spending more time at a second job than focusing on lesson planning and how to best meet their students' needs. Our keiki deserve classrooms that don't smell like mold and mildew and are infested with termites. It is our kuleana to show Hawaii's keiki that they deserve more; because right now we are failing them.

Catherine Silva, Leeward District, Oahu

House Judiciary Committee
RE: SB 683 and SB 686
3/22/17

Chari Nishimoto and members of the House Judiciary Committee:

I am Marcia Linville speaking in support of SB 683 and SB 686, as the Education Caucus DPH, SCC member.

The DOE has long been underfunded in both libraries and Schools. Results of that underfunding in limitations in both services and personnel have had profound adverse impacts on the children and the economy of the state. Hawaii schools presently lack approximately 1600 qualified teachers. 70 % of children on the big island have never had a formal library experience, according to testimony at the BOE.

The last available Smarter Balance test showed 53% of 4th graders incompetent in reading. The past years have shown many efforts in redressing these problems, but staff shortages continue, school maintenance suffers, classrooms remain overheated and populations remain unable to access library services. There is simply not enough money to redress these problems without seriously impacting other services of the state. New requirements on the DOE resulting from the ESSA. Strategic Plan, and the Governors Innovation project will require new sources of funding.

The proposals of both SB 686 and SB683 would resolve these problems. They would provide significant additional revenues without seriously impacting Hawaii's working and limited income population.

I ask your support for SB 686 and SB 683 for the children and the future of the State.
Thank you for the opportunity to testify on this very important matter.

Marcia Linville 536-4466

Subject: SB 683 and SB 686 RELATING TO EDUCATION

**Testimony for: House Judiciary Committee
SB 683 and SB 686 - RELATING TO EDUCATION**

Dear Chair Nishimoto and House Judiciary Committee Members:

Here are the facts:

There is a teacher shortage crisis. We are the lowest paid teachers in the country when you factor in the cost of living. We have the worst teaching conditions for teachers in the country. More than 10,000 public school children go to school every day and don't have a qualified teacher in their classrooms. One in seven Special Education teachers are not qualified. For many years, our keiki have been harmed because of these factors. It is time to stop this!!!

I truly believe that you want Hawai'i to shine in our country for its education system and for our students to make great gains. It is time to act! It is time to show that you really care and support our keiki, teachers and schools.

HSTA has spent a lot of time and money to research and formulate these bills. They are based on data and propose real solutions. It is time to trust our HSTA teachers who have helped put forth these bills, as the ones who are in the trenches, who know our schools and know what we need.

I am a Special Education teacher with over 18 years of experience in the DOE. I have two masters degrees and have been National Board Certified since 2003. I am currently teaching at Kilauea School on Kaua'i and have seen the negative effects on our students. When there wasn't a Special Education teacher to hire a few years ago, a full-time sub was hired. However, I was asked to be in charge of the 15 students' IEP's, testing, meetings, and help the sub through out the year all in addition to being in charge of all of my Special Education preschoolers. It was impossible to juggle it all. The sub didn't have the necessary skills to manage her class and ultimately, all of the students were impacted negatively. This is but one example and similar horror stories happen all of the time and it has to stop once and for all. We need to retain teachers, the best teachers and have a qualified teacher in every class.

I ask that you pass SB683 and SB 686 and take a bold step toward improving our schools. Make us proud!!!!!!!!!!!!!! Don't let us and our keiki down!!!

Mahalo.

Comments: Aloha e Chair Nishimoto, Vice Chair San Buenaventura and members of the House Judiciary Committee. I am writing in support of SB683. Hawaii has one of the lowest real property tax rates in the nation and sadly, one of the lowest funded public education systems. I appreciate that this bill is aimed at real property tax investors rather than Hawaii's homeowners. Not only will funds generated by the passing of this bill help Hawaii's statewide public education system but give some sorely needed return from Honolulu's high-end out-of-state real property speculators who continue to drive the cost of housing in Hawaii out of reach of the local population. Please pass SB683, and SB686! With regards, Frankie Stapleton, DPH Dist. 4 Chair, PO Box 2094, Paho, HI 96778 and a 47 year resident of the state of Hawaii

Submitted on: 3/21/2017

Testimony for JUD on Mar 22, 2017 14:00PM in Conference Room 325

Submitted By	Organization	Testifier Position	Present at Hearing
Dylan P. Armstrong	Individual	Support	No

Comments: Chair San Buenaventura, and Members of the Committee, I write in support of S.B.686. We must fairly distribute the burden of educational expenses, which real estate investors have been able to avoid. This surcharge seeks to more equitably fund education. This is a critical time for the State of Hawaii to assert control over its future and recover declining revenues. We strongly need to disincentivize our housing crisis-oriented development model. We are at a critical junction for renters and homeowners, who are losing their foothold in the middle class. Please, pass S.B.686!

LATE

TESTIMONY BEFORE THE HOUSE JUDICIARY COMMITTEE

RE: SB 683 and SB 686 SD1 RELATING TO EDUCATION.

POSITION: STRONGLY SUPPORT

WEDNESDAY, MARCH 22, 2017, 2:00 P.m.

Chair Nishimoto and Members of the Committee:

My name is Mireille Ellsworth, an English and Drama Teacher at Waiakea High School in Hilo. I would like to ask that you pass and advance SB 683 & SB 686 for increased funding for public education. We need to put this on the ballot and give our taxpayers the right to vote on this. I regret that I am unable to afford to come to Oahu to testify in person today, so I humbly ask that you read this testimony to understand a classroom teacher's perspective.

Allow me to give you the reality as to how funding affects my students, especially in the elective classes that I teach. Waiakea High School prides itself on its Smaller Learning Communities framed around career academies, and I teach two sections of drama. However, this program is crippled in the scope of how far I can take my students in the performing arts. Our school of nearly 1200 students does not have a theater. We don't even have a "multi-purpose room" like many other schools have. The major fundraiser for our student activities program is our annual Variety Show, but annually, we must hire professional lighting and sound companies to help us set up a make-shift performance space in the gym. This eats into the money students could use for their extra-curricular activities. Our local Waiakea Lions Club donated a platform which serves as a make-shift stage in our cafeteria, but there is no "backstage" nor theatrical lighting available nor is there even a curtain.

In order to teach the acting classes and put on productions, the school's head custodian and I jerry-rigged the only "curtain" I could afford given my budget of less than \$300 the year we put it up in the classroom I use. We installed a cable that crosses the room about 12 feet high, and I literally used rolls of black plastic from Home Depot which is used to cover floors when painting, taped the panels of plastic together with black Gorilla duct tape, and punched holes and used black zip ties as curtain hooks. I must train the student actors to stop saying lines when other actors are entering and exiting the stage because of the loud plastic rustling of the "curtain." We have a few theatrical stage lights, but no lighting board, so students sit below each light and turn it on and off using a switch on a power bar. If we turn on more than four stage lights simultaneously, the whole building's circuit breakers trip, powering down two other classrooms. In fact, our class has inadvertently set off the school's fire alarm when we tried to use a smoke machine for special effects because the room is not meant to be a theater.

I have students taking acting more than one year in their high school experience, some even for all four years of high school. There have been amazing productions, many

student-written and student-directed. Autistic students have miraculously come out of their shell and found theater their niche in high school. Students who have disabilities have blossomed in this program. One example is a student with a writing disability who realized the importance and significance of punctuation when he heard his peers doing a "cold reading" of his script that he had written. He was so motivated to learn the details of writing mechanics after that revelation! The head of the Performing Arts Department at the University of Hawaii at Hilo, Jackie Pualani Johnson, has even nominated our humble drama program to travel to Edinburgh, Scotland to participate in the Fringe Festival, but I had to turn down this incredible opportunity because of a lack of funding. I'm almost embarrassed to bring students to such a prestigious event because my students do not know anything about stagecraft or building sets under our present restrictions. It is shameful and much less than the students deserve.

This school year alone, I have spent over \$400 of my own personal funds purchasing props and even a piece of used furniture off Craigslist because of the odd things we need for play productions. Two of my seniors have written and are now directing their original productions and need certain items to make their dream and vision come true! If you want to see the ultimate in student-centered learning and peers leading peers, you ought to visit one of my acting classes' rehearsals. It is exciting and an incredible cooperative and creative student-led learning experience.

Personally, the lack of funding for teacher salaries has affected me and made me question whether or not I can stay teaching in Hawai'i. I am a very thrifty person, and as a single person, I cannot afford to buy a house. I have excellent credit, and the only way I have been able to stay teaching here is to take out personal loans and juggle credit card debt. Any travel to see my two kids and my granddaughter has been subsidized by other members of my family. In fact, I haven't been able to afford to see them for two years now. It's shameful that as a working professional who holds a master's degree (that DOE does not pay me for) at over 50 years old, I depend on family to donate mileage to be able to see them. At present, I own a 2003 vehicle which I can barely afford to keep on the road with repair and maintenance bills, and I'm \$40,000 in debt just affording the basic necessities like food and rent. I still have student loan debt as well. I have no savings and struggle to help my adult kids cover their power bill once or twice a year since they are part of the working poor living in Los Angeles. My two sons live together and share a car working different shifts. I want to cry thinking about how well they did in high school, yet as a single parent, the cost of finishing college was prohibitive for us as a family, even if they only went to school one at a time.

Furthermore, I have not recovered from the reduction in salary I experienced under Furlough Fridays. What made my situation worse was that shortly after that, I was diagnosed with breast cancer which forced me to go further into debt. Since my treatment was only available on Oahu and I live on the Big Island, I had to pay for over a month's worth of hotel accommodations which were not covered by my medical insurance. Without family in Hawaii, I got help from a friend willing to drop everything and nurse me on Oahu, but of course, I had to provide for her expenses. It is sad to think that

teachers like me are only one major illness or serious accident away from financial ruin, even with health insurance.

I have a hard time promoting college to students whose socio-economic status is the same or worse than mine because sadly, as much as I love teaching and feel it is the most rewarding profession there is, I know affording college is such a struggle. It would be compromising my personal integrity to encourage young people to choose teaching as a career choice as I myself feel I am in a dead-end job. Teaching salaries in Hawai'i not only do not keep up with inflation, this salary is putting me further into debt and making my prospects for any possibility of retiring comfortably actually impossible. There will be a breaking point, and if teachers' salaries remain stagnant, I will be forced to leave.

Funding for education in Hawai'i is critical. This community has been polled and is willing to provide the types of schools our keiki deserve. It is now in the hands of our decision makers to follow the will of the people to keep qualified, passionate teachers in our classrooms and provide the support for programs that excite kids about learning and keep them motivated in their more challenging subjects.

Thank you for your time and attention,

Mireille Ellsworth,
English and Acting Teacher,
Waiakea High School
Hilo, Hawai'i

Subject: In support of SB 683 and SB 686

Chair Nishimoto and Members of the Judiciary Committee:

My name is Carol Bushey. I am a teacher from Canoe Complex on the serene island of Lana'i. I am submitting testimony **in support** of **SB 683** and **SB 686** to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because our students deserve the best. I am in my 18th year of teaching on Lana'i. Housing is a dilemma for many in the state. How could teachers possibly stay when they are priced out of living arrangements? I am not a mercenary, I teach because I have a calling. We who teach should not be taken for granted because we have an eye toward the future via teaching our young ones--our most valuable resource.

There should be more respect shown to those who become teachers. We appreciate the consideration of providing us with Institute Day. Periodically, Lana'i teachers have shared the experience of Institute Day on Maui. One year, three of us carpooling had to decide which of our cars was most likely to make it to the harbor. This backdrop further illustrates the lack of personal as well as professional resources allowed teachers. We are not on an equal playing field with technological resources or the training to optimize the use of such resources.

I am fully aware that there are many petitioning for monies from the budget. I realize these competitors have valid needs as well. I do not envy your position in this matter. At best I can hope

that my words will move you to be more considerate of your teachers. Please support us so we can best meet the needs of our students.

To deliver the schools our keiki deserve, please support these bills. We need your help.

Mahalo.

Subject: Strong Support for SB 683 and SB 686

TESTIMONY BEFORE THE HOUSE COMMITTEE ON JUDICIARY

RE: SB 683 and SB 686 RELATING TO EDUCATION.

WEDNESDAY, MARCH 22, 2017

2 p.m.

Chair Nishimoto and Members of the Committee:

My name is Grace A. Tanuvasa from the 1st District on Oahu. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because I am a product of a failed public school system. It wasn't until private school college that I learned how to properly write research papers with the correct grammar rules and sentences. And it wasn't until college that I fell in love with history and began to read textbooks with ease. In addition, I feel that the teaching material when I was in highschool was/is very outdated and lacking in substance. Kids aren't taught the necessary and basic knowledge to survive in today's world.

To deliver the schools our keiki deserve, please support these bills. We need your help. Mahalo.

Grace A. Tanuvasa, 1st District, Oahu

Subject: Testimony on SB 683 and SB 686 RELATING TO EDUCATION

Testimony Before House Committee on Judiciary
RE: SB 683 and SB 686 Relating to Education
Wednesday, March 22, 2017 @ 2pm

To: Chair Nishimoto and Members of the Committee:

I am Deborah Bond-Upson from Kailua, Oahu. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

I have worked in education for almost 40 years and all four of my children have gone graduated from public schools. I have seen the difference when students have qualified teachers versus students in schools that rely on substitutes, schools with fast teacher turnover rates.

It is proved that given the complexity of the job and the diversity of the students, most teachers get to their highest skill level at 7 years. But in Hawaii, we have classrooms with only substitutes all year and even for permanent teachers, the average length of tenure is 5 years.

Given our high cost of living it is clear schools would be challenged to retain teachers. But added to that our salaries are lower than most states. The disparity grows over the career so that a longtime teacher does far better financially in another state or another profession. Indeed, many of our teachers work more than one job in order to make ends meet and too many of our teachers are forced to leave the profession.

Luckily many of our teachers stay in the profession because they love their jobs and know they are doing the most important work in our society. Preparing the next generation for a world less predictable than ever is more important than ever.

We need to have qualified teacher in every classroom. To accomplish that, we need to show respect for the profession commensurate with the challenges and the importance to our society.

It has become clear over the past few years that improving the pay scale of public school teachers in Hawaii requires a different mode of funding. That is why I support, and every one I know — from Parents for Public Schools-Hawaii where I have served on the board for 6 years— and from my social and church connections.

Supporting these proposals will not only lift Hawai'i's schools through raising the respect and compensation for teachers, but also will bring our schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs.

Please support our future in Hawaii by supporting these bills to support our schools and especially the teachers who devote their lives to our keiki.

TESTIMONY BEFORE THE HOUSE COMMITTEE ON JUDICIARY

RE: SB 683 and SB 686 - RELATING TO EDUCATION.

Wednesday, March 22, 2017, 2 p.m.

March 22, 2017

Chair Nishimoto and Members of the Committee:

We apologize for the delay in this testimony but Clare is traveling with limited access to email.

We are Clare Hanusz and Nevzat Soguk. Clare is a mother, attorney, and a Parents for Public Schools Hawaii board member. Nevzat is a father and tenured professor at the University of Hawaii. We reside with our two children, Ali (15) and Derya (13) in Hawaii Kai. Both of our kids attend public schools.

We strongly urge you to pass SB 683 and SB 686 to increase funding Hawaii's public schools.

Our education system has been in crisis for so long that crisis has been normalized. It should not be! Overcrowded hot classrooms, crumbling infrastructure, a lack of qualified teachers for our over-tested stressed out kids. These quasi-third world conditions are the reality of what kids and teachers face in Hawaii's public schools. These issues represent the reasons that many who can choose to abandon public school education for their kids, either from the start or later in the middle school or high school years. They take their social and economic capital and political clout elsewhere. That makes our challenge harder, and we need to raise our voices louder, again.

Our kids were born in Hawaii and attended Honolulu public schools until we moved to Australia for 18 months in 2012. Exhausted and somewhat traumatized from the furlough Friday battle, we were thrilled to find ourselves living in a place with a vibrant, healthy public education system. Only a small percentage of parents where we lived in Melbourne choose private schools for their kids, where the education system was much more robustly funded. Teachers were paid well, respected, and happy. The opportunity to live abroad highlighted again for us the shameful lack of resources devoted in Hawaii to our public school kids and teachers.

Every person we've spoken to – those with kids in public schools, or private schools, or without children, support the idea of paying more in taxes for better schools. The time is now- our kids have waited far too long. We owe them better. Supporting these bills is an important start.

Thank you for your commitment to Hawaii and our kids.

Clare Hanusz, 808-384-9682, chanusz@gmail.com

Call to action: We need your testimony for Wednesday's House Judiciary hearing on constitutional amendment

Aloha teachers:

Our proposed Constitutional Amendment (SB 683) to create an additional revenue source to fund our public schools and its enabling legislation (SB 686), have passed the full Senate, crossed over into the House, passed the Education Committee, now they will be up again in the Judiciary Committee!!

On Wednesday, March 22, our proposed Constitutional Amendment, and its enabling legislation, will be heard by the House Judiciary Committee (JUD).

Note: If you have submitted testimony before, just change the chair and committee names, make sure the bill numbers are SB 683 and SB 686, and send to the appropriate email address for this next committee.

JUDtestimony@capitol.hawaii.gov

Here is sample starter testimony for this Wednesday's hearing. Thank you!! (In the Senate the bill #s are SB 683 and SB 686.)

Comments on Funding for Public Education Improvements

We must not raise additional funding for public education programs because we must first transform our public education system from a centralized, top-down, one-size-fits-all to a decentralized local school empowerment of the principal, teachers, students, parents, and community business leaders. In addition, spending more money is not the primary issue as we spend one of the highest amounts per student in the nation and the world of developed countries at about \$12,000 per student per year.

Primary focus must be on identifying each student's passion, strength and weaknesses and tailor the curriculum to better match the student's needs and not just lecture our students on a mass scale like on an assembly line, since our current 124-year old education model was conceived during the Industrial Age for training our factory assembly-line workers. We are currently in the technology-based Information and Knowledge Age where our students must be able to compete in a global technologically-driven economy.

Best education model was discussed by William Doyle on education in Finland, "Finland's education system might be worth emulating," Honolulu Star-Advertiser, March 23, 2016 and a Letter to the Editor, same subject on March 25, 2016 by Andy Jones, Language Arts Teacher, McCully, who wrote, "Teachers in Hawaii and across the country are gradually waking up to the fact that American education has been hijacked by educational corporations, with the help of governmental forces complicit with their agenda. We have also become aware of countries where this has not happened, where educators have successfully kept businessmen and politicians out of the classroom.

The state Department of Education officials would do well to educate themselves on the dramatic divergences that have come about between American education and education in the top-performing countries. Only then may we begin dismantling the corporate-backed 'accountability regime' - a bureaucracy based on pseudoscientific conceptions of data and standards - that currently determines what happens in our schools."

Both William Doyle and Andy Jones provided well-written and easy-to-understand articles concerning why our public education system requires significant transformation out of the Industrial Age education model to a more competitive Information and Knowledge Age education model based on the latest technologies where our future leaders are expected to compete in a global, technologically-driven economy.

In addition, we need to transform our public education organizational structure that is too top-heavy with administrators and focus on our core teachers that should reduce funding for administrative staff and increase funding for teachers during the transformation from a centralized top-down, one-size-fits-all to a decentralized local school empowerment of principals and teachers.

Subject: SB 683 and SB 686 RELATING TO EDUCATION

Aloha,

In regards to this bill. Unless it increases pay for educators, I don't care about it. Either the pay is increased substantially, or Hawaii will loose many educators. While the DOE posts jobs in several other states, says one doesn't even need a teaching degree and pays for moving costs, this only increases the low morale and deprivation of education throughout the state.

Teachers are at the forefront and need to be paid accordingly.

Subject: Testimony for SB 683 and SB 686

Chair Nishimoto and Members of the Committee:

My name is Yahna Kawa'a. I am a teacher from the Windward District on O'ahu. I am submitting testimony **in support** of **SB 683** and **SB 686** to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but also for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because our school will not be able to fund and support teaching and administrative positions next year. Our school will lose a special education teaching position and a vice-principal position. However, the work load and responsibilities remain and must be placed on teachers and the principal, creating stressful work environment. This is unacceptable.

Our principal has worked tirelessly to improve our school in many ways to provide educational opportunities that enrich the lives of students by providing students with teachers trained in art, music and physical education. These classes afford creative outlets for children and a balanced and well-rounded educational experience, classes for which their private school peers are undoubtedly provided without question. These three positions have created "time" within the day for teachers to meet, review and discuss data, curriculum, field trips and share ideas. Without appropriate funding, these positions and collaboration time would disappear – and everyone loses!

Our principal was able to secure \$200 for each teacher this year, most of which went to replenishing office and student supplies – staples, glue, rubber bands, envelopes, labels, folders, expo pens, construction paper and play sand. I also needed a lockable filing cabinet for confidential files, but did not have enough money for that. I found a rusty one on Craigslist for \$10, but ended up with a second-hand one from my colleague. The bottom drawer sticks, making a racket when I open it, but my roommates are so nice and never complain.

I work in the Head Start program, as a special education teacher (DOE) supporting students with disabilities in the inclusion setting. Funding for special education is so important because the student population is very needy. Money not only pays for teachers, but materials, and special education support positions and services (e.g., assistants, therapists) for children who need it most. However, the remaining students in our classroom (Head Start only) come from low-income families. Parents are struggling which creates a stressful home environment for children. As a result, Head Start and the Department of Education provide educational opportunities and supports for children and their families - those who need it most. Aren't they worth every penny?

Fortunately, there are alternatives to a lack of financial support. A dear friend and colleague at Waimanalo Elementary introduced me to DonorsChoose, an online site that connects teachers with donors interested in funding classroom projects. Through the site (and the generous support of 4 donors, of a former parent, colleague, high school classmate and retired teacher who lived in Hawaii), we now have 2 new Silver Rider tricycles. The total cost was \$402.28. This exceeded my budget. The children love riding the bikes because our campus is relatively flat. Each day, children rush to add their names to the sign-up sheet and wait for a turn, which as we know, for preschoolers, is a challenge. There are usually 7-10 names on the list and with the limits on time many don't have a chance to ride, resulting in tears, frowns and long faces. With appropriate funding, we can build our fleet to 18 tricycles so the children can ride to and from breakfast and lunch everyday thereby supporting their physical development and emotional well-being. With your kokua, our schools will receive much needed financial support.

To deliver the schools our keiki deserve, please support these bills. We need your help. Mahalo.

TESTIMONY BEFORE THE **HOUSE COMMITTEE ON JUDICIARY**

RE: **SB 683** and **SB 686** RELATING TO EDUCATION.

WEDNESDAY, MARCH 22, 2017

Dear Chair Nishimoto and Members of the Committee:

My name is Sandra Yoshikawa. I am a teacher from South Kona on Hawai'i island. I am submitting testimony **in support** of **SB 683** and **SB 686** to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools because lack of sufficient resources are impacting our children's lives. Lower class sizes will improve learning for all students, along with providing education in the arts, physical education, foreign languages and Hawaiian Studies. Low pay has forced me to take a part time job after school along with hundreds of other teachers holding second and sometimes third jobs just to make ends meet. These situations are not in the best interest of our children and not in the best interests for our teachers.

To deliver the schools our keiki deserve, please support these bills. We need your help. Mahalo!

Sincerely,

Sandra Yoshikawa

South Kona District, Hawai'i Island
