December 2018

**Report to the Thirtieth Legislature  
Regular Session of 2019**

**Land Dispositions Made of Public Lands  
for Calendar Year 2018**

Introduction

Pursuant to Section 171-29, Hawaii Revised Statutes, the Board of Land and Natural Resources is mandated to submit a written report annually to the Legislature of all land dispositions made in the preceding year.

This report includes information relevant to these land dispositions, including but not limited to the persons to whom the disposition is made, the purpose for which the disposition is made, land classification, tax map key and rental or sales price.

While every effort has been made to include all land dispositions occurring during the calendar year, due to timing issues, this report may not include all dispositions through December 31, 2018. Such dispositions that are not included in this year's report will be included in next year's. Also, dispositions which occurred in prior years may be included here if omitted from prior year reports.

There are various points in time which could be used to determine whether a disposition occurred, e.g. date of document execution, commencement date of document, date payment received, etc. For the purposes of this report, the date of execution was used to determine if a "disposition" had occurred during the calendar year. Renewals of existing dispositions are not covered by this report.
