HOUSE BILL 1180 HD1, RELATING TO NATURAL DISASTERS

Before the Senate Committee on

by

THOMAS L. TRAVIS
Administrator, Hawaii Emergency Management Agency (HI-EMA)

Aloha Chair Nishihara and Vice-Chair Wakai, and Members of the Committee:

The Hawaii Emergency Management Agency (HI-EMA) **supports** House Bill 1180 HD1.

House Bill 1180 HD1 Appropriates funds for disaster relief, recovery, mitigation, and remediation activities for the county of Hawai'i.

The unprecedented volcanic eruptions on the island of Hawaii from May 3, 2018 to August 14, 2018 destroyed hundreds of homes, communities, businesses, farms, schools, cultural sites, water systems, electrical grid, and roadways.

HI-EMA deployed several personnel to assist the Hawaii County during the Kilauea eruption and continues to provide support to the long-term recovery and hazard mitigation efforts.

Note: My comments represent HI-EMA concerns at the state emergency management level only. I would defer to the separate comment/testimonies of the county emergency management agencies, as they would be the jurisdictions impacted by this legislation at the local level.

Thank you for the opportunity to provide testimony on House Bill 1180 HD1.

**HOUSE BILL NO. 1180 HD1
RELATING TO NATURAL DISASTERS**

Chairperson Nishihara and Members of the Committee:

Thank you for the opportunity to testify on House Bill 1180 HD1. This bill provides an appropriation to the County of Hawaii to support the disaster relief efforts from the Kilauea eruption. The Department supports this bill and offers comments.

The agricultural industry suffered great losses due to the Kilauea eruption. With nearly \$28 million in losses to the agricultural industry in the County of Hawaii, the State must find ways to support agricultural recovery and revive production on Hawaii Island. The Department supports the efforts of the County of Hawaii in its agricultural recovery from the Kilauea eruption.

Thank you for the opportunity to testify on this measure.

RE: **Support of HB 1180, HD1**
Hearing Date/Time: March 14, 2019 at 1:15 p.m.

Dear Senators:

My name is Herbert M "Tim" Richards III, a multi-generational, lifelong resident of the County of Hawai'i. I am also the sitting County Council Member from District 9 representing North and South Kohala. As the Chair of the Committee on Agriculture, Water, Energy, and Environmental Management, and Vice Chair of the Committee on Finance for the Hawai'i County Council, I thank you for the opportunity to submit **testimony in SUPPORT of SB 1108, HD1.**

In 2018, the County of Hawai'i saw an unprecedented sequence of back to back natural disasters. In the greater volcano/Puna area daily earthquakes causing great and repeated damage to roads and buildings; subsequent lava flows destroying over 700 homes and at one point isolating or making unlivable another 300. Agricultural fields and pastures were covered in lava flows; some as thick as 50 feet. We saw flooding events brought on by Hurricane Lane, and at one point, the county was measuring rainfall in feet and not inches. On the west side, we had range fires with one burning in excess of 18,000 acres and putting Waikoloa Village at risk.

Any one of these events would push our counties resources and exhaust our personnel. Having the back to back to back events was all the more trying and wearing.

As damaging, if not more so, was the hit our island economy took. As the rest of the state enjoyed consistent growth in tourism, our county saw double digit contraction in visitors in the second half. The west side resorts in the months of May and June saw \$25 million cancellation of

room reservations. July through September saw another \$20 million worth of room cancellations. This does not take into account the lost revenue for car rental, restaurants, and activities. The airlines saw a reduction in demand for flights and some reduction in service has been seen. Add to this the reduction in agriculture production due to the lava and hurricane effects. All this reduction trickles down to the people; as the tourism contracted, hours of employment were reduced. Farmers cannot farm. Agriculture and tourism are the 2 defining economic drivers of the County of Hawai'i and although most of the physical damage was on the east side, the damage to the county economy was island wide.

In spite of the challenges, we came through. Now it is time to work on the rebuilding.

Please feel free to contact me should you need to discuss my position and knowledge of this matter further.

Sincerely,

**H.B. 1180, HD1
Relating to Natural Disasters**

Sharon Suzuki
President, Maui County and Hawai'i Island Utilities
Hawai'i Electric Light Company & Maui Electric Company

Aloha Chair Nishihara, Vice Chair Wakai and Members of the Committees,

My name is Sharon Suzuki and I am testifying on behalf of Hawaiian Electric Company Inc. and its subsidiary utilities Maui Electric Company, Limited and Hawai'i Electric Light Company, Inc. ("the Hawaiian Electric Companies") in support of H.B. 1180, HD1, Relating to the Natural Disasters.

H.B. 1180, HD1 provides for funds to meet the needs for relief, recovery, mitigation, and remediation assistance from disaster damage, losses, and suffering caused by the extensive damage of the Kilauea eruption in the County of Hawaii including:

- \$40,000,000 in loans to the County of Hawai'i as may be necessary to obtain non-state funds, including federal funds. The loan terms shall be negotiated by the Director of Finance.
- \$20,000,000 in subsidies to the County of Hawai'i.

The funds shall be released to the County upon the Hawai'i County Council adopting a resolution requesting the release of the funds.

The Kilauea eruption permanently altered large portions of the landscape, communities, and the economy, with losses tallying in the hundreds of millions for Hawai'i island. The eruption caused permanent displacement that involves complex recovery planning and implementation. Over eight thousand acres were inundated by lava, covering neighborhoods, farms, a school, cultural sites, recreational destinations, roadways, water systems, and large portions of the electrical grid. Over three thousand parcels were destroyed or made inaccessible, which resulted in \$4,000,000 in annual county real property tax revenue losses.

Economic losses included the unprecedented closure of Hawai'i Volcanoes National Park, the County's largest tourist attraction and economic engine, and an estimated \$27,900,000 in agriculture losses. Puna Geothermal Ventures, a thirty-eight megawatt geothermal plant was shut down and isolated, resulting in a loss of approximately one-third of the Island's power production, and about half of its renewable energy portfolio.

The scale of the recovery exceeds the County of Hawai'i's capacity. The County's \$500,000,000 annual operation budget has been stretched to its limit. Even with federal disaster assistance, the county will need this additional assistance to provide the local match to federal funding and to address recovery needs beyond what federal programs cover.

Accordingly, the Hawaiian Electric Companies support H.B. 1180, HD1 to assist the County of Hawai'i in its response, relief, recovery and mitigation efforts. Thank you for this opportunity to testify.

We have lost 75% of our orchid, cut flower revenues which not only contribute to the State of Hawaii but also orchid supply to the mainland. The potential income from the flowers back to the island community is tremendous. We have been doing business in Hawaii on the Big Island for 25 years, contributing to both County and State taxes via excise and income tax.

Growing orchids allowed me to raise my family in a magical, fairytale setting. Now, we need your help which I had never dreamed I would be asking for. I am in support of HB1180 with the caveat that the funds are prioritized and allocated to the impacted individuals and area, specifically in Kapoho and Leilani.

Hearing: HB 1180 in support
Date: March 14, 2019
Location: State Capitol – Rm. 229

Aloha Committee Chair, Vice-Chair, and Committee Members:

I am submitting testimony on behalf of HOPE Services Hawai'i, a nonprofit homelessness service provider, in support of HB 1180, which would provide desperately needed funds to help Hawai'i County recover from the Kilauea eruption.

The resilient people of Puna have continued to lift each other up and help their neighbors in the relief effort for almost a year, despite unimaginable strain. One such resident is Hershel Hood of Lanipuna Gardens, who, living in the path of the eruption, was given only ten minutes to evacuate. He was not able to bring his important documents, his computer, or even shoes. He never saw his dogs again. After his home and everything he owned was buried under lava, Hershel didn't know what to do, but he knew there were others in need. He began volunteering as a chef at World Central Kitchen, cooking meals for his fellow evacuees five days a week, while trying to pick up the pieces of his own life.

Many others who were displaced also contributed to the relief effort, and are to be commended. However, the reality is that Hawai'i County is the poorest in the state--and it is time to show the same aloha to the people of Puna that they have shown to each other.

For these reasons, I strongly urge you pass HB 1180.

Mahalo for your consideration.

Hawaii County government and non-profits have been extremely resourcefull in helping individuals and families recover from the Kilauea Eruption. However, Hawaii Island and the community of Puna in particular still needs help and money to recover.

Dear Senators,

I ask you to support the passing of HB 1180 Appropriating funds (\$60M) for disaster relief for the recovery of Lower Puna.

Thank you for hearing our testimony and recognizing the needs of community island-wide. At least 50% of our beloved Big Island is vulnerable to lava flow. This time Puna was affected, but at some any neighborhood might be at risk. We are one, neighbors ALL, and community is what we ALL want for our chosen island paradise.

My situation:

My home and farm located on Highway 132 in Kapoho is isolated by lava. The house is in good condition and catchment tank is full. I am a 20 year resident of Hawaii County, 15 years in Kapoho. My farm is intact, if lying fallow from lack of grazing and planting. It waits only for a road that I may return to my home, and the land return to its producing capacity.

With my family's help, I built my home in 2007, in order for me to manage my disability. By farming and serving my community through my extensive experience teaching horticulture and animal husbandry, my home allowed me to age in place and ensure a sustainable, productive, independent life.

My farm supported 80 animals, all of which were also evacuated and are now being cared for by our generous farming community. Unable to secure a rental, I have been forced to leave the island to await road access to my home. Caring, supportive friends on the mainland have taken us in, my house pets and me, providing temporary shelter until road access is restored. Without access to my home, my future will join that of the homeless population of Hawaii, and *yet I have a perfectly good home awaiting only a road.*

My story mirrors that of many of my displaced neighbors. I am an elder with a productive farm. I have one home, with no possibility of having another. Through the years, I have watched the needs of communities on our island, and throughout the state, when they have been compromised by natural adversity, each being supported and their needs addressed. **We need your help this time.** Hawaii is stronger whole than in pieces.

We are ONE island. Thank you for your support.

Our lives literally depend on it.

Sincerely,

Valerie Barber

Aloha, My name is Smiley Burrows. I have lived in Kapoho taking care of Green Mountain since 1997. Green Mountain is a 257-acre crater that still exists but is inaccessible until County Roads are restored. We hosted several community educational events, including Kua O Ka La public charter school makahiki games, various music events and ran a Friday fruit market. I support the community in its efforts to redevelop. I am in support of HB1180 and I hope this bill passes. One thing I want to continue to press upon the State is that the Big Island attracts visitors because of the lava. Our community in the past has benefited from previous eruptions. I ask that these funds be granted and allocated to the actual victims of this disaster which are the people of Kapoho and Lower Puna.

I created a petition to show the support of our community to specifically address funding the restoration of County roads which I believe is the priority to our recovery. To date, 3,316 people have signed the petition. The signatures and comments are attached.

In order to strengthen our voice, we have organized Imua Lower Puna, a coalition representing the homeowner associations of all affected property owners and the affected residents. We've created a website for our voices to be heard and to support the recovery.

Mahalo nui loa, Smiley Burrows

Recipient: Puna, the residents of Kapoho, seek access to our landlocked/lava inundated land in and around Kapoho. We ask the County of Hawaii, in seeking state and federal funding, to include costs associated ...

Sterling O'Blivion	Hilo, HI	2018-09-19	Why would money not be allocated to rebuild roads to the effected areas? We live on a volcano, we know these things happen. People still have homes and farms standing, people still own their land that is covered by the lava, and there is a new beach for everyone. It seems unnervingly silly we need to sign a petition.

Susan Champeny	Worcester, MA	2018-10-19	Just signed. Thank you Smiley! I have not been able to access my land since May 31, when it was incinerated and buried under 60 feet of lava. Although the flow stops 3 lots beyond mine, the only road access was Noni Farm Road, and that section is also under 60 feet of lava. The only way in now is to bushwhack through jungle starting bearish Gaia Yoga... not a fun prospect. Meantime I have been working in MA, to recover financially. Planning to return in November and try the hike, but not really looking forward to it, given I don't have a good path to follow. If Railroad had been UNLOCKED at Hawaiian Beaches back on May 30th, I might have been able to get things out of my home - what a difference that would have made!

Denise Meredith	Rednal, England, UK	2019-02-28	Families whose homes/farms have been cut off by lava need access to them. A road will give them that - it is far better to have easy access to your home instead of relying on expensive helicopter rides plus with easy access they can be at home instead of worrying about looters hiking in. Please give the householders their road. If PGV can have a road then the householders can have a road.

			which is currently surrounded by Lava. Please help her by reopening the necessary roads to access her home, as soon as possible!
Tami Nowaski	Shasta Lake, CA	2019-02-28	Get David and John back to their property!
Lindsay Santee	Salem, OH	2019-03-01	It has been long enough for this community to get back to there homes! Let them begin having peace.
Adam Burke	southside, AL	2019-03-01	They need Access to their property that taxes are still being paid on
Kathryn Piotrowski	Owasso, OK	2019-03-01	if It were any other natural phenomena that had taken out the roads (mudslide, earthquake) it would be repaired. They deserve to get back home.
scott laaback	Pahoa, HI	2019-03-01	Please provide funding for the Kapoho access road so residents can get to their properties.
Lisa Simkins	Pooler, GA	2019-03-01	The people affected need their lives back. Let them have access!!
Elizabeth Amaral	Waianae, HI	2019-03-01	These people need access!!! Where's the Aloha???
Rosemary Brown	London, England, UK	2019-03-01	because I want community members to be able to return to their homes and farms as soon as possible.
Mary White	orange park, FL	2019-03-01	Disaster rebuilding is a public function, and should have public funding.
Elaine Partlow	Hilo, HI	2019-03-01	My friends deserve access to their properties
Jack Adam Weber	Pahoa, HI	2019-03-01	For many reasons, we need to be able to return, thank you.
Claire McGuire	Pahoa, HI	2019-03-01	Home!
Catherine Turner-Haskins	Libby, MT	2019-03-01	They need to get back to their lives. They did so much beautiful work on their property. Let them go home and rebuild!!
Kathleen Geist	Lansdale, PA	2019-03-01	The people who live on the Big Island need access to their homes and farms!
carla carocci	Waimea, HI	2019-03-01	It's the right thing to do
T. Kazume Martin	Pahoa, HI	2019-03-01	Something has to be done to open these roads. Where did all the \$\$ \$\$ funds go? Why has nothing been done except proclaim more lies and excuses? It's been months since PGV started paving their roads. No excuses. No more delay.
Cat Jefferson	San Diego, CA	2019-03-01	Why is the county allocating NO funding??? That is crazy and stupid! I understand that the flow probably has not completely cooled, and could take years to cool but can't temporary roads be built on top of the flow so residents can get to their homes?
Jade Chen	Pahoa, HI	2019-03-01	Please open up these roads! If PGV gets to open up their road, why not the hundreds of people who live here?

Name	Location	Date	Comment
Sarah Coldren	Kansas City, MO	2019-03-02	Because its the right thing to do! These people have been through enough, help them get back to their home or land if there home was destroyed so they can rebuild, and start to build their life again!
Cayenne Carocci	Pāhoa, HI	2019-03-02	I'm signing because there are people, animals, and agricultural crops on the line! We are here to help each other! Let's get shit done!
Patricia Kroh	Pahoa, HI	2019-03-02	Please let these people get to Their homes & farms. Open the roads so all can go home
Faith Paulele	Pāhoa, HI	2019-03-02	Everyone sees the difference in the way GeoThermal is treated by the County and State and the way we the people are treated. 2020 is an election year remember.
Jeffrey Kaye	US	2019-03-02	I'm signing because helping these people is simply the right thing to do! Why isn't the government doing more to help Puna? Is it because Puna has a high percentage of native Hawaiians?
Cheryl Craig	Sydney, Australia	2019-03-02	Please give them their homes back. Build the roads.
Marsha Presbitero	Katy, TX	2019-03-02	Build the ROADS! It's the right thing to do for residents to gain their sense of well being and homesteader rights.
Julie Hartnett	Melbourne, Australia	2019-03-02	These kind people opened their home to the world during the last eruption. It's brought awareness to the many people who were displaced who just want to go home and start over.
Juie Eichas	Rochester, NY	2019-03-02	Aloha - Followed the story through David's eyes and fell in love with the area, the animals and the residents. Good luck and I pray you can soon reach your properties! Mahalo.
Michelle Tieri	Sagle, ID	2019-03-02	Protect and preserve our rural communities.
terry lindly	Springfield, MO	2019-03-02	I watched this from missouri, my son and his family live there and lost their home too. I hope and pray you all get the funding and assistance you need . God bless
Michelle Sheets	Monroe, OR	2019-03-02	Haven't the homeowners in this area suffered enough?
Denise Atkins	UK	2019-03-02	I have watched these guys and they deserve to get back to normal
Christina Gillgren	Napa, CA	2019-03-03	Bulldoze the lava and make them a road to get home!
Maria Abrams	Saranac, NY	2019-03-03	Maria
Linda Bessette	Wakefield, RI	2019-03-03	It is important
elizabeth ellis	New York	2019-03-03	It's important
briana jones-chase	Kapoho, HI	2019-03-04	I lived there for my entire life.
kaonohi Jeremiah	Pāhoa, HI	2019-03-04	SUPPORTING FARMS AND LAND OWNERS WHO DEDICATE THEIR LIVES TO THE LIFESTYLE AND THE PRODUCTION OF FOOD SOVEREIGNTY, COMMUNITY AND PROTECTION OF THE SACRED

celeste rayne	Nelson, Canada	2019-03-04	I have a property farm with rental business that can no longer be accessed. Want hwy 132 reopen so I can rebuild.Please let us back in.
Sheryl Morrell	Chico, CA	2019-03-04	It has been a year already. These people need to be able to get back to their properties and begin to live again. Access roads should have been a priority!
Buck Glenn	Denver, CO	2019-03-05	The voices of the residents need to be heard. For some it's returning home, for others it will be a way for closure. In reality it also becomes a safety issue if the cinder pit is still operating and that many trucks are using a tiny/non-maintained county road.
Jeriann Fairman	Big Bear City, CA	2019-03-07	There is no excuse for using inaction to further victimize those impacted by the 2018 lava flow. Every day that they can't return home and resume some elements of normalcy continues the trauma of this event. Do not interrupt their lives any further by your failure to act. There is no Aloha in continuing to keep them away from their homes, and many times their livelihoods. In fact, it is quite cruel. Please give these residents the support and assistance they need--namely roads to safely access their homes and rebuild their communities. Thank you.
Lisa Hall	Kailua Kona, HI	2019-03-08	It just makes sense!We need to take care of all of our Ohana!!Aloha!!!
Deborah Hazlewood	Heber Springs, AR	2019-03-08	I wish to see John Davidson and his partner David be able to go home to their land.
Karen Turner	US	2019-03-09	The people of Kapoho need access to their homes. Please make sure this happens for them. Thank you.
Katie Lewis	Bellevue, WA	2019-03-10	It is Almost a Year NOW!!!!...All The People and Families -Their Land Animals- Farms-Business of Puna...Kopoho....They Lost Everything!!!..Shame on YOU!! ..ON The USA Federal Government and HawaiianLocal Government ..For Not Letting These People Back to THEIR LAND and HOMES..Business and Not Helping Them!!..AT ALL!It is NOT YOURS!.. TO Block or to Take!!..From THEM!!...YES -John Davidson and His Partner John.. They Need to GO HOME!!.. TO Their Farm!...And FOR Everyone- They All NEED To Rebuild All their Lives Again!!!..Thank YOU...With Blessings-Prayers-Peace- Love.. Nameste..

Recipient: Puna, the residents of Kapoho, seek access to our landlocked/lava inundated land in and around Kapoho. We ask the County of Hawaii, in seeking state and federal funding, to include costs associated ...

Letter: Greetings,

Kapoho Access Roads Funding

Hawaii County, Puna District

Smiley Burrows
965 5500
Puna Street

Our community in Kapoho needs funding to rebuild roads to access our homes and farms. In learning the county is allocating no funding to hundreds of residents and farms, I am speaking out for our community, please support our petition to return to our homes.

As I'm sure you are all aware, over 70% of disaster victims – lost or isolated homes - lived along Rt. 132 and Rt. 137. Not only have some of us lost our homes or cannot get back, now it feels like we are also fighting for what Senator Ruderman says is “surely one of the most basic government services”. While my own house is gone, I still own property in Kapoho and have property rights. I still want to return when the roads are rebuilt.

Kapoho Kai to 4 Corners is only 1.17 miles to serve most of the victims of the lava flow as measured by lost homes.

I support HB1180 but also urge the County to immediately allocate funds to road and infrastructure recovery in Kapoho and Leilani. Most Americans do not distinguish between Hawaii and Hawaii County. Hawaii cannot be seen as having done nothing for disaster victims. A year anniversary is not far off.

We can all agree no one can predict where lava will flow. No risk assessment will be able to determine where and when the next flow will be. Some scientists consider Hualalai more dangerous due to its unpredictability. Some could argue Mauna Loa to be an even larger threat. Disasters are a threat to many populated areas of the world – wild fires in California, flooding and hurricanes in coastal areas. Kapoho is now safe from flooding, does not have fire dangers associated with the west coast of Hawaii, no risk of landslides. We live on the Big Island. We choose to live here. We choose to buy property here, raise our children here and retire here. We do NOT choose to live here because it is the only place we can afford.

One of the greatest blessings that has come out of this disaster, for me, is experiencing the unity and support of the community. If the State and County is willing to support the recovery of the disaster areas, I believe our community will be stronger, thrive and add tremendous value not only to the island of Hawaii, but to the entire state, as it once did and can still do.

I support HB1180 and would request an amendment to prioritize and allocate these disaster funds to disaster victims, who lost homes or are isolated in the disaster areas.

Aloha Esteemed Public Safety, Intergovernment, and Military Affairs Committee Chair Senator Nishihara and Members;

I **strongly support** this disaster relief package for Hawaii County. As the former Hawaii County Council Member for Lower Puna that was devastated by the recent volcanic eruption, this assistance is desperately needed to restore roads and rebuild other critical public infrastructure so Puna can recover economically. Prior to the eruption, the three biggest economic drivers in Puna were its fishery at Pohoiki, agriculture (primarily papaya, orchids and cattle), and tourism in the form of short term vacation rentals. One thing that needs to be understood is that a good percentage of the structures lost were short term vacation rentals (STVR), thus the impact on, and need for, housing has been overstated by Hawaii County. Furthermore, the STVRs provided good paying income for many residents who no longer have those jobs and recovery of the industry has been severely hampered by the grandfathering based STVR ordinance recently adopted by the Hawaii County. Thus, we turn to fishery and agriculture to help recovery and for that assistance we need roads and a functioning boat ramp.

HB1180 HD Draft 1 makes substantive and reasonable changes over the original bill. Housing is NOT the primary need for recovery. We have many vacant homes in the Puna subdivisions that have absorbed many who lost homes, and we have ~40,000 subdivided and buildable lots between Upper and Lower Puna. Funding is needed to help road recovery so that people can access their homes now isolated by lava, and to provide assistance in recovering our agriculture and fishery. We need economic opportunities to replace the jobs lost due to the demise of the STVR industry in Lower Puna. We need mechanisms to support tourism such that local shops and restaurants can remain open. We've lost 40% of the clientele because even though the lava event attracts tourists, we have no lava viewing site or accommodations in the area to take in those tourist dollars.

People, by and large, prefer to remain in Puna. Many are self-sufficient, others retired, and some, like myself, work from home. We have no interest in moving to Waikaloa, Kohala or even Keaau which is on the boundary of Puna with S. Hilo. I'm working with the affected communities to conduct a survey of homeowners of the worst hit area of Lower Puna - Kapoho Beach Lots and Vacationland - where only a dozen properties of the 516 parcels were not completely inundated with lava. While that survey is still in

progress, there have been sufficient responses to meet a 90% confidence interval with 10% variance. Over 80% of the respondents want to have Hwy 132 and portions of Hwy 137 restored to have access to their properties. This response acknowledges that the residents will have to restore their own private road network and they are overwhelmingly expressing a willingness to pay for that restoration.

Another result of the loss of public roadways is that one of our largest providers of cinder, Kapoho Cinder Pits, is still operative but trucks now must traverse a 10' wide, 4-mile long corridor known as the Government Beach Road, then roll over a narrow private road to reach a substandard County road built with no paved shoulders. Currently, 50-60 thirty-yard cinder trucks, each weighing in excess 65,000 lbs., traverses this route M-S which takes it six miles through the large residential neighborhood of Hawaiian Beaches/Shores consisting of 6,500 residents. Not only is this a serious public safety issue as the trucks do NOT maintain the 15, 25, and 35mph zones along this new "commercial truck" access route, the extra time it now takes to access the Cinder Pits is passed on to customers in much higher prices for loads of cinder at a time when we're trying to recover.

Please pass this measure and if there can be any language added to ensure these funds are spent on actual recovery projects and not used to fund a wish list of projects that might be of some benefit, but not directly related to recovery, please amend. As it reads now, it appears that the language is much more on track to accomplish the task than the previous version.

Again, thank you for your consideration and **please support this measure.**

TESTIMONY OF DIANE LEY

KĪLAUEA RECOVERY MANAGER & COUNTY OF HAWAII DEPARTMENT OF RESEARCH & DEVELOPMENT DIRECTOR

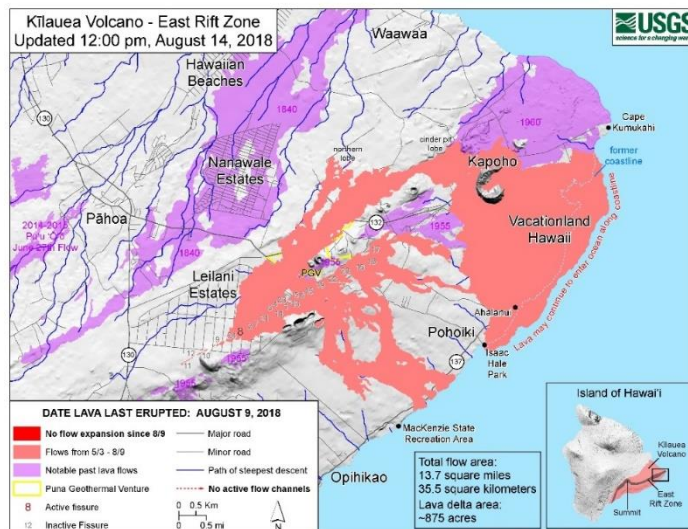

March 14, 2019

HB1180, HD1, RELATING TO NATURAL DISASTERS

Honorable Chairperson Nishimoto and Committee Members,

Thank you for the opportunity to provide supportive testimony for HB1180, HD1, relating to natural disasters. The passage of this bill will significantly assist communities in recovering from an estimated \$800 million in impacts from the recent eruption of Kīlauea by assuring critical resources will be in place to support those impacted and the federally required local match is available for critical infrastructure replacement. State personnel and leadership were present from start of the eruption providing the County of Hawai'i with significant support over the course of 100+ days, and the Governor provided financial support for both response and to kick-start the recovery process. **Now the County is requesting the Legislature's financial support in assuring families, businesses and communities can move forward with recovery to rebuild in a safer, healthier and more resilient manner.**

The Kīlauea eruption began on May 3, 2018, in the lower East Rift Zone in the Puna district on the island of Hawai'i, 24 fissures opened and poured forth massive volumes of lava resulting in more than 8,000 acres of land covered with lava. More than 700 homes were lost, and more than 50 homes remain isolated. Significant island-wide economic disruption occurred with 921 small business jobs lost, 1,700 acres of farm and ranch lands impacted, one of the island's most productive marine fisheries was cut off from access and tourism revenue dropped in excess of \$200 million.

Hawai'i County is an Equal Opportunity Provider and Employer

The eruption resulted in the loss of \$236.5 million in critical infrastructure including primary roads and domestic waterlines to an area comparable to a little more than the combined communities of Waianae and Makaha. Access to basic roads are critical to the successful recovery of farmers, ranchers, fishermen/women and those whose homes were left standing but isolated. Also, necessary will be the availability of financial resources to redirect critical infrastructure to communities that families choose for relocation. Fortunately, FEMA can provide a 75% cost share for roads, waterlines and public facilities such as parks. **The County is asking the Legislature to provide appropriate resources to meet the required 25% local match for roads and other public infrastructure.**

Because so many residents lost their homes exacerbating an existing affordable housing crisis, the County is taking steps to ready a range of housing assistance programs – from continued rental assistance and re-establishment of a rental rehabilitation program; to expedited home and wastewater permitting and a proposed down-payment revolving loan fund; to exploratory efforts to stand up a community land trust and financial literacy program that would expand the capacity of families to secure affordable replacement homes. **The County is asking the Legislature to provide resources to assist the impacted families and communities; thus, empowering their successful recoveries.**

The County initiated recovery steps while emergency response was on-going; however, experts project that full recovery will take 5-10 years due to the significant disruption of families' lives and the economy, and the destruction of the environment. Recovery is complex and must address immediate needs while giving due consideration to future risks, community planning and the response capacity of families, businesses, communities and all levels of government. **It is critical that we learn from the past and plan for a more resilient future; hence, the County recognizes the need to provide critical information for decision-makers – families, businesses and government – to make informed long-term decisions.** Hence, efforts are on-going to gather information as to a broad range of federal funding sources and to prepare a risk assessment, hazard mitigation studies and a financial analysis so that decision-makers will be equipped to assess and determine what public assets and services should be returned to the impacted area and those assets and services to be redirected to other areas. Thoughtful and comprehensive dialogue, planning and implementation are key to a full recovery that results in healthier and more resilient communities.

The County has been proactive working with partners in planning and implementing short-term, intermediate and long-term recovery efforts. To date FEMA has provided over \$10 million in Individual Assistance directly to impacted households, and the County has secured over \$2.1 million in a mix of federal and private grants to support housing case management, financial literacy and economic recovery planning. Potential future funding includes federal Community Development Block Grant - Disaster Relief and a wide range of disaster assistance programs pending before Congress. At the State level, the Governor and the Hawaii Visitors and Convention Bureau have been responsive in providing resources to assure recovery is moving forward. All of which will go toward recovering from the estimated \$800 million in impacts as a result of the eruption. **The Legislature's favorable consideration of HB1180, HD1 is requested to support long-term recovery efforts for our families, businesses, and communities and would be sincerely appreciated.**

Sincerely,

Diane Ley

HEARING BEFORE THE
SENATE COMMITTEE ON PUBLIC SAFETY, INTERGOVERNMENTAL, AND
MILITARY AFFAIRS

TESTIMONY ON HB 1180, HD1
RELATING TO NATURAL DISASTERS

Room 229
1:15 PM

Aloha Chair Nishihara, Vice Chair Wakai, and Members of the Committee:

I am Brian Miyamoto, Executive Director of the Hawaii Farm Bureau (HFB). Organized since 1948, the HFB is comprised of 1,900 farm family members statewide, and serves as Hawaii's voice of agriculture to protect, advocate and advance the social, economic and educational interests of our diverse agricultural community.

The Hawaii Farm Bureau supports HB 1180, HD1, which appropriates funds for disaster relief, recovery, mitigation, and remediation activities for the County of Hawaii to assist ranchers and farmers negatively affected by the Kilauea eruption.

2018 was a particularly difficult year for Hawaii's farmers and ranchers. The historic torrential rains and disastrous floods on Kauai and Oahu in April, the Kilauea eruption which caused devastation from lava and ash on Hawaii Island, Hurricane Lane and Tropical Storm Olivia were major natural disasters that had a drastic impact to Hawaii's agriculture industry. Unfortunately, Hawaii farmers and ranchers have been and will continually be impacted by damaging weather or natural disasters such as epidemic disease, pest outbreaks, high wind, thunderstorms, hurricanes, fire, flood, earthquakes, lava flow, vog or other volcanic activity, droughts, and tidal waves.

Big Island farmers and ranchers impacted by the Kilauea eruption need assistance with funding to help repair damaged infrastructure, replant crops, or replace equipment and supplies allowing them to continue farming or ranching.

Thank you for this opportunity to testify on this important subject.

Aloha!

As a resident of Leilani Estates, I support this resolution. We, residents of Puna, need the active support of the State in healing, recovering, and renewing our blessed community. The lava eruption has brought our community together in unimaginable ways. Pele has caused us to step up and become a stronger, more compassionate, more loving community. We need our roads restored and from there we can shoulder the necessary work to rebuild our lives.

We trust in your to have our best interests at heart.

Mahalo,

Robert Golden
