
A BILL FOR AN ACT

RELATING TO CONSUMER PROTECTION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the ticket-
2 purchasing process for popular events is frustrating for
3 consumers. According to reports by the Attorney General of the
4 state of New York and the federal Government Accountability
5 Office, event tickets for popular concerts go through one of
6 three channels: holds, pre-sales, and general public sales. Due
7 to event tickets being held or sold through pre-sales, the
8 general public only has access to a fraction of the event
9 tickets, sometimes less than half.

10 Additionally, primary ticket sellers are not transparent
11 with fees and charges. First, a consumer may not be informed of
12 the applicable taxes and charges until the very end of the
13 ticket-purchasing process, shocking a consumer with the
14 additional cost. Second, the amount of the fees or charges do
15 not always appear justified by the proffered reason for the fees
16 or charges.

1 Further, the legislature finds that popular events held in
2 the State attract secondary market profiteers, commonly known as
3 scalpers, who exacerbate the frustrations of the ticket-
4 purchasing process to the detriment of ordinary consumers.
5 First, scalpers are additional persons with whom consumers must
6 compete for event tickets, thereby increasing the demand for an
7 inelastic supply. Second, scalpers increase the cost of an
8 event to a consumer, but the cost increase is not spent to make
9 the event better for the consumer. Lastly, some scalpers do not
10 compete equally with consumers as some scalpers utilize computer
11 software to navigate a ticket-selling platform and its security
12 measures in a fraction of the time as a human being to purchase
13 multiple tickets and conduct multiple transactions
14 simultaneously. For example, in 2018, thousands of tickets for
15 a concert held in the State by recording artist Bruno Mars ended
16 up on third party websites at inflated prices.

17 However, the legislature recognizes that the secondary
18 market provides a service to consumers who are willing to pay
19 more for the convenience of purchasing tickets at any time up to
20 the date of the event. Additionally, the secondary market
21 provides an opportunity to obtain tickets for consumers whose

1 schedule and commitments prevented them from purchasing event
2 tickets when the event tickets were initially made available.

3 Due to each position's merits, the legislature finds that
4 states differ in their approaches to the problem of ticket
5 scalping. Some states explicitly allow the practice of ticket
6 scalping and curb any attempt to limit the practice. Other
7 states take the opposite stance by prohibiting the practice in
8 its entirety. Yet, other states take an intermediate approach
9 by placing various limitations such as capping the profit a
10 ticket scalper may make; restricting the time or place of ticket
11 scalping; requiring ticket scalpers to be licensed or
12 registered; or mandating certain business practices to ensure a
13 certain level of consumer protection.

14 Additionally, the legislature finds that today's
15 technology, such as the internet, makes the practice of ticket
16 scalping both substantially easier to accomplish and harder to
17 curb. As such, the legislature finds that an intermediate
18 approach is the most pragmatic at providing consumers with
19 protection and fairness in the ticket-purchasing process.

20 Thus, the purpose of this Act is to regulate event ticket
21 sales by:

- 1 (1) Capping the service charges a primary and secondary
2 ticket seller may place on top of the price of an
3 event ticket;
- 4 (2) Requiring primary and secondary ticket sellers to
5 guarantee a full refund in certain situations;
- 6 (3) Requiring website operators to disclose that the
7 website and seller are not the primary ticket seller;
8 and
- 9 (4) Prohibiting the practice of selling tickets that are
10 not in the seller's possession and the practice of
11 using or selling software to circumvent a primary
12 ticket seller's security measures.

13 This Act shall be known as the "Bruno Mars Act".

14 SECTION 2. The Hawaii Revised Statutes is amended by
15 adding a new chapter to be appropriately designated and to read

 21 purchasing event tickets.

1 (b) A person found in violation of this section shall be

7 § -10 Remedies; prohibited contractual agreements. (a)
8 Any violation of this chapter shall constitute unfair methods of
9 competition and unfair and deceptive acts or practices in the
