State Conference Room 229

In support of Senate Bill 847
Relating to the Diamond Head State Monument

1. Close to 1 million visitors to Diamond Head provides an ample built-in audience
2. Pacific Historic Parks, a well established nonprofit, is now operating a Diamond Head kiosk, is also at Pearl Harbor, raised over \$50 million to help build Pearl Harbor visitor center, and is a possible partner for this visitor center.
3. The center with its built-in audience will provide opportunity for education and an improvement of the visitor experience. Just as the Pearl Harbor visitor center helps visitors understand and appreciate the significance of Pearl Harbor, the Diamond Head visitor can do similar for Diamond Head and volcano understanding/appreciation.
