
HOUSE CONCURRENT RESOLUTION

REQUESTING THE DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES TO INVESTIGATE THE COEXISTENCE OF JALOUSIE WINDOWS AND AIR CONDITIONING IN STATE BUILDINGS AND CONSIDER MORE ENERGY EFFICIENT ALTERNATIVES.

1 WHEREAS, many facilities owned by the State have installed
2 air conditioning units after the facility's initial
3 construction; and

4
5 WHEREAS, some of these facilities still have jalousie
6 windows between the air conditioned spaces and the outdoor
7 environment; and

8
9 WHEREAS, jalousie windows allow the conditioned air to
10 escape the building, thus increasing the expense of providing
11 air conditioning to the indoor environment; now, therefore,

12
13 BE IT RESOLVED by the House of Representatives of the
14 Thirtieth Legislature of the State of Hawaii, Regular Session of
15 2019, the Senate concurring, that the Department of Accounting
16 and General Services is requested to investigate the coexistence
17 of jalousie windows and air conditioning in state buildings and
18 consider more energy efficient alternatives, such as replacing
19 the jalousie windows with sealed windows; and

20
21 BE IT FURTHER RESOLVED that certified copies of this
22 Concurrent Resolution be transmitted to the Governor, Lieutenant
23 Governor, Comptroller, and Administrator of the Central Services
24 Division of the Department of Accounting and General Services.
