edward v frazer	friends of pohoiki	Support	No

Comments: we need to have a safe area for the public to get in the ocean at pohoiki... too many close calls at the boat ramp not to mention the pollution of the exhaust/iuk abd fueal leaks in the water. I have been a resident of Kalapana and now Pohoiki for 36 years and my keiki and moopuna surf/fish/ swim there. I have watched the progress over the years and am happy the way things have been going with the park and surrounding areas... Now they are planting papays just mauka of Isaac Hale park... More pollution from fertilizer and herbicide/pesticide runoff? A real bad idea. or? We are also intending to have a culturally significant community garden adjacent to the shower/toilet building. thank you for stepping forward for our children and community as a whole by supporting the bill. Edward Frazer owner: Pohoiki Organic Farm

Frances K. (Frankie) Stapleton	Individual	Support	No

Comments: Greetings to Committee Chairs Rhoads and Nishimura and members of the WTL and PSM committees. I am Frances K. (Frankie) Stapleton, a retired journalist and public school teacher who has lived in lower Puna since 1979, years before the ongoing Kilaue'a eruption started and before it wiped out all of Puna's public access to the ocean with the exception of Poho'iki. So it's been that long that the DLNR has ignored public cries for help over the situation at the Poho'iki boat ramp, the dangerous mix of people seeking a living fishing, surfers, canoe paddlers, keiki and ever-growing numbers of tourists and the Puna residents trying to get in the water via a one-lane boat ramp in a very narrow access. Most Puna people grew up with infrastructure inherited from the plantations. Minimal state infrastructure since statehood! Easy to ignore these poor rural people down here as they're the furthest from Honolulu. But with Puna's population growing more than any other district in the state for years, isn't it about time Puna got some basic state-provided infrastructure? Please support this bill calling to fund a feasibility study for creating a safe swimming and boat launching area at Poho'iki. Mahalo nui for your consideration of this testimony and malama pono, Frankie Stapleton, 14-803 Crystal Circle, Pahoia 96778
