

STAND. COM. REP. NO.

387

Honolulu, Hawaii

February 14, 2019

RE: H.B. No. 1282
H.D. 1

Honorable Scott K. Saiki
Speaker, House of Representatives
Thirtieth State Legislature
Regular Session of 2019
State of Hawaii

Sir:

Your Committee on Labor & Public Employment, to which was referred H.B. No. 1282 entitled:

"A BILL FOR AN ACT RELATING TO STATE BUILDING CONSTRUCTION,"

begs leave to report as follows:

The purpose of this measure is to work toward the State's carbon emission sequestration target by mandating the use of post-industrial carbon dioxide mineralized concrete for all state building construction that requires the use of concrete unless the use of this material costs more than the use of concrete or significantly delays completion of construction.

CarbonCure Technologies; Elemental Excelsior; Island Ready-Mix Concrete, Inc.; HC&D, LLC; Hawai'i Gas; and an individual testified in support of this measure.

Your Committee has amended this measure by:

- (1) Clarifying that the use of post-industrial carbon dioxide mineralized concrete is not required if its use will delay, rather than significantly delay, completion of construction; and
- (2) Changing its effective date to January 1, 2050, to facilitate further discussion.

HB1282 HD1 HSCR LAB HMS 2019-2103

As affirmed by the record of votes of the members of your Committee on Labor & Public Employment that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1282, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1282, H.D. 1, and be referred to your Committee on Finance.

Respectfully submitted on
behalf of the members of the
Committee on Labor & Public
Employment,

AARON LING JOHANSON, Chair
