
A BILL FOR AN ACT

RELATING TO SHARK AND RAY PROTECTION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that sharks and rays are
2 extremely important to ocean ecosystems. As ocean predators
3 near the top of the food chain, sharks keep the ecosystem
4 balanced, regulate populations of other marine life, and ensure
5 healthy fish stock and reefs.

6 Sharks and rays are more vulnerable than most other fish
7 species. They are long-living and slow-growing, start
8 reproducing at an advanced age, and produce relatively few
9 offspring per year. If the food chain is disrupted by a decline
10 in the shark population, it affects the entire reef system.
11 Protection for sharks and rays ultimately means healthier, more
12 resilient oceans and reefs that are better able to withstand
13 other pressures on the ocean ecosystem from climate change and
14 pollution.

15 Sharks and rays on the reefs not only have significant
16 ecological roles, but they are also valued figures in Hawaiian
17 culture and are economically important to ocean recreation

1 industries and tourism in the State. The benefits of
2 maintaining viable populations greatly outweigh any value that
3 would be gained by killing these species.

4 The purpose of this Act is to:

- 5 (1) Protect sharks and rays for ecological purposes, for
6 their value to the ocean recreation industry, and for
7 their value to native Hawaiian cultural practices;
- 8 (2) Establish fines and penalties for knowingly capturing,
9 taking, possessing, abusing, or entangling a shark,
10 whether alive or dead, or killing a shark, within
11 state marine waters;
- 12 (3) Expand the existing prohibition on knowingly capturing
13 or killing a manta ray to apply to all rays; and
- 14 (4) Expand the prohibition regarding rays to include
15 knowingly capturing, taking, possessing, abusing, or
16 entangling a ray, whether alive or dead, or killing a
17 ray, within state marine waters.

18 SECTION 2. Chapter 188, Hawaii Revised Statutes, is
19 amended by adding a new section to be appropriately designated
20 and to read as follows:

1 "§188- Sharks; mano; prohibitions; exceptions;
2 penalties and fines. (a) Except as provided in subsection (e)
3 or as otherwise provided by law, no person shall knowingly
4 capture, take, possess, abuse, or entangle any shark, whether
